A Card to Invalids.

A Clergyman, while residing in South America as a missionary, discovered a safe and simple remedy for the Cure of Nervous Weakness, Early Decay, Diseases of the Urinary and Seminal Organs, and the whole train of disorders brought on by indiscretion and vicious habits. Great numbers have been already cured by this noble remedy. Prompted by a desire to benefit the afflicted and unfortunate, I will send the recipe for preparing and using this medicine, in a sealed envelope, to any one who needs it, *Free of Charge.*

"A Wonderful Discovery."

DR. TEBBETS' "PHYSIOLOGICAL HAIR RESTORER" compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "DYE," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases in BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, silky and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "RESTORATIVE" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.

QUARANTINE LAWS, &c.

We are informed by a pilot that, until those now there, only one vessel has been detained at quarantine in our lower harbor during the last three years, at least—viz, the U. S. S. Alabama, from Key West, last season, which was kept there by the sound judgment and good sense of her own captain;—and we are also informed by the same pilot that he has received no instructions from the city on the subject of quarantine for the last seven years.

There is a law of New Hampshire authorizing Health Officers to establish Quarantine Regulations, and to "*publish* them as *other* regulations made by them."

The Health Officers of the town of Portsmouth used to publish their Quarantine Regulations for three weeks in all the papers here, just before the Summer began.

But when the City Charter was made, the powers of the Health Officers were transferred to the City Council. This latter body, in 1850, passed the old Quarantine Regulations into an ordinance and published it in the newspapers *then*, but never since; and Mr. Brewster printed it in his Directory some years ago;—but beyond this, the public, and especially the shipmasters, have known nothing about it of late.

The State Law is very strict, and among the provisions there is a fine of $500, and three months imprisonment, for any master or officer of a vessel who shall fail to inform the health officers or selectmen of any malignant or infectious sickness or disease on board during the voyage.

Another section fines a pilot $100 for bringing any such vessel to or near any wharf: and he loses his branch also.

The commander at Fort Constitution used to be employed by the town and city to hail vessels and instruct them in the quarantine laws. But this, we learn, was not done this year.

These various omissions and changes made way for a very troublesome and costly experience of sickness, death and alarm; to the damage of the U. S. in the stoppage of work,—and to the great injury of business in the city for the moment.

The Regulations should be kept before the people every spring and summer, by advertising in the newspapers, or hand-bills, or both. And they will be, probably, till this affair is forgtton.

☞ Lettuce don't "grow small over there" on Salter's Island, under charge of Marston, Randall & Co.,—whether potatoes do or not; for those heads submitted to our inspection are a little ahead of anything we have seen. Lobsters are good for "change," too; and a very agreeable change of diet a nice salad forms in hot weather.

And besides all the other advantages of their spacious and excellent fish-market, Messrs. M., R. & Co. have an inexhaustible cunner preserve under their window in the Piscataqua River—and a customer enquiring for a string the other day was told that they would soon catch some for him! This put us in mind of a printing office we once visited in Laconia, where a compositor hung a trout-pole out of his window over the river, and kept his eye open for a bite, while he set his types. We also once knew a Kittery housewife who used to wait till the last minute before going out near her residence to drop line for a fish, which was always sure to come to her hook in season to be cooked—a species of faith which is not always to be relied on by down-river chowder parties—perhaps because they don't carry enough of it with them (the faith, not the fish, we mean).

☞ A printer's mistake of War for *Navy* Department, in Dr. Goodwin's Health Notice of Saturday, is corrected in the republication this morning.

Now that the Navy Yard is relieved from all suspicion of infection, it is to be presumed that the men will resume work, and things go on as usual.

The most absurdly false stories are circulated, in town and out, respecting sickness here. "Lord, how this world is given to lying!" Don't believe anything you hear not "official."

The Journal well says: "There is not one half the danger to be apprehended from the DeSoto that there is from the influence of the rum-shops in the city." Just so—and most of the subjects and victims of such diseases, are patrons of the still. And in view of the fact that many who were so scared of the yellow fever often brave diseases forty times more horrible,—we heard a remark a few days ago, that if the fever *was* contagious, we might look for the extermination of women of a certain class in the city—to swap ailments with whom we think poor Jack would have the worst of it.

☞ The fine new house on Middle st., corner of Wibird st., was sold on Saturday for $2750—Mr. Richard Hilton being the purchaser.

☞ Capt. Saml. F. Hazzard has been detached from the Naval Recruiting Office in this city, and ordered to report at Washington.

HORSE-TALE is cheap and plenty—horse-knowledge not so common. For instance, the Boston Transcript, a day or two since, stated, in an item perhaps not original, that "the winner of a French race was a horse named Vermont, and might have come from that State." Now the name was Vermount, and the horse a French one; it would have been sounded far and wide if the animal were from America—and we never heard that Vermont, of all States, *has* any blood horses of a racing strain.

Then we notice in the Manchester Union of Friday, the editor says of a runaway horse, harnessed to a buggy-chaise, (what kind of a carriage is that?) "the horse seized the bits in his teeth and started off at a furious rate." Now we should like for that reporter, or any other man who talks about horses' taking bits *in their teeth*, to just tell us how it may be done, and how long the checks of a bridle must be to admit of it? We conceive it to be an utter impossibility, so long as the head-piece is behind his ears, not to mention the check-rein.

Then people tell about horses trotting their mile on a common road in less than three minutes—which possibly a very few of the fleetest and best may do, but such are scarce, and worth almost their weight in—paper; and the job would make the horses blow, more than their owners do about them.

From all which we infer, that those who really know most about horseflesh don't tell the biggest stories of it.

☞ A gentleman suggests the usefulness of an association in this city, which shall take measures immediately for enlisting men in the rebel States, under the new law. To enlist a good number of men there, paying proper bounties, would accomplish two or three good purposes: It would give the United States better soldiers for the South than the usual substitutes from the North or Canada. It would relieve some from draft here, and enable men not liable to draft to give the country a soldier. And would benefit men at the South, both white and black. The plan is for fifty men or more to put in $50 each, which, with the Government bounties, would put in a good number of men. Several gentlemen have approved the plan, and are ready to join.

Would you save yourself from suffering after eating, or from acidity of the stomach, or burning sensation, or indigestion? Use Herrick Allen's Gold Medal Saleratus. Never use soda if you can procure this article. It will strengthen weak stomachs and relieve dyspepsia; is a saving in the quantity of flour, &c., &c. Try it. Grocers and Druggists most all sell it. The Wholesale Agents are Wholesale Grocers.

Soldiers, see to your own health, do not trust to the army supplies; cholera, fever and bowel complaint will follow your slightest indiscretion. Holloway's Pills and Ointment should be in every man's knapsack. The British and French troops use no other medicines.

If the reader of this "notice" cannot get a box of Pills or Ointment from the drug store in his place, let him write to me, 80 Maiden Lane, enclosing the amount, and I will mail a box free of expense. Many dealers will not keep my medicines on hand because they cannot make as much profit as on other persons' make. 35 cents, 88 cents, and $1.40 per box or pot. 216

HEALTH NOTICE.

The subscriber would give public notice that he has, by agreement with the Officers of the Navy Yard, and agreeably to orders from the Navy Department, caused the U. S. Ship DeSoto, and the schooner and brig also considered infected, recently laying at the Yard, to be removed to the quarantine ground. Also the sails, rigging, stores and all other articles taken from the steamer, are removed from the Yard to the quarantine; and the buildings where they were stored, have been thoroughly cleansed and fumigated. So that I have no hesitation in stating that all apparent cause for fear being removed, there is no reason why all employees may not resume work forthwith—and I hereby furnish the Yard a clean bill of health, and resign all control in the premises to the proper authorities.

I would further state that all grounds for fear of the general spread of the disease—if any ever existed—have apparently disappeared; and while all should carefully observe every Sanitary order and regulation, the citizen or the stranger may pursue their callings of business or pleasure, with their accustomed safety from disease, in this very healthy city.

There have been no new cases of the fever for several days, and but two of the sick are seriously so—one in Portsmouth and one at Kittery, but none on the Yard; while the others are recovering.

Facts for the People.

The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of STOVES and Castings several times since the war began; and it is now arranged to make a general advance of 25 to 50 per cent. this season.
We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now, as its capacity and the cost of operating it. All things considered, there is no Stove equal to

THE MODEL COOK.

IT IS, IN FACT,
The Best Stove Out,

for economy, convenience and dispatch.
Many people think it best to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.
One of our shrewdest citizens who purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.
A careful, prudent farmer purchased one, and after it had been in operation some days his son came into the store and said, "something was wrong at their house;" his father and himself used wood off the same pile, he burned three baskets full a day, and his father only one! We sold him a Stove before he left, and there has been no complaint since.
These Stoves are in use in many hotels and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.

MASON & HAMLIN'S
CABINET ORGANS,

Combining the requisites for Sacred and Secular, Church and Parlor Music; for Families, Sunday Schools, Day Schools, Churches, &c.
They are elegant as pieces of furniture; occupy little space; are not liable to get out of order or out of tune; are warranted for five years; will improve in tone by age, and are moderate in cost.
They are to private houses, Sunday schools and smaller churches, what the larger pipe organs are to large churches, and in addition to this are adapted to secular as well as sacred music.
The Cabinet Organ is essentially different from, and a marked improvement upon, all instruments of the melodeon or harmonium kind. Its superiority consists in many important characteristics.
The undersigned, Agent for the Manufacturers, will be pleased to show the Cabinet Organs to all wishing to purchase, at his residence, NO. 30 HANOVER STREET.

Morning Chronicle.

A Horse Story.—Near Bermuda Hundred there is a large corral, where all disabled and worn out horses—brought here by Gen. Sheridan after his famous raid—are confined. The poor beasts have apparently but little of their original vigor left. That was what we thought a week or more since. Now we have changed our opinion. During the heavy firing on our right, a short time since, these lame and worn out equine warriors pricked up their ears, straightened their sore and stiff limbs, tossed their manes, formed in squadrons, and with a loud snort charged on a number of inoffensive mules. Two mules were instantly killed, and the others fled in the wildest disorder. The horses again formed to the music of Gillmore's artillery, and charged on a high raiffence, which they at once broke down. They did not desist from their warlike demonstrations until the artillery firing ceased.—*Letter.*

An old miser owning a farm, found it impossible to do his work without assistance, and accordingly offered any man food for performing the requisite labor. A half-starved man bearing of the terms accepted them. Before going into the fields in the morning, he invited his servant to breakfast. After finishing the morning meal, the old skinflint asked if they should place dinner upon the table after the breakfast. This was readily agreed to by the unsatisfied stranger, and the dinner was soon dispatched.

"Suppose, now," said the frugal farmer, "we take supper; it will save time and trouble, you know."

"Just as you like," said the eager eater, and at it they went.

"Now we will go to work," said the delighted employer.

"Thank you," said the laborer, "I never work after supper."

A crown will not cure a headache, nor a golden slipper the gout.

Important to the Afflicted.

DR. DOW continues to be consulted at his office, Nos. 7 and 8 Endicott Street, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of extensive and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of Gonorrhœa and Syphilis.

Beneath his treatment, all the horrors of venereal and impure blood disorders, Scrofula, Gonorrhœa, Ulcers, pain and distress in the regions of procreation, inflammation of the Bladder and Kidneys, Hydrocele, abscesses, tumors, frightful Swellings, and the long train of horrible symptoms attending this class of disease, are made to become as harmless as the simplest mildew of a shrub.

SEMINAL WEAKNESS.

Dr D. devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the most fearful consequences effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The terrible effects upon the mind are to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c., are among the evils produced. Those who have these fearful contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving a description of your disease. Dr. Dow has also for sale the French Capotes, warranted the best preventive. Order by mail. Three for $1 and a red stamp.

Highly Important to Females

DELICATE FEMALES.

DR. DOW, Physician and Surgeon, No 7 & 8 Endicott Street, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had a greater experience in the cure of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in this United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 9 A. M. to 9 P. M.

CERTAIN CURE

In all cases, or No Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every nature and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to seek his advice.

Among the physicians in Boston, none stand higher in the profession than the celebrated Dr. Dow, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and sells for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

Constitution Life Syrup,

COMPOSED OF

IODIDE POTASSIUM,

With the compound, concentrated fluid extract of

VALUABLE MEDICINAL

ROOTS AND HERBS,

Prepared by WM. H. GREGG, M. D., Graduate College Physicians and Surgeons, N. Y., formerly Assistant Physician Blackwell's Island Hospitals, late Medical Inspector New York State Volunteer Depôts, under Gov. Edwin D. Morgan.

Constitution Life Syrup

HAS PRODUCED

A REVOLUTION IN MEDICINE!

What may seem almost incredible, is, that many diseases hitherto considered hopelessly incurable are frequently cured in a few days or weeks, and we cheerfully invite the investigations of the liberal minded and scientific to cures which have no parallel at the present day.

Our medicine, by its mild yet powerful effects, is directly reached, and the equilibrium restored. Those who have suffered long from painful and obstinate diseases, those who have vainly sought relief from advertised medicines, those who cannot be cured by other physicians—are

Invited to use Constitution Life Syrup.

During the past five years we have contended with obstacles and overcome opposition as heretofore in ever succeeding year, by facts and Reformers.

Rapidity of Cure.

Some say, "Your cures are too quick," while others doubt their permanence, and think that diseases can only be cured by the "slow recuperative process of Nature." This is our reply:

In health, the body, like a well-balanced scale, is in a state of equilibrium. But when from any cause down goes one side of the scale, we have the effects of disease. What is requisite is, to restore the normal balance of the scale.

CONSTITUTION LIFE SYRUP,

A positive and specific remedy for all diseases originating from an IMPURE STATE OF THE BLOOD, and for all (hereditary) DISEASES transmitted from PARENT TO CHILD.

Paralysis.

Hemiplegia, Paresis, Paraplegia, Paralysis Agitans.

It is so universally admitted that Constitution Life Syrup is the most effective medicine for restoration in the various forms of Paralysis, that we need not reiterate that it is emphatically the Great Life-Giving Power.

Dyspepsia.

Indigestion, Liver Complaint, Constipation, Stomach Sick, Biliousness, Want of Appetite, Flatulence, Bad Breath.

Scrofula.

Swelling, Glandular Swellings, Ulcerations, King's Evil, Dropsy, Salt Rheum.

This taint (hereditary or acquired), filling life with misery and ruin, is by all usual medical remedies incurable.

Rheumatism.

Arthritis, Neuralgia, Gout, Lumbago, Sciatica, The Dolorous.

If there is any disease in which the Constitution Life Syrup is a sovereign, it is in Rheumatism and its kindred affections. The most intense pains are almost immediately relieved—cures are effected, after other remedies have been tried by vicarious, of 20 or 30 years standing, have been cured by us.

Nervousness.

Nervous Debility, Confusion of Thoughts, Epilepsy, Loss of Power, Pains in the Nervous, or Spinal Cords, Premature Old Age, Weak Nerves, Difficult Breathing, Trembling, Wakefulness, Brightness on the Face, Pale Countenance, Insanity, Consumption, and all the dreadful complaints caused by departing from the path of nature.

This medicine is a simple vegetable extract and one on which all can rely, as it has been used in our practice for many years, and with thousands treated it has not failed in a single instance. Its curative powers have been sufficient to gain every one of the most stubborn cases.

To those who have trifled with their constitution, until they think themselves beyond the reach of medical aid, we would say, *Despair not*; the Cherokee Cure will restore you to health and vigor, and after all quack doctors have failed!

For full particulars, get a circular from any drug store in the country, or write to the proprietors, who will mail free to any one desiring the same, a full treatment in pamphlet form.

Price, $2 per bottle or three bottles for $5, and forwarded by express to all parts of the world.

Sold by all respectable druggists everywhere.

Glad News for the Unfortunate!

The Long Sought For Discovered at Last.

CHEROKEE REMEDY

—AND—

CHEROKEE INJECTION,

Compounded from Roots, Barks & Leaves,

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Incontinence of the Urine, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Gravel, Diabetes, Dropsy, Gonorrhœa, and is especially recommended in these cases of Flow Albus or Whites in females, where all the old nauseous medicines have failed.

It is prepared in a highly concentrated form, the dose only being from one to two tablespoonfuls three times per day.

It is diuretic and alterative in its action; purifying and renewing the blood, causing it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which have produced disease.

CHEROKEE INJECTION is intended as an alternative or assistant to the Cherokee Remedy, and should be used in conjunction with that medicine in all cases of Gonorrhœa, Gleet, Flow Albus or Whites. Its effects are *healing, soothing and permanent*; removing all scalding, heat, chordee and pain, instead of the burning and almost unendurable pain that is experienced with nearly all the *cheap quack injections.*

☞ By the use of the Cherokee Remedy and Cherokee Injection—the two medicines in the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

For full particulars get our pamphlet from any drug store in the country, or write us and we will mail free, to any address, a full treatise.

Price—CHEROKEE REMEDY, $2 per bottle, or three bottles for $5.

DR. WRIGHT'S

REJUVENATING ELIXIR,

OR ESSENCE OF LIFE.

Prepared from Pure Vegetable Extracts,

Containing nothing injurious to the most delicate.

The Rejuvenating Elixir is the result of modern discoveries in the Vegetable kingdom; being an entirely new and abstract method of cure, irrespective of all the old and worn-out systems.

This medicine has been tested by the most eminent medical men of the day, and by them pronounced to be one of the greatest medical discoveries of the age.

One bottle will cure General Debility.

A few doses cure Hysterics in females.

One bottle cures Palpitation of the Heart.

A few doses restore the organs of generation.

From one to three bottles restore the manliness and full vigor of youth.

A few doses restore the appetite.

Three bottles cure the worst case of Impotency.

A few doses cure the low spirited.

One bottle cures all urinary troubles.

A few doses bring the rose to the cheek.

This medicine restores to manly vigor and robust health the poor debilitated, worn-down and despairing devotee of sensual pleasure.

The listless enervated youth, the over-tasked man of business, the victim of nervous depression, the individual suffering from general debility, or from weakness of a single organ, will all find immediate and permanent relief by the use of this Elixir or Essence of Life.

☞ Price, $2 per bottle, or three bottles for $5, sent forwarded by express, on receipt of money, to any address.

Sold by all druggists everywhere.

CHEROKEE PILLS!

SUGAR-COATED,

FEMALE REGULATOR.

Health Preserver!!

CERTAIN AND SAFE.

☞ For the Removal of Obstructions, and the Establishment of Regularity in the Recurrence of the Monthly Periods.

They cure or obviate those numerous diseases that spring from irregularity, by removing the irregularity itself.

They cure Suppressed, Excessive and Painful Menstruation.

They cure Green Sickness (Chlorosis).

They cure Nervous and Spinal Affections, pains in the back and lower parts of the loins, Hysteria, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysteria, Sick Headache, Giddiness, &c., &c. In a word, by removing the irregularity, they remove the cause and with it ALL the effects that spring from it.

Composed of simple vegetable extracts, they contain nothing deleterious to any constitution, however delicate, their function being to substitute strength for weakness, which, when properly used, they never fail to do.

They may be safely used at any age and at any period, *except during the first three months*, during which the unfolding nature of their action would inevitably prevent pregnancy.

All letters seeking information or advice will receive prompt and discreet attention.

Full directions accompany each box.

☞ Price $1 per box, or six boxes for $5.

Sent by mail, postage free, on receipt of price.

Sold by all respectable druggists.

THE MAGEE

COOKING STOVE.

The subscriber, having received his Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven bottoms are covered with plates, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from opening into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shovelling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

Portsmouth.

with and without ovens, which are too well known to need any recommendation.

"MAGEE'S PATENT"

VENTILATING & AIR-WARMING

FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacturers and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which does not pass through and the fire-pot is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating apparatus have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The fire or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq., Aaron H. Hill, Charles H. Mendum, Henry F. Wendell, John Sise, and others.

SPEER'S
SAMBUCI WINE,
PURE AND FOUR YEARS OLD,
OF CHOICE OPORTO FRUIT,
For Physician's Use, Females, Weakly Persons and Invalids.
AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs; very beneficial in Dropsy, Gout and Rheumatic Affections.
SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by physicians and chemists as possessing medicinal properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting ladies and children.
A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other ingredients, and is admired for its rich peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.
☞ None genuine unless the signature of "LEWIS SPEER, Passaic, N. J.," is over the cork of each bottle.
Make One Trial of this Wine.
For sale by W. R. Preston, Portsmouth. The trade in Boston supplied by G. C. Goodwin & Co. and Weeks & Potter.

RYE, N. H., Feb. 20, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended by the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. Swayne's PANACEA and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintance, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.
PORTSMOUTH, April 21st, 1863.
I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.
From ELDER I. CHESLEY, *Lee, May 31, 1841*
DR. SWAYNE: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named. ISRAEL CHESLEY.
☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, No. 7 High street, Portsmouth, N. H., promptly attended to. may26

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)
76 State street, opposite Kilby street,
Boston.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or Inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantage for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been issued. This is a *new pending*, Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.
"During eight months, the subscriber, in course of his large practice, made a count, rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents." R. H. EDDY.

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the safest as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Blotches, Ulcers, Abscesses, and all other impurities of the system; are perfectly within the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN!
Young Men addicted to secret habits, who have impaired their healths and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the married life, are notified that in consulting Dr. J. Teller, they will find a friend to console and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. T. broken down in health, now rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for everybody—Startling disclosures. Dr. TELLER'S great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts. Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married Happy. A lecture on Love, or how to choose a Partner—a popular work on Marriage, containing hundreds of secrets, never before published. Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, inclosed, will secure a copy by return mail. Dr TELLER has devoted a lifetime to the cure of those diseases upon which his books treat.
TO THE LADIES.
Dr. TELLER still remains the only Agency in America, for the sale of Dr. Micholi's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a safe remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.
CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons obvious to females, Monthly each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from observation. ALL LETTERS MUST be post paid to insure attention.
Office hours from 8 A. M. to 8 P. M., and on Sundays from 2 to 5 P. M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to J. TELLER, M. D.,
anl. No. 5 Beaver Street Albany, N. Y.

VERNATELLA.
Warranted to make the Soles of Boots and Shoes water and dampness proof, and wear one-third longer.
VERNATELLA
Is a preparation from Copper, having no grease, linseed oil, or anything of the kind, and when the soles are once saturated with it, water can no more get through them than through copper itself. Price 25 Cents Per Bottle,
at retail everywhere.
But its cost to the purchaser is really NOTHING, as it makes the soles wear enough longer to more than pay for it, leaving as a net gain the making of them Water and Dampness Proof, and the preservation thereby of that precious gem, the health.
☞ LADIES, READ THIS! ☜
SAVE YOUR HEALTH.
Use Vernatella on the Soles of your Shoes. It makes them water proof and thereby protects your feet from dampness, for the ground is always cold, and a rubber from rain or the morning and evening dew.

Portsmouth, N. H.

TUESDAY, JULY 12, 1864.

THE REBELLION.

Near Petersburg on the 7th, and 8th, artillery duels took place.

The Richmond and Petersburg papers are jubilant over the raid into Maryland. The people of Petersburg have abandoned the city to the destroyers.

Gen. Wallace of the U. S. army reports a battle with the rebels at Monocacy on Saturday, lasting till 5 P. M. when our forces were at length overpowered by the superior number of the enemy, and were forced to retreat in disorder.

The Governor of Maryland and Mayor of Baltimore called out the loyal citizens Saturday night at midnight, to defend their city from invasion. A Sunday item from that place says:—

The secessionists who have property and stocks of goods on hand here are by no means pleased at the prospect of exchanging their goods for rebel money, much preferring greenbacks.

The Washington item of Saturday 10th, says:—

A satisfactory body of veterans are in a position to reach either Baltimore or Washington before the rebels do. The large brigade in the Quartermaster's department here is ready for instant service.

The rebels have not crossed at Edwards' Ferry, as reported. There are no armed rebels in the Department of Washington.

A Baltimore dispatch of Sunday 3 P. M. says: Sigel's wagon train arrived to-day in charge of a detachment. One of the officers who was in the fight says he has never seen more desperate fighting, and thinks the rebel loss fully equals ours.

Alexander's battery is safe. Our loss in prisoners is about one thousand. No estimate of killed and wounded yet. 7 P. M. The advance of the rebel cavalry is reported to be seven miles from the city, on the York road. 8 P. M.—Intelligence has reached here that a portion of Gen. Hunter's force under Gen. Sullivan has recaptured Martinsburg and taken 1000 prisoners, also all the captured stores and much plunder collected by the rebels at that point.

Gov. Curtin of Pennsylvania is calling out force to repel the invasion. And even Gov. Seymour of New York, (says Burleigh,) has yielded the point for the present with the General Government. Gen. Sanford has issued orders to the following city regiments, who leave for Washington on Monday—the 4th, 25th, 96th, 99th, 84th, 6th, 8th, 94th. The ranks are well filled and the men in high spirits."

A previous letter of Burleigh's July 8, had said:—

The call of the President for State troops has so far met with a tardy response or no response at all. The officers of the First Division met under the call of Gen. Sanford and debated with closed doors. The Convention was met by an order from Gov. Seymour forbidding any troops to leave the city—and also forbidding Gen. Sanford to issue any order in relation to the President's call.

The effort of Gen. Seymour to raise at the present time an open fight between the State and National authorities, was well calculated to aid the rebel raid, whatever might be the design. And tho' he has now yielded for the present,—the effect of his quarrel is mischievous as far as it goes.

A dispatch from Washington, Sunday night, 10 o'clock, says, the excitement in that city over the rebel raid is not so great as Northern people would suppose. The teamsters and otheremployees in the Quartermaster's Department were drilling that day. The clerks of the other departments would organize Monday. The government is wide awake as to the designs of the invaders, and has been so for several days.

Gen. Smith has been assigned to the command of the 18th army corps, and Gen. Butler to the command of all other troops in the Department of Virginia and North Carolina, with Headquarters at Fortress Monroe.

The confused reports of the rebel raid into Maryland, give their number from 20,000 to 40,000. Gen. Wallace is supposed to have contended against 20,000. But the numbers are doubtful. The rebel party pursuing Gen. Wallace made a diversion towards Washington, but hearing that Gen. Hunter was getting uncomfortably close made backward tracks. The advance of Gen. Hunter's force had reached and occupied Martinsburg.

The World's Washington dispatch says the latest reports are that the rebels are making for the Potomac to escape. A large force is in their rear and on their flanks.

A Baltimore dispatch of Monday at 10 A. M. says the rebels came within four miles of the city at daylight that morning, and burnt Gov. Bradford's house. They have cut four wires of the Pennsylvania Telegraph Co., on the Hartford road.

The rebels are said to be marching on York, Pa., and to have captured a passenger train 17 miles north of Baltimore.

Gen. Baldy Smith, with the 18th Army Corps, arrived at Baltimore on Monday.

The N. Y. Herald's New Orleans correspondent, dating July 2, says a large force of the enemy has been for three days raiding upon the plantations near Lake St. Joseph, between Vicksburg and Natchez.—The plantations were robbed of their stock, and farming implements and the cotton destroyed. Several planters were taken prisoners. An order has been issued sending all registered enemies beyond our lines.

NEW HAMPSHIRE ITEMS.

—— A motion for calling a Constitutional Convention was lost in the House Friday.

—— B. F. Rockley of Dover, and N. H. Brown of Derry, have been appointed Captains in the cavalry regiment.

——Moulton & Ranlet, car manufacturers at Laconia, turned out 22 cars during the month of June.

—— At Lyme, in a legal meeting held on the 11th, it was voted to pay Volunteers and Conscripts $500 bounty.

—— On Sunday night a fire in Concord destroyed a joiner's shop and two houses, all belonging to Messrs. Mead & Mason. On Sunday forenoon the house and buildings on Joshua Heath's farm were burnt.

—— John C. L. Gerould, of Marshall, Texas, aged 29, son of Rev. Moses Gerould, of Canaan, N. H., was drowned in Clarksville, Tenn., in the early part of the war, intelligence by an escaped prisoner just having been received by his parents.

—— Mr. John C. Barstow, of Groton, was killed by the falling of a tree Friday morning, July 1st, while engaged in peeling bark. He felled a tree upon which another was lodged, when the latter, sixteen inches in diameter, came down upon him.

—— At Littleton, says the Free Press, we were visited by a very copious rain storm on Saturday July 2. It had become very dry and the crops were suffering heavily, but this welcome storm has given them new life, and things are looking very promising for a bountiful harvest.

—— The Rochester Courier gives a full account of the celebration there on the 4th. It appears to have been successful every way. The Courier has an item from Farmington, as follows:

Our only bell lost its tongue ere sunrise on the 4th, in consequence of continual jerking, and became truly a "dumb bell," much to the satisfaction of quiet people, belles and all. So as we have but one church-bell, and that having lost its voice in "celebrating," we rise in the morning when Morpheus permits, and dine when told by clock or prompted by appetite.

—— By the fire at Salmon Falls, the loss of the company's property is estimated at nearly half a million dollars. The amount of insurance, $250,000. The fire originated in the picker house, and was first discovered by the boys of the gauze room on lifting the trap to the room below, when the fire flashed upon them. The force pumps, of great power, were in the excitement of the moment thrown into gear with a full head of water, and had scarcely made a single revolution, when the cog-wheels attached were crushed. Recourse was had to the pumps of the other mill, with a like result. There was no dependence but the two small fire engines of the village, which were soon cut off by the advancing flames and thrown into the river. One was dragged out to the other bank. Aid was at once sent for from Dover and Great Falls. At one time the roofs of over thirty buildings, besides the Episcopal church, were on fire. It was only by the most diligent exertions on the part of men, women and children, with those of the firemen, that they were saved.

☞ In New York City, early Monday morning, the Camden and Amboy Railroad pier, together with the steamer John N. Potter, were destroyed by fire. Two hose carriages and a fire engine were also burned on the pier. Several policemen and firemen were driven into the water by the flames, but were rescued by boats from a French man-of-war. Loss about $200,000.

☞ Late accounts from Europe show a continuance of the German and Danish War, and the renewed blockade of German ports by Denmark.

☞ Gold in New York Monday began at 285, went down twice from 285 to 281, and in five minutes went back to 282 3-4.

☞ The pirate Florida captured a vessel off Cape Henry on Saturday evening.

— Ninety-three thousand four hundred and forty-one emigrants have arrived at New York since January. During the same period last year the number was sixty-nine thousand eight hundred and eighty-three.

— The Eastport (Me.) Sentinel says that Mr. John Wilson of Lawrence, Mass., while searching for gulls' eggs recently, on the southern head of Grand Menan, fell down a steep declivity to the distance of a hundred feet or more, and was killed.

A carman in New Orleans ran over and put out the light of a very young American citizen of African descent, and was heard to exclaim—"God bless the emancipation proclamation! If I had done that two years ago, it would have cost me five hundred dollars."

KILLED BY A BULL.—On Wednesday of last week, Mr. Miles Chesley, jr., a well-to-do farmer of middle age, and one of the most prominent and influential citizens of New Durham, N. H., came to his death in a shocking manner. He went into his barn to yoke some cattle, one of which was a fierce bull six years old; and several hours after was found there by his wife, who was searching for him, sitting on the floor, gored in six places by three charges from the horns of the animal, and his body torn and mangled terribly. He lived a few hours, but was unable to tell anything about the affair. The bull was standing loose in the floor, with the yoke on—with which, in his frenzy, he had stove a hole in the side of the building—but he appeared not to have touched the unfortunate man after the first fatal attack. Perhaps the brute might have been a little unruly, and his owner struck him, and thus maddened him. Mr. Chesley's death is a loss to his town, where he was universally esteemed. The bull was shot next day.

☞ Rev. Henry W. Dexter, editor of the Congregationalist, has been called to account for exchanging pulpits with Rev. Charles Beecher, the heretic. Mr. Dexter replies, re-affirming his confidence in Mr. Beecher's substantial orthodoxy, and says: "In the exercise of this confidence in the soundness of his heart, and of the essentials of his doctrine, and in testimony of my abhorrence of that spirit which would thrust a good man—whose labors Christ accepts—out of the ministry, because his philosophy of theology is different from its own; I exchanged pulpit services with Mr. Beecher—he being the Orthodox Congregational pastor of an Orthodox Congregational Church."

☞ The 3d Parish in Portland, (formerly Dr. Payson's,) recently called Rev. J. R. Walton to be their pastor, and he accepted. A council was called last week, to instal him in the usual form,—and the installation was expected on Thursday evening,—but the council unanimously advised against it. In their result, as we learn from the Press, they only state he is not sound in doctrine according to their view of subject, therefore could not recommend his installation, yet they believed he was a pious man, and hoped he would become a good and faithful minister of the Gospel. For such a consummation they prayed.—It does not appear what his heresy is.—An informal parish meeting was held on Friday evening,—and after a discussion, the assembly invited Mr. W. to preach on Sunday, and laid the result on the table, to be acted upon at a meeting of the regularly notified parish.

☞ Speaking of Fourth of July celebrations the Richmond Dispatch says "the only doctrine of the whole Declaration of Independence which the North can consistently rejoice in is that which asserts the equality of man, and which is the solitary blunder in that great document." Speaking of hypocrites, a certain New York paper, professedly loyal, but really copperhead, is engaged in explaining away the Declaration of Independence,—but it is uphill work.

THE WESTERN WHEAT CROPS.—Mr. Commissioner Newton has received recent advices from the West, representing the wheat crop to be better than was anticipated, as regards excellence of grain and quality of straw. The yield will not probably be an average one, but the falling off in quantity will, it is thought, be fully compensated by the improved quality of the grain.

— The school committee of Worcester, Mass., have adopted a regulation that no child under five years of age shall be admitted to the public schools of that city.

— A chimney about one hundred feet high, comprising about 90,000 bricks, and estimated to weigh over 200 tons, has been moved a distance of one hundred feet, in Worcester, without dislocating a brick.

— On Friday last, on board of and getting under weigh the schooner Amazon, from Harwich to New York, Elkanah Mayo, Jr., of West Harwich, fell overboard and was drowned. He was about twenty-five years of age.

— A letter in the Newburyport Herald says that Mr. Chas. Edward Jewett, town clerk of Georgetown, was thrown from his wagon July 4th; and striking a stone wall, levelled eight or ten feet of it! He was severely bruised, but may recover.

— Edward A. Pollard, the Richmond editor, who is at Fort Warren, denies that he ever wrote a line which tended to make the treatment of Federal prisoners more severe, but certain Pennsylvania papers have charged him, on the information of some of the released Richmond prisoners, that his conduct toward them was neither manly or humane.

— The Aroostook (Me.) Pioneer says that while the fire was raging in the woods between Houlton and Haynesville, a man died, and for fear the house would be destroyed, the corpse was placed in an outbuilding for safety. The fire swept down upon them with such fury, however, that the buildings were destroyed, together with their contents, including the corpse.

☞ Mr. Welles, Secretary of the U. S. Navy, has addressed a complimentary letter to Capt. Winslow, of the Kearsarge, for sinking the Alabama, which he concludes thus:—

The President has signified his intention to recommend that you receive a vote of thanks, in order that you may be advanced to the grade of Commodore. Lieut. Commander James S. Thornton, executive officer of the Kearsarge, will be recommended to the Senate for advancement ten numbers in his grade; and you will report to the Department the names of any others of the officers or crew whose good conduct on the occasion entitles them to especial mention.

Lieut. Com'r Thornton is a native of New Hampshire, 38 years of age, and was appointed midshipman in 1841. It is said by an exchange:—

A month or so before the Alabama came out of the harbor of Cherbourg, James S. Thornton, the lieutenant commander of the Kearsarge, leaving that vessel on the watch at a near point, disguised himself in a French blouse and the general apparel of a French artisan, and succeeded in getting admission on board the rebel vessel, and examining fully every part of her, taking notes of her machinery, armament, &c.

☞ Those popular publishers, T. B. Peterson & Bros., Philadelphia, have just issued a new book, by the author of "Margaret Maitland," entitled "Self-Sacrifice," of which the London Athenæum says:

"Self Sacrifice" is a work which will stand out, amid the fictional issues of the present season, like a pure diamond in the midst of paltry paste. It is one of the most fervid and impressive narratives that has ever fallen from the press. With a power possessed by no female writer of our day, unless it be by the lamented Grace Aguilar, its fair author strikes on every page for the hearts and intellects of her readers, and rarely fails to touch the first or take the latter captive. As a picture of the vast power of self-sacrifice it has scarcely ever been approached—certainly never excelled.

It is published in beautiful style; cloth $1.50, paper $1.25.

"A Wonderful Discovery."
DR. TEBBETTS' "PHYSIOLOGICAL HAIR RESTORATIVE" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "DYE," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes all dandruff, heat, humors and itching from the scalp. It keeps the head cool, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "REGENERATOR" is warranted to produce the results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.

SANITARY REPORT.

Unnecessary alarm set a variety of false rumors in motion on Sunday and Monday, about the sickness and deaths in Portsmouth. The best means in our power to correct the erroneous rumors is to state the facts, as gathered from the best sources.

On Sunday morning, a man named Rogers, died of fever at 45 Court street. This was one of the early cases of infection from the ship.

On the same day a man named Mahoney, died of fever at a house in Hunking street, on the 4th day of his illness. He was a hand in the sail-loft where the De-Soto's sails were.

On Sunday evening, in the last named house, an elderly woman died: whose case was not by the doctors decided to be one of fever,—though the usual cautions were observed to prevent infection.

On Sunday died (on Brimstone Hill so called) a man named John Muchmore, of a lung complaint, and other ails of long standing. Previous to the two or three deaths above mentioned, no deaths by fever had occured in Portsmouth, for a week.

Only one or two cases of the fever are known to remain in Portsmouth, at the present time, viz, Mr. Canty, in Cabot street, and Doyle in Commercial Alley; and in the latter case it is not certainly fever.

We are happy to learn that Mr. Davis of Kittery,—who was set down in our last week's statements as dead,—was living on Sunday.

So that the whole number of deaths, by the fever in this *vicinity* up to this date, Monday afternoon, do not exceed 16. And of these only about half died here; while those that by any constructions can be called new cases, are few indeed.

NEWCOMB'S COMBINATION, at the Temple last night, drew a good house. Allyne, the wizard, is a fine as well as pleasing performer, and many of his tricks are new and astonishing. His rope tying was immense and took the house by storm, as did also the blood writing on the arm. Mad. Allyne's "Second Sight" is truly wonderful, and all should see it. The presents are a great feature, and the manager has kept his word to the letter. Everything that was advertised was done, and many handsome presents were given away.

There will be another performance this evening, when a hundred and fifty other presents will be given away. There will be a matinee Wednesday afternoon for school children, at 3 o'clock, when the admission will be only 15 cents, and every child will receive a present. Wednesday evening will be the last performance. Mr. J. D. Newcomb is the manager. See advertisement and bills.

A WEEK AMONG THE WHITE MOUNTAINS.—A friend who has just returned from the White Mountains hands us the following minutes of one of the routes, for the benefit of those who may be journeying that way this season:—

Leave Portsmouth say Thursday A. M. at 10 o'clock, by P. S. & P. railroad; dine at Portland at 1:10 P. M.; take the Grand Trunk railroad for Gorham, N. H., where you will arrive at 6 P. M.; stop at Alpine House. Friday A. M. visit Berlin Falls, 6 miles distant; Friday P. M. go to the Glen House; Saturday go up Mt. Washington by carriage road; Sunday spend at Glen House; Monday take stage for Crawford House, stopping on the way at Glen Ellis Falls, Morrison Falls, Willey House, Silver Cascade, and the Notch; Tuesday by stage to Profile House; Wednesday remain at Profile House, visiting the Flume, the Pool, the Basin, the Old Man of the Mountain, and Echo Lake; Thursday by stage to Plymouth, thence cars to Wiers on Lake Winnipisaukee, thence by steamer Lady of the Lake to Centre Harbor or Wolf boro'; Friday P. M. by steamer to Alton Bay, thence by Cocheco, Boston & Maine, and Concord & Portsmouth railroad; home at 6:15 P. M.

☞ We would call particular attention to the removal notice of S. Cohen & Co., Boston, dealers in all kinds of Worsted Goods, &c.

The effectiveness of our batteries is proverbial. The rebels have a holy horror of them. While advancing on Resaca, when Sweeney's division was on the right and in reserve, Capt. Arndt's Michigan battery was wheeled into position.

"Do you see that house?" said the captain, addressing one of his gunners, and pointing to a building a mile away.

"I do, captain," was the response.

"Can you hit it?"

"Yes sir!"

The piece was leveled, the lanyard drawn, and the chimney of the house fell with a crash!

Any of Sherman's batteries could have done the same thing.

Two Parisians recently married, one a beautiful, the other an extremely frightful woman. They were discussing the merits of their wives. Said the one who had espoused the beauty, "Your wife is so very ugly!" "Ah, yes," replied the other "if not externally, beautiful within." "Then," answered the first, "why don't you turn her inside out?"

An inspiring sight for a glazier—the early day when it breaks through the windows.

HOW A SHARPSHOOTER WAS NABBED. A very curious piece of strategy took place the other day "in front" of Petersburg. One of the Fourteenth New York artillery—a Seneca Indian from the Western part of the State—undertook as a wager to bring in alive a rebel sharpshooter, who was perched on a tree in front of our line, considerable in advance of his own. His manner of accomplishing this was as ingenious as it was successful, and rivals the "deviltry" of any of the Leather-stocking redskins.—Procuring a quantity of pine boughs, he enveloped himself with them from head to foot, attaching them securely to a branch, which he lashed lengthwise of his body. When completed, he was indistinguishable to a casual observer from the surrounding foliage, and resembled a tree as closely as it were possible for his really artistic efforts to render him thus prepared, and with musket in hand, concealed likewise, he stole by almost imperceptible movements to beneath the tree where the Sharpshooter was lodged. Here he patiently waited until his prey had emptied his piece at one of our men, when he suddenly brought his musket to bear upon the "reb," giving him no time to re-load. The sharpshooter was taken at a disadvantage. To the demand to come down he readily assented, when the Indian triumphantly marched him into camp and won his wager.

The Boston Daily Advertiser, in an article upon the delivery of letters by carrier says: "In London there are probably a thousand persons who can tell you the way to Day and Martin's shop, or to the Egyptian hall, for one who can direct you to the city post-office. Nobody needs to know,—in fact, very few people do know—where the London post-office is. The post office is only a place where mails are made up for forwarding, and opened for distribution. The person to whom a letter is addressed receives it in the shortest possible space of time at his own door. The writer of a letter deposits it in a pillar-box, or at a station in his neighborhood, and it goes safely and swiftly on its way to the ends of the earth."

BUSINESS NOTICES.

HUNNEWELL'S STANDARD PREPARATIONS.—On our inside columns will be found a notice of these justly celebrated and standard preparations, of unbounded reputation in New England, profess only what they are remedies for, are for sale by all wholesale and retail dealers, and confidence is asked to test them. See advertisement.

PRICES AND TERMS.

The price of the Daily Chronicle is $6 per year in advance; 60 cents per month—15 cents per week—3 cents per copy.

The (Weekly) N. H. Gazette $2 per year, $1.50 in advance—5 cents single copy, to regular buyers 4 cents.

Terms Cash—or all bills for Advertising, &c., to be presented at the pleasure of the publisher.

Would you save yourself from suffering after eating, or from acidity of the stomach, or burning sensation, or indigestion? Use Herrick Allen's Gold Medal Saleratus. Never use soda if you can procure this article. It will strengthen weak stomachs and relieve dyspepsia; is a saving in the quantity of flour, &c., &c. Try it. Grocers and Druggists most all sell it. The Wholesale Agents are Wholesale Grocers.

Soldiers, see to your own health, do not trust to the army supplies; cholera, fever and bowel complaint will follow your slightest indiscretion. Holloway's Pills and Ointment should be in every man's knapsack. The British and French troops use no other medicines.

If the reader of this "notice" cannot get a box of Pills or Ointment from the drug store in his place, let him write to me, 80 Maiden Lane, enclosing the amount, and I will mail a box free of expense. Many dealers will not keep my medicines on hand because they cannot make as much profit as on other proprietary make. 35 cents, 88 cents, and $1.40 per box or pot. 216

Facts for the People.
The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of STOVES and Castings several times since the war began; and it is now arranged to make a general advance of 25 to 50 per cent. this season.
We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now, as its capacity and the cost of operating it. All things considered, there is no Stove equal to
THE MODEL COOK.
IT IS, IN FACT,
The Best Stove Out,
for economy, convenience and dispatch.
Many people think it best to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.
One of our shrewdest citizens who purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.
A careful, prudent farmer purchased one, and after it had been in operation some days his son came into the store and said, "something was wrong at their house!" his father and himself used wood off the same pile, he burned three baskets full a day, and his father only one! We sold him a Stove before he left, and there has been no complaint since.
These Stoves are in use in many hotels and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.

MASON & HAMLIN'S
CABINET ORGANS,
Combining the requisites for Sacred and Secular, Church and Parlor Music; for Families, Sunday Schools, Day Schools, Churches, &c.
They are elegant as pieces of furniture; occupy little space; are not liable to get out of order or out of tune; are warranted for five years; will improve in tone by age, and are moderate in cost.
They are to private houses, Sunday schools and smaller churches, what the larger pipe organs are to large churches, and in addition to this are adapted to secular as well as sacred music.
The Cabinet Organ is essentially different from, and a marked improvement upon, all instruments of the melodeon or harmonium kind. Its superiority consists in many important characteristics.
The undersigned, Agent for the Manufacturers, will be pleased to show the Cabinet Organs to all wishing to purchase, at his residence, NO. 30 HANOVER STREET.

☞ A lady correspondent of the Providence Journal urges the women to cease using their dresses for sidewalk-sweeping, and enters into a calculation to show the economical merit of her suggestion. She thinks $1,000,000 may be saved annually, without the least sacrifice of comfort. Let the ladies, she says, make their dresses so as to escape the ground one inch instead of trailing two inches, and this save, by the 1,000,000 adult females of the loyal States, each one dollar annually, in the first cost of the article, not estimating the saving of probably as much more by preserving the article twice as long for decent wear.

GOLDEN SHEAF WHISKEY.

C. A. RICHARDS, 99 WASHINGTON STREET, Boston,

Would most respectfully invite the attention and examination of all Grocers, Druggists, Apothecaries and Private Individuals, desiring to sell or USE STRICTLY PURE

Liquors, Wines, Cordials or Bitters, to the list of choice goods enumerated below, which are constantly on hand in large quantities in his Large and Spacious *Wine Store and Bottling Establishment*, 99 Washington street, Boston.

First on the list, as a reliable pure stimulant, stands the celebrated and widely-known

Golden Sheaf Bourbon Whiskey,

made from Wheat, Rye and Corn, Warranted for five years old. Put up in wicker flasks, each bottle in a paper box, in cases of one dozen each, the large and increasing sales of which convinces the proprietor that no extensive advertisement is needed to extol its real merits. It will recommend itself on trial.

Golden Sheaf Cordial.

A delightful and healthful beverage, aromatic, with a rich ginger cordial, made from the pure Golden Sheaf Bourbon.

Golden Sheaf Bitters.

The best Tonic Bitters ever offered to the public. Mingled with the rich flavor of the Bourbon are a number of other ingredients for restoring the appetite and imparting life and vigor to the whole system.

Golden Sheaf Punch.

Made from fresh, ripe lemons, and other articles, considered one of the best in the city.

Bourbon Whiskey Punch.

All the above put up full strength of the whiskey, and in cases of one dozen each. These articles improve by age, and no exposure of climate can affect them.

JOHN AND ROBERT DUNSTER'S CELEBRATED

LONDON DOCK SPIRITS AND WINES,

Imported solely by C. A. R., in wood, from the London Docks, and bottled by him in America. The distinguished and world-wide reputation of these articles has induced the subscriber to seek and obtain the Sole Agency in this country—They are sold only in Bottles, *entirely pure, and without adulteration*, and comprise the four kinds, as follows:

LONDON DOCK GIN,
LONDON DOCK BRANDY,
LONDON DOCK SHERRY,
LONDON DOCK PORT.

All in cases of one dozen each, in strong shipping order for immediate transportation, and are sold lower than any other liquors and wines in the market, of equal quality.

Pure California Wines.

The large demand for the pure wines of California has made it a fact that no well selected stock of Wines is complete without them. C. A. R. has made arrangements for the entire production of

The Largest Vineyard in California!

and is now bottling, and offers for sale, the finest CALIFORNIA WINES ever seen IN THE MARKET, of four qualities, splendid style of labels, bottles and cases—such as

ANGELICA—Sweet.
PORT—Rich.
HOCK—Dry.
STILL CHAMPAGNE—Delicious.

Parties attracted by this advertisement, or who have already become acquainted with the qualities of these articles, can have a price list sent by mail, or sample by express, when desired, by addressing the subscriber.

C. A. RICHARDS, 99 Washington street, - - - Boston.

NOTE.—C. A. Richards would also beg leave to state that the above are only a part of the list of articles for sale and imported by him. He has, in addition, one of the largest stocks in America of *Fine Bottled Wines and Liquors*, of every variety and kind, together with a fine assortment of Liquors and Wines in original packages, for sale by the cask or gallon. Also, *Fine Cigars, Sardines, Pickles, Sauces*, and every kind of table luxury usually found in a first-class wine store in this country or in Europe.

Orders are most respectfully solicited.

Constitution Life Syrup,

COMPOSED OF

IODIDE POTASSIUM,

With the compound concentrated fluid extract of

VALUABLE MEDICINAL ROOTS AND HERBS,

Prepared by WM. H. GREGG, M. D., Graduate College Physicians and Surgeons, N. Y. formerly Assistant Physician Blackwell's Island Hospitals, late Medical Inspector New York State Volunteer Depôts, under Gov. Edwin D. Morgan.

Constitution Life Syrup

HAS PRODUCED

A REVOLUTION IN MEDICINE!

What may seem almost incredible, is, that many diseases hitherto considered hopelessly incurable are frequently cured by the use of this remedy, and we cheerfully invite the investigations of the liberal minded and scientific to cures which have no parallel at the present day.

Our medicine is peculiar, by it the seat of disease is directly reached, and the equilibrium restored. Those who have suffered long from painful and obstinate diseases, those who have vainly sought relief from advertised medicines, those who cannot be cured by other physicians—are

Invited to use Constitution Life Syrup.

During the past five years we have contended with obstinate cases of disease which have been less or ever encountered by any Reformers.

Rapidity of Cure.

Some say, "Your cures are too quick," while others doubt their permanence, and think that diseases can only be cured by the slow, vaporative process of Nature." This is our reply:

In health, the body, like a well-balanced scale, is in a state of equilibrium. But when from any cause there is one side of the scale, we have the effects of disease. What is requisite is, to restore the normal balance of the scale.

CONSTITUTION LIFE SYRUP.

A positive and specific remedy for all diseases originating from an IMPURE STATE OF THE BLOOD, and for all (hereditary) DISEASES transmitted from PARENT TO CHILD.

Paralysis.

Hemiplegia, Paralysis, Paraplegia, Paralysis Agitans.

It is so universally admitted that Constitution Life Syrup is the only effective means of restoration in the various forms of Paralysis, that we need not reiterate that it is emphatically the Great Life-giving Power.

Dyspepsia.

Indigestion, Liver Complaint, Constipation, Weak Stomach, Biliousness, Want of Appetite, Flatulence, Acid Eructations.

Scrofula.

Strumo, Glandular Swellings, Ulceration, King's Evil, Erysipelas, Salt Rheum.

This taint (hereditary or acquired), filling life with untold misery, is by all usual medical remedies incurable.

Rheumatism.

Arthritic, Neuralgia, Gout, Lumbago, Sciatica, St. Dalcovitus.

If there is any disease in which the Constitution Life Syrup is a sovereign, it is in Rheumatism and its kindred affections. The most intense pains are almost immediately relieved, and the swellings are reduced. Cases, chronic or vicarious, of 20 or 30 years standing, have been cured by us.

Nervousness.

Nervous Debility, Confusion of Thoughts, Epilepsy, Loss of Power, "Nervous Nerves," or Vitus' Dance.

Thousands who have suffered for years will bless the day on which they read these lines. Particularly to weak, suffering woman will this medicine prove an invaluable blessing, by directing their footsteps to a Hope which fulfils more than it promises.

Mercurial Diseases.

Salivation, Feeling of Weariness, Resting of Bones, Bad Complexion, Aches in Bones, Depressed Spirits.

Constitution Life Syrup purges the system entirely from all the evil effects of MERCURY, removing the Bad Breath, and curing the Weak Joints and Rheumatic Pains which the use of Calomel is sure to produce. It hardens Spongy Gums and secures the teeth as firmly as ever.

Constitution Life Syrup

Eradicates, root and branch, all Eruptive Diseases of the Skin, like

ULCERS, PIMPLES, BLOTCHES.

And all other difficulties of this kind, which so much disfigure the outward appearance of both males and females, often making them a disgusting object to themselves and their friends.

CONSTITUTION LIFE SYRUP

Cures all Swellings of the Glands,

Either of the Face, Neck or Female Breast, and should be taken as soon as the swelling is detected, thus preventing the heart-breaking and life-long troublesome Discharging Sores, which disgure so many of the younger portion of the community, from which, if neglected, hundreds of young children are very subject to Discharges from the Ears, which depends upon a Scrofulous constitution. Such persons recover by taking a few doses of the Life Syrup.

All scrofulous persons suffering from Debility, Emaciation, Dyspepsia, Dropsy of the limbs or abdomen, and in females, Dropsy of the ovaries and womb, generally accompanied with inflammation and ulceration of the uterus, are permanently cured by this wonderful Life Syrup. The disease known as Goitre or Swelled Neck, the Life Syrup will remove entirely. The remedy should be used in connection with the Ointment in exceedingly chronic and stubborn, and will not be removed without extra effort. Tumors of the Ovaries, Tumors of the Breast, and swelling of any gland of the body will be completely reduced without resorting to the knife or operations of any kind.

Epileptic Fits, Sympathetic or Organic Diseases of the Heart (as Palpitation, Disease of Valves—producing a grating or filing sound), Dropsy of the Heart, Pain in the Side, Shoulder and Limbs, important organ, or persons suffering from any acute pain in the region of the heart, will be greatly relieved by Constitution Life Syrup.

Broken Down and Delicate Constitutions, Suffering from Indisposition to Exercise, Pain in the Back, Loss of Memory, Forebodings, Horror of Gloomy, Fear of Disease, Dimness of Vision, Dry Hot Skin, Nervous Irritability, Sleeplessness, Wasting Pale Haggard Countenance and Lassitude of the Muscular System, all require the aid of the CONSTITUTION LIFE SYRUP.

For all forms of **Ulcerative Diseases**, either of the Nose Throat, Tongue, Spine, Forehead or Scalp, no remedy has ever proved its equal.

MYTH.—Some think the human Liver, depending upon a diseased action of the Liver, are very unpleasant to the young wife and mother. A few doses of Constitution Life Syrup will correct the secretion, and remove the deposit which is directly under the skin.

In Diseases of the Liver, giving rise to languor, dizziness, indigestion, weak stomach, or an aggravated or cancerous condition of that organ, accompanied by Liver Complaint, or sympathetic symptoms, relief may be obtained by the use of CONSTITUTION LIFE SYRUP.

☞ *As a general Blood-Purifying Agent, the Life Syrup stands unrivalled by any preparation in the world.*

Diseases of the Spine, as usually developed in the young, Hip Disease, Neuralgia, and all Nervous Diseases, and females who are suffering from diseases for which they are at a loss to know what to do, we would advise the use of CONSTITUTION LIFE SYRUP. It will restore their pallid countenance, strengthen their weak back and side, give them new energy, new life and happiness.

THE RICH AND POOR are liable to the same diseases. Nature and Science have made the Constitution Life Syrup for the benefit of all.

PURE BLOOD produces healthy men and women; and if the constitution is neglected in youth, disease and early death are the results. Do not delay when the means are in your hand, and within the reach of all.

TO MOTHERS AND MARRIED LADIES It is the most effectual medicine ever discovered for purifying the system and relieving the suffering attendant upon childbirth. It strengthens both the mother and child, gives them pain and disease, and increases and enriches the food—Those who have used it think it indispensable. It is highly useful both before and after confinement, and it prevents disease attendant upon childbirth.

Constitution Life Syrup

Is the Poor Man's Friend, and the Rich Man's Blessing!—Buy it, take it, and be cured.—It is Universal in its effects

Glad News for the Unfortunate!

The Long Sought For Discovered at Last.

CHEROKEE REMEDY

AND

CHEROKEE INJECTION,

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Incontinence of the Urine, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Strictures, Gravel, Gleet, Gonorrhœa, and is especially recommended in those cases of Fluor Albus or Whites in females, where all the old nauseous medicines have failed.

It is prepared in a highly concentrated form, the dose only being from one to two tablespoonfuls three times per day.

It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an ally or assistant to the CHEROKEE REMEDY, and should be used in conjunction with the medicine in all cases of Gonorrhœa, Gleet, Fluor Albus or Whites. Its effects are *healing, soothing and demulcent*, removing all scalding, heat, chordee and pain, instead of the burning and almost unendurable pain that is experienced with nearly all the *cheap quack injections.*

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

For full particulars get our pamphlet from any drug store in the country, or write us and we will mail free, to any address, a full treatise.

Price—CHEROKEE REMEDY, $2 per bottle or three bottles for $5.

THE GREAT

INDIAN MEDICINE,

COMPOUNDED FROM

ROOTS, HERBS AND LEAVES.

CHEROKEE CURE.

An unfailing cure for Spermatorrhœa, Seminal Weakness, Nocturnal Emissions, and all diseases caused by self-pollution; such as Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Trembling, Wakefulness, Eruptions on the Face, Pimples, Blotches, Insanity, Consumption, and all the direful complaints caused by departing from the path of nature.

☞ This medicine is a simple vegetable extract and one on which all can rely, as it has been used in our practice for many years, and with thousands treated it has not failed in a single instance. Its curative powers have been sufficient to gain victory over the most stubborn cases.

☞ To those who have trifled with their constitution, until they think themselves beyond the reach of medical aid, we would say, *Despair not!* the CHEROKEE CURE will restore you to health and vigor, and after all quack doctors have failed!

Price $2 per bottle, or three bottles for $5 at drug store in the country, or write the proprietors, who will mail free to any one desiring the same, a full treatise in pamphlet form.

☞ Prices, $2 per bottle or three bottles for $5, and forwarded by express to all parts of the world.

Sold by all respectable druggists everywhere.

DR. WRIGHT'S

REJUVENATING ELIXIR,

OR ESSENCE OF LIFE.

Prepared from Pure Vegetable Extracts,

Containing nothing injurious to the most delicate.

The Rejuvenating Elixir is the result of modern discoveries in the Vegetable kingdom; being an entirely new and abstract method of cure, irrespective of all the old and worn-out systems.

The medicine has been tried in the most eminent medical men of the day, and by them pronounced to be one of the greatest medical discoveries of the age.

One bottle will cure General Debility.
A few doses cure Hysterics in females.
One bottle cures Palpitation of the Heart.
A few doses restore the organs of generation.
From one to three bottles restore the manliness and full vigor of youth.
A few doses restore the appetite.
Three bottles cure the worst case of Impotency.
A few doses cure the low spirited.
Infantile weakness yields to it.
A few doses bring the rose to the cheek.

This medicine restores to manly vigor and robust health the poor debilitated, worn-down and despairing victim of sensual pleasure.

The listless enervated youth, the over-tasked man of business, the victim of nervous depression, the individual suffering from general debility, or from weakness of a single organ, will find immediate and permanent relief by the use of the Elixir or Essence of Life.

☞ Price, $2 per bottle, or three bottles for $5, and forwarded by express, on receipt of money, to any address.

Sold by all druggists everywhere.

THE MAGEE COOKING STOVE.

The subscriber, having received his Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin reservoir attached to which with plaster, can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

"MAGEE'S PATENT"

VENTILATING & AIR-WARMING

FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air which is constantly circulating, and the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure, in addition to this objection. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed, as they should, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the same side as the ash-pit can consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used.

We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq., Aaron H. Hill, Charles H. Mendum, Henry F. Wendell, John Sise, and others.

The Chronicle.

☞ There seems to be no good reason to doubt that John Morgan's recent raid into Kentucky, and Vallandigham's return to Ohio, had connection as parts of a copper-head plot to embarrass the Government. There is a secret Copperhead order in the West called the "Sons of Liberty," and resembling "The Knights of the Golden Circle." The Indianapolis Journal says that the members of this order were aware that on or about the 14th of June, Morgan would be in Kentucky and Vallandigham in Ohio. Gov. Bramlette, of Kentucky, received information of Morgan's movements, by revelations made by members of the same order. He believes that Vallandigham was mixed up with the raid, as appears from the following remark in a recent letter of his to Gov. Morton, of Indiana. Gov. Bramlette says: —

"The appearance of Vallandigham in Ohio, simultaneously with Morgan's raid in Kentucky, fully confirms the matter made known to me through Gen. Lindsey by you. The defeat of Morgan has frustrated their movements for the present, but vigilance in the future must still guard us against those machinations of evil doers."

☞ The New York Evening Post, referring to the statement that some of the English admirers of Semmes are raising money to purchase for him a new sword, asks the following pertinent question: —

"Would it not be a good thing for the shipowners of New York to make some honorable acknowledgment to the officers and crew of the Kearsarge; and to present, especially, a substantial reward to the three gallant fellows who were wounded in the action?"

At Chicago the other day, one of Howe's circus cars, on which was arranged a grand tableau of female allegorical figures, the whole surmounted by a platform on which was a live lion, broke down, to the great consternation of the people. No harm was done however—Europe, Asia, Africa and America, Truth, Justice and the Goddess of Liberty took refuge in a dry goods store, and the lion walked quietly into his cage immediately on its arrival.—*Boston Daily Advertiser.*

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)
76 *State street, opposite Kilby street,*
Boston.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Also, Reissues, Extensions, Trade Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Research among American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H. Eddy has made for me THIRTEEN applications, and has given me 13 of which patents have been granted, and that is *note bending*. Such unmistakeable proof of great talent and ability I feel bound to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART.
During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of them was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.

The Old Established Hospital,
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Thirty Thousand Patients Cured Annually!
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the latest as well as the latest remedies for those diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Blisters, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their healths and destroyed the vigor of their minds, thus deprived themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to console and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. J. broken down in health, now rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for everybody.—Startling disclosures Dr. TELLER's great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts. Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married Happy. A lecture on Love, or how to choose a Partner—a complete work on Midwifery. It contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps inclosed, will secure a copy by return mail. DR. TELLER has devoted a lifetime to the cury of those diseases upon which his books treat.
TO THE LADIES.
DR. TELLER still remains the only Agency in America, for the sale of Dr. Nichols's Italian Female Monthly Pills. The sale of more than 300,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.
CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 8 A.M. to 8 P.M., and on Sundays from 9 to 5 P.M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

VERNATELLA.
Warranted to make the Soles of Boots and Shoes water and dampness proof, and wear one-third longer.
VERNATELLA
Is a preparation from Copper, having no grease, linseed oil, or anything of the kind, and when the soles are once saturated with it, water can no more get through them than through copper itself. Price 25 Cents Per Bottle,
at Retail everywhere.
But its cost to the purchaser is really NOTHING, as it makes the soles wear enough longer to more than pay for it, leaving as a net gain the making of them Water and Dampness Proof, and the preservation thereby of that priceless gem, the health.
☞ LADIES, READ THIS! ☜
SAVE YOUR HEALTH.
Use Vernatella on the Soles of your Shoes. It makes them water proof and thereby protects your feet from dampness, or the ground is always more or less moist, either from rain or the morning and evening dew.

WEDNESDAY, JULY 13, 1864.

THE REBELLION.

The rebel raiders on Monday captured and destroyed two trains upon the Philadelphia, Wilmington and Baltimore Railroad. The mail on one was divided among the captors. The rebels fired the trains, and also the freight house at Mannolia. Passengers were not molested, except in a few cases. Maj. Gen. Franklin was captured on one of the trains.

A dispatch from Harrisburg, Monday, states that Gen. Hunter's force then occupied Martinsburg, and another body of our troops held Hagerstown. The rebels still occupied South Mountain Passes, while their main body demonstrated on Washington and Baltimore, between the latter city and Monocacy. Gen. Ord has been appointed to the command of the 8th army corps, Gen. Wallace commanding the department.

The excitement in Baltimore was increasing on Monday. The destruction of Governor Bradford's house was complete. They plundered the house of all valuables, taking all valuable papers and deed of the Governor, and would not allow Mrs. Bradford to save her own clothing. They read to Mrs. Bradford an order from Gen. Bradley Johnson to destroy the house in retaliation for the destruction of Governor Letcher's house by Gen. Hunter.

Maj. Gen. McCook is assigned to the northern defenses of Washington. An inspection by Gen. Auger found the troops as well as the forts in fine condition. It is reported that the rebels have been very busy for the past three days conveying cattle, horses, and other plunder across the Potomac. The raiders who did the damage to the Baltimore and Philadelphia railroad consist of a small force, it is said, under Trimbell, son of a secesh resident of Wilmington, Del. They have left the railroad, and going toward Bellair, Hartford county, 16 miles from Havre de Grace. 1000 rebel cavalry were reported there on Monday evening. The streets of Baltimore are being barricaded, to guard against rebel cavalry; and Adm. Paulding has by request sent a number of sailors from Brooklyn to man important batteries in the city. Gen. Ricketts has fallen back to the fortifications around the city. It is reported and denied that Maj. Gen. Franklin was taken prisoner on the train captured at Magnolia. There were several officers on the train, including a Brigadier General. It is also reported that Gen. Tyler has escaped from the rebels and reached Ellicott's Mills. Quite a number of bridges on the Northern central railroad have been burnt. The rebels have abandoned Fredericks, but they still hold the Gaps in their line of retreat. Their main body it was thought on Monday night, was concentrating in North Western Maryland. A large Union force crossed the Susquehannah river at Havre de Grace on Monday evening and moved towards the front.

A meeting of citizens was held in Philadelphia on Tuesday noon: recruiting was brisk and before night a large number of men would be ready to leave for the points endangered. Telegraphic communication was re-opened between Baltimore and Washington on Monday night, and trains were running regularly on Tuesday.

The latest reports are—a Philadelphia rumor of an attack by 15,000 rebels on the northern fortifications of Washington, which could not be traced to any reliable source; that Petersburg is taken; that there is a force of rebels at Conowingo bridge across the Susquehannah river, near the Pennsylvania line; and that a large rebel force passed through Townsentown on Monday night, on the way to join the main force.

☞ The pirate Florida on Friday captured and burnt four vessels, and Sunday a fifth, off Capes Henry and Charles. The crews were released. Three gunboats, the Monticello, Mount Vernon, and Ino, have left Hampton Roads in pursuit of the pirate.

On Sunday afternoon the pirate Florida captured the steamship Electric Spark, from New York for Havana and New Orleans. When within 7 or 8 miles the pirate hoisted the English flag, and when within 1200 yards the rebel flag and fired across her bow. The steamer not coming to, a shell was fired, which passed over amidships. The steamer then hove to and was boarded. Her captain, crew and passengers were put aboard a schooner which was lying near by, and sent to New York. The capture was made 45 miles north of Cape Henlopen. None of the personal property of the passengers was taken. The mails, 65 bags, and steamer, were taken possession of.

The vessels captured on the 8th were the schooner Margaret F. Davis and barks Greenland, Geo. Berry, Zealand and Golconda. The latter left Talmahaw, Chili, April 14, with 1800 barrels of oil. All hands were taken on board the pirate, and the vessels burned.

— Several residences in Roxbury, Mass., have been robbed recently.

— The wheat crop of New Jersey will be larger this year than ever known before.

— Telegraph communication with Baltimore was renewed on Monday night, but was again destroyed on Tuesday.

— The Prussians have captured Alsen Island after some fighting. The Danes embarked in haste and lost several guns.

— The pirate Florida now carries 150 men. Her captain told his prisoners that he burnt ten vessels last week.

— The large Orthodox meeting house in Augusta, Me., was struck by lightning and burnt on Monday evening. Loss $25,000, insured for $4000.

— Generous Philadelphians have contributed $25,000 to purchase a house for Gen. Hancock. They will increase the figures and furnish it nicely.

— Locusts are appearing in Wisconsin in large numbers. They appeared last in 1849, fifteen years ago. Many cattle have been bitten to death by them, it is said.

— Provost Marshal General Frye has decided that a person exempt from military duty may furnish as a personal representative in the service, either aliens or citizens enrolled and liable to a draft.

— A lady in Boston has just had extracted from the end of her right thumb the fragment of a needle, which was accidentally broken off in her hip about twenty years ago.

— Magnolia, where the train was captured on which Gen. Franklin was a passenger, is a small station 17 miles this side of Baltimore, and 19 miles west of Havre de Grace.

— Strawberries are said to be so called from a custom long ago prevalent in England, of the children stringing the berries on straws of grass and selling so many strings for a penny.

— Our Canadian neighbors are somewhat excited because some of the Catholic clergymen have recently been entertaining their hearers with sermons touching the now all-absorbing subject of Federation.

— The Philadelphia Press instructs people to pronounce the name of Capt. Winslow's vessel *Kear-sar-ge*. The old inhabitants, who live under the shadow of the mountain, were taught by the last relics of the aboriginal race to call it *Kear-sarge*.

— Maj. Gen. Franklin, though suffering from a wound received on the battle-field, had relinquished the privileges of a furlough, and repaired to Washington, where his counsel was demanded, and was undoubtedly on his return when he became a prisoner.

— At Bingham, Maine, a young man named Datus Thing, who belonged in Solon, had his neck broken by the descent of a barn-door, which was made to slip up and down by cords and pulleys. The cord broke and let the door down, striking him on the back of the neck.

— Custer's new patent horse shoes have no crease on the under-side, in which the nail-holes are punched, as heretofore, thereby weakening the shoe; but instead of the groove, have holes countersunk at the same time they are punched. This is said to be a real advantage.

— A court martial for conscripts, at Grand Rapids, Michigan, has sentenced one guilty of desertion, to forfeit all pay and allowances due and to become due him, and be imprisoned at hard labor for ten years, with a ball weighing twenty-four pounds attached to his leg by a chain four feet long.

GET ENOUGH SLEEP.—We have often heard young men remark that four or five hours was all they wanted, and all that the human system required. The habit of going without sufficient sleep is very injurious. Thousands, no doubt, permanently injure their health in this way. We live in a fast age, when everybody seems to be trying to pervert the order of nature. If folks will persist in turning day into night, it is not to be wondered at that few last out the allotted term of life. No matter what a man's occupation, physical or mental, or, like Othello's, "gone," and living in idleness—the constitution cannot stand it without a sufficiency of regular and refreshing sleep. John Hunter, the great surgeon, died suddenly of spasmodic affection of the heart,—a disease greatly encouraged by want of sleep. In a volume just published by a medical man, there is one great lesson that may be learned by hard students and literary men, and that is, that Hunter probably killed himself by too little sleep. "Four hours rest at night and one after dinner cannot be deemed sufficient to recruit the exhausted powers of body and mind." Certainly not; and the consequence was that Hunter died early. If men will insist on cheating sleep, her "twin sister death" will avenge the insult.—*Home Journal.*

A CAT SUCKLING RATS.—A cat, which had kittened lately, having been deprived of all her young, adopted a strange lot of foundlings. She was discovered in a corner of the cellar, among old boxes, suckling a brood of eight young rats, whose mother she had probably killed.—*Spirit Times.*

"Has your son Timothy failed?" inquired Gubbens of Stubbens, the other day. "Oh, not at all; he has only assigned over his property, and fallen back to take a better position," was the reply.

☞ President Lincoln, it is known did not sign the Davis Bill for the reconstruction of rebel States; and he has recently given a reason for it, viz. that he did not choose to break up thus his own plan, proposed last year:—but in his proclamation of July 9, he says:

Nevertheless I am fully satisfied with the system of restoration contained in the bill as one very proper plan for the loyal people of any State choosing to adopt it, and that I am, and at all times shall be, prepared to give the Executive aid and assistance to any such people, so soon as military resistance to the United States shall have been suppressed in any such State, and the people thereof shall have sufficiently returned to their obedience to the constitution and laws of the United States, in which case military Governors will be appointed with directions to proceed according to the bill.

☞ The Atlanta (Geo.) Register, has the following:

"Ex-President Pierce, Seymour of Connecticut, Vallandigham, Read, Wood, Richardson, and hundreds of others are as hostile to the war as they are to Black Republicanism. These men are doing us an indirect service. They are not openly and avowedly our friends, nor could we reasonably ask this of them. We confess our faith in their political principles. We confess our confidence that eventually these men will see the whole truth and embrace all its conclusions.

We gain nothing by denouncing them—we may lose much by presenting a hostile front to their peace movements. Live with them under the same government we never will. But meanwhile if they will use the ballot box against Mr. Lincoln, whilst we use the catridge box, each side will be a helper to the other, and both co-operate in accomplishing the greatest work which this country and the continent have witnessed.

AMUSING INCIDENT.—Charles Gates, a minor son of William K. Gates, of Lee, Mass., wished to enlist three years ago, but his aged parents objected to it. One morning he was sent to drive the cows to pasture, on his way to work, taking his dinner with him. But at night he did not come back, because he had run away and enlisted in the 10th regiment. He remained through the three years without a furlough, and returned with the regiment, unharmed by rebel bullets. He arrived in the old pasture, at home, one night last week, just at "cow-time," and leisurely drove up the same old cows, as if he hadn't been away for three years. His reception was a joyful one, none the less so because his coming was a complete surprise.

Of all the facts in the science of medicine the one best established is that Peruvian bark is a preventive of malarious disease. Three years ago the surgeons of some of the regiments in the Army of the Potomac administered Peruvian bark, or its extract, quinine, to all of the soldiers in their regiments every day during the three sickly months, and the published statistics showed a remarkable exemption from disease in those regiments. Let every person who has a friend in the army send him a dollar's worth of quinine, with instructions to put as much as will lie on the point of a pen-knife in his coffee every morning, and the probability is that he will escape chronic diarrhœa, fever and ague, and bilious fever.—*Scientific American.*

THE OLDEST IRON SHIP.—We find this statement in the London Engineer:

The Richard Cobden, said to be the oldest iron ship afloat, has entered the Burgswick graving dock, for the purpose of having her bottom cleaned and painted. She is now twenty years old, and has made twenty successful voyages to the East Indies; notwithstanding some rough usage, she has never made a drop of water, and her plates are apparently as sound as ever.

☞ Among other papers forwarded us by our correspondent in that distant isle, we have received the initial number of "Bell's Life in New Zealand," a large and well printed sporting paper, following closely the lead of its London prototype. The New Zealander may yet gaze on the ruins of London.

A FIGHT WITH A LYNX.—That sly, wary, and ferocious animal, the Canadian lynx, is but seldom seen even in the woods it frequents, and though it was once found in the northern part of Maine, it is seldom to be met with there. A week or two ago, however, a hunter and trapper named Rich came upon one of these animals in the neighborhood of Oxford. At the time he had not his rifle with him, and no weapon at all but a small hatchet. When the lynx, which was a female, sprung from the bushes, he halloaed at her, upon which she immediately turned and showed fight. Rich now threw the hatchet at her, as an Indian throws his tomahawk, and fortunately it struck her in the forehead and stunned her. He then sprang upon her, and before she had wholly recovered from the force of his blow with the hatchet, he succeeded in tying her hind legs with his handkerchief. His clothes were much torn in the struggle, and the lynx came near getting a grip of his throat during the operation. He now prepared a bed of brush which he bound to his back, and then, throwing the animal over it, he carried her to his house, a distance of nine miles. The injury and exertion she had made produced a premature birth of three cubs the next day, but the lynx herself did well. She was of large size, measuring twenty inches high and three feet long. The animal was visited at Rich's house by many gentlemen, and among those who saw her was Professor Agassiz, who purchased her to send to Europe. He got her very cheap for such a rare animal, Rich having sold her for $50. It is not one man in a thousand who would have had the resolution to secure her alive and carry her nine miles to his house, screeching and clawing all the way.—*Spirit of the Times.*

THE DEERHOUND.—The evidence that this vessel was not a private yacht, but the mere tender of the Alabama, and that she assumed the former character the more effectually to assist Semmes to escape from the consequences of his defeat, accumulate. The World's correspondent writes:

The escape of Capt. Semmes is much to be regretted, but there is no doubt that the Captain of the Deerhound went out as tender to the Alabama, being prepared to carry the Captain away if it were possible. It is stated in the papers that the chronometers taken by Capt. Semmes were deposited with his will and other valuables with a banker in Cherbourg. This is true only with regard to the will and a few jewels; the chronometers were sent on board the Deerhound at 3 o'clock on Sunday morning, and are now in possession of Capt. Semmes at Southampton.

THE NEWSPAPER PUBLISHERS are endeavoring to advance the prices of their papers as fast as the cost of publication increases, but it is a vain attempt. The rise in the cost of white paper only, last week, gives us an additional bill of $1500 to supply for one year. The cost of raw material and labor threatens to knock half of the newspaper forms into pi before another twelvemonth passes.—*Newburyport Herald.*

Ayer's Sarsaparilla

Is a concentrated extract of the choice root, so combined with other substances of still greater alterative power as to afford an effectual antidote for diseases Sarsaparilla is reputed to cure. Such a remedy is surely wanted by those who suffer from strumous complaints, and that one which will accomplish their cure must prove, as this has, of immense service to this large class of our afflicted fellow citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found in the following complaints:—

Scrofula, Scrofulous Swellings and Sores, Skin Diseases, Pimples, Pustules, Blotches, Eruptions, St. Anthony's fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ringworm, &c.

Syphilis or Venereal Diseases is expelled from the system by the prolonged use of this SARSAPARILLA, and the patient is left in comparative health.

Female Diseases are caused by Scrofula in the blood, and are often soon cured by this EXTRACT OF SARSAPARILLA.

Do not discard this invaluable medicine, because you have been imposed upon by something pretending to be Sarsaparilla, while it was not.—When you have used AYER'S—then, and not till then, will you know the virtues of Sarsaparilla.—For minute particulars of the diseases it cures, we refer you to Ayer's American Almanac, which the Agents below named will furnish gratis to all who call for it.

AYER'S CATHARTIC PILLS, for the cure of Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Headache, Piles, Rheumatism, Heartburn arising from Disordered Stomach, Pains or Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Liver Complaints, Dropsy, Worms, Gout, Neuralgia, and for a Dinner Pill.

They are sugar coated, so that the most sensitive can take them pleasantly,—and they are the best Aperient in the world for all the purposes of a family physic.

Prepared by J. C. AYER & Co., Lowell, Mass., and sold by Brackett Hutchings, J. H. Thacher, W. R. Preston, David Kimball, and all druggists.

"A Wonderful Discovery."
DR. TEBBETS' "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "Dye," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "REGENERATOR" is warranted to produce the above results in all cases if not the money to be refunded. With it every "GRAY HEAD" is Made to Blush and be restored in less than sixty days.

BATHING.—*Messrs. Editors*:—I wish to call public attention to the subject of bathing. To one who can swim, there is no greater luxury during this warm weather, than a plunge in the cold waters of the beautiful Piscataqua. But the principal reason why so few learn this healthful and pleasant exercise, is that there are no suitable places prepared for entering the water. This City should have at least three nice bath-houses on the banks of the river. There is certainly nothing better for preventing the spread of disease, and promoting health at all times than a daily cold bath. Will not some of the owners and members of the old bath-house make a move in this matter, and start a subscription similar to the Gymnasium? We are ready to put in our mite for so good an object. A BATHER.

☞ No deaths from fever and no new cases of sickness were reported to the City Authorities on Tuesday. The woman whose death we reported yesterday, the physicians decided did *not* die of the fever; nor has the sick man in Commercial Alley got anything like it. There have been *no* new cases for many days—nor does there appear to be any further danger, if indeed there ever was much to the public in general.—After all, we are assured that Mr. Davis of Kittery is dead—and with all our precaution and care, we were led to believe a statement to the contrary. Again we repeat, Don't believe anything "*they* say."—The most absurdly-false stories are in circulation.

EASTERN RAILROAD IN N. H.—The annual meeting of this corporation was holden in this city on Tuesday, when the Board of last year were unanimously re-elected, viz.:

Benjamin T. Reed, Robert W. Hooper, E. P. Bancroft, of Boston; William H. Y. Hackett, and Wm. M. Shackford, of Portsmouth.

Mr. Reed was afterwards re-elected President by the Directors, John B. Parker of Salem, Treasurer, and William H. Hackett of Portsmouth, Clerk.

Mr. Reed after the adjournment invited several of the stockholders to an excursion to the Shoals in the yacht Dragonet. The party dined at the Appledore House,—and reaching this city once more after a most pleasant sail, returned by the evening train to Boston. The Eastern and the Boston & Maine Roads were represented on the occasion, and the excursion was much enjoyed by the participants.

NEWCOMB'S COMBINATION of Magic and Gifts, drew out good houses, Monday and Tuesday evenings. The chamber set, Monday, was presented to Mr. Albert A. Jenkins, 13 Washington street. To-night there will be another performance and the last, with a change of programme. Another chamber set valued $40—castors, shawls, albums, groceries, &c., making in all 150 presents.

This (Wednesday) afternoon there will be a grand gift matinee for school children, on which occasion the price of admission will be 15 cents, and every child will receive a present. Go early to-night.

☞ Thanks to little Miss D., of Linden street, for that lovely bunch of roses. Some printers would be satisfied if they could only get their subscription dues; but our lady patrons frequently enter our counting-room with money in one hand and a bouquet in the other. Well, we shall try and put up with such treatment—if we don't "die of a rose, in aromatic pain"; which our friend Dr. H. says refers to rose cancer.

THE ANNUAL EXHIBITION, and Distribution of the Haven Medals, at the High Schools, will take place as follows:

The Boys'—on Friday afternoon, July 15, at 2 1-4 o'clock.

Few things displeased Abernethy more than having patients giving tiresome accounts of their troubles. A woman, knowing his love of the laconic, having burned her hand, called at his office. Showing him her hand, she said, "A burn." "A poultice," quietly answered the learned doctor. The next day the woman returned and said, "Better." "Continue poultice." In a week she made her last call, and her speech was lengthened to three monosyllables, "Well—your fee?" "Nothing," said the pleased physician: "you are the most sensible woman I ever saw."

An illiterate Tennessean, "native, and to the manner born," and who had doubtless never been from "hum" before, overheard a person reading the telegram-headings in a paper, just received, the first of which was—"Latest from Washington." "Mighty singular that," put in the native; "for I allus heard the old feller was dead."

"When I am in pecuniary difficulties," said a pensive bankrupt, "my flowers, all fresh and sparkling in the morning, console my heart." "Indeed" asked his sympathizing friend, "I should have thought they would remind you of your trouble; for, like your bills, they are all over dew."

A newly fledged parent, who has undoubtedly been too curiously impertinent in domestic matters, asks—"can putting a clean shirt on a baby be properly called shifting the responsibility?"

A GOOD COMPARISON.—One of the New York papers compares the publishe of a newspaper who allows his papers to go all over the country before getting pay for them, to a farmer who would sell his wheat on credit and not more than a single bushel to any person. If any farmer will try the experiment of thus distributing the proceeds of his labor over two or three counties, with an occasional bushel or two to far distant States, for one year, we will guarantee that he never will after that year's experience ask a publisher to supply him with a paper a year or two without the pay for it.—*N. H. Register.*

AFTER-DEBBT PROSODY.—Synalœpha is the cutting off a vowel at the end of a word before another at the beginning of a word; as, "Ishaway w' have in th' army."

Ecthlipsis is the cutting off the letter M before another word; as, "We won't go bo' t'll morling."

Crasis is the contraction of two syllables into one; as, "T'll d'light doesh'pear."

Diæresis is the resolving one syllable into two; as, "F' he'sha jo-jolly good fuf-fellow."—*Punch.*

In the beginning of the war, a patriotic landlady, in her desire to emulate the generosity of many city governments and other corporations in continuing the wages of absent soldiers, gave notice that if any of her boarders wished to enlist, she would allow their board-bill to run right on all the time they were gone, the same as if they remained.

On the Duke of York's "Moses" winning a match at Ascot, his royal highness was observed to look very thoughtful. A spectator asked his companion what the royal sportsman could be pondering on. "Why, you know," replied he, "that the duke is a bishop, and he is doubtless thinking of Moses and the profits!"

It was Dow, Jr.—sacred be his memory!—who said that "Life is a country dance; down outside and back; tread on the corns of your neighbor; poke your nose everywhere; all hands around; right and left. Bob your cocoanut, the figure is ended. Time bangs up the fiddle, and death puts out the light."

Carlyle says that each man carries under his coat a "private theatre," whereon is acted a greater drama than is ever performed on the mimic stage, beginning and ending in eternity.

If you wish to recollect a man's name, go security for him. For keeping your memory fresh, there is nothing like it.

The Wholesale Agents are Wholesale Grocers.

Soldiers, see to your own health, do not trust to the army supplies; cholera, fever and bowel complaint will follow your slightest indiscretion. Holloway's Pills and Ointment should be in every man's knapsack. The British and French troops use no other medicines.

If the reader of this "notice" cannot get a box of Pills or Ointment from the drug store in his place, let him write to me, 80 Maiden Lane, enclosing the amount, and I will mail a box free of expense. Many dealers will not keep my medicines on hand because they cannot make as much profit as on other persons' make. 35 cents, 88 cents, and $1.40 per box or pot. 216

Facts for the People.
The enormous rise in price of Iron, Coal and Labor, has compelled manufacturers to advance the price of STOVES and Castings several times since the war began; and it is now arranged to make a general advance of 25 to 50 per cent. this season.
We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now, as its capacity and the cost of operating it. All things considered, there is no Stove equal to
THE MODEL COOK.
IT IS, IN FACT,
The Best Stove Out,
for economy, convenience and dispatch.
Many people think it best to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.
One of our shrewdest citizens who purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.
A careful, prudent farmer purchased one, and after it had been in operation some days his son came into the store and said, "something was wrong at their house;" his father and himself used wood off the same pile, he burned three baskets full a day, and his father only one! We sold him a Stove before he left, and there has been no complaint since.
These Stoves are in use in many hotels and boarding houses, and if hundreds of private families in this city and vicinity, and give the best of satisfaction.

CABINET ORGANS,
Combining the requisites for Sacred and Secular, Church and Parlor Music; for Families, Sunday Schools, Day Schools, Churches, &c.
They are elegant as pieces of furniture; occupy little space; are not liable to get out of order or out of tune; are warranted for five years; will improve in tone by age, and are moderate in cost.
They are to private houses, Sunday schools and smaller churches, what the larger pipe organs are to large churches, and in addition to this are adapted to secular as well as sacred music.
The Cabinet Organ is essentially different from, and a marked improvement upon, all instruments of the melodeon or harmonium kind. Its superiority consists in many important characteristics.
The undersigned, Agent for the Manufacturers, will be pleased to show the Cabinet Organs to all wishing to purchase, at his residence, NO. 30 HANOVER STREET.

Morning Chronicle.

AN "OFF-HAND" JOKE.—A sturdy sergeant of one of the Massachusetts regiments being obliged to submit to the amputation of his hand, the surgeon offered to administer chloroform as usual; but the veteran refused, saying, "if the cutting was to be done on him he wanted to see it," and laying his arm on the table, submitted to the operation without a sign of pain except a firmer setting of his teeth as the saw struck the marrow. The operator as he finished looked at his victim with admiration and remarked:

"You ought to have been a surgeon, my man."

"I was the next thing to one afore I enlisted," said the hero.

"What was that?" asked the doctor.

"A butcher!" responded the sergeant with a grim smile, which despite the surroundings communicated itself to the bystanders.

In a discussion with a temperance lecturer, a toper asked—"If water rots your boots, what effect must it have upon the coat of your stomach?"

Important to the Afflicted.

DR. DOW continues to be consulted at his office, No. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of preventing the unfortunate with remedies that have never, since he first introduced them, failed to cure; he also makes a specialty of

GONORRHŒA AND SYPHILIS.

Beneath his treatment, all the horrors of venereal and impure blood, Spermatorrhœa, Scrotula, Gonorrhœa, Ulcers, pain and distress in the region of procreation, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Tumors, frightful Swellings, and the long train of nameless symptoms attending this class of disease, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr D., devotes a great part of his time to the treatment of those cases of Seminal Weakness or Spermatorrhœa, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the Head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded, loss of memory, Delusions of sight, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c., are among the evils imparted. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your complaint. Highly Important to Females

IN DELICATE HEALTH.

DR. DOW, Physician and Surgeon, No 7 & 9 ENDICOTT STREET, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has had more than twenty years experience in the cure of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 8 A. M. to 9 P. M.

CERTAIN CURE

In all cases, and No Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. advice, upon all difficult and chronic diseases of a private nature, having by his unwearied attention, and extraordinary success, gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FEMALE PRESERVER. Order by mail. Two for $1 and a red stamp.

Constitution Life Syrup,

COMPOSED OF

IODIDE POTASSIUM,

With the compound concentrated fluid extract of

VALUABLE MEDICINAL

ROOTS AND HERBS,

Prepared by WM. H. GREGG, M. D., Graduate College Physicians and Surgeons, N. Y. formerly Assistant Physician Blackwell's Island Hospitals, late Medical Inspector New York State Volunteer Depots, under Gov. Edwin D. Morgan.

Constitution Life Syrup

HAS PRODUCED

A REVOLUTION IN MEDICINE!

What may seem almost incredible, is, that many diseases hitherto considered hopelessly incurable are frequently cured in a few days or weeks, and we cheerfully invite the investigation of the liberal minded and scientific to cures which have no parallel at the present day.

Our medicine is peculiar, by it the seat of disease is directly reached, and the equilibrium restored. These who have suffered long from painful and obstinate diseases, those who have vainly sought relief from regular medicines, those who cannot be cured by other physicians—are

Invited to use Constitution Life Syrup.

During the past five years we have contended with obstacles and overcome opposition as heavy as ever encountered by any Reformers.

Rapidity of Cure.

Some say, "Your cures are too quick," while others doubt their permanence, and think that diseases can only be cured by the "slow resorptive process of Nature." This is our reply:

In health, the fluids are healthy, in a well-balanced scale, is in a state of equilibrium. But when from any cause down goes one side of the scale, we have the disease, and the remedy requisite is, to restore the normal balance of the fluids.

CONSTITUTION LIFE SYRUP.

A positive and specific remedy for all diseases originating from an IMPURE STATE OF THE BLOOD, and for HEREDITARY DISEASES transmitted from PARENT TO CHILD.

Paralysis.

Hemiplegia, Paralysis, Paraplegia, Paralysis Agitans.

It is so universally admitted that Constitution Life Syrup is the only effective means of restoration in the various forms of Paralysis, that we need not reiterate that it is emphatically the Great Life-Giving Power.

Dyspepsia.

Indigestion, Liver Complaint, Constipation, Weight at Stomach, Biliousness, Want of Appetite, Flatulence, Bad Breath.

Scrofula.

Scrofula, Glandular Swellings, Ulceration, King's Evil, Erysipelas, Salt Rheum.

This taint (hereditary or acquired), filling life with untold misery, is by all usual medical treatment incurable.

Rheumatism.

[Articular], Neuralgia, Gout, Lumbago, Sciatica, Tic Doloureux.

If there is any disease in which the Constitution Life Syrup is supreme, it is in Rheumatism and its kindred affections. The most intense pains are almost instantly alleviated—enormous swellings are reduced. Cases, chronic or vicarious, of 20 or 30 years standing have been cured by us.

Nervousness.

Nervous Debility, Confusion of Thoughts, Epilepsy, Loss of Power, Shattered Nerves, St. Vitus' Dance.

Thousands who have suffered for years will bless the day they read this advertisement. Particularly to weak, suffering women will this medicine prove an inestimable blessing—directing their footsteps to a Hope which failing more than it promises.

Mercurial Diseases.

Salivation, Feeling of Weariness, Rotting of Bones, Bad Complexion, Aches in Bones, Depressed Spirits.

Constitution Life Syrup purges the system entirely from all the evil effects of Mercury, removing the Bad Breath, and curing the Weak Joints and Rheumatic Pains which the use of Calomel is sure to produce. It hardens Spongy Gums and secures the Teeth as firmly as ever.

Constitution Life Syrup

Eradicates, root and branch, all Eruptive Diseases of the skin, like

ULCERS, PIMPLES, BLOTCHES.

And all other difficulties of this kind, which so much disfigure the outward appearance of both males and females, often making them a disgusting object to themselves and their friends.

CONSTITUTION LIFE SYRUP

Cures all Swellings of the Glands,

Relieves at once the Painful Female Menses, and should be taken as soon as the swelling is discovered, thus preventing their breaking and producing troublesome Discharging Sores, which disfigure so many of the female portion of the community, from six to twenty years of age. Young children are very subject to Discharges from the Ears, which decomposition is caused by scrofulous taint. These cases soon recover by taking a few doses of the Life Syrup.

All scrofulous diseases, suffering from Debility, Emaciation, Dyspepsia; Dropsy, of the limbs or abdomen, and in the female Dropsy of the ovarian sac and womb, generally accompanied with inflammation and ulceration of the uterus, are permanently cured by Constitution Life Syrup. The disease known as Goitre or Swelled Neck, the Life Syrup will remove in a few weeks. The remedy should be taken for some time, as the disease is exceedingly chronic and stubborn, and will not be removed without extra efforts. Tumors of the Ovaries, Tumors of the Breast, and swelling of other glands of the body will be completely reduced without resorting to the knife or operations of any kind.

Epileptic Fits, Sympathetic or Organic Diseases of the Heart (as Palpitation, Disease of Valves—produced by other diseases), Dropsy of the Heart, Case and all the affections of this important organ, or persons suffering from any acute pain in the region of the Heart, will be greatly relieved by Constitution Life Syrup.

Broken Down and Delicate Constitutions, Suffering from Indisposition to Exertion, Pain in the Back, Loss of Memory, Forebodings, Horror of Disease, Nervous Shakes, Dimness of Sight, Deep Blue Skin and Extremities, Want of Sleep, Restlessness, Pale Haggard Countenance and Languishy of the Muscles.

Will find a speedy relief in the aid of the CONSTITUTION LIFE SYRUP.

For all forms of **Ulcerative Diseases**, either of the Nose, Throat, Tongue, Spine, Forehead or Bones, no remedy has been proven so efficacious.

MOTH PATCHES upon the female face, depending upon a diseased action of the Liver, are very unpleasant to look at, and very difficult. A few bottles of Constitution Life Syrup will correct the secretion, and remove the deposit which gives the disagreeable appearance.

In Diseases of the Liver, giving rise to languor, dizziness, indigestion, weak stomach, or an ulcerated or inflammatory condition of that organ, accompanied with burning or other distressing symptoms, relief may be obtained by the use of CONSTITUTION LIFE SYRUP.

As a general Blood-Purifying Agent, the Life Syrup stands unrivalled by any preparation on the world.

Diseases of the Spine, as usually developed in the young, Hip Disease, Neuralgia, and all Nervous Diseases, and Ladies who are suffering from diseases for which they are at a loss to know what to do, we would advise the use of CONSTITUTION LIFE SYRUP. It will restore their pallid countenance, strengthen their weak back and nerves, give them new energy, new life and happiness.

THE RICH AND POOR are liable to the same diseases. Nature and Science have made the Constitution Life Syrup for the benefit of all.

PURE BLOOD produces healthy men and women, and if the constitution is neglected in youth, disease and early death are the results. Do not delay when the means are so near at hand, and within the reach of all.

TO MARRIED AND UNMARRIED LADIES. It is the safest and most effectual medicine ever discovered for purifying the system and relieving the suffering attendant upon childbirth. It strengthens both the mother and the child, prevents pain and disease, and increases and enriches the blood, of those who have used it think it indispensable. It is highly useful both before and after confinement, as it prevents disease attendant upon childbirth.

Glad News for the Unfortunate!

The Long Sought For Discovered at Last.

CHEROKEE REMEDY

—AND—

CHEROKEE INJECTION,

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Inflammations of the Urine, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Stricture, Gravel, Gleet, Gonorrhœa, and is strongly recommended in those cases of Fluor Albus (or Whites) in females where all the old nauseous medicines have failed.

It is prepared in a highly concentrated form, the dose only being from one to two tablespoonfuls three times per day.

It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an aid to or substitute for the CHEROKEE REMEDY, and should be used in conjunction with that medicine in all cases of Gonorrhœa, Gleet, Fluor Albus or Whites, the effects are healing, soothing and diuretic; removing all scalding, heat, chordee and pain, instead of the burning and almost unendurable pain that is experienced with nearly all the cheap quack injections.

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

For full particulars get our pamphlet from any drug store in the country, or write us and we will mail free, to any address, a full treatise.

Price—CHEROKEE REMEDY, $2 per bottle, or three bottles for $5.

Price—CHEROKEE INJECTION, $2 per bottle, or three bottles for $5.

THE GREAT

INDIAN MEDICINE,

COMPOUNDED FROM

ROOTS, HERBS AND LEAVES.

CHEROKEE CURE.

An unfailing cure for Spermatorrhœa, Seminal Weakness, Nocturnal Emissions, and all diseases caused by self-pollution; such as Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Trembling, Wakefulness, Eruptions on the Face, Pale Countenance, Insanity, Consumption, and all the dreyful complaints caused by departing from the path of nature.

This medicine is a simple vegetable extract and one on which all can rely, as it has been used in our practice for many years, and with thousands treated it has not failed in a single instance. Its curative powers have been sufficient to gain victory over the most stubborn cases.

☞ To those who have trifled with their constitution, until they find themselves beyond the reach of medical aid, we would say, *despair not*, the CHEROKEE CURE will restore you to health and vigor, and all quack nostrums and doctors have failed!

☞ For full particulars, get a pamphlet from any drug store in the country, or write the proprietors, who will mail free to any one desiring the same, a full treatment in pamphlet form.

☞ Price, $2 per bottle or three bottles for $5, and forwarded by express to all parts of the world.

Sold by all respectable druggists everywhere.

THE MAGEE

COOKING STOVE.

The subscriber, having received his Fall Stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being thicker, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and wire broiler combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin washing-boiler attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, so that no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

"MAGEE'S PATENT"

VENTILATING & AIR-WARMING

FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodeling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air that comes in contact with the fire ever is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of elbows and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without any gross care.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq.,	Albert R. Hatch, Esq.,
Aaron H. Hill,	Charles H. Mendum,
Henry F. Wendell,	John Sise, and others.

PATRIOTIC BOBOLINKS.—Swaying to and fro in the soft wind, sits that merry monarch of the meadows, the bobolink. He manifests exquisite taste by selecting the most picturesque and wierd scenery for his summer residence. His pleasant nest is surrounded by buttercups and white daisies, and violets as blue as maiden's eyes. His quiet Quaker wife hops through the still grass, and seems to listen in rapture to the strains of the meadow minstrel. The bobolink sings the song of the Union in our free Northern meadows: at the South he never sings at all. Hear him: "Robert Lincoln—Lincoln—Lincoln—is no se-se-se-secessionist. STAGE COACH STOPPED BY A BEAR.—Since the days of Dick Turpin and that polished gentleman Claude Duval, we have not heard of a stranger stoppage of a stage-coach than one which recently happened in Colorado. It appears that though the route of the Pacific Stage and Express Company across the mountains is not infested with highwaymen, and is tolerably clear of Indians, the coaches are sometimes impeded by grizzly bears. On the tenth of May, at night, near Weber's Station in the mountains one of the coaches was suddenly brought to a halt by a huge grizzly, which charged into the road from some rocks, and frightened the leaders back upon the wheel horses. The horses were much frightened, and their plunges broke the pole of the coach. The bear stood and surveyed the scene he had made for a moment, and then turned off the road and made for the chapparel at a round pace. The horses were uninjured, and the coach, with a spliced pole, continued its journey.—*Spirit of the Times.*

Why are lawyers uneasy sleepers? Because they lie on this side, and then lie on the other side, and are wide awake all the time.

Horne Tooke, when asked by George III, whether he played at cards, replied:—"I cannot, your Majesty, tell a king from a knave."

Most of the shadows that cross our path through life are caused by standing in our own light.

RYE, N.H., Feb. 20, 1860. "I hereby certify that my daughter has had the scald humor for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much so that she could not dress herself. I tried the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. Swett's PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintance, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating, and could scarcely find relief. I tried in vain until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

From LEONS I CHESLEY, *Lee, May* 31, 1841

DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY

☞ Any one returning the remainder of a bottle of Dr. Swett's medicines shall have pay for it, if it do not satisfy him that it is worth the price. All orders directed to DR. S. SWETT, No. 7 High street, Portsmouth, N. H., promptly attended to. may26

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)
76 State street, opposite Kilby street,
Boston.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not unsurpassably superior to, what can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THIS PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that his office is the office of the kind at the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical work, will shall accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse." CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them as early and favorable consideration at the Patent Office." EDMUND BURKE,
Late Commissioner of Patents

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is now pending. Such unmistakeable proof of great talent and ability on his part leads me to recommend all inventors who apply to him to secure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. A. D. TAGGART.

During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided *in his favor*, by the Commissioner of Patents. R. H. EDDY.

THURSDAY, JULY 14, 1864.

THE REBELLION.

Guerrillas are active along the White River, Ark., steamers have been fired upon and the track of the Memphis and Little Rock railroad torn up. All is quiet at Little Rock. Marmaduke is reported to be sick.

There is great activity at the Brooklyn Navy Yard, and a very large number of men and an immense amount of material have been forwarded to posts of danger within the past two days.

All was quiet around Baltimore on Tuesday, and there were no evidences of rebel forces or guerrillas remaining in the county. The city fortifications were being strengthened, and Gov. Bradford had called out the entire militia force of the city. The rebels are reported to have been driven out of Frederick on Monday. While they held the town they demanded and received $20,000 in greenbacks, for not interfering with citizens and their property. They secured large numbers of cattle, horses, sheep, etc., in the adjacent country. The rebels are reported to have been destroying the Baltimore and Washington railroad at Bettsville and Bladensburg on Tuesday noon.

There are the inevitable sensation rumors,—among others, of the capture of Washington and Annapolis—both false.

Gen. Sullivan is reported to be at Martinsburg with his division, and to be in communication with our forces at Harper's Ferry, where Gen. Howe is said to have assumed command, relieving Gen. Sigel. Gen. Hunter's forces are very active. There is no rebel force west of South Mountain, and people are returning to their homes. But the rebels have fortified the rugged range, and there are rumors that 38,000 rebels, with 140 field pieces, have passed through Frederick. Hill's corps is also said to be approaching, to join these 38,000 near Lesburg.

A Baltimore dispatch, Wednesday noon, says Gen Crook is at Westminster, Md, Morgan south, and Averill at Frederick. A fight occurred on the railroad near Westminster on Tuesday, resulting in the rebels being driven off with some loss. A division has been sent from the Relay House to Annapolis junction for the relief of Washington. A messenger from Washington, Tuesday night, says the veterans from New Orleans are there, and with the other troops can hold the city. The reports agree that the rebels are concentrating in the vicinity of Washington, but they differ widely as to their numbers and purposes.

Gen. Smith, from Gen Grant's army, arrived in New York on Wednesday—an arrival of some significance, perhaps.

☞ The N. Y. Herald's correspondent's account of the capture of trains about two miles from Gunpowder Bridge, says:

Pistol shots were heard, and the train stopped, when the rebels entered the cars, pistols in hand. The passengers were ordered to leave the cars, and as they went out were robbed of watches and money with cocked pistols at their heads. The cars were then set on fire. Maj. Gen. Franklin was among the passengers on the first train in citizens' clothes. The rebels asked him, who he was. He replied, "Nobody of any account." The guard passed on, but a Baltimore woman told them who he was, when they returned and demanded his papers and took him in charge. The rebel force was about 250, under Maj. Harry Gilmore. The lady prisoners were well treated, and appeared to be acquainted with many of the rebels, whom they greeted most affectionately. The rebels had no hesitation in taking what they wanted from passengers: hats, boots, coats, &c. They said they would like to get "Old Abe," tie him to a tree, and make him kiss a negro. McClellan they thought the only one fit to command our armies! Among the prisoners were quite a number of officers, some of whom succeeded in making their escape. The passengers were finally released, but were obliged to walk to Bush river, nine miles distant.

— A young man in Madison County, Ky. has been arrested, just as he was on the point of eloping with his aunt, a married woman with three children.

— Gen. Parker of New Jersey, although he has received no requisition from the President or the Governor of Pennsylvania, has called on the citizens of New Jersey to immediately organize into companies for thirty days' service in Pennsylvania, Maryland and the District of Columbia.

— The Indiana Democratic State convention on Tuesday voted down, amid much confusion, a resolution indorsing Vallandigham and pledging the State to stand by him to the last, but adopted a substitute pledging the Democracy to maintain civil and personal liberty at all hazards.

—Gov. Seymour of New York has issued an order for all regiments of the National Guard to hold themselves in readiness for immediate service; also an appeal to the people to join the National Guard, saying that unless this be done at once he cannot respond to the call of the President.

EDITORIAL JOTTINGS.

One of the pleasantest trips in the world is that to Lake Winnipisaukee. And among several different routes to reach that enchanted scene, perhaps the most direct under present arrangements, and certainly a very agreeable one, is by way of Dover, and from thence to Alton Bay by the Dover & Winnipisaukee railroad—of which Geo. W. Kimball, Esq., is the very efficient Superintendent; and the courteous Conductor Phillips was in charge of the train which took us up on Saturday evening and down Monday morning. This branch road is now under lease and control of the Boston & Maine; the Eastern runs the Gt. Falls & Conway; and the two rival companies take no *special* pains to make the running time of the two "gibe" together. The more's the pity.

But the time to go—so as to hit the steamer at Alton Bay, for your choice of Wolfboro' or Centre Harbor for the night, after visiting both—is in the forenoon train. The entire ride by rail is very agreeable; but the sail across the Lake, in either steamer, the Dover or Lady of the Lake, is almost incomparable. A single twenty-four hours suffices for the whole trip, if you can't spare more; and gives you a night at the Wolfboro' "Pavilion" hotel, or the "Senter House" at Centre Harbor, too. It is hardly possible to crowd more of charming scenery into so brief an excursion.

But (under advice or direction of the experienced and skilful physician—he the Surgeon of the old, 15th N. H. Regt.—who has from the first filled the responsible position of Surgeon of the Board of Enrollment of this District, with so much credit to himself and satisfaction to the Government) we varied our route a little, and so have at this time to speak of an excursion *around* the Lake, not exactly crossing it at all—which was somewhat of a cross to us, but we couldn't well help it.

For a long time we had been trying to find an opportunity of spending a Sunday with our friend Dr. H., at his home in Wolfboro'; and at last, determined to *make* one, Saturday afternoon we took the C. & P. R. R. to N. M. Junction; there the D. & W. R. R. to Alton Corner—where we got supper at the hotel of Maj. Savage, he of the old 12th N. H., and took one of his teams to Wolfborough, ten miles over the hills,—and over nothing *but* hills—from which you get a score of different views of "*the* Lake," and numerous other ponds and lesser lakes. But the train was late up, and it was not till 11 o'clock at night that we reined up at the Pavilion—which proved one of the best hotels we ever had the good luck to stop at. Sunday morning disclosed from our window a full and fine view of the land-locked, forest-fringed and island-studded lake; whose sparkling and transparent waters ripple to the very roots of the freshest of evergreen trees, growing from out the whitest sand. Oh, perfection of nature!

At church, that morning, the parson gave us a long-drawn-out discourse or essay on we didn't know what, and we thought he didn't himself. Suffice it to say, it was to us, and seemed to be to all the rest, decidedly uninteresting, which was its only decided feature, except its orthodoxy; and we should much have preferred a leaf from the "books in the running brooks" near us.

Dinner, especially Sunday dinner, at the Pavilion, as at all such institutions, is quite an event—and on this occasion the bill of fare was not only profuse and luxurious, but everything was cooked and served in the most home-like and unexceptionable manner. The house is large and airy, and the situation on the margin of the Lake very fine. It is kept—and well kept too, by Mr. A. L. Howe; who has a very attentive and courteous assistant in Mr. Parker. If anybody can't feel at home there, they must be troubled with a guilty conscience. The proprietor of these premises lives opposite, in perhaps the finest summer residence in the village—Mr. Charles Rollins, a Boston merchant of enterprise and taste, who is connected by marriage with the Pickerings of Greenland, and whom we found a very agreeable gentleman. Hon. John M. Brackett, of the Governor's Council, also resides in Wolfborough; and we had the pleasure of meeting him and another "heavy" member of our present State Government, Charles H. Campbell, Esq., of the House, from Amherst—at the Pavilion, resting after their severe Legislative and Executive toils of the month. Here was also Capt. Wiggin, the sturdy but civil master of the Lady steamer.

Wolfborough village lies in a rich valley, and the view of the landscape afforded from the hills surrounding it, is exceedingly beautiful—including town and country, fine farms, hill and valley, water and islands.—The town has its "News"-paper—a good one—and a Bank. The printing office stands well, as yet, we believe; the *other* paper institution was recently broken *into*, and about $3000 stolen, but it isn't "broken" yet by a great sight. It was done on the morning of the Fourth of July, and although a thousand dollars reward is offered, no clue is yet gained of the felons, except that five men in two wagons were seen driving off about the right time.

The Milford Bank was robbed in the same manner not long ago; and nothing is known of that either, we believe; but as both were entered in the same manner, it will be of interest to some to hear of it.—The banking room at W. being entered by forcing a window, a good firm support of joist and plank was rigged for boring, and the iron plate of the safe door drilled thro' in several places near the lock, so as to admit powder, which being fired (probably by a fuse) blew open the door. Here, outside the burglar-proof steel box, where they should not have been, lay U. S. bonds and bills of the bank, to the amount of about $3000, which was the extent of the booty. The explosion was plainly heard by persons living near, but was very naturally supposed to be part of the Fourth, and so let alone. The thieves then attempted to bore into the steel safety-box, where there was $12,000 or $15,000, but broke their tool in attempting to drill the steel plate; and after vainly trying to open it with powder in the key-hole, it appears desisted from their labors. In the same room was another safe, which they might have opened as easily as the first, and which contained about $20,000 of U. S. bonds of the Savings Bank funds. From the Milford Bank about $12,000 in bonds was obtained, we think; but being registered by the parties who deposited them there, payment was stopped on them—of which one or two have since turned up in New York, but we do not know that any arrests were made. But of the $1500 in bonds deposited at the Wolfborough Bank, the Nos. are unknown. One thing is sure, that had the Cashier, in both these cases, put the money in the *steel* box as he should have done, it could not have been stolen; and further, both the robberies must have been committed by accomplished rascals, who knew the premises, and also knew that the country banks have not, as almost all city banks have, of late years, had their safe doors re-plated with steel, to keep out just such visitors.

But we went up country to get out of the way of business and money, for the moment; and here we are full of it, or of talk about that, *the love* of which is *said* to be "the root of all evil." Away with it, and give us something better; let us leave the money-changers and money-stealers, and hie to the woods.

During a drive of ten miles, in the afternoon, we passed the site of what was formerly Gov. Wentworth's elegant country seat: the house was long since burnt, and nothing but the cellar wall, some rich English trees, and the wide and broad smooth road remain. Yes, we did see another relic—a pane of glass about 12x16, preserved in the gable end of an old house near.

But we couldn't stay in Wolfborough half so long as we desired—though we are now making up for it by writing three times as much as we intended. But we *must* be off. Partaking of the hospitalities of Dr. H., at his pleasant residence near the Lake shore, on Sunday night—Monday morning at 4 o'clock found us on our way over those everlasting hills again, that same ten miles, to take the 6 o'clock down train at Alton Corner. Next time we get up that way, we shall wait and let the steamer Lady (which lies all night in her berth at W.) take us over the Lake. The Dover ties up over night at Centre Harbor, where our townsman keeps the famous Senter House, you will remember. But that ride was a pleasant one—and the Dr. knows how to hold the ribbons too, having had twenty-five years "practice" in cutting up and down that mountain region. And a hard life it must be, especially for a physician devoted to his business, to ride a daily average of 20 miles (say 5000 miles a year) for a quarter of a century, night or day, rain or shine, hot or cold. We never did envy a Dr. his trade—nor have we yet become acquainted with any other profession for which we would exchange our own of printing. But we had begun the day before to feel a little jealous or envious of our medical companion, (and *should*, if we hadn't recollected that once on a time he insisted, in spite of our own modest pretensions, that we were a "perfect man" and "upright," physically or soldierly,) for everybody we met was very desirous for him to "visit" them, but generally ignored us in the *hospital*-ities.

And this reminds us that people out of town know a great deal more of yellow fever in Portsmouth than we do here at home. Why, whereas we know of only twelve or fifteen deaths or so, all told, you go into any other town, far or near, and you can hear of scores dying here daily! So much for silly people spreading big stories.

But we are off from Alton, and reach Dover and then New Market Junction, where we breakfast, after four hours of riding and waiting; then home, and to work again. Enough for now, although we haven't got enough of the Lake or Wolfborough yet.

MONEY SAVED BY USING EDDY'S PATENT

KEROSENE COOKING STOVE.

By the use of two or more burners sufficient heat is obtained for doing most of the cooking for a family, at a very small expense and with great facility.

Economy is perhaps their greatest recommendation in these times of high prices of Coal, for with one of these Stoves tea may be prepared for a family at a cost for fuel not exceeding One Cent, and dinner not exceeding Two Cents.

They are portable, and burn without smoke or odor, hence they may be used in any part of the house.

"A Wonderful Discovery."

DR. TEBBETTS' "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "DYE," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes all dandruff, heat, humors and clothing from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "KRONENRAVOR" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.

For the Chronicle.

SCHOOLS.—In looking over the Chronicle a few mornings since, I saw a notice that the rumor that the schools in Dist. 3 were to be closed, was false. I thought at the time, and still think, it would be better if it were true, not only of those but of all our city schools. I have heard the reason urged for not doing so, that some of the parents would object to it. I am very sure no reasonable parent would do this. My own children have not been in school for three weeks. I have always felt that the impure air of a schoolroom was unfit to be breathed during the warm season, and now while the pestilence is abroad in our city—it seems to me doubly necessary that the children and teachers should be released, more particularly as children coming directly from infected houses deny that there is any sickness whatever at home, as I've heard in a number of instances. I would therefore respectfully suggest that the city authorities cause the schools to be closed from this time until September. It can do no harm, and may be productive of much good. X

Remarks.—We don't see that there is much "pestilence abroad in our city," nor do we believe any house here is or has been "infected," and the lies appear to be with those who are so ready to state what they hear or guess at, rather than with the children who deny the absurd gossip. However, we think school-children and teachers should have plenty of summer vacation.—*Eds. Chron.*

FRACAS IN THE CARS.—The Herald states that in the train from Portsmouth for Boston, Tuesday evening, were a number of discharged sailors from the U. S. ship DeSoto; on the passage an altercation issued in which Andrew Loudon, one of the crew, drew a revolver and fired at one of his comrades, but fortunately it did not take effect. On the arrival of the train at Newburyport, Loudon was arrested and taken to the station house. On leaving the coach his pistol was accidentally discharged, the ball entering his right side, below the lungs. He is in a very critical situation and will probably die of internal hemorrhage. He is about 21 years of age and belongs in Philadelphia, where his mother lives. He was perfectly sober and well appearing. Drs. Perkins and Cross were called to attend the case.

NEW HAMPSHIRE ITEMS.

—— The Amoskeag Bank of Manchester is now paying a semi-annual dividend of six per cent., the largest it has ever paid.

—— Hosea Eaton, Esq., of New Ipswich, has been appointed Provost Marshal, in place of ex-Governor Colby, resigned.

—— Recently two little boys of Province Falls were set to wrestling by some young men who threatened them with a sound whipping if they refused to "tread up." By some mishap, they fell upon a rock, breaking the arm of one of the boys just above the elbow.

—— St. Philip's Church, at Epping, was consecrated July 6th, according to the forms of the Protestant Episcopal Church. There were present Rt. Rev. Bishop Chase, Rev. Drs. Eames and Hubbard, and Rev. Messrs. Wingate, Davies, Baldwin, D. F. Smith and Fisher of this State, and Rev. Dr. Edson and Rev. C. B. Smith of Lowell, Mass. The rite of confirmation was administered to six candidates.

—— The Manchester Union says that the contract for building the U. S. Soldiers' Hospital has been awarded to Mr. John C. Young and Mr. Alpheus Gay. The sum to be paid is about forty thousand dollars. There are to be twelve buildings in all, ten of which are to be one story high and two of two stories. They are to be built of wood, in a substantial manner, and clapboarded. The work is to be commenced on Monday, the 18th inst., and completed in two months. The hospital is to be located on the east side of the Fair Ground, at the upper end of Elm street, Manchester.

—— A bill has been introduced in the House of Representatives by the Committee on Finance, to provide for the funding of the State debt. It authorizes the Treasurer to issue bonds in amount not over $3,500,000 at a rate of interest not exceeding 6 per cent., payable semi-annually in Boston or New York, in not less than 30 nor more than 40 years; not more than one million payable in any one year, to be countersigned by the Governor. Bonds to be sold by proposal, as ordered by the Governor, at not less than par. $50,000 of railroad tax to be set aside annually as a sinking fund, and also whatever may be received from the General Government.

☞ We have received Harper's Magazine for August,—bright and early, and as excellent as ever. For sale by J. H. Foster.

— The ladies of Salem, says the Gazette, have formed an Association for the purpose of taking the places as clerks in the stores of such young men as enlist under the hundred days' call, holding the places for them till their return, and having the salaries paid over to them.

— "Coffee, cheese and crackers" is the title of a new Fireman's Song.

— There are reports that Gen. Franklin escaped from his rebel captors on Monday night.

— Eight U. S. vessels, carrying 78 guns, are certainly in pursuit of the pirate Florida, and probably others.

— Gen. McDowell has ordered troops to protect the mail route between Sacramento and Virginia City.

— The Electric Spark, captured by the pirate Florida, is a new and fast steamer, 850 tons, valued at $170,000. She will probably be used as a pirate.

— The Bath Times says: "Everybody talks about Gold. The tongues of metallic heads toll a dirge over the high price of gold."

☞ Greeley's History of the Rebellion is a book of rare attractions and permanent value, to all who feel the interest they should in the history of their country and the world; and the sole agent for its sale in this country, Mr. Stevens of Exeter, is a gentleman who has been extremely unfortunate in life, and is worthy of patronage for himself and the intrinsic merits of the book he is introducing.

HUNNEWELL'S STANDARD PREPARATIONS.—On our inside columns will be found a notice of these justly celebrated and standard preparations, of unbounded reputation in New England, profess only what they are remedies for, are for sale by all wholesale and retail dealers, and confidence is asked to test them. See advertisement.

To every barrel of Flour you can make thirty pounds more Bread or Biscuit (and much better) by using Herrick Allen's Gold Medal, than by yeast fermentation or any other Saleratus.—It is perfectly healthy, will not turn your cookery yellow, will strengthen weak stomachs, and cure dyspeptic persons. It is much better to use with cream tartar than soda. Try one paper, and you will be convinced. Most of the Grocers sell it. Depot 112 Liberty Street, New York.

☞ Mr. Speer, having some property in New Jersey, turned his attention to the cultivation of the Sambuco, imported from Portugal. It bears a grape whose superior quality, juiciness and richness in saccharine matter is unexcelled by that of the Catawba. After numerous experiments in fermentation, Mr. Speer has produced a wine which will immortalize his name and prove a new honor to America.—[Boston Traveller.

This wine can be found at druggists.

☞ The miasma and foul vapors generated by the hot sun will be far more deadly to our Volunteers than the enemy's bayonets. In the Indian and Crimean campaigns, Holloway's Pills were used in enormous quantities. They keep the troops in perfect health.

If the reader of this "notice" cannot get a box of Pills or Ointment from the drug store in his place, let him write to me, 80 Maiden Lane, enclosing the amount, and I will mail a box free of expense. Many dealers will not keep my medicines on hand because they cannot make as much profit as on other persons' make. 35 cents, 88 cents, and $1.40 per box or pot. 217

THE BEST IN THE WORLD.

Over 40,000 have been sold by the manufacturer in a little more than two years—nearly 400 of them in Portsmouth and vicinity!

Buy one and try it—if not perfectly satisfactory the money will be refunded.

Facts for the People.

The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of STOVES and Castings several times since the war began; and it is now arranged to make a general advance of 25 to 50 per cent. this season.

We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now, as its capacity and the cost of operating it. All things considered, there is no Stove equal to

THE MODEL COOK.

IT IS, IN FACT,

The Best Stove Out,

for economy, convenience and dispatch.

Many people think it best to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.

One of our shrewdest citizens who purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.

A careful, prudent farmer purchased one, and after it had been in operation some days his son came into the store and said, "something was wrong at their house;" his father and himself used wood off the same pile, he burned three baskets full a day, and his father only one! We sold him a Stove before he left, and there has been no complaint since.

These Stoves are in use in many hotels and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.

MASON & HAMLIN'S

CABINET ORGANS,

Combining the requisites for Sacred and Secular, Church and Parlor Music; for Families, Sunday Schools, Day Schools, Churches, &c.

They are elegant as pieces of furniture; occupy little space; are not liable to get out of order or out of tune; are warranted for five years; will improve in tone by age, and are moderate in cost.

They are to private houses, Sunday schools and smaller churches, what the larger pipe organs are to large churches, and in addition to this are adapted to secular as well as sacred music.

The Cabinet Organ is essentially different from, and a marked improvement upon, all instruments of the melodeon or harmonium kind. Its superiority consists in many important characteristics.

The undersigned, Agent for the Manufacturers, will be pleased to show the Cabinet Organs to all wishing to purchase, at his residence, NO. 30 HANOVER STREET.

Morning Chronicle.

Kingsley gives his evidence on this disputed point. He thus declares: "There is no pleasure that I have experienced like a child's midsummer holiday—the time I mean, when two or three of he used to go away up the brook, and take our dinners with us and come home at night tired, dirty, happy, scratched beyond recognition, with a great nosegay, three little trout, and one shoe, the other having been used for a boat, till it had gone down with all hands out of soundings. How poor our Derby days, our Greenwich dinners, our evening parties, where there are plenty of nice girls, after that! Depend upon it, a man never experiences such pleasure or grief after fourteen as he does before, unless, in some cases, in his first love-making, when the sensation is new to him.

When Dr. Johnson asked the Widow Porter to be his wife, he told her candidly that he had no money, and that he had an uncle hanged. The widow replied that she cared nothing for his parentage, that she had no money herself, and that though she had not a relation hanged, she had fifty who deserved hanging. So they made a match of it.

GOLDEN SHEAF

WHISKEY.

C. A. RICHARDS,

99 WASHINGTON STREET,

Boston,

Would most respectfully invite the attention and examination of all Grocers, Druggists, Apothecaries and Private Individuals, desiring to sell or use STRICTLY PURE

Liquors, Wines, Cordials or Bitters,

to the list of choice goods enumerated below, which are constantly on hand in large quantities in his Large and Spacious

Wine Store and Bottling Establishment,

99 Washington street, Boston.

First on the list, as a reliable pure stimulant, is the celebrated Bourbon Whiskey, known as

Golden Sheaf Bourbon Whiskey,

made from Wheat, Rye and Corn, warranted for five years old. Put up in unique style, each bottle in a paper box, in case of one dozen each. The large and increasing sales of this article convince the proprietor that no extended advertisement is needed to extol its real merits. It will recommend itself on trial.

Golden Sheaf Cordial.

A delightful and healthful beverage, aromatic, with a rich ginger cordial, made from the pure Golden Sheaf Bourbon.

Golden Sheaf Bitters.

The best Tonic Bitter ever offered to the public. Mingled with the rich flavor of the Bourbon are a number of other ingredients, which invigorate the appetite and imparting life and vigor to the whole system.

Golden Sheaf Punch.

Made from fresh ripe lemons, and other articles, combined in a whole into a fine rich

Bourbon Whiskey Punch.

All the above put up full strength of the whiskey, and in case of one dozen each. These articles keep in any age, and no exposure of climate can affect them.

JOHN AND ROBERT DUNSTER'S

CELEBRATED

LONDON DOCK

SPIRITS AND WINES,

Imported solely by C. A. R., in wood, from the London Docks, and bottled by him in America. The high character and world wide reputation of these articles has induced the undersigned to import and obtain the Sole Agency in this country.—They are sold only in Bottles, *entirely pure, and without adulteration*, and comprise the four kinds, as follows:

LONDON DOCK GIN,
LONDON DOCK BRANDY,
LONDON DOCK SHERRY,
LONDON DOCK PORT.

All in cases of one dozen each, in strong shipping order for immediate transportation, and are sold lower than any other Liquors and wines in the market, of equal quality.

Pure California Wines.

The large demand for the pure wines of California has made it a fact fact that no well selected stock of Wines is complete without them. C. A. R. has made arrangements for the entire production of

The Largest Vineyard in California!

and is now bottling, and offers for sale, the finest CALIFORNIA WINE ever seen, in WINE MARKET, of four qualities, in splendid style of labels, bottles and cases—such as

SHERRY, MADEIRA, Sweet,
PORT—Dry,
HOCK—Dry,
STILL CHAMPAGNE—Delicious.

Parties attracted by this advertisement, or who have already become acquainted with the qualities of wines, liquors and cordials, can have them by mail, or samples by express, when desired, by addressing the subscriber.

C. A. RICHARDS,

99 Washington street, - - Boston.

NOTE.—C. A. Richards would also beg leave to state that the above are only a part of the list of articles for sale and imported by him. He has, in addition, one of the largest stocks in America of **Fine Bottled Wines and Spirits**, of every variety and kind, together with a fine assortment of Liquors and Wines in original packages, for sale by the cask or gallon. Also, **Fine Cigars, Sardines, Pickles, Sauces**, and every kind of table luxury usually found in a first-class wine store in this country or in Europe.

Orders are most respectfully solicited.

Constitution Life Syrup,

COMPOSED OF

IODIDE POTASSIUM,

With the compound concentrated fluid extract of

VALUABLE MEDICINAL

ROOTS AND HERBS,

Prepared by WM. H. GREGG, M. D.,

Graduate College Physicians and Surgeons, N. Y. formerly Assistant Physician Blackwell's Island Hospitals, late Medical Inspector New York State Volunteer Depots, under Gov. Edwin D. Morgan.

Constitution Life Syrup

HAS PRODUCED

A REVOLUTION IN MEDICINE!

What may seem almost incredible, is, that many diseases hitherto considered hopelessly incurable are frequently cured in a few days or weeks, and we cheerfully invite the investigations of the liberal minded and scientific to cases which have no parallel in the present age.

Our medicine is peculiar, by it the seat of disease is directly reached, and the equilibrium restored. Those who have suffered long from painful and obstinate diseases, those who have vainly sought relief from advertised medicines, those who cannot be cured by other physicians—are

Invited to use Constitution Life Syrup.

During the past five years we have contended with and overcome opposition as bitter as ever encountered by any discoverer.

Rapidity of Cure.

Some say, "Your cures are too quick," while others doubt their permanence, and think that diseases should be cured in the "slow measured way of the process of Nature." This is our reply:

In health, the body, like a well-balanced scale, is in a state of equilibrium. But when from any cause, it gets out of the equipoise, then follows the effects of disease. What is requisite is, to restore the normal balance of the scale.

CONSTITUTION LIFE SYRUP,

A positive and specific remedy for all diseases originating from a IMPURE STATE OF THE BLOOD, and for all (hereditary) DISEASES transmitted from PARENT TO CHILD.

Paralysis.

Hemiplegia, Paralysis, Paraplegia, Paralysis Agitans.

It is universally admitted that Constitution Life Syrup is the only effective means of relief in the various forms of Paralysis, that we need not reiterate that it is emphatically the Great Life-Giving Remedy.

Dyspepsia.

Indigestion, Liver Complaint, Constipation, Weight at Stomach, Biliousness, Want of Appetite, Flatulence, Sick Headache.

Scrofula.

Sycosis, Glandular Swellings, Ulcerations, King's Evil, Erysipelas, Salt Rheum.

This taint (hereditary or acquired) filling life with misery and misery, to try all usual medical resources incurable.

Rheumatism.

Lumbago, Sciatica, Gout, Chronic Rheumatism.

If there is any disease in which the Constitution Life Syrup is a sovereign, it is in Rheumatism and its kindred affections. The most intense pains are allayed almost instantaneously, and swellings are reduced. Cases chronic or vicarious, of 20 or 30 years standing, have been cured by us.

Nervousness.

Nervous Debility, Consumption of Thoughts, Epilepsy, Tics of Pain, Shortness of Breath, St. Vitus' Dance.

Thousands who have suffered for years will bless the day on which they read these lines. Particularly to weak, suffering women will this medicine prove a blessing. Let them no longer delay the first footsteps to a Hope which failing more than it promises.

Mercurial Diseases.

Salivation, Feeling of Weariness, Rotting of Bones, Foul Complexion, Aches in Bones, Depressed Spirits.

Constitution Life Syrup purges the system entirely from all the evil effects of MERCURY, removing the Foul Breath, and curing the Weak Joints and Rheumatic Pains which the use of Calomel is sure to produce. It hardens SPONGY Gums and secures Teeth in firm socks.

Constitution Life Syrup

Eradicates, root and branch, all Eruptive Diseases of the Skin, like

ULCERS, PIMPLES, BLOTCHES.

And all other difficulties of this kind, which so much disfigure the outward appearance of both males and females, often making them a disgusting object to themselves and their friends.

CONSTITUTION LIFE SYRUP

Cures all Swellings of the Glands,

Either of the Face, Neck or Female Breast and should be taken at once as the swelling is detected, thus preventing their formation and releasing troublesome Discharging Sores, which disfigure so many of the younger portion of the community, from the ill treatment of Nurses. A young children are very subject to Discharges from the Ears, which depends upon a Scrofulous constitution. These cases soon recover by taking a few doses of the Life Syrup.

All scrofulous persons suffering from Debility, Emaciation, Hectic Fever, Dropsy, of the limbs or abdomen, and in the female Leucorrhœa or Whites and womb, generally accompanied with inflammation and ulceration of the uterus; are permanently cured by the Constitution Life Syrup. Any disease known as Goitre or Swelled Neck, the Life Syrup will remove entirely. The remedy should be taken in the commencement of the disease; it exceedingly chronic and stubborn, and will not be removed without extra effort. Tumors of the Ovaries, Tumors of the Breast, and swelling of other glands of the body will be completely reduced without resorting to the knife or operations of any kind.

Epileptic Fits, Sympathetic or Organic Diseases of the Heart (as palpitation, Disease of Valves—producing a grating or filing sound), Dropsy of the heart, Disease and Pain in the Side of Back, important organ, or persons suffering from any acute pain in the region of the heart, will be greatly relieved by taking the Life Syrup.

Broken Down and Delicate Constitutions, Suffering from Indisposition to Exercise, Pain in the Back, Loss of Memory, Forebodings, Horror of Darkness, Fear of Disease, Dreams of Venery, Dry Hot Skin, Aversion to Society, Want of Sleep, Pale Bloated Countenance and Lassitude of the Muscular System, all require the aid of the CONSTITUTION LIFE SYRUP.

For all forms of Ulcerative Diseases, either of the Nose Throat, Tongue, Spine, Forehead or Scalp, we can say we have proved its equal.

MOTH PATCHES upon the female face, depending upon a diseased action of the Liver, are very unpleasant to the young wife and mother. A few bottles of Constitution Life Syrup will correct the secretion, and remove the deposit which is directly under the skin.

In Diseases of the Liver, *leading* rise to languor, dizziness, indigestion, weak stomach, or an ulcerated or cancerous condition of that organ, accompanied by burning or other unpleasant symptoms, relief may be obtained by the use of CONSTITUTION LIFE SYRUP.

☞ *As a general Blood-Purifying Agent, the Life Syrup stands unrivaled by any preparation in the world.*

Disease of the Spine, as usually developed in the young, the aged, Nervous, Hypochondriac, and all Nervous Invalids, and Ladies who are subject to those diseases for which they are at a loss to know what to do, we would advise the use of CONSTITUTION LIFE SYRUP. It will soon restore their pallid countenance, strengthen their weak back and side, give them new energy, new life and happiness.

THE RICH AND POOR are liable to the same diseases. Nature and Science have made the Constitution Life Syrup the friend of all.

PURE BLOOD produces health; then let women; and if the constitution is neglected in youth, disease and early death are the results. Prevention is better than cure. Cleanse your blood and you will be healthy and happy.

TO MOTHERS AND MARRIED LADIES. It is the most efficient remedy ever discovered for purifying the system and relieving the suffering attendant upon childbirth. It strengthens both the mother and child, it prevents pain and disease, and increases and enriches the food.—Those who have used it think it indispensable. It is highly esteemed both before and after confinement, as it prevents disease attendant upon childbirth.

Constitution Life Syrup

Is the Poor Man's Friend and the Rich Man's Blessing!—Buy it, take it, and be cured.—It is Universal in its effects

CHEROKEE INJECTION,

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Incontinence of the Urine, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Gravel, Brick Dust, Mucous, Gonorrhœa, and is especially recommended in those cases of Flour Albus (or Whites in females) where all the old nauseous medicines have failed.

It is prepared in a highly concentrated form, the dose only being from one to two tablespoonfuls three times per day.

It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an ally or assistant to the CHEROKEE REMEDY, and should be used in conjunction with that medicine in all cases of Gonorrhœa, Gleet, Flour Albus or Whites. *Its effects are healing, soothing and demulcent*; removing all scalding, heat, chordee and pain, instead of the burning and almost unendurable pain that is experienced with nearly all the *cheap quack injections.*

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

For pamphlets get our pamphlet from any drug store in the country, or write us and we will mail free, to any address, a full treatise.

Price—CHEROKEE REMEDY, $2 per bottle or three bottles for $5.

SUGAR-COATED.

FEMALE REGULATOR.

Health Preserver!!

CERTAIN AND SAFE.

☞ For the Removal of Obstructions, and the Insuring of Regularity in the Recurrence of the Monthly Periods.

They cure or obviate those numerous diseases that spring from irregularity by removing the irregularity itself.

They cure Suppressed, Excessive and Painful Menstruation.

They cure Green Sickness (Chlorosis).

They cure Nervous and Spinal Affections, pains in the Back and lower part of the body, Hysterics, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysteria, Sick Headache, Giddiness, &c., &c. In a word, by restoring the irregularity, they remove the causes and with it ALL the effects that spring from it.

Composed of simple vegetable extracts, they create no nauseous disgust to the most delicate, however delicate, their function being to substitute strength for weakness, which, when properly used, they never fail to do.

They may be safely used at any age and at any period, *except during the first three months*, during which the nauseating nature of their action would infallibly prevent pregnancy.

THE MAGEE

COOKING STOVE.

The subscriber, having received his Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely done dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

"MAGEE'S PATENT"

VENTILATING & AIR-WARMING

FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacturers of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pots and flue for ventilation, the tendency to Dust and Smoke so much complained of in other Furnaces, is entirely obviated.

An object aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, rush on into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pots, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 30 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat, and are wasted, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 20 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give an amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq.,
Aaron H. Hill, Charles H. Mendum,
Henry F. Woodell, John Sise, and others.

THE REBELS burn ships near the mouth of the Chesapeake Bay and plunder railroad trains in Maryland, robbing the passengers of their personal property and breaking open the mails, while to prevent outrages in New York City, Mayor Gunther says he has to protest against sending to the front the quota of troops demanded by the Government of the United States. The would-be rioters in New York, now repressed by the military, are part and parcel of the insurgent force roaming through Maryland. At present, the strong arm deters the New York rebels from rising, but should an opportunity offer, scoundrelism of the same kind would be exhibited by them as that which disgraced the city in July last, and the acts of these ruffians would indicate their affinity with the thieving, murdering, Confederate band near Baltimore. The question need not be asked as to the political opinions of that section of the population of New York who have to be kept down by the bayonet. They are Gov. Seymour's peculiar constituency of Five Points and Mackerelville.

The danger of a rising in New York is not so much owing to the causes which are stated by the Mayor, as to the adroit methods used by traitorous demagogues to fan into flame elements of discontent which are always smouldering. Disloyalty is chronic in New York. The ignorant and the degraded are led by scoundrels, who have made demagogism a profession, and who are always willing to sell the clubs of the mob they rule to the patricians they serve. The great body of the middle class citizens are sound, but the mischief lies in the extremes of New York society; Fifth avenue in political alliance with Five Points; and Gov. Seymour adunirably represents this picturesque coalition of wealth and fashion with misery and rowdyism.—*Transcript.*

THE END OF THE CRICKETS.—A few weeks since we published a communication from Spanish Fork, about the sudden appearance of crickets on the south side of that place, and the threatening of the crops from that fearful visitation. We are gratified to learn that the people got out en masse—men, women and children—with bunches of willows and drove the main body of the crickets up Water Kanyon, and since that they have not reappeared. A detachment of the crickets at the same time crossed the river, preyed several days upon the willows and bottom grass, and had consumed two fields of wheat, when the people, probably to the number of six hundred persons, went to work, herded and corralled the insects until they got them on to layers of straw, where they burned them by the million. The operation of driving and burning occupied nearly three days and nights, and twelve loads of straw were consumed and an innumerable host of the enemy were destroyed. This lesson is too good to be forgotten, should they happen elsewhere.—*Deseret News, June 22.*

BYE, N.H., Feb. 26, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large part of the time she needed to be the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some tea or twelve bottles of DR. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my neighbors, who were afflicted and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.

PORTSMOUTH, April 20, 1863.

I have for several years been afflicted with dizziness at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

From ELDER I. CHESLEY, *Lee, May 31, 1841*

Dr. Swett: Permit me to say to you, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA AND HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines will have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, No. 7 High street, Portsmouth, N. H., promptly attended to. may26

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the act of 1837.)
76 State street, opposite Kilby street,
Boston.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANCED ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay thereby, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their application into a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.
During eight months, the subscriber, in course of his practice, prosecuted to a successful termination SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.

Over Twenty Thousand Patients Cured Annually!
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases at the old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the safest as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Biles, Ulcers, Abscesses, and all other impurities of the system, are perfectly under control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their healths and destroyed the vigor of their minds, thus depriving themselves of the pleasures of Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to console and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. T. broken down in health, now rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for every body.—Startling disclosures Dr. TELLER's great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts Sent to all parts, under seal, by mail, post paid. Sixty copies sold the past year. The single Married and the Married Hasty A lecture on Love, or how to choose a Partner—a complete work on Midwifery, it contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, will secure a copy by return mail. DR TELLER has devoted a lifetime to the cure of those diseases upon which his books treat.
TO THE LADIES.
DR. TELLER will remain the only Agency in America, for the sale of Dr. Nichol's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions of females.
CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or observation.
Office hours from 8 A.M. to 8 P.M., and on Sundays from 2 to 5 P. M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

VERNATELLA.
Warranted to make the Soles of Boots and Shoes water and dampness proof, and wear one-third longer.
VERNATELLA
Is a preparation from Copper, having no grease, linseed oil, or anything of the kind, and when the soles are once saturated with it, water can no more get through than than through copper itself. **Price 25 Cents Per Bottle** at retail everywhere.
But its cost to the purchaser is really nothing, as it makes the sole wear enough longer to more than pay for it, leaving as a net gain the making of them Water and Dampness Proof, and the preservation thereby of that priceless gem, the health.
☞ LADIES, READ THIS! ☜
SAVE YOUR HEALTH.
Use Vernatella on the Soles of your Shoes. It makes them water proof and thereby protects your feet from dampness, for the ground is always more or less wet either from rain or the morning and evening dew.

Morning Chronicle.

Portsmouth, N. H.

FRIDAY, JULY 15, 1864.

THE REBELLION.

The N. Y. Herald's Nashville dispatch of the 13th reports that since Gen. Sherman has got into the open country, the rebels have lost 5000 or 6000 men, while we have lost none. The flank movement to the river resulted in the capture of 300 rebels, besides many deserters.

Our troops in South Carolina are again active and the N. Y. Herald's correspondent gives an account of movements along the whole front. But little has been accomplished, however, except the occupation of John's Island, which is reported.—There has been a fight with Fort Pringle, in which the gunboats participated; and a battery on James Island has been captured but was abandoned on account of its exposed position. A night expedition was made against Fort Johnson, but many of the boats grounded near the shore, and those of our troops who had landed, consisting of 137 men and six officers, were captured. The 55th Mass. colored regiment charged on a battery on James Island on the 2d, and captured two guns, which they brought off. Our forces occupy John's Island and a portion of James Island.

Communication with Washington was reopened on Wednesday evening. The rebels made a demonstration in force against Fort Stevens, on the north side of the city, and there was considerable skirmishing, our troops acting strictly on the defensive until Tuesday evening, when the Union troops attacked the enemy. After a two hours engagement in which we lost but 200 men, the rebels hastily retreated, leaving their killed and wounded on the field. During the night they disappeared from our front, and scouts report that they were recrossing the Potomac nearly opposite Poolesville on Wednesday morning, driving about 2000 head of cattle before them. It is said that there has been no extraordinary excitement in Washington. Gen. Wallace's battle at Monocacy, though a defeat, was invaluable in its results to Baltimore, as it held in check the rebels until the authorities could make arrangements to repel an attack if made. His whole force was less than 7000,—about one third that of the enemy. Gen. Hunter has been reinforced by volunteers from Ohio. Gen. Grant's force has not been reduced.

We have from the Washington Chronicle particulars of the recent rebel operations around the Capital. Our cavalry stubbornly resisted the rebel advance, on Sunday fighting them for six hours, and on Monday keeping them at bay two or three miles out of Tenallytown. The rebel force was estimated at "several thousand," and the President and Secretary of War were present encouraging our troops. In the attack on Fort Stevens, their sharpshooters got within 30 or 40 yards, and our cavalry dismounted and drove them out of houses which protected them. The houses were then burned, as they obstructed the range of our guns, and the rebels were during the afternoon driven back about two miles. Gen. Wilson's cavalry reached Washington on Saturday, and in less than three hours were out on a reconnoissance. It is now believed that the enemy are in full retreat, and that fighting on Monday and Tuesday was to cover their retreat and enable them to get their plunder across the Potomac at Edward's Ferry. No damage was done to the railroad between Baltimore and Washington. The Boston Traveller looks upon the whole movement as a mere raid of Ewell's old corps, for retaliation rather than to attempt any serious diversion against Grant. This corps, with reinforcements gathered along the route at various points, recently drove Hunter's command into Western Virginia, and has since had unchecked control of that most important section of Virginia, the Shenandoah Valley.

"Carleton," of the Boston Journal, who has arrived at Baltimore from Gen. Grant's army, reports that on the afternoon of the 12th Gen. Gregg with a division of cavalry, supported by a division of infantry, attacked the rebels near the Weldon road, and drove them, reaching the railroad. The object was to stop communication between Petersburg and the south, and this was accomplished. There is constant artillery firing along the lines. The raid into Maryland has not affected Gen. Grant's plans.—Our lines are unchanged in front of Petersburg, and new batteries open upon the rebel lines every morning. The troops are in excellent condition and spirits. There are no evidences that Lee has detached any of his forces from Petersburg. Gens. Grant and Meade have understood the objects of the raid, and if Lee expected to cause a stampede of their army he has most signally failed. Aside from the plunder they have secured the rebels have gained nothing. They are probably making their way back east of the Blue Ridge, to avoid Gen. Hunter.

— Gen. Franklin has really escaped.

NEW HAMPSHIRE ITEMS.

—— The term of service of the 3d N. H. regiment expires Aug. 22.

—— July 4th, the N. H. Battery was in front of Petersburg; all well. Their time will be up Sept. 26.

—— In the House, Mr. Campbell, of Amherst, from the Committee on Finance, has reported a bill providing for a State Tax next year of $750,000.

—— James M. Lovering is the first citizen of Exeter to advertise for a representative recruit for the army under Gen. Fry's circular.

—— The cellar of the house of Samuel Coffin, Esq., of Concord, was broken into on Sunday night last, and quite a large quantity of pork, butter, bread, preserves, jellies, &c., carried off.

—— John B. Watson, for several years an efficient police officer of Concord, has been appointed a special officer of the Government, and attached to the Provost Marshal's office of the 2d District.

—— A bill has passed the House giving the Governor and Council power to commute sentences of criminals, but having no special reference to the case of Wier, the murderer of the Enfield Shaker.

—— The bill to establish the office of Auditor of Accounts, now before the House, provides that he shall be elected annually by joint ballot of the Legislature, and shall audit accounts and certify the same, his salary to be $1200.

—— The Ballot states that on Monday last Horace P. Taylor was tried before a Justice in Exeter for assault and battery upon Mr. Holt, Superintendent of the town farm in Stratham, one of whose fingers he bit nearly off. He was bound over in $400 for trial before the Supreme Court.

—— George Marshall, younger son of Capt. Abel Marshall of Jaffrey, was killed by lightning in the shower in that vicinity on last Monday evening. The bolt struck the house near the chimney, and shattered one side very much; but no marks of the fluid were seen near the door, where the young man was standing, nor upon his person.

—— There was great excitement in the Legislature on Wednesday, on the State capital question. Mr. Cate's amendment providing that Concord shall enlarge the present building at an expense of $150,000, and also lay out a new street, was adopted by a vote of 179 to 98, and the bill ordered to a third reading. An amendment substituting Manchester for Concord in the location of the capital was lost by 92 to 190 votes. A motion to indefinitely postpone the whole subject was lost by 132 to 159 votes.

—— The Manchester Union reports that in one of our back towns a few days since, a farmer called at a store and inquired the price of a bag of corn meal. He was told he could have one for $2.10 in currency, or $1 in gold. He took a bag and offered in payment a $2.50 gold piece. The trader gave him back $1.50 in paper currency, which seemed to be satisfactory to the farmer. But the fact was, he paid about $5.34 for his bag of meal. His $2.50 gold piece was worth at present rates $6.84. The $1.50 which he had paid back in change, deducted from $6.84 leaves $5.34.

☞ The Washington National Intelligencer says:

Senators Wade, Chandler, Sprague, Ramsey and Wilkinson, who made a visit last week on a special steamer to Lieutenant General Grant's headquarters, returned to Washington on Saturday night. During their stay they made an excursion to the outer lines of our army, and viewed the rebel outposts from our picket defences. They represent the army, we are happy to learn, as comfortable as could be expected, under the awful heat and drought which have prevailed for weeks past. We understand also that General Grant expresses confidence in his ultimate success, his army being as strong as he desires it, and even able to spare as many men as necessary to repel the invasion of Maryland, which indeed he had anticipated, and in prospect of which he had already despatched a body of troops to Gen. Wallace.

— The Nevada Constitutional Convention have adopted a section favorable to the national currency.

— Governor Cony has issued an order appealing to the people of Maine to volunteer for 100 days.

— The Cincinnati Commercial proposes Salmon P. Chase for Congress in the 1st district of Ohio.

— Heavy firing at sea, some ten or fifteen miles from Portland, Me., was heard about one o'clock Wednesday afternoon.

— The cargo of the Electric Spark is said to be worth $600,000, embracing dry goods, boots and shoes, and other articles of prime value to the rebels.

— Gen. Rosseau, commanding at Nashville, has levied and collected $40,000 from rebel citizens for the murder of four soldiers in his department; and he has announced that for every soldier murdered the rebel citizens in the vicinity must pay over $10,000 to the widow of the deceased.

LETTER FROM NEW YORK.

From our Regular Correspondent.

NEW YORK, July 12, 1864.

Dear Chronicle:—

The receipt this morning of a package of photographs from Mr. Carl Meinerth, of your city, prompts me to write you, instead of deferring to some leisure moment of to-morrow. The views comprise three of the "old homestead," taken at my request during my recent visit, together with a dozen and a half admirably executed views of the most attractive spots in the city. Among the best may be enumerated views of Market street; Pleasant street, looking down from the Custom House, and view north from same point; two views of the Parade; also, Congress Block, Athenæum, Custom House, Rockingham Bank, Haven house and elm, Exchange Block; Congress street, looking up, and Islington street, down from Anthony. I have devoted an album exclusively to these views of Portsmouth, and have already quite a collection by Messrs. Gregory and Meinerth, and it is a frequent and favorite pastime to inspect the quaint peculiarities or more modern beauties of each, and recall the delightful reminiscences which attach to them.

I have been thus extended in this allusion, because it seems to me that those who are thus perpetuating the beauties of our dear old Strawberry Bank, are entitled to special commendation. If to any this collection comes a new idea, they will give some credit to my assurance that they form a most agreeable companion, and the interest which clings and twines itself around them must certainly increase as the years wear away many of the old landmarks, and gradual change alters the present appearance of many familiar spots, as it *will* do, even in methodical old Portsmouth.

And not half of your readers, by the way, appreciate her beauties or realize the enjoyment which is high-heaped within the limits of an occasional visit. What with some family episodes, which leave me the only emblem of freedom remaining of the trio, and the inspection of the circle of rural attractions which is the rich fringing of our native city, I have found the last few weeks even more than usually agreeable, and as through the vista of coming years I catch anticipated gleams of these last pleasures renewed, with which Hope's pencil tints the landscape, I trust those friends whose enlivenment of the immediate past has contributed so much to its enjoyment, may all be there to share. I would desire here to return my cordial thanks to Adjt. Vittem at Fort Constitution for very polite attentions (also very nice lemonade) of which we were pleased to be the appreciative recipients on a certain day when one of our party tried to *Win* renown by losing his hat overboard, and old Boreas foreshadowed a salt water dampening of wearing apparel; and also a duplicate of the above to Surgeon Smart for his active part in the entertainment. His name is appropriately descriptive.

A private letter from a friend near Washington alludes very feelingly to the kind attentions of Hon. Daniel Marcy of your city, to the wounded in the hospitals in that vicinity. Under date of week before last, it reads: "His repeated efforts to alleviate the sufferings of our boys have seemed almost *home* comfort to those who knew him previously, and his hearty, cheering manner, and encouragement, have secured him much regard, and are truly exhilarating."

You will notice Mayor Gunther's remonstrance against ordering the removal of the militia regiments from the city: only four will be sent forward, and those not the best; and the six remaining will be ample to suppress any trouble—of which there are not as yet any positive indications, only a little restiveness.

Havana cigars are worth to-day in importers' hands 32 cents apiece, which suggest to me the admonition you have posted over *your office stove-pipe*—"Don't Smoke!"

What does a cat have, that no other animal has? Why kittens, of course.

More anon, (but with brevity and versatility surpassing this) if the rebel raiders will only keep at a respectful distance. N.

— Rev. Dr. Chapin's health, since his European trip, is fully restored.

— Sickness was rather increasing at Havana on the 9th, owing to the heat and rains.

— Sec. Fessenden has been in New York for two or three days past in consultation with leading bankers and others.

— New York market reports show that the prices of all staple articles of food began to give way on Wednesday.

— Ten thousand Swiss emigrants are now at Havre and other European ports, awaiting passage to the United States.

— Several papers in New York State have suspended on account of the pressure of the times.

— "Spooking round" a doorway, is an offence in Chicago. A fellow was fined $4.00 for doing it and refusing to go off.

— The woman said to have caused the capture of Gen. Franklin, by pointing him out to the rebels, was arrested on her arrival at Philadelphia.

FOREIGN.—We have European advices to July 3d.

Jutland has been placed under Prussian administration. The loss of the Danes at Alsen was from 2500 to 3000, mostly in killed, including eighty-one officers. There has been no fighting since then.

Mr. Dayton, the American Minister, has been feasting the captain and officers of the Kearsage. A letter in the *Independence Belge* says two days after the defeat of the Alabama, an iron-plated vessel built at Bordeaux, left there with a view of succeeding the Alabama and revenging her destruction. The British government were prosecuting another man in Liverpool for enlisting men to serve in rebel cruisers.

The Morning Post publishes diplomatic documents confirming the fact that the Holy Alliance of Russia, Austria and Prussia is consummated.

— Within a few days, nearly three million dollars' worth of tea, sugar and coffee have been reshipped from New York, on account of the decreased demand for the articles incident to the high prices at which they are now sold.

— A gentlemanly-appearing man, about 60 years old, dressed in tasteful style, and sporting a gold watch and chain and gold-headed cane, has been arrested in Portland for extensive larcenies of clothing, &c., at different hotels in that city, at which he has recently boarded.

— Mr. Horace Hamblet, formerly keeper of the Ocean House, at Newburyport, was thrown from a carriage in Amesbury on Tuesday evening and fatally injured. He died on Wednesday evening. Mr. James Pendleton, who was riding in the same carriage, had his shoulder broken.

— Letters from Matamoras, Mexico, state that the rebels are removing vast quantities of cotton and cattle from the interior of Texas across the Rio Grande into Mexico, and that there are other indications that the rebel forces there under Dick Taylor contemplate an evacuation. They lost heavily in the recent campaign against Banks.

DR. TEBBETS' "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "DYE," and will leave no particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases of BALD HEADS, when the glands or roots of the hair are not completely decayed. It prevents the hair from falling off and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "EXCELSIOR" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days

GIRLS' HIGH SCHOOL EXHIBITION.—The Annual Exhibition of the Girls' High School occurred on Thursday afternoon. It was attended by a large and highly-gratified audience, and was in every respect worthy of teachers and scholars. The room was finely decorated for the occasion, with flowers, evergreens, flags, and mottoes. From the centre of the ceiling to the four corners of the room hung festoons of evergreens, with a central pendant, tipped with and supporting beautiful bouquets of flowers. In each of the windows were wreaths of evergreen and flowers; upon pedestals placed upon each of the four sides of the room were vases of flowers, and upon the north and south walls mottoes of evergreen, in English, Greek, Latin, and French. At the north side of the room flags were draped, above and uniting which was a banner, on which, within a circle, was a female bearing in one hand the national flag; in each corner a gilt star, and around the whole a border of the national colors;—the inscription upon it, "Our Country and Liberty." The clock beneath was surrounded by a beautiful wreath of flowers. Small flags were draped over the entrance upon the south side, above which was a banner, inscribed, "We love our Country." Upon the east wall hung a banner inscribed "Our public schools, the nurseries of patriots and statesmen." Opposite to it, upon the west wall, still another, inscribed "Never forget Washington and his precepts." The blackboards were occupied with drawings, plain and in colors, comprising geometrical figures, subjects in mechanics, architecture, botany, geology, natural history, and anatomy, all finely executed.

The exercises of the occasion were commenced by a solo and chorus, with piano accompaniment, Mr. Amos Pearson presiding at the instrument. Then followed the Salutatory address, delivered by Miss Annie L. Fitz. The exercises were continued as follows: Reading by several members of the graduating class; a recitation in geometry; then a song, "O Beautiful Rainbow," was sung by seventeen young ladies. Recitations in poetry came next; "Song in the School-room," by Miss Raynes, "Barbara Freitchie" by Miss Snow. Then followed a dialogue in Latin, by thirteen young ladies. Then a song, "Come to the fields of glory." Miss Fannie Webster recited a passage from "Herodias," a poem by Mrs. Frances E. Osgood. Miss Lord recited a humorous poem, "Some folks don't do as they ought to." An interesting recitation was then given by a class in botany. The next exercise was a dialogue in French, from Racine's beautiful drama of "Esther." Miss Morse next recited a poem, "You'll never catch me in that sort of a way." Miss Fitz also gave a recitation of poetry. Then came an exhibition of gymnastics by the entire school. Miss Fannie Webster gave the Valedictory address. Both the salutatory and valedictory were well adapted to the occasion. In the latter appropriate remembrance was had of the memory of the faithful and honored teacher under whom the present graduating class entered upon their course of study. The address was followed by the singing of a song, entitled "Gently sigh the breezes."

The School was then addressed in a most felicitous manner by Rev. Dr. Burroughs.

The members of the graduating class, fourteen in number, wore white dresses, with blue sashes around their waists. Their smiling countenances, as they received their diplomas from the hands of Dr. R. Treadwell, chairman of the School Committee, gave evidence of the joy of their youthful hearts. May those hearts ever be as pure.

The distribution of the Haven Medals was made by Alderman Rider, in behalf of the School Committee. Two were distributed to the graduating class, the first to Miss Annie L. Fitz, for general scholarship and improvement, the second to Miss Clara Morse, for the best English composition. The award in this latter department was made by a committee consisting of Hon. Marcellus Bufford, Rev. Messrs. Adams and Davies. They were unable to decide on the merits of papers presented by Miss Fannie Webster and Miss Morse, and a drawing by lot gave the medal to Miss M. The first medal was bestowed in the same manner by a lot between Miss Fitz, Miss Fannie and Miss Emma Webster.

In the third class medals were given to Miss Irene Clarke, for improvement in mathematics and book keeping, and to Miss Charlotte Wiggin for general scholarship and deportment. In the second class the medal scholars were Miss Payson and Miss Annie E. Huntress.

The exercises were closed with prayer by Rev. Mr. Davies, and the singing of "Old Hundred" by the school and audience.

The entire exercises occupied three hours, and were of such character as to reflect credit upon our city. From a recent visit to some of the schools in Boston we have no hesitation in saying that our city would compare favorably with Boston in her peerless system of public schools. The occasion was a most pleasant one, and will long hold place in the memory of those who were privileged to enjoy it.

☞ An old citizen was heard to remark on Wednesday afternoon, near sundown, that two of the most eminent copperheads in this vicinity were out of their holes, hissing bravely, as they were warmed into activity by the rebel invasion of Maryland, and imagined that all was very bad at Washington.—But they subsided on Thursday.

☞ An Augusta correspondent of the Portland Free Press states that it has been concluded to muster Capt. Morse's Bangor company into service for sixty instead of ninety days, as at first contemplated, for services at Fort McClary.

☞ The following is the rate of taxation in some of the towns in this vicinity: Greenland 96 cents on every $100; No. Hampton $1.42; Hampton $1.50; Hampton Falls $1.19 1-6; Seabrook $1.91; Portsmouth $1.79.

☞ We are requested to state that the Unitarian church will be closed on Sunday next, July 17, and that the usual Sunday services will be held at the Chapel on Court street.

☞ Rev. B. F. Eaton is to preach at the Universalist Church next Sunday.

— There were rumors in New York on Thursday of the capture of Petersburg.

— Gen. Wm. F. Smith's visit to New York was for no other purpose, it is said, than to proceed to Orange county, where a member of his family is very ill.

— The Legislature of Connecticut has unanimously adopted a new militia law, designed to secure a large, well disciplined, well equipped force within the limits of the State.

— The depot of the Norfolk County railroad, at Waterford, R. I., the junction of the Providence & Worcester railroad, was burnt on Wednesday morning, with six cars and much freight, including $5000 worth of wood.

— A destructive fire has been raging on the line of the railroad between Whitneyville and Machiasport, Maine, damaging it to the extent of $4000 and burning over $10,000 worth of valuable woodland. A great fire is also raging in Cutler, doing immense damage.

HUNNEWELL'S STANDARD PREPARATIONS.—On our inside columns will be found a notice of these justly celebrated and standard preparations, of unbounded reputation in New England, profess only what they are remedies for, are for sale by all wholesale and retail dealers, and confidence is asked to test them. See advertisement.

To every barrel of Flour you can make thirty pounds more Bread or Biscuit (and much better) by using Herrick Allen's Gold Medal, than by yeast fermentation or any other Saleratus.—It is perfectly healthy, will not turn your cookery yellow, will strengthen weak stomachs, and cure dyspeptic persons. It is much better to use with cream tartar than soda. Try one paper, and you will be convinced. Most of the Grocers sell it. Depot 112 Liberty Street, New York.

☞ The miasma and foul vapors generated by the hot sun will be far more deadly to our Volunteers than the enemy's bayonets. In the Indian and Crimean campaigns, Holloway's Pills were used in enormous quantities. They keep the troops in perfect health.

If the reader of this "notice" cannot get a box of Pills or Ointment from the drug store in his place, let him write to me, 80 Maiden Lane, enclosing the amount, and I will mail a box free of expense. Many dealers will not keep my medicines on hand because they cannot make as much profit as on other persons' make. 35 cents, 88 cents, and $1.40 per box or pot. 217

|Facts for the People.

The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of STOVES and Castings several times since the war began; and it is now arranged to make a general advance of 25 to 50 per cent. this season.

We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now, as its capacity and the cost of operating it. All things considered, there is no Stove equal to

THE MODEL COOK.

IT IS, IN FACT,

The Best Stove Out,

for economy, convenience and dispatch.

Many people think it best to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.

One of our shrewdest citizens who purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.

A careful, prudent farmer purchased one, and after it had been in operation some days his son came into the store and said, "something was wrong at their house;" his father and himself used wood off the same pile, he burned three baskets full a day, and his father only one! We sold him a Stove before he left, and there has been no complaint since.

These Stoves are in use in many hotels and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.

MASON & HAMLIN'S

CABINET ORGANS,

Combining the requisites for Sacred and Secular, Church and Parlor Music; for Families, Sunday Schools, Day Schools, Churches, &c.

They are elegant as pieces of furniture; occupy little space; are not liable to get out of order or out of tune; are warranted for five years; will improve in tone by age, and are moderate in cost.

They are to private houses, Sunday schools and smaller churches, what the larger pipe organs are to large churches, and in addition to this are adapted to secular as well as sacred music.

The Cabinet Organ is essentially different from, and a marked improvement upon, all instruments of the melodeon or harmonium kind. Its superiority consists in many important characteristics.

The undersigned, Agent for the Manufacturers, will be pleased to show the Cabinet Organs to all wishing to purchase, at his residence, NO. 30 HANOVER STREET.

Morning Chronicle.

☞ The Washington correspondent of the Legislative Reporter writes as follows, under date of July 4:

Rev. A. J. Patterson, of Portsmouth, and Dr. J. B. Abbott, who have been—the latter eight and the former six weeks—in front, taking care of our sick and wounded men, arrived here yesterday, Sunday, from before Petersburg, having left there on Friday. Dr. L. F. Locke, Nashua, who has been at work in the same field for six weeks, returned on Wednesday last. All these men come here showing in their sunburnt, worn, soldier-like aspect, that they have been into the field as laborers, not as genteel observers. They have been on the battle-fields, day and night, when the occasion called them there, and carried supplies to eat, drink, and wear, wherever our men, needing them, were to be found; whether at work in trenches, bleeding on the field, or stretched upon couches in hospitals, or by the wayside.

Mr. Patterson went twice to Baltimore for fresh supplies, purchasing $1,500 worth or more with funds furnished him in Portsmouth. They told me a thrilling scene which occurred when they met our soldiers coming into White House Landing, weary, faint, hungry, sick and wounded. They had just come up with some dozen barrels of crackers from here, and large quantities of vegetables, fruit, and articles that were needed for the occasion. God's blessings were invoked by the weary and wounded upon those who had sent, as well as upon those who had come to bring to them such help in time of need.

Mr. Patterson was intending to go home when he arrived here, but has nearly concluded, at the solicitation of friends here, to return to the James river for still further service. He and Mr. Abbott merit perpetual remembrance for their noble toils in this campaign. Too much cannot be said of these good services, and Dr. Locke has done likewise.

☞ The Portland Christian Mirror, in speaking of Rev. Mr. Walton, who was rejected by the Installing Council called by the Third Parish, gives this explanation of Mr. Walton's heresies:

We understand that the candidate affirmed his belief that Christians and Christian ministers, in proportion to their faith, are as really inspired as were the prophets and apostles, and that this inspiration is as authoritative to themselves as is the word of God.

That God dwells in every Christian in some such sense as he dwelt in Christ.

That the punishment of the wicked may not be eternal, but end in annihilation, and that heathen and others not having had the privilege on earth, may in another world have the offer of salvation.

The candidate also gave the council to understand that his views had undergone a great change during the last year, as the result of an interview with some Christian friend.

On several important points he distinctly stated that his mind was not made up.

A person who witnessed the recent fight between Gen. Wallace's troops and the rebels, near Frederick City, Md., says: Between us and the scene of conflict lay a wheat field, where several men with teams were gathering in the golden grain, totally unmindful of the fight waging beyond them and within their view.

Important to the Afflicted.

DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed in even the most aggravated case of GONORRHŒA AND SYPHILIS.

Beneath his treatment, all the horrors of venereal and impure blood, Impotency, Scrofula, Gonorrhœa, Gleet, painful and bloody Urine, Ulcerations of the Throat, Nose and other parts of the Body, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded. Loss of memory, Confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c., are among the evils produced. Such persons should before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your cases. Dr Dow has also discovered the French Capsules, warranted the best preventive. Order by mail. Three for $1 and a red stamp.

Highly Important to Females

IN DELICATE HEALTH.

DR. DOW, Physician and Surgeon, No 7 & 9 ENDICOTT STREET, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience in the cure of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

☞ All letters must contain four red stamps, or they will not be answered.

Office Hours from 8 A. M. to 9 P. M.

CERTAIN CURE

In all cases, or No Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

Constitution Life Syrup,

COMPOSED OF

IODIDE POTASSIUM,

With the compound concentrated fluid extract of

VALUABLE MEDICINAL

ROOTS AND HERBS,

Prepared by WM. H. GREGG, M. D.,

Graduate College Physicians and Surgeons, N. Y. formerly Assistant Physician Blackwell's Island Hospitals, late Medical Inspector New York State Volunteer Depots, under Gov. Edwin D. Morgan.

Constitution Life Syrup

HAS PRODUCED

A REVOLUTION IN MEDICINE!

What may seem almost incredible, is, that many diseases hitherto considered hopelessly incurable are frequently cured in a few days or weeks, and we cordially invite the investigations of the liberal minded and scientific to cures which have no parallel at the present day.

Our medicine is specific, by it the seat of disease is directly reached, and the equilibrium restored. Those who have suffered long from painful and obstinate diseases, and those who have vainly sought relief from advertised medicines, those who cannot be cured by other physicians—are

Invited to use Constitution Life Syrup.

During the past five years we have contended with obstacles and overcome opposition as have been as ever encountered by any Reformer.

Rapidity of Cure.

Some say, "Your cures are too quick," while others doubt their permanence, and think that diseases can only be cured by the "slow recuperative process of nature." This is our reply:

In health, the body, like a well-balanced scale, is in a state of equilibrium. But when from any cause there exists an excess of the scale, we have the effects of disease. What is requisite is, to restore the normal balance of the scale.

CONSTITUTION LIFE SYRUP,

A positive and specific remedy for all diseases originating from an IMPURE STATE OF THE BLOOD, and for all (hereditary) DISEASES transmitted from PARENT TO CHILD.

Paralysis.

Hemiplegia, Paresis, Paraplegia, Paralysis Agitans.

It is so universally admitted that Constitution Life Syrup is the only effective means of restoration in the various forms of Paralysis, that we need not reiterate that it is emphatically the Great Life-giving Remedy.

Dyspepsia.

Indigestion, Liver Complaint, Constipation, Weight at Stomach, Biliousness, Want of Appetite, Flatulence, Sick Headache.

Scrofula.

Struma, Glandular Swellings, Ulceration, King's Evil, Dropsical, Salt Rheum.

This taint (hereditary or acquired), filling life with untold misery, is by all usual medical remedies incurable.

Rheumatism.

Arthritic, Neuralgia, Gout, Lumbago, Sciatica, The Dolorous.

If there is any disease in which the Constitution Life Syrup is a sovereign, it is in Rheumatism and its kindred affections. The most intense pains are almost instantly relieved, and in a few days cures are effected. Cases, chronic or vicarious, of 20 or 30 years standing, have been cured by us.

Nervousness.

Nervous Debility, Confusion of Thoughts, Epilepsy, Loss of Power, Palsies in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Trembling, Wakefulness, Eruptions on the Face, Pale Countenance, Insanity, Consumption, and all the direful complaints caused by departing from the path of nature.

☞ This medicine is a simple vegetable extract and one on which all can rely, as it has been used in our practice for many years, and with thousands treated it has not failed in a single instance. Its curative powers have been sufficient to gain victory over the most stubborn cases.

☞ To those who have trifled with their constitution, until they think themselves beyond the reach of medical aid, we would say, *Despair not!* the CHEROKEE CURE will restore you to health and vigor, and after all quack doctors have failed!

☞ For full pamphlets, get a circular from any drug store in the country, or write the proprietors, who will mail free to any one desiring the same, a full treatment in pamphlet form.

☞ Prices, $2 per bottle or three bottles for $5, and forwarded by express to all parts of the world.

Sold by all respectable druggists everywhere.

Glad News for the Unfortunate!

The Long Sought For Discovered at Last.

CHEROKEE REMEDY

—AND—

CHEROKEE INJECTION,

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Incontinence of the Urine, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Stricture, Gravel, Gleet, Gonorrhœa, and is especially recommended in those cases of Fluor Albus (or Whites in females) where all the old nauseous medicines have failed.

It is prepared in a highly concentrated form, the dose only being from one to two tablespoonfuls three times per day.

It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an ally or assistant to the CHEROKEE REMEDY, and should be used in conjunction with that medicine in all cases of Gonorrhœa, Gleet, Fluor Albus or Whites. Its effects are *healing, soothing and demulcent*; removing all scalding, heat, chordee and inflammation, and affording immediate and almost unendurable pain that is experienced with nearly all the *cheap quack injections.*

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

For full particulars get our pamphlet from any drug store in the country, or write us and we will mail free, to any address, a full treatise.

Price—CHEROKEE REMEDY, $2 per bottle or three bottles for $5.

DR. WRIGHT'S

REJUVENATING ELIXIR,

OR ESSENCE OF LIFE.

Prepared from Pure Vegetable Extracts,

Containing nothing injurious to the most delicate.

The Rejuvenating Elixir is the result of modern discoveries in the Vegetable kingdom; being an entirely new and abstract method of cure, irrespective of all the old and worn-out systems.

This medicine is now used in the most eminent medical men of the day, and by them pronounced to be one of the greatest medical discoveries of the age.

One bottle will cure General Debility.

A few doses cure Hysterics in females.

One bottle cures Palpitation of the Heart.

A few doses restore the organs of generation.

From one to three bottles restore the manliness and full vigor of youth.

A few doses restore the appetite.

Three bottles cure the worst case of Impotency.

A few doses cure the low spirited.

Or from weakness of a single organ, will all the ills of life.

A few doses bring the rose to the cheek.

This medicine restores to manly vigor and robust health the poor debilitated, worn-down and aching broken-down man of business.

The listless enervated youth, the over-tasked man of business, the victim of nervous depression, the individual suffering from general debility, or from weakness of a single organ, will find immediate and permanent relief by the use of this Elixir or Essence of Life.

☞ Price, $2 per bottle, or three bottles for $5, and forwarded by express, on receipt of money, to any address.

THE MAGEE COOKING STOVE.

The subscriber, having received his Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plate, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

"MAGEE'S PATENT"

VENTILATING & AIR-WARMING

FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and pleasant, free and none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache so much complained of in other furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while others have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. The objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off into the flue, saving the most of least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used.

We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world, and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq.,	Albert R. Hatch, Esq.,
Aaron H. Hill,	Charles H. Mendum,
Henry F. Wendell,	John Shaw, and others.

— "Capt. Semmes, of the British Neutral Service," is the way the N. Y. Evening Post designates the ex-commander of the Alabama.

— Alsen, reported captured by the Prussians, is a Danish island in the Baltic, belonging to the Duchy of Schleswig. It is separated from the main land by a narrow channel.

— At the recent session of the Canadian Legislature, charters were granted to no less than thirty mining companies. The Toronto Globe thinks they are not all *bona fide*.

— The hair of a New-York soldier who was injured by a recent fall in Georgia and sent to hospital, has become perfectly white, his mustache and whiskers, however, retaining their original color.

— A German Shakspeare Society has been established, with its centre at Weimar, to illustrate the poet's text, and to spread a knowledge of his poetry among German readers.

— A chimney about one hundred feet high, comprising about 90,000 bricks, and estimated to weigh over 200 tons, has been moved a distance of over one hundred feet in Worcester, without dislodging a brick.

— Brig. Gen. Pell, of the colored recruits of Missouri, has been ordered to the field with a brigade of negro troops. Gen. Ewing will hereafter have charge of negro recruiting in that State and will prosecute the work with vigor.

— Another Commission is coming into the field,—the American Union Commission,— its object being to aid the people of those sections that have been desolated by war, to restore their civil and social state upon the basis of industry, education, freedom and Christian morality.

— The New Bedford Mercury says that the boys of that city, having passed through the coin fever, the postage-stamp fever and the hen fever, are now in the very crisis of the bird-egg fever. One little fellow has a collection of eggs of more than a hundred different birds.

— The first Congregationalist Church in Harpswell, Me., built before the town was organized in 1759, is still standing, the heavy frame still as sound apparently as when put up. It is now used as the town house, the body pews having been taken out. The wall pews, with high backs, remain as first constructed.

RYE, N.H., Feb. 28, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for sarsaparilla Syrup, &c., but she obtained no relief until I procured some ten or twelve bottles of DR. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

From ELDER I CHESLEY, *Lee, May* 31, 1841

DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her usual rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or not worth the price. All orders directed to DR. S. SWETT, No. 7 High street, Portsmouth, N. H., promptly attended to. may26

R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)
76 State street, opposite Kilby street,
BOSTON.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any patent issued by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber, and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse." CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in form to secure for them an early and favorable consideration at the Patent Office." EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, in all but one of which patents have been granted, and that is *now pending*. Such unmistakeable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." HENRY LAGARDE.

During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.

The Old Established Hospital.
No. 5 Beaver Street, Albany, N.Y.
QUICK CURES AND LOW PRICES:
Over Twenty Thousand Patients Cured Annually!

DR. TELLER continues to be consulted, and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the safest as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.

In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Biles, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.

YOUNG MEN.

Young Men addicted to secret habits, who have impaired their healths and destroyed the vigor of their minds, and thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to counsel and assist them, and have secured thousands in almost every part of the United States, who applied to Dr. T. broken down in health, now happy husbands, and make life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.

DR. TELLER'S GREAT WORK,

A book for everybody.—Startling disclosures. Dr. TELLER's great work (for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts. in sealed envelopes, under seal, by mail, post paid.) 50,000 copies sold the past year. The single Married and the Married happy. A lecture on Love, or how to choose a partner—a complete work on Midwifery, it contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, inclosed, will secure a copy by return mail. Dr. TELLER has devoted a lifetime to the cure of those diseases upon which his books treat.

TO THE LADIES.

DR. TELLER still remains the only Agency in America for the sale of Dr. Talbot's Italian Female Monthly Pills. The sale of more than 30,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine used to stop pages, irregularities, and other obstructions in females.

CAUTION.—Married ladies in certain delicate situations should not take these Pills. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price of one box,) one of these Pills will be sent by mail or express, to any part of the world, secure from curiosity or damage.

Office hours from 8 A. M. to 8 P. M., and on Sundays from 2 to 5 P. M.

N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing the medicines. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

VERNATELLA.
Warranted to make the Soles of Boots and Shoes water and dampness proof, and wear one-third longer.
VERNATELLA
Is a preparation from Copper, having no grease, linseed oil, or anything of the kind, and when the soles are once saturated with it, water can no more get through them than through copper itself. Price 25 Cents Per Bottle, at retail everywhere.

But its cost to the purchaser is really NOTHING, as it makes the soles wear enough longer to more than pay for it, leaving as a net gain the making of them Water and Dampness Proof, and the preservation thereby of that priceless gem, the health.

☞ LADIES, READ THIS! ☜
SAVE YOUR HEALTH.

Use Vernatella on the Soles of your Shoes. It makes them water proof and thereby protects your feet from dampness, for the ground is always more or less moist, either from rain or the morning and evening dew.

Morning Chronicle.

Portsmouth, N. H.

SATURDAY, JULY 16, 1864.

THE REBELLION.

The Richmond Examiner reports the 4000 Union troops have left Jackson, Miss. on the 6th, their object having been to destroy the railroad below that place at Canton. It also reports severe fighting on the morning of the 7th.

Gen. Sherman's army on Thursday night was within six miles of Atlanta, Ga. Gen. Sullivan crossed the Chattahoochie river some days ago, and effected a secure lodgment on the south bank. The rebels being again effectually flanked, abandoned their strong fortifications on the Chattahoochie Heights, commanding the bridges. They burned the bridges on the morning of the 10th. We took many prisoners. Johnston's army is said to be reduced to 47,000 men.

The rebel force north of the Potomac, it is now estimated, consisted of 35,000 men, under Early and Breckinridge. They left their dead unburied and their badly wounded uncared for. 400 or 500 prisoners were taken by our troops, while our loss was about 60 killed and 200 wounded.

Two divisions of rebels made the attack on Fort Stevens. The Sixth Corps is in pursuit of the rebels, some of whom were encountered on Wednesday afternoon, in the neighborhood of Rockville by our passing cavalry. Skirmishing ensued without any material advantage so far as reported. F. P. Blair's residence was not burned but was plundered. The residence of Montgomery Blair was destroyed with its contents. The former was used as the rebel headquarters.

The rebels have repaired the Weldon railroad. Movements made by them recently, indicate an intention to attack our rear.

THE LEGISLATURE.

The Senate on Thursday indefinitely postponed the bill relating to the use of the check-list in the election of town officers. In the House, majority and minority reports were made by the committee on National affairs. The clerk was directed to make up the pay-roll for 46 days' attendance, which includes to day (Saturday.) The committee on military affairs reported resolutions thanking our soldiers in the field, and expressing sympathy for the friends of those who have fallen. The Governor sent in a message asking a special appropriation of not less than $10,000, to be expended at the discretion of the Governor and Council to maintain a State agent and nurses for our wounded in other States, and to bring to their homes such as are able to travel.

☞ Not only did a few stupid and treacherous individuals spit out their spite against the government of the U. S and speak favorably of the rebels, while we were cut off from Washington news,—but the copperhead papers generally did all they could in the same line. One of them held the following language, at the crisis mentioned:

The question begins to be mooted among the people, whether they have anything worse to fear from an invasion by Jeff Davis than they have from the war as carried on by Abe Lincoln. We should not wonder if many people regarded with such horror the success of this puritanical dynasty that even a Confederate invasion could hardly render their lives and liberties less secure.

This, as any body may see, was directly calculated to discourage any effort or hope on our part, and to encourage every traitor and enemy. It seems also to have been intended to do so: as the paper from which it was cut has worked on that side ever since the rebellion broke out.

— Six steamers were burnt at St. Louis on Friday morning. Loss nearly $500,000.

— A letter from Paris in a Berlin paper contains the suggestion that the German Powers should at once send some fast steamers, each one of them armed with five or six rifled guns, to the North American ports to prey upon British commerce in the event of war.

— The Chicago Journal claims that Cook county (in which the city is included) pays the largest amount of internal revenue taxes of any Congressional District in the Union. The amount for the year ending June 30, 1862, was a million and a half dollars, and for the year ending June 30, 1864, will be within one hundred thousand of three millions.

— The *Correspondencia* of Madrid describes a curious horse, which is now being exhibited in the Prince Alphonzo Circus at Madrid. It has not a single hair on the whole body, while its skin, which is white like that of a European, is so transparent that the veins may be distinguished through it. The horse cannot be used for labor in consequence of this fineness of the skin, which would be exposed to abrasion.

NEW HAMPSHIRE ITEMS.

—— Lyme has voted to pay volunteers and conscripts $300 bounty, each.

—— The Amherst Cabinet of July 14 states that 20 bushels or more of blueberries are sent daily from that place to the Boston market.

—— A son of Nathan Norton of Raymond, was drowned by the upsetting of a boat, on the 13th inst.

—— Mr. Gustavus H. Horne, lately chosen Cashier of the Dover Bank, has since been appointed Acting Assistant Paymaster in the U. S. Navy.

—— A general meeting of the Newspaper Publishers and Job Printers of New-Hampshire, is proposed to be held at Concord, on Friday, the 22d instant, to consider the expediency of a general advance in prices, especially of subscriptions and job printing.

—— The New Orleans Era, of June 22, says: "Rev. Daniel P. Cilley, the Veteran Chaplain of the 8th N. H. Volunteers, has been appointed Post Chaplain at the U. S. Marine Hospital in New Orleans; and has entered upon the duties of his appointment. Mr. Cilley has been long in this Department, and is universally esteemed and respected by all who have the pleasure of his acquaintance."

—— Benjamin Chase, of Auburn, is now engaged in collecting statistics for a history of the town of Chester. Four important towns have been taken from the original territory of Chester, and one city, viz: Auburn, Candia, Hooksett, Raymond and Manchester. We hope Mr. Chase will succeed in this important work, for the history of our towns has been too sadly neglected.

—— The bill to facilitate the raising of troops, which has passed the House and had two readings in the Senate, leaves the responsibility of securing volunteers in the hands of Selectmen or their agents, as is the case at present, but allows the Governor and Council to appoint officers to procure volunteers in the insurgent States. It also provides for the offering of handsome bounties both by the State and the several cities and towns. The chief virtue of the bill is in the fact that it defines the magnitude of the bounties which may be given by sub-districts, and which it is hoped will prevent the present reckless system of municipal competition.

SEA-SHORE PRICES.—We give below the substance of a letter recently received by a lady of Boston from the neighborhood of Conway, N. H. It presents so honorable a contrast to the conduct of certain landlords at Rye Beach, that we publish it. One of the said landlords wrote to a gentleman in this city: "We want to be paid in gold and not in *your* currency." Such impudence deserves the severest condemnation of the public, and all loyal persons will avoid houses in New Hampshire which slink away from their obligations by repudiating the legal currency of the country. Rye Beach may be a smart place, but we doubt if it can whip the United States. The contest suggests the unequal struggle which Mrs. Partington, mop in hand waged with the Atlantic Ocean!—*Boston Transcript.*

"*Madame*—We felt surprised at your letter of the 14th inst., asking us if we intended to raise our prices this season. You have our engagement made in March, and if we have made an unprofitable bargain that is our fault and not yours. Money is a good thing, but character a better. Moreover, our price was made with reference to the uncertainty of the prices of provisions and supplies, and was a compromise between the prices of last year and the possible value of produce, if gold should be higher. Most of the produce for the summer we either had on hand, or laid in when we made our bargain with you, and if others failed to do the same when their engagements were made, it was surely their fault, and no ground for repudiating their contracts."

We have heard of this Rye Beach affair several times, but have never seen it mentioned in print before. As the above reference to "landlords," may be misunderstood to mean *hotel* keepers, we will in fairness, state that the persons meant are coppery boarding-house keepers— a number of whom had their houses engaged full of visitors for the season at given rates; but on demanding by numerous letters beforehand, that the price must be paid in *gold*, received only one reply, and no acceptances or boarders, we believe—as their brassy stupidity merited.

But, after all, even if the golden mean of currency is not to be adhered to, there is a golden rule by which all business should be tested—though we are sorry to say even that is not much more current than coin. Holding to contracts is well enough, no doubt, and all should be careful to make only such as they can fulfil; but in such cases as above alluded to, whether in Rye or elsewhere, unless the bill of fare was agreed on, as well as the terms, we think the losing householder could hardly be blamed if he took care not to spread the highest-cost dishes before his boarders. And certainly no fair-minded man could enjoy living at the expense of another, no matter what "pound of flesh" contract he might have made. For our part, we deem any man foolish to attempt in these times to make prices for transactions for future. Whatever bargains we make and take *pay* for, we shall try and fulfil; but not an inch further will we bind ourselves, nor agree to abide to-morrow by to-day's prices.

Local.

☞ Thursday a man presented himself at the office of Provost Marshal Wiggin, to enlist as a substitute in the Navy: but some circumstances made Capt. W. suspect the man to be a deserter, and therefore he did not enlist him. The matter was suggested to Mr. Kent, the special agent, who took passage on a freight train to Salem Mass., and there arrested two men, Barney Dougherty and Jacob Butterfield, whom he brought back and delivered to Capt. Wiggin. The Provost Marshal brought them before U. S. Commissioner Hackett, charging them with aiding and abetting desertion. They were held to bail $800 each, for trial, and for want of sureties were committed to jail by U. S. Dep. Marshal Adams.

We understand the Provost Mashal is determined to discover all such cases that he can, and make the culprits suffer the penalty of the law.

The deserter, whose name is William Lewis, was arrested early on Thursday evening by Officer Johnson, at the instance of a boarding house keeper in Boston, who had given bonds for his return to the U. S. receiving ship Ohio, on board which he enlisted. The other two men arrested had brought him here to enlist him, and were with him when Mr. Johnson made the arrest. Mr. J. however, had merely a discriptive list of Lewis, sent to City Marshal Dresser by telegraph, and therefore of course knew nothing about the brokers. Their complicity in the affair was disclosed on the arrival of the boarding house keeper in the 7 1-2 train.

— The rebels are said to have destroyed one million bushels of grain during their recent raid.

— Gen. Gilmore severely injured his ankle by being thrown from his horse on Thursday, while pursuing the rebel raiders.

— The firing heard Wednesday off Portland was by two yachts saluting each other.

— The rebels hoped to surprise and capture Washington on Sunday night, but were too late.

— The Boston Herald on Thursday came out in favor of James Guthrie as the nominee of the Chicago Convention. It says "military men are generally poor legislators."

— At a Convention of railroad officers held at New York on Thursday, it was agreed to raise the rates of freight 20 per cent.

— Gen. Washburne having detailed prominent secessionists in his department to run on the trains, firing on the cars has ceased.

— The King of Sweden, who is a member of a society of engravers in Paris, has lately sent to them a very splendid line engraving which he executed in his leisure moments.

— Gov. Cony has advices from the American consul at St. John, that a small raiding party of Southern rebels left that city on Wednesday to commit depredations on the coast of Maine.

— The Baltimore papers state that Francis Key, the son of the author of the "Star Spangled Banner," was arrested on Saturday last, on a charge of disloyalty, and locked in the military prison to await trial.

— There was a large fire on Furman street, Brooklyn, on Friday. Two large ware houses filled with sugar and hides, and two brigs laden with saltpetre, were burned. Three terrible explosions occurred but no lives were lost.

— Gold is down, selling at 245; money is stringent, paper discounting at from 8 to 15 per cent—harder than it has before been since 1857; and the prices of merchandise decline. All this is death to speculators, but life for the people.

— John C. Heenan was seriously injured by a railway accident in England recently. He jumped from the train at the moment of a collision, fell heavily, injured his spine, and has since suffered from succession of fits.

— The Levant Herald says the Circassian slave trade has received of late an immense impetus. At Trebizond and Tamsoun boys and girls go off in large numbers at low prices. "Prime samples" bring about $100 each.

— Capt Winslow of the Kearsarge is in Paris to consult the celebrated oculist, Liebicht. Last year, when Captain Winslow was with Commodore Foote upon the Mississippi, as the result of a severe cold, he lost the sight of the right eye, and he fears now that the other will be so much weakened by sympathy as to become ultimately of no use.

— An apothecary clerk in Chicago was called up at two o'clock the other morning by the ringing of the night-bell. On opening the door he found a damsel, who told him she was going on a pic-nic that morning, and was out of rouge. The impudent druggist turned her off with the assurance that he hadn't the stock to cover a cheek like hers.

One of the principal points made at a trial in a Court of Probate, in England, to prove the incapacity of a testatrix aged 73, was that "when she played at whist she revoked and trumped her partner's king."

HUNNEWELL'S STANDARD PREPARATIONS.—On our inside columns will be found a notice of these justly celebrated and standard preparations, of unbounded reputation in New England, profess only what they are remedies for, are for sale by all wholesale and retail dealers, and confidence is asked to test them. See advertisement.

To every barrel of Flour you can make thirty pounds more Bread or Biscuit (and much better) by using Herrick Allen's Gold Medal, than by yeast fermentation or any other Saleratus.—It is perfectly healthy, will not turn your cookery yellow, will strengthen weak stomachs, and cure dyspeptic persons. It is much better to use with cream tartar than soda. Try one paper, and you will be convinced. Most of the Grocers sell it. Depot 112 Liberty Street, New York.

☞ The miasma and foul vapors generated by the hot sun will be far more deadly to our Volunteers than the enemy's bayonets. In the Indian and Crimean campaigns, Holloway's Pills were used in enormous quantities. They keep the troops in perfect health.

If the reader of this "notice" cannot get a box of Pills or Ointment from the drug store in his place, let him write to me, 80 Maiden Lane, enclosing the amount, and I will mail a box free of expense. Many dealers will not keep my medicines on hand because they cannot make as much profit as on other persons' make. 35 cents, 88 cents, and $1.40 per box or pot. 317

A Card to Invalids.

A Clergyman, while residing in South America as a missionary, discovered a safe and simple remedy for the Cure of Nervous Weakness, Early Decay, Diseases of the Urinary and Seminal Organs, and the whole train of disorders brought on by unlawful and vicious habits. Great numbers have been already cured by this noble remedy. Prompted by a desire to benefit the afflicted and unfortunate, I will send the recipe for preparing and using this medicine, in a sealed envelope, to any one who needs it, *Free of Charge.*

"A Wonderful Discovery."

DR. TEBBETS' "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern organic Chemistry. It is not a "DYE," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes all dandruff, heat, pain and itching from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "REGENERATOR" is warranted to produce the above results in all cases, if not, the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.

IN BOARD OF ALDERMEN, July 14, it was voted that the following Report be adopted, and published in the *Chronicle*.

M. BUFFORD, City Clerk.

To the Hon. Mayor and Board of Aldermen:

Gentlemen:—The Committee appointed to investigate if any of the city officers were to blame in regard to the cases of yellow fever lately in our city, arising from the arrival of the U. S. ship DeSoto at this port and her coming to the Navy Yard without remaining at Quarantine, and to ascertain if possible who were the parties responsible in the matter, would respectfully report:

That we have received the evidence of Commodore Pearson, Surgeon Delaney, Officers at the Navy Yard, Capt. Scott of U. S. ship DeSoto, Pilots Amazeen and Preble, and others.

Your Committee have requested the attendance of Dr. B. S. Goodwin, Chairman of the Board of Health, at three different times, but he has refused to attend before them—for what reason we have no knowledge. We are therefore of course unable to ascertain in regard to the first part of your resolutions, viz: "If any City Officers are to blame," except we form judgment by the testimony of others which we have taken in regard to them, and which we, having no rebutting evidence, shall produce in that which may be submitted to you.

A plea of ignorance of duties, which might be made by City Officers, is not for one moment countenanced in the public mind; especially, when the health of our community is jeopardised, and after officers have been attending to their duties for five months: and furthermore, when we take into consideration the fact that on the second day of June, 1864, before the arrival of the ship, the Chairman of the Board of Health asked that the Aldermen would give them special instructions to strictly enforce the Health Regulations (which they did) the plea would seem to be more than ridiculous. By the evidence it will be seen that a copy of the Health Regulations has never been given to either of the Pilots, nor left at Fort Constitution, nor had any orders been given to the Commander of the Fort to hail vessels on their arrival! and no flag was to be hail, nor any other arrangements made for signals to the Quarantine Officers.

In the opinion of your Committee, on the Board of Health* rests a great portion of the responsibility for the recent calamity that has befallen us as a community,—for had *they* attended to the duties incumbent on them, the seeds would never have been sown in our midst that have produced such intense excitement and alarm, and has left sorrowing relatives and friends to mourn the loss of those near and dear to them. By it the business of our city has been interrupted at a season when the attractions offered here are such as to cause a vast influx of strangers, and on which this city and the neighboring towns are somewhat dependant during the summer months; but all must suffer on account of this pestilential disease, and the exaggerated reports which have accompanied it, and which have spread far and near.

It may be said that the Pilot should have reported to the Health Officers that the ship had sickness on board; but by his evidence he knew not what the Health Regulations were, having never been informed of them. But we do not consider this any shield for an officer entrusted with so responsible a position as Branch Pilot. And the Captain of the ship, although he may have been aware that there must be such regulations, yet used no exertions to acquire any information in regard to them, which we consider a gross dereliction of duty on his part, knowing that he had a malignant disease on board his ship, as was reported by the surgeon.

Your Committee are of the opinion that Surgeon Delaney committed a serious error of judgment by recommending that the ship be permitted to come to the Yard, after receiving the Report from the Surgeon of the ship, which Report stated that he had Bilious Remittent Fever "as the only prevailing disease on board the DeSoto, which they had had for the past six months, but which had assumed a more malignant and fatal form since the first of June," that being but a milder type, (as by Surgeon Delaney's evidence) of what is known as the yellow fever, the latter being developed by intense heat and moisture, and undoubtedly as infectious.

The Commodore of the Yard, after the arrival of the ship there, and the subsequent death of the Asst. Surgeon (according to the testimony of Surgeon Delaney) from yellow fever, did not do his duty! by keeping said ship at the wharf,—knowing she was an infected ship, as she must necessarily have been—he should have immediately taken measures to send her to Quarantine.

We cannot but condemn the action of the officers at the Navy Yard who have discharged men who refused to go on board the DeSoto, (because they were not willing to place their lives in jeopardy by going on board said ship,) and we trust that prompt reparation will be made.

Your Committee has asked for a copy of a letter sent from the Navy Department to the Commodore, which we consider of importance.

We have, in connection with this report, presented the testimony of all those persons who have been summoned before us, and who have (with the single exception of the Chairman of the Board of Health,) given us all the information which we have asked with a cordial and seemingly willing disposition to furnish all the particulars which we desired, and to leave nothing undone which could tend to satisfy the public mind.

All of which is respectfully submitted.

J. E. RIDER,
W. E. HADLEY,
J. C. BROWN.

*The Health Officers at this time consisted of Dr. B. S. Goodwin, R. L. Randall and Thomas Clapham.

☞ Auction Sales to day, of Real Estate, Bank Stock, Cattle, &c. See advertisements.

☞ There are no new cases of ship fever. All stories about it are hum.

PORTSMOUTH NAVY YARD.—An hour at the yard, Friday morning, thanks to the courtesy of Engineer Chandler, Acting Master Hawkins, and other officers—was spent very agreeably in looking over the work in progress. The fever-ish excitement is over, and about two-thirds of the workmen have returned to duty; the rolls now embracing 1200 of the 1800 recently employed, and numbers returning daily.

The crew of the U. S. steamer De Soto were on Tuesday decided to be clear of quarantine and ordered on board the receiving-ship Vandalia, in this harbor, for duty.

The U. S. steamer Tioga has been lying at quarantine for two weeks or more, without new sickness aboard or among the crew; and the men are forthwith to be paid off and discharged; and the ship overhauled and repaired in due time.

The old Colorado is lying at the yard wharf, refitting and will be ready for sea in a few months.

The little steamer Albatross, (a purchased vessel, and the gallant craft in which Com. Farragut ran the terrible guantlet of the Forts at New Orleans,) is in the Dry Dock, for repairs.

Of new vessels, the splendid frigate Franklin is fast approaching completion, and will probably be launched in a few months. Her machinery is also nearly done—and the public desire to see this magnificent specimen of naval architecture afloat, bids fair to be at last gratified. As the channel is so narrow behind the ship house that there is but about the length of the Franklin for her to move in after leaving her ways, some curiosity is manifested as to how they can stop her headway before she grounds. But no doubt it will be done.

The ironclad Agamenticus, is lying at the wharf, with part of her two turrets up, but it must be many months ere she can be ready for service. Her beautiful engines are of Ericsson's patent, and made by Morris, Youne & Co., Philadelphia. They were run several hours at the wharf, a day or two ago, and worked to a charm. Some idea of the cost of such a craft, may be gained from the fact that there are now sixteen different steam engines on board, for all uses, and two or four more may be yet added.

THE EXHIBITION of the Boys' High School took place on Friday afternoon, and was largely attended by the parents and friends of the scholars. The school room was most tastefully decorated with evergreens, flowers, etc., and specimens of the proficiency of the pupils in drawing upon the blackboards. In fact, as was the case on the day previous at the Girls' exhibition in the other apartmeut, the appearance of the room was wonderfully attractive, the decorations surpassing in extent and elaborateness anything of the kind seen here for a long time. Those under whose direction these decorations were prepared were certainly most happy in the conception and successful in the execution.

☞ It was Rev. Mr. Lane, and not Rev. Mr. Davies, who made the prayer at the Girls' High School. A printer's mistake.

The account we published yesterday, furnished by a friend, accidently omitted mention of the fact that the first recitation in poetry was by Miss Rogers and Miss Payson. The third medal in the third class was awarded to Miss Myra Hayes, for diligent application, good deportment and general improvement in all the studies.

The members of the graduating class are —Clara Maria Morse, Sarah Jane Hayes, Sarah Louise Garrett, Elizabeth French Payson, Frances Elizabeth Webster, Mary Emma Webster, Annie Louise Fitts, Emily Spinney Rogers, Ida M. Raynes, Clara Danforth Snow, Mary Ellen Woodsum, Clara Ella Lord, Mary Jane Roberts, Clara Abbie Wilson.

☞ A barefooted boy wished to buy a paper, and laid down two cents for it. He was told that the price was three cents. He had no third cent: but his breath told plainly that he had been smoking a cigar which must have cost enough to buy two papers. If he smokes daily it is no wonder that he goes barefoot. Such is half the economy that is practiced. A filthy, useless, noxious indulgence, costs more than the staff of life; and comfort and elegance are sacrificed on the altar of a miserable habit.

SHIPBUILDING ON THE PISCATAQUA appears to be discontinued for the present, outside the Navy Yard. The splendid steamer Gen. Grant, recently launched, is yet lying at the wharf, uncompleted. There are also three small vessels on the stocks—one each at the Raynes, Marcy and Badger yards—the latter, at Kittery Foreside, a schooner, we understand is nearly completed, and will be launched the first of next week.

☞ We are requested to state that the Unitarian church will be closed on Sunday next, July 17, and that the usual Sunday services will be held at the Chapel on Court street.

☞ Rev. B. F. Eaton is to preach at the Universalist Church next Sunday.

THE BEST IN THE WORLD.

Over 40,000 have been sold by the manufacturer in a little more than two years—nearly 400 of them in Portsmouth and vicinity!

Buy one and try it—if not perfectly satisfactory the money will be refunded.

[Facts for the People.

The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of STOVES and Castings several times since the war began; and it is now arranged to make a general advance of 25 to 50 per cent. this season.

We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now, as its capacity and the cost of operating it. All things considered, there is no Stove equal to

THE MODEL COOK.

IT IS, IN FACT,

The Best Stove Out,

for economy, convenience and dispatch.

Many people think it best to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.

One of our shrewdest citizens who purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.

A careful, prudent farmer purchased one, and after it had been in operation some days his son came into the store and said, "something was wrong at their house;" his father and himself used wood off the same pile, he burned three baskets full a day, and his father only one! We sold him a Stove before he left, and there has been no complaint since.

These Stoves are in use in many hotels and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.

MASON & HAMLIN'S

CABINET ORGANS,

Combining the requisites for Sacred and Secular, Church and Parlor Music; for Families, Sunday Schools, Day Schools, Churches, &c.

They are elegant as pieces of furniture; occupy little space; are not liable to get out of order or out of tune; are warranted for five years; will improve in tone by age, and are moderate in cost.

They are to private houses, Sunday schools and smaller churches, what the larger pipe organs are to large churches, and in addition to this are adapted to secular as well as sacred music.

The Cabinet Organ is essentially different from, and a marked improvement upon, all instruments of the melodeon or harmonium kind. Its superiority consists in many important characteristics.

The undersigned, Agent for the Manufacturers, will be pleased to show the Cabinet Organs to all wishing to purchase, at his residence, NO. 30 HANOVER STREET.

Constitution Life Syrup,

COMPOSED OF

IODIDE POTASSIUM,

With the compound concentrated fluid extract of

VALUABLE MEDICINAL

ROOTS AND HERBS,

Prepared by WM. H. GREGG, M. D.,

Graduate College Physicians and Surgeons, N. Y. formerly Assistant Physician, Blackwell's Island Hospitals, late Medical Inspector New York State Volunteer Depots, under Gov. Edwin D. Morgan.

Constitution Life Syrup

HAS PRODUCED

A REVOLUTION IN MEDICINE!

What may seem almost incredible, is, that many diseases hitherto considered hopelessly incurable are frequently cured in a few days or weeks, and we cheerfully invite the investigation of the liberal minded and scientific to cures which have no parallel at the present day.

Our medicine is peculiar, by it the seat of disease is directly reached, and the equilibrium is restored. Those who have suffered long from painful and obstinate diseases, those who have vainly sought relief from advertised medicines, those who cannot be cured by other physicians—are

Invited to use Constitution Life Syrup.

During the past five years we have contended with obstacles and overcome opposition as been less as ever encountered by any Reformers.

Rapidity of Cure.

Some say, "the cures are too quick," while others doubt their permanency, and think that diseases can only be cured by the "slow recuperative process of Nature." This is our reply:

In health, the body, like a well-balanced scale, is in a state of equilibrium. But when from any cause down goes one side of the scale, we have the disease. Our Syrup, by its immediate is, to restore the normal balance of the scale.

CONSTITUTION LIFE SYRUP.

A positive and specific remedy for all diseases originating from an IMPURE STATE OF THE BLOOD, and for all (hereditary) DISEASES transmitted from PARENT TO CHILD.

Paralysis.

Hemiplegia, Paresis, Paraplegia, Paralysis Agitans.

It is so universally admitted that Constitution Life Syrup is the only effective means of restoration in the various forms of Paralysis, that we need not reiterate that it is emphatically the Great Life-Giving Power.

Dyspepsia.

Indigestion, Liver Complaint, Constipation, Weight at Stom'h, Biliousness, Want of Appetite, Flatulence, Bad Breath.

Scrofula.

Sarcoma, Glandular Swellings, Ulcerations, King's Evil, Erysipelas, Salt Rheum.

This taint (hereditary or acquired), filling life with untold misery, is by all usual medical remedies incurable.

Rheumatism.

(Arthritic), Lumbago, Neuralgia, Sciatica, Gout, The Dolorous.

If there is any disease in which the Constitution Life Syrup is sovereign, it is in Rheumatism and its kindred affections. The most intense pains are almost instantly alleviated—enormous swellings are reduced. Cases, chronic or vicarious, of 20 or 30 years standing, have been cured by us.

Nervousness.

Nervous Debility, Confusion of Thoughts, Epilepsy, Loss of Power, Shattered Nerves, St. Vitus' Dance.

Thousands who have suffered for years will bless the day on which they read these lines, who medically to weak, suffering women will this medicine prove an inestimable blessing—directing their footsteps to a Hope which fulfils more than it promises.

Mercurial Diseases.

Salivation, Feeling of Weariness, Retting of Bones, Foul Complexion, Aches in Bones, Depressed Spirits.

Constitution Life Syrup purges the system entirely from all the evil effects of MERCURY, removing the Bad Breath, and curing the Weak Joints and Rheumatic Pains which the use of Calomel is sure to produce. It hardens Spongy Gums and secures the teeth as firmly as ever.

Constitution Life Syrup

Eradicates, root and branch, all Eruptive Diseases, such as

ULCERS, PIMPLES, BLOTCHES.

And all other difficulties of this kind, which so much disfigure the outward appearance of both males and females, often making them a disgusting object to those they most desire to please.

CONSTITUTION LIFE SYRUP

Cures all Swellings of the Glands,

Either of the Face, Neck or Female Breast, and should be taken as soon as the swelling is detected, thus preventing their breaking and producing troublesome Ulcers. Scrofula, which imbitters so many of the younger portion of the community, from six to twenty years of age. Young children are very subject to Discharges from the Ears, which depend upon a Scrofulous Constitution. These cases soon recover by taking a few doses of the Life Syrup.

All scrofulous diseases suffering from Debility, Emaciation, Dyspepsia; Dropsy, of the limbs or abdomen, and in the female Dropsy of the ovaries and womb, accompanied by Leucorrhœa, inflammation and ulceration of the uterus; are permanently cured by Constitution Life Syrup. This disease knows no distinction of rich or poor, which the Life Syrup will remove entirely. The remedy should be taken for some time, as the disease is exceedingly chronic and stubborn, and will not be removed without persisting. Tumors of the Ovaries, Tumors of the Breast, and swelling of other glands of the body will be completely removed without resorting to the knife or operations of any kind.

Epileptic Fits, Sympathetic or Organic Diseases of the Heart (the former characterized by Convulsions, producing a grating or filing sound), Dropsy of the Heart Case and all the affections of this important organ, or persons suffering from any acute pain in the region of the heart, will be greatly relieved by Constitution Life Syrup.

Broken-Down and Delicate Constitutions,

Suffering from Indisposition to Exercise, Pains in the Back, Loss of Memory, Forebodings, Horror of Consumption, Dyspepsia, Palpitation of the Heart, Shin and Extremities, Want of Sleep, Restlessness, Pale Haggard Countenance and Lassitude of the Muscular System, are speedily cured by the use of the CONSTITUTION LIFE SYRUP.

For all forms of **Ulcerative Diseases**, either of the Throat, Tongue, Tonsils, Forehead or Scalp, no remedy has ever proved its equal.

MOTH PATCHES upon the female face, depending upon a derangement of the Liver, are very prominent to the young wife and mother. A few bottles of Constitution Life Syrup will correct the secretion, and remove the deposit which discolors the skin.

In Diseases of the Liver, giving rise to langnor, dizziness, indigestion, weak stomach, or an ulcer seated in any portion of the system, with pain, accompanied with burning or other unpleasant symptoms, relief may be obtained by the use of CONSTITUTION LIFE SYRUP.

☞ *As a general Blood-Purifying Agent, the Life Syrup stands unrivalled by any preparation in the world.*

Diseases of the Spine, so usually developed in the young, Hip Disease, Neuralgia, and all Nervous Diseases, and Ladies who are suffering from diseases for which they are at a loss to know what to do, we would advise the use of CONSTITUTION LIFE SYRUP. It will restore their pallid countenance, strengthen their weak back and side, give them new energy, new life and happiness.

THE RICH AND POOR are liable to the same diseases. Nature and Science have made the Constitution Life Syrup for the benefit of all

PURE BLOOD produces healthy men and women. CONSTITUTION LIFE SYRUP, taken in youth, disease and early death are the results. Do not delay when the means are so near at hand, and within the reach of all.

TO MOTHERS AND MARRIED LADIES.—It is the safest and most effectual medicine ever discovered for purifying the system and relieving the suffering attendant upon pregnancy. It strengthens both the mother and the child, prevents pain and disease, and increases and enriches the lacteal. Those who have used it think it impossible. It is highly useful both before and after confinement, as it prevents disease attendant upon childbirth.

Constitution Life Syrup

Is the Poor Man's Friend and the Rich Man's Blessing!—Buy it, take it, and be cured.—It is Universal in its effects

Glad News for the Unfortunate!

The Long Sought For Discovered at Last.

CURES FROM ONE TO THREE DAYS

CHEROKEE REMEDY

—AND—

CHEROKEE INJECTION,

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Incontinence of the Urine, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Stranury, Gravel, Gleet, Gonorrhœa, and is strongly recommended in those cases of Fluor Albus or Whites in females where all the old nostrums mostly times have failed.

It is prepared in a highly concentrated form, the dose only being from one to two tablespoonfuls twice daily per day.

It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an adjuvant to the CHEROKEE REMEDY, and should be used in conjunction with that medicine in all cases of Gonorrhœa, Gleet, Fluor Albus or Whites. Its effects are healing, soothing and disinfecting; removing all scalding, heat, chordee and pain, instead of the burning and almost unendurable pain that is experienced with nearly all the cheap quack injections.

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

For full particulars get our pamphlet from any drug store in the country, or write us and we will mail free, to any address, a full treatise.

Price—CHEROKEE REMEDY, $3 per bottle or three bottles for $8.

Price—CHEROKEE INJECTION, $3 per bottle, or three bottles for $6.

Sent by Express to any address on receipt of price. Sold by all druggists everywhere.

THE GREAT

INDIAN MEDICINE,

COMPOUNDED FROM

ROOTS, HERBS AND

LEAVES,

CHEROKEE

CURE.

An unfailing cure for Spermatorrhea, Seminal Weakness, Nocturnal Emissions, and all diseases caused by self-pollution; such as Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Trembling, Palpitation, Irritable Temper, Pale Countenance, Insanity, Consumption, and all the direful complaints caused by departing from the path of rectitude.

☞ This medicine is a simple vegetable extract and one on which all can rely, as it has been used in our practice for many years, and with thousands it has not failed in a single instance. Its curative powers have been sufficient to gain victory over the most stubborn cases.

☞ To those who have trifled with their constitution, until they think themselves beyond the reach of medical aid, we would say, *Despair not!* the CHEROKEE CURE will restore you to health and vigor, and to a quack doctor have failed!

☞ For full particulars, get a circular from any drug store in the country, or write the proprietors, who will mail free to any one desiring the same, a full treatment in pamphlet form.

☞ Prices, $2 per bottle or three bottles for $5, and forwarded by express to all parts of the world.

Sold by all respectable druggists everywhere.

DR. WRIGHT'S

REJUVENATING ELIXIR,

OR ESSENCE OF LIFE.

Prepared from Pure Vegetable Extracts,

Containing nothing injurious to the most delicate.

The Rejuvenating Elixir is the result of modern discoveries in the Vegetable kingdom; being an entirely new and abstract method of cure, irrespective of all the old and worn out remedies.

This medicine has been tested by the most eminent medical men of the day, and by them prescribed in one of the greatest medical discoveries of the age.

One bottle will cure General Debility.
A few doses cure Hysterics in females.
One bottle cures Palpitation of the Heart.
A few doses restore the organs of generation.
From one to three bottles restore the manliness and full vigor of youth.
A few doses restore the appetite.
Two bottles cure the worst case of Impotency.
A few doses cure the failing general debility.
One bottle restores mental power.
A few doses bring the rose to the cheek.
This medicine restores to manly vigor and robust health the poor debilitated, broken-down and despairing devotee of sensual pleasure.

The listless enervated youth, the over-tasked man of business, the victim of nervous depression, the individual suffering from general debility, or from weakness of a single organ, will all find immediate and permanent relief by the use of this Elixir or Essence of Life.

☞ Price, $2 per bottle, or three bottles for $5, and forwarded by express, on receipt of money, to any address.

Sold by druggists everywhere.

CHEROKEE PILLS!

SUGAR-COATED.

FEMALE REGULATOR.

Health Preserver!!

CERTAIN AND SAFE.

☞ For the Removal of Obstructions, and the Insurance of Regularity in the Recurrence of the Monthly Periods.

They cure or obviate those numerous diseases that spring from irregularity, by removing the irregularity itself.

They cure Suppressed, Excessive and Painful Menstruation.

They cure Green Sickness (Chlorosis).

They cure Nervous and Spinal Affections, pains in the back and lower parts of the body, Heaviness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysteria, Sick Headache, Giddiness, &c., &c. In a word, by removing the irregularity, they remove the cause and with it, all the effects that spring from it.

Composed of simple vegetable extracts, they contain nothing deleterious to any constitution, however delicate, their function being to substitute strength for weakness, which, when properly used, they never fail to do.

They may be safely used at any age and at any period, *except during the first three months*, during which the unfailing nature of their action would inevitably prevent pregnancy.

☞ Full instructions, or advice will be promptly, freely and discreetly answered.

Full directions accompany each box.

☞ Price $1 per box, or six boxes for $5, sent by mail, postage free, on receipt of price. Sold by all respectable druggists.

THE MAGEE

COOKING STOVE.

The subscriber, having received his Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large upper broiler for cooking by water; also a large tin warming-closet attached, in which many article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

"MAGEE'S PATENT"

VENTILATING & AIR WARMING

FURNACES!

The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable furnace, would ask those about remodeling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache and much complained of in other furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the chimney without entirely being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of a sufficient quantity of oxygen, to ignite them as they pass off from the coal, thus using at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used.

We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq.,	Albert R. Hatch, Esq.,
Aaron R. Hill,	Charles H. Morgan,
Henry F. Wendell,	John Shaw, and others.

For the cure and immediate relief of Catarrh, Colds in the Head, Dryness of the Air passages, &c.

This Snuff does not succeed one in inhaling it. It will break up a Cold in the Head in a few minutes. It is soothing and soothing in its effects. Every one, as far as is known, is satisfied with its results. The large formula in the bottle is for the gross and dozen, shows its value. The Proprietor was cured last winter of Catarrh of many years standing, with his "Catarrh Snuff," and the cure is PERMANENT.

ESTABLISHED 1852. PORTSMOUTH, N. H. MONDAY, JULY 18, 1864. VOL. XXV. No. 14.

The Chronicle.

☞ A painfully interesting pair at a Baltimore hospital are two soldiers, one named Perio, who lost both arms at Charleston; the other, named Smith, who lost both legs at Gettysburg. No man and wife are closer companions, and they will end their days together. The legless man feeds, dresses and attends the man without arms; and the armless man attends as best he can upon his legless friend. The armless man attends church every Sunday, which the man without legs cannot do. His companion wishes to purchase for him a velocipede, that they may go to church together. They have not the money. Neither has home or relatives able to do anything for them. With all their deprivations, the greatest extravagance they indulge in is a wish for a velocipede, that they may go out together. The armless man now carries the legless one, whenever they go out, upon his back. The distance from the hospital to the church is too great for such a means of locomotion.

☞ A certain man residing in a small village in the northern part of New Jersey, had three sons, all smart and intelligent boys. The youngest was always merry and cracking his jokes with everybody, until he attained the age of nineteen, when he refused to converse with any one excepting his own brothers, assuring himself that no one was listening. A man living in the same house with him for ten years never heard him utter a syllable. A bully living in the village offered to wager a barrel of cider that he could force him to talk, which was accordingly taken. The next day "Noisy" Sam (as he was sometimes called) started out from the village after some timber, when he was met by the bully, who told him he must beg or he would whip him. Sam took no notice of him, but walked on, when the bully attacked him, and the result was that the bully got a sound thrashing and lost the cider into the bargain. Sam lived until he was an old man and died a few years ago. The reason for the actions of this man never became known.

The great State of Pennsylvania, it seems to us, ought to be put under guardianship until she organizes and drills her militia, say about 100,000 of them, as a barrier and protection from the annual rebel invasion.—*N. Y. Express.*

The little State of New Hampshire ought to revive its old militia system, in substance,—and ought to have done it three years ago.

The Sparrowgrass Home Guard, who stipulated to disband in case of a riot or invasion, are overshadowed. When our forces had engaged in the defence of Frederick, on Friday, the ammunition gave out, and it proved that the Quartermaster of the post had removed it all on the Sunday previous in anticipation of an attack.—*Prov. Bulletin.*

The police seems to have generally taken possession of the minds of the Democratic masses in this city, that Wood has made a bargain with the Administration to break up the Democratic party, and it will be almost impossible for him to disabuse the public mind. The result is that Fernando Wood may be considered played out.—*N. Y. Herald.*

— The Fourth of July celebration at San Francisco, on Monday, was the most general and enthusiastic ever known in California. Dr. Bellows delivered an oration and received the most hearty applause over passages denouncing the monarchical schemes in Mexico, and rejoicing over the probable death of slavery.

What is most appropriate to a doctor's house? *Blue-pil-ars* in front.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)
76 State street, opposite Kilby street,
Boston.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States, also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters relating to the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none ARE MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGE AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and elsewhere, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their application in the form to secure for them a valid and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such uninterrupted success proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."
JOHN TAGGART.
During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications to THREE DIFFERENT AGENTS EVERY claim which was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private disease; at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this (one particular branch of practice, enabled him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the safest as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords Hydrocele, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Blits, Ulcers, Abscesses, and all other impurities of the system, are perfect under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their healths and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friendly counsellor and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. J. T. broken down in health, now rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of the subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for everybody.—Startling disclosures. Dr. Teller's great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts. Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The author has received a Medal for his Library. A lecture on Love, or how to choose a Partner—a complete work on Midwifery, it contains hundreds of receipts, never before published. Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, inclosed, will secure a copy by return mail. Dr Teller has devoted a lifetime to the cure of those diseases upon which his books treat.
TO THE LADIES.
Dr. Teller still remains the only Agency in America, for the sale of Dr. Vichot's Italian Female Monthly Pills. The sale of more than 20,000 boxes, establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other complaints peculiar to females.
CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see circulars which accompany each package, for the guidance of physicians. On receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 8 A. M. to 8 P. M., and on Sundays from 2 to 5 P. M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, and sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

VERNATELLA.
Warranted to make the Soles of Boots and Shoes water and dampness proof, and wear one-third longer.
VERNATELLA
Is a preparation from Copper, having no grease, linseed oil, or anything of the kind, and when the soles are once saturated with it, water can no more get through them than through copper itself. Price 25 Cents Per Bottle, at retail everywhere.
But as cost to the purchaser is really nothing, as it makes the soles last enough longer to more than pay for it, leaving as a net gain the making of them Water and Dampness Proof, and the preservation thereby of that priceless gem, the health.
☞ LADIES, READ THIS! ☜
SAVE YOUR HEALTH.
Use Vernatella on the Soles of your Shoes. It makes them water proof and thereby protects your feet from dampness, for the ground is always more less or rather from rain or the morning and evening dew.

Morning Chronicle.

Portsmouth, N. H.

MONDAY, JULY 18, 1864.

THE REBELLION.

Gen. Sherman has driven the rebels, and has arrived in front of the fortifications at Atlanta, Ga. He has successfully made a toilsome march from Chattanooga of over 120 miles, over ground hotly contested and naturally very favorable for defence. Atlanta is of vital importance to the rebels. Three main railroads diverge from it,—the road to Chattanooga, the Georgia road running east to Charleston, and the road on the south, which forks into that leading to Montgomery and Pensacola on the southwest, and into that running through Macon to Savannah, on the southeast. The machine shops of the principal railroads are located here; also, the most extensive rolling mill in the South, foundries, pistol and tent factories; and the rebel government have works for casting shot and shell, making gun carriages, cartridges, caps, shoes, clothing, &c., &c. Possibly the rebels have removed much of the machinery and warlike stores elsewhere.

Private advices from Nashville report that Atlanta has been evacuated.

The expedition from Vicksburg to Jackson, Miss., numbered less than 3000 Union troops. They left Jackson on the 6th, and our advance was attacked in strong force, but the rebels were driven back. The next morning the rebels assaulted our rear near Clinton, and were again repulsed. The ground was strewn with their dead and wounded. Our loss was less than 100 killed and 50 wounded. We took 30 or 40 prisoners. No cotton was brought in.

Special dispatches say it is estimated that the rebel raiders secured 10,000 head of cattle and horses, besides droves of sheep and hogs. The last of their rear guard passed through Rockville, at noon on Wednesday. Breckinridge and staff are reported to have been at Leesburg, Thursday. The conflict before Washington though brief was bloody, and it is thought that the rebel killed and wounded must have reached 15,000.

Considerable skirmishing along Gen. Grant's lines for the past few days, is reported. Gen. Sheridan has gone on another raid. The dates from Gen. Grant's army are to Thursday. Nothing of importance had occurred."

By Telegraph—Sunday noon.

Intelligence from the Upper Potomac is to the effect that our forces are in Virginia, following up the retreating rebels.

The mail steamer from City Point arrived this morning. There has been nothing of unusual interest at the front as yet. There have been indications of a fight on a large scale for several days past. The rebels have been feeling the Federal lines. Gen. Sheridan has gone on another raid, and as yet nothing has been heard from him.—Passengers by the boat predict a great battle in a few days. As the mail boat was steaming down the James River a body of rebel cavalry was observed moving on the shore near Wilcox Landing, but they did not attempt to injure the steamer. At this Landing the rebels have opened a land battery on several transports.

Reconnoissances show that the enemy are not on the line of the Manasses Railroad, as they were reported to be. Information received direct from Loudon Valley says the rebel force on the retreat from Maryland and Washington is moving down that Valley towards Gordonsville. The rebels seem to be retreating rapidly. Our forces who are in pursuit captured General Bradley Johnson near Edward's Ferry, but he was subsequently rescued by a bold dash of his own men. All quiet in the Army of the Potomac.

Friday, an official report to the Post Office Department shows that the mails for 28 different cities were burnt at Gunpowder bridge. The railroad trains left Washington Saturday forenoon for Philadelphia direct. Interesting news is daily expected from Gen. Grant's army.

A dispatch from St. Joseph says five companies of militia have pretty much all gone over to the rebels under Thornton.

Mobile papers are desponding, fearing raids by sea and land. A steamer recently ran the blockade into Mobile with a valuable cargo. Gen. Lovel has been restored to the rebel service.

☞ The following singular statement was made at a late meeting of the American Institute Farmers' Club at New York:

To prevent steers from jumping fences, clip off the eyelashes of the under lids with a pair of scissors, and the ability or disposition to jump is as effectually destroyed as Sampson's power was by the loss of his locks. The animal will not attempt a fence until the eyelashes are grown again. Of this we are informed by Samuel Thorne, the great breeder of Duchess County, who assured us that he had tested it upon a pair of very breachy oxen. As it was of great value to him, he hopes it will be tried by others.

— More vessels are to be sent after the pirate Florida.

NEW HAMPSHIRE ITEMS.

—— Maj. Grantman has been promoted to the Lieut. Colonelcy and Capt. Smith to be Major of the 10th regiment.

—— The Carroll County Agricultural Society has decided to hold no Fair the coming autumn.

—— Rochester has voted to pay drafted men or their substitutes at the rate of $600 for three years men, $400 for two years, and $200 for one year.

—— The House of Representatives has passed the bill to incorporate the Portsmouth, Great Falls and Conway railroad, after adding a section giving the right of repealing. The bill to exempt volunteers and conscripts from a poll tax has also been passed.

—— The people of Lancaster celebrated, on the 14th inst., the hundredth anniversary of the incorporation of their town. The arrangements were made under the efficient direction of Col. Henry O. Kent. All business was suspended. There were salutes, a procession; an address by Hon. David H. Mason of Boston, and speeches by several gentlemen, natives and residents of the town; a dinner, &c.

—— The bill for the enlargement of the Capitol passed the Senate on Friday afternoon. It provides that Concord shall remodel the State House according to modified plan No. 2, and have the work completed before June 1, 1865. The expense is estimated at from one hundred and fifty to two hundred thousand dollars. A new street must be opened on or before the middle of next month, at an estimated additional expense of $50,000.

—— The Rochester Courier tells the following story:

When it was proposed to "hold the Court" at Rochester, interested parties declared it would never do, saying among other things that the place was too poor and the potatoes so small that they should have to eat them with a spoon; but in spite of the small potato argument, Rochester got the Court and held it many years. When at the first session the well remembered Mrs. Ordion, who so well knew how to "keep a hotel," rang her bell for dinner, lawyers and others were surprised at the mouthfuls size and abundance of potatoes on the table, each dish being accompanied by a number of spoons. In a moment the joke was seen, and an uproar of laughter followed.

THE "ESSAYS AND REVIEWS"—Twenty-five of the Episcopal bishops of this country, following the example of their brethren in England, have signed the following declaration, aimed at the heresies of the celebrated "Essays and Reviews:"

We, the undersigned, bishops and clergymen of the Protestant Episcopal Church in the United States of America, hold it to be our bounden duty to the Church of England and Ireland, and to the souls of men, to declare our firm belief that the said church, in common with our own and the whole Catholic Church, maintains, without reserve or qualification, the inspiration and Divine authority of the whole Canonical Scriptures as not only containing, but being the Word of God; and further teaches, in the words of our blessed Lord, that the "punishment" of the "cruel," equally with the "life" of the "righteous," is everlasting.

— The "Baltimore woman" who betrayed Gen. Franklin to the rebels in the car where they captured him, for this offense should be sent to an Insane Asylum if she is a thick head, or to a Penitentiary if she is a copperhead.

— The Richmond Dispatch regards the equality of man the only blunder in the Declaration of Independence. But some of the Dispatch's northern allies stick to it that the Declaration did not mean equality. One or the other must be in error.

— Marcus T. Reynolds, one of the most celebrated members of the New York Bar, died in Albany on Tuesday. He commenced the practice of law in 1811. He avoided politics, and was devoted to his profession.

— Washington, Mass., according to the Springfield Republican, has neither church, post-office, clergyman, lawyer, doctor, income, license, carriage nor plate, and pays not a cent to the internal revenue department.

— In the Boston Directory, just published by Messrs. Adams, Sampson & Co., appear the following singular names: Fers, Moon, Bear, Cyfar, Kaan, Lash, Povah, Hyson, Jack, Goos, McAdoo, Bobrosky, Cromphors, Doldt, Lembket, Loehs, Nitzche, Sheltz, Tehfuss, and Tumgrinede.

— The Reverend Doctor Kennard of the Tenth Baptist Church, in Philadelphia, has preached ten thousand sermons, baptized two thousand and thirty-three persons, married four thousand and eighty-nine couples, and attended three thousand nine hundred funerals in forty-six years.

— A peat company is about to be formed in Rochester, to supply that city with fuel. It seems that the peat can be cut, dried, and conveyed to the city at a much less cost than coal. Long Island and New Jersey, it is said, are likely to produce large quantities, and the method of drying the peat and preparing it for market has been patented. A substance is derived from the peat that resembles coal.

— The total loss by the fire in Brooklyn, N. Y., on Friday, exceeds $700,000.

— Isaac Henderson, late Navy Agent at New York, had been held for trial on the charges preferred against him.

— The Dutch refiners furnish the English annually with sixty-five thousand tons of sugar.

— It is estimated that 600 buildings are being erected in Chicago, including churches and expensive blocks.

— The Post says the amount of imported goods stored in New York is greater than ever before.

— Tennyson's new volume of poems, "Idylls of the Hearth," is to appear in the middle of July.

— The New York city daily newspapers, on or before the first day of August, will raise their prices to a five cent standard.

— Counterfeit Fives on the Hingham Bank, Mass., an imitation of the genuine, are being circulated.

— The public schools at Buffalo, N. Y., offer prizes to the young lady pupils for the best loaves of bread. This is a much kneaded accomplishment.

— Hon James F. Simmons, formerly a U. S. Senator, died on Thursday at his residence in Johnston, R. I., at the age of about 69 years.

— An ingenious man in Hartford has invented a "seamless keg"—turned out of a solid piece of wood. The oystermen are looking at it.

— The Mayor of Newburyport has been authorized to employ a suitable person or persons to ascertain the names of all those improperly enrolled in that city.

— The Reading (Penn.) Railroad has been taken possession of by the military authorities, and they will now bring supplies of coal without regard to strikes.

— There are twenty vessels loading with petroleum, at Philadelphia, for Liverpool, Cork, Glasgow, Falmouth, Antwerp, Rotterdam, Havre, Marseilles and Bremen.

— American rhododendrons are the pride of the British conservatories. The scarlet variety is much prized, and is now the greatest attraction at the Royal Botanic Gardens, Regent's Park.

— The terms of the Biddeford Journal have been raised to $2.50 per year,—$2 in advance. It is a good local paper, and worth that at any time, even if the price of material had not advanced.

— A train with about 830 rebel prisoners on their way to camp at Elmira, collided with a coal train in Pennsylvania on Friday, killing and wounding, it is reported, over 100.

— A man was robbed of $10,000 in the Eagle Bank, Boston, on Friday. He laid the bundle on the counter, and somebody picked it up while he was counting another roll of bills.

— Vermont is entirely independent of the foreign market in regard to sugar and molasses. The St. Albans paper says not an ounce of imported sugar will be seen in many sections this year.

— The Americans in London have given a breakfast at St. James Hall to two officers of the Kearsarge. The gathering was very numerous.

— In Parliament, in reply to a question, it was stated that Quebec and Montreal were to be put in a defensible state, and that orders had been sent to concentrate troops in those cities.

— It is stated that one way the New Yorkers have of impressing people with their greatness is keeping in Broadway their policemen, who are six feet or more in height. No one under six feet is allowed in the Broadway squad.

— The Washington Star says Gen. McCook has not been placed in charge of the northern defences of the capital, as reported. He has been assigned to the command of a camp of reserve now rapidly organizing in that department.

— Rev. Daniel Waldo, nearly one hundred and two years old, fell down a flight of stairs at Syracuse, N. Y., week before last, and received a shock which may prove fatal. He was Chaplain to Congress quite recently.

— Cotton has made the fortune of Dundee. Jute is now its staple manufacture, with great profit. It is a good substitute for cotton in many articles. A chemist has succeeded in bleaching and dying it so perfectly that it can be used in place of silk for many articles.

— It is stated that by naval laws, when an inferior vessel sinks a superior one, her entire value goes to the victors. The Alabama being estimated to be worth $500,000, Capt. Winslow will be entitled to from $70,000 to $100,000, while the seamen will get from $1200 to $1500 each.

— There are sympathizers living within the borders of Washington who considered themselves safe in giving aid to the rebels during their stay in the vicinity, who are about to come grief. Already a number have been arrested, and more will get their just dues.

Ayer's Sarsaparilla

Is a concentrated extract of the choice root, so combined with other substances of still greater alterative power as to afford an effectual antidote for disease. Sarsaparilla has been used to cure. Such a remedy is surely wanted by those who suffer from strumous complaints, and that one which will accomplish their cure must prove, as it has, of immense service to this large class of our afflicted fellow citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found in the following complaints:—

Scrofula, Scrofulous Swellings and Sores, Skin Diseases, Pimples, Pustules, Blotches, Eruptions, St. Anthony's fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ringworm, &c.

Syphilis or Venereal Disease is expelled from the system by the prolonged use of this SARSAPARILLA, and the patient is left in comparative health.

Female Diseases are caused by scrofulous in the blood, and are often soon cured by this EXTRACT OF SARSAPARILLA.

Do not discard this invaluable medicine, because you have been imposed upon by something pretending to be Sarsaparilla, while it was not. When you have used AYER'S—then, and not till then, will you know the virtues of Sarsaparilla.

For minute particulars of the diseases it cures, we refer you to Ayer's American Almanac, which the Agents below named will furnish gratis to all who call for it.

AYER'S CATHARTIC PILLS, for the cure of COSTIVENESS, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Headache, Piles, Rheumatism, Heartburn arising from Disordered Stomach, Pain or Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Liver Complaint, Dropsy, Worms, Gout, Neuralgia, and for a Dinner Pill.

They are sugar coated, so that the most sensitive can take them pleasantly—and they are the best Aperient in the world for all the purposes of a family physic.

Prepared by J. C. AYER & Co., Lowell, Mass., and sold by Brackett Hutchings, J. H. Thacher, W. R. Preston, David Kimball, and all druggists.

DR. TEBBETS' "PHYSIOLOGICAL HAIR RESTORATOR" is compounded in strict accordance with the well known laws of Physiology and modern approved Chemistry. It is not a "Dye," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "REGENERATOR" is warranted to produce the above results in all cases, if not the money will be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.

PARTICULAR NOTICE.—From this date our Carriers of Subscribers' lists are not allowed to sell copies of the Chronicle, nor to receive pay for any subscriptions, except when furnished by us with receipts for the same,—which will not be given for less term than 1 month, 60 cts., or 3 mos. $1.50, in advance. If any prefer to pay weekly, they can do so at our counting room only. Will all concerned please remember this, and thus aid in the more prompt and accurate delivery of our papers. July 13.

NAVY YARD ITEMS.—The following we accidentally omitted from our report of Saturday:

The immense iron-clad Passaconaway, which, we believe, is to have four turrets, is on the stocks in the middle ship-house, but sticks out largely at one end. Her length is 332 feet, and it would seem impossible to make a vessel stronger than she is being built. Years must be consumed in completing this naval leviathan.

In the other ship house is the Contoocook, wooden gunboat, but iron-braced, or cuirassed, inside—a beautiful little vessel.

Besides these, arrangements are being made to commence three more first-class steam-sloops—the Piscataqua, Illinois and Minnetonka, of which the keel for one is laid. So the veteran Constructor Pook has plenty of room for the exercise of his great skill and wide experience.

Engineer Chandler is projecting great improvements on the Yard—for which Seavey's Island is vitally needed, and should be purchased. The new paint-shop is about done, and the extension of the ordnance building progressing.

☞ The Herald states that the person accidentally shot on Tuesday evening, after the fracas in the cars of the Eastern railroad—Andrew H. Louden—now at the Franklin House, Newburyport, is likely to recover, though the ball has not been extracted. On Thursday he was very feverish, and fears of a fatal termination were entertained, but on Friday he was in a fair way to recover. He proves to be a man of good family and character, of Philadelphia. He was not one of the crew of the DoSoto, as at first reported, but a passenger, and was assaulted before he drew his pistol. No one has appeared as yet to charge him with any offence.

☞ Old Fort McClary, at Kittery Point, is getting to be a gay place. They have lately had a live author, Capt. Sylvanus Cobb, jr., for an officer there; and now have Vice President Hamlin among their high privates—and he goes through all the motions of his duty too, for which he was regularly mustered in, for 60 days. The rumors of contagious sickness there, or anywhere else about here, are false.

PRESENTATION TO CAPT. WM. O. SIDES. Capt. Sides is at present on duty in the 12th Regiment Veteran Reserve Corps, Co. C, stationed at Hampton, Virginia.—On the 1st of July the members of his company presented him with a magnificent Gold Watch, as a token of their respect and regard.

☞ The Hay weather of last week was excellent, and most of the crop thus far harvested is of better quality than has generally been seen about here for some years.

☞ A new and commodious omnibus is soon to be put on the route between Portsmouth and Cape Neddick, under the direction of Mr. Farwell, proprietor of the stage line.

☞ The Rochester Courier states that quite a large gang of ship carpenters from Portsmouth are at work near the G. F. & C. Depot, on the logs of Reuben Tilton & Son. The timber is being got out for Wm. F. Fernald, of this city.

☞ No trouble in keeping warm now—but next winter you will be glad to have some of the Blankets advertised by Bachman & Co.

ANTIQUARIAN MEETING.—On Saturday last we were present at the meeting of the two oldest ladies in Portsmouth. Mrs. Gilman, in her 94th year, called on Mrs. Pray, in her 96th year. They are both natives of Portsmouth, born within fifty rods of each other, always resided here, and yet this was the first occasion on which they had ever been made acquainted. It was interesting to hear the conversation of these two individuals who were girls of 5 and 7 when the Declaration of Independence was made, and to whom the whole history of our country from its birth was but a thing of yesterday. But most prominent in the expressions was gratitude for the personal mercies they had experienced. Each has been the mother of eight children. It was the remark of one who was present when they parted, that the meeting seemed like a conjunction of two planets—they kissed and parted, to meet again somewhere in the heavens.—*Journal.*

— One of the Sandwich Island Judges is named Ii—that's the way to spell it—but whether it is pronounced Big I—Little I—Double I—or Eye-Eye—or My-Eyes—who knows?

CITY OF PORTSMOUTH.

IN BOARD OF ALDERMEN, July 14th, 1864.

Resolved, That the Resolution passed by this Board July 3d, ordering the City Marshal to arrest Charles Stimpson, Chief Carpenter, and Charles E. Hawkins, Master, both of the Navy Yard—should they be found in this city—be, and the same is hereby rescinded.

Resolved, That the above be published in the Morning Chronicle.

A true copy.

Attest, MARCELLUS BUFFORD,
Clerk of Board of Aldermen.

☞ The verdict of the Coroner's Jury in the matter of the terrible railroad slaughter at Richelieu River, Canada, censures the engine-driver for carelessness; the locomotive foreman for employing such a driver; the very general neglect of the rule requiring trains to stop before crossing a drawbridge; the guardians of the bridge for not reporting such neglect; the conductor for not having another brakeman on the train in question; and finally they recommend that the drawbridge where the slaughter took place should be abolished altogether.

A SINGULAR INCIDENT.—Twenty years ago a gentleman of this city resolved to move out West and started for his destination. In New York he stopped at a second class hotel, and while there was robbed of a purse containing about $2,000 in gold. In the course of his peregrinations he was successful and had forgotten all about his loss, having accumulated a handsome property. When the war broke out he was too old to enlist, but feeling patriotic, he offered his services to Gen. Logan and acted as quartermaster to a brigade. One night, on the march, the army arrived at a small town in Southern Alabama, and according to orders, he took possession of the inn for general headquarters. While talking with the landlord he discovered that he formerly kept a hotel in New York, and, upon pressing his inquiries, found that he was the identical landlord of the house in which he had been robbed. In the course of the evening he arranged a mock court martial and brought the landlord before it, charging him, among other things, with the robbery. Much to his surprise the landlord confessed the robbery, and he had his choice to restore the money or die at sunrise. The man received his principal, and all the interest the landlord could afford to pay, in gold, which the gentleman invested in U. S. 7 3-10 notes.—*Boston Traveller.*

— The number of distinct species of insects already known and described cannot be less than 200,000. There are nearly 20,000 beetles.

— An incendiary fire in Salem on Friday night destroyed several wooden buildings. Loss from $12,000 to $15,000, on which there is very little insurance.

— Many of the Pacific Islands are well adapted to the culture of cotton. The experiment with it in Tabita has been very successful, and preparations are being made for the more extensive cultivation of it.

— The steamer Fung Suez, which sailed from St. John on Wednesday, "for China," put into Cutler, Me., the next night, and sailed on Friday A. M. She is deeply laden, pierced for 6 guns, and probably intends to run the blockade, receive an armament, and run out as a rebel pirate.

Facts for the People.

The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of STOVES and Castings several times since the war began; and it is now arranged to make a general advance of 25 to 50 per cent. this season.

We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now, as its capacity and the cost of operating it. All things considered, there is no Stove equal to

THE MODEL COOK.

IT IS, IN FACT,

The Best Stove Out,

for economy, convenience and dispatch.

Many people think it best to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.

One of our shrewdest citizens who purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.

A careful, prudent farmer purchased one, and after it had been in operation some days his son came into the store and said, "something was wrong at their house;" his father and himself used wood off the same pile, he burned three baskets full a day, and his father only one! We sold him a Stove before he left, and there has been no complaint since.

These Stoves are in use in many hotels and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.

MASON & HAMLIN'S

CABINET ORGANS,

Combining the requisites for Sacred and Secular, Church and Parlor Music; for Families, Sunday Schools, Day Schools, Churches, &c.

They are elegant as pieces of furniture; occupy little space; are not liable to get out of order or out of tune; are warranted for five years; will improve in tone by age, and are moderate in cost.

They are to private houses, Sunday schools and smaller churches, what the larger pipe organs are to large churches, and in addition to this are adapted to secular as well as sacred music.

The Cabinet Organ is essentially different from, and a marked improvement upon, all instruments of the melodeon or harmonium kind. Its superiority consists in many important characteristics.

The undersigned, Agent for the Manufacturers, will be pleased to show the Cabinet Organs to all wishing to purchase, at his residence, NO. 30 HANOVER STREET. A. PEARSON.

☞ It is an absolute fact that in a book named "Palmetto Pictures," recently published, the following verses, with many others like them, occur:

Tempests the thunderous foliage toss,
Locks of the Deity whirled to and fro;
Awfully sighs the oracular moss,
Art thou incarnate Dodona of yore?

Yonder indigenous endogens wave
Banner-like blades on a mystical bole,
And, with a vigor perennial, brave
Boreal blasts from the Alleh pole.

A Pleb Ugly Ambassador to Europe.—The notorious New York Judge—McCunn—sailed for Europe on Saturday last. A party of "friends" accompanied him to the steamer, drank his health, made speeches to him, and drew from him the announcement that "while abroad he pledged himself to take every occasion to represent the true cause of this terrible war, and to place the fearful responsibility where it truly belonged, to the Abolition fanatics of the North."

The New York Commercial Advertiser has the following remarks on the antecedents of this ornament of the bench:

Lest some benighted European might not be aware of the existence of such a man as Judge McCunn, we will state for his information that at the breaking out of this rebellion he held the office of City Judge in this city—a position corresponding with that of a London Police Magistrate—and that his martial and patriotic heart became fired in the cause of the Union to such a degree that he raised and equipped (as he claimed, at his own expense) the Thirty-seventh New York Volunteers, which he commanded for about nine months, when he left the army in compliance with a not very polite note from Gen. Geo. B. McClellan, in which the finding of a court-martial was indorsed, and the aforesaid McCunn was dismissed the service for "conduct unbecoming an officer and a gentleman."

Important to the Afflicted.

DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first made them, failed to cure the most alarming cases of

GONORRHŒA AND SYPHILIS.

Beneath his treatment, all the horrors of venereal and impure blood, Impotency, Scrofula, Gonorrhœa, Ulcers, pain and distension the region of procreation, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Humors, frightful Swellings, and the long train of horrible symptoms attending this dreadful disease, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr D., devotes a great part of his time to the treatment of those cases caused by secret and solitary habit, which ruins the body and unhinges the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and Limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The mental effects are Loss of memory, to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c. Strengthening cerils produced. Such persons should, before contemplating marriage, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or more, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your case. Dr. Dow has also for sale the French Capsules, warranted the best preventive. Order by mail, three for $1 and enclose the money.

Highly Important to Females

IN DELICATE HEALTH.

DR. DOW, Physician and Surgeon, No 7 & 9 Endicott Street, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in health and happiness.

Dr. Dow has no doubt had greater experience in the cure of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 9 A. M. to 9 P. M.

CERTAIN CURE

In all cases, or No Charges Made.

Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. at above, upon the treatment of those diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation second to no physician from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow has now ready and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

Constitution Life Syrup,

COMPOSED OF

IODIDE POTASSIUM,

With the compound concentrated fluid extract of

VALUABLE MEDICINAL

ROOTS AND HERBS,

Prepared by WM. H. GREGG, M. D., Graduate College Physicians and Surgeons, N. Y. formerly Assistant Physician Blackwell's Island Hospitals, late Medical Inspector New York State Volunteer Regiments, under Gov. Edwin D. Morgan.

Constitution Life Syrup

HAS PRODUCED

A REVOLUTION IN MEDICINE!

What may seem almost incredible, is, it at many diseases hitherto considered hopelessly incurable are frequently cured in a few days or weeks, and we cheerfully invite the investigations of the liberal minded and scientific to cure which have no parallel in the pages of history.

Our medicine is peculiar, by it the seat of disease is directly reached, and the equilibrium restored, hope when long deferred fading from parental and obstinate diseases, those who have vainly sought relief from advertised medicines, those who cannot be cured by other physicians—are

Invited to use Constitution Life Syrup.

During the past five years we have contended with obstinate and overcome cases, which have been less as ever encountered by any Reformers.

Rapidity of Cure.

Some say, "Your cures are too quick," while others doubt their permanence, and think that diseases can only yield to the slow and tedious process of Nature." This is our reply:

In health, the body, like a well-balanced scale, is in a state of equilibrium. But when by iron, any cause down goes one side of the scale and have the effects of disease. What is requisite is, to restore the normal balance of the scale.

CONSTITUTION LIFE SYRUP.

A positive and specific remedy for all diseases originating from an IMPURE STATE OF THE BLOOD, and for all (hereditary) DISEASES transmitted from PARENT TO CHILD.

Paralysis.

Hemiplegia, Paralysis, Paraplegia, Paralysis Agitans.

It is so universally admitted that Constitution Life Syrup is the only effective means of restoration in the various forms of Paralysis, that we need only referring that it is emphatically the Great Life-Giving Power.

Dyspepsia.

Indigestion, Liver Complaint, Constipation, Costiveness or Stomach Disorders, Want of Appetite, Flatulence, Sick Headache.

Scrofula.

Sorrows, Glandular Swellings, Ulceration, King's Evil, Erysipelas, Salt Rheum.

This salve (ointment or acquired) filling life with untold misery, is by all usual medical remedies incurable.

Rheumatism.

(Arthritis), Neuralgia, Gout, Lumbago, Sciatica, The Dolorous.

If there is any disease in which the Constitution Life Syrup is a sovereign, it is in Rheumatism and its kindred affections. The most intense pains are almost instantly relieved—excoriate swellings are reduced. Cases, chronic or vicarious, of 20 or 30 years standing, have been cured by us.

Nervousness.

Nervous Debility, Weakness of Thought, Epilepsy, Loss of Power, Shattered Nerves, or Fitter Dispos.

Thousands who have suffered for years will bless the day on which they read these lines. Particularly weak, suffering woman will this medicine prove a blessing. Hundreds have directing their footsteps to a Hope which failing more than it promises.

Mercurial Diseases.

Salivation, Feeling of Weariness, Retching of Bones, Bad Complexion, Aches in Bones, Depressed Spirits.

Constitution Life Syrup purges the system entirely from all the evil effects of MERCURY, removing the Mercurial Disease, and Mercurial Joints and Rheumatic Pains which the use of Calomel is sure to produce. It hardens Spongy Gums and restores the Teeth to health as ever.

Constitution Life Syrup

Eradicates root and branch all Eruptive Diseases of the Skin, like

ULCERS, PIMPLES, BLOTCHES,

And all other difficulties of this kind, which so much distress the outward appearance of both males and females, often making them a disgusting object to themselves and their friends.

CONSTITUTION LIFE SYRUP

Cures all Swellings of the Glands,

Either of the Face, Neck or Female Breast, and also Swellings of the Breast, and swelling is detected, thus preventing their breaking and discharging troublesome Discharging Sores, which disfigure so many of the younger portion of the community, from which, if cured, they could say, *Dapper* are the CHEROKEE CURE will restore you to health and vigor, and after all quack doctors have failed!

☞ For full particulars, get a circular from any drug store in the country, or write the proprietors, who will mail free to any one desiring the same, a full treatment in pamphlet form.

☞ Prices, $2 per bottle or three bottles for $5, and forwarded by express to all parts of the world.

Glad News for the Unfortunate!

The Long Sought For Discovered at Last.

CHEROKEE REMEDY

—AND—

CHEROKEE INJECTION,

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Incontinence of the Urine, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Stricture, Gravel, Gleet, Gonorrhœa, and is especially recommended in these cases of Fluor Albus or Whites in females, where all the old numerous medicines have failed to cure.

It is prepared in a highly concentrated form, the dose only being from one to two tablespoonfuls three times per day.

It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an ally or assistant to the CHEROKEE REMEDY, and should be used in conjunction with that medicine in all cases of Gonorrhœa, Gleet, Fluor Albus or Whites. Its effects are *healing, soothing and demulcent*; removing all scalding, heat, chordee and pain, instead of the burning and almost unendurable pain that is experienced with nearly all the *cheap quack injections.*

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

For full particulars get our pamphlet from any drug store in the country, or write us and we will mail free, to any address, a full treatise.

PRICE—CHEROKEE REMEDY, $3 per bottle, or three bottles for $8.

Price—CHEROKEE INJECTION, $2 per bottle, or three bottles for $5.

Sent by express to any address on receipt of price. Sold by all druggists everywhere.

ROOTS, HERBS AND

LEAVES.

CHEROKEE

CURE.

An unfailing cure for Spermatorrhœa, Seminal Weakness, Nocturnal Emissions, and all diseases caused by self-pollution; such as Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Trembling, Wakefulness, Eruptions on the Face, Pain in the Countenance, Insanity, Consumption, and all the direful complaints caused by departing from the path of nature.

☞ This medicine is a simple vegetable extract and one on which all can rely, as it has been used in our practice for the last twenty-five years, and has never failed in a single instance. Its curative powers have been sufficient to gain victory over the most obstinate cases.

☞ To those who have trifled with their constitution, until they think themselves beyond the reach of medical aid, we could say, *Despair not* the CHEROKEE CURE will restore you to health and vigor, and after all quack doctors have failed!

☞ For full particulars, get a circular from any drug store in the country, or write the proprietors, who will mail free to any one desiring the same, a full treatment in pamphlet form.

THE MAGEE

COOKING STOVE.

The subscriber, having received his Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the exception top there is a large copper Reservoir for hot water; also a large the warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shovelling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as those in use in families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

"MAGEE'S PATENT"

VENTILATING & AIR-WARMING

FURNACES.

The subscriber, being the Sole Agent in this vicinity for the above celebrated and most valuable Furnace, would ask those about remodelling or erecting buildings to examine this valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the heat is used for respiration, the tendency to produce headache so much complained of in other furnaces, is entirely obviated.

The advantages aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke-pipe or chimney.

To accomplish this many complicated and expensive contrivances and arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure, the reason for their failure is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in this.

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 30 per cent. of the properties of the best in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order; thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces are no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq.,	Albert R. Hatch, Esq.,
Aaron H. Hill,	Charles H. Mendum,
Henry F. Wendell,	John Sise, and others.

Smith's Catarrh Snuff.

For the cure and immediate relief of Catarrh, Colds in the Head, Dryness of the Air Passages, &c

This Snuff does not sneeze one in inhaling it. It will break up a Cold in the Head in a few minutes. It is soothing and healing in its effects. Every one, as far as is known, is satisfied with its results. The large demand it is having, by the gross and dozen, shows its value. The Proprietor was cured last winter of Catarrh of many years standing, with his "Catarrh Snuff," and the cure is PERMANENT.

A YANKEE NOTION.—An American capitalist came to me not many months since, says a sculptor, and opened the conversation by saying: "Sir, your name is Robson." I admitted my name was Robson. "And you are a statuary," said he. I admitted this fact also, substituting sculptor.

"Sir," continued he, "I will give you a commission." I bowed, and begged him to be seated. "Robson, sir," said he, drawing a paper from his pocket, "I am a re-markable man. I was born in the in-vi rons of Boston city, and began life by selling matches at five cents the bunch. I am worth, at this moment, a million of dollars." I bowed again, and said I was glad to hear it. "Sir," he went on to say, "how I aired that million of dollars—how from selling matches I came running of errands; to taking care of a hoss; to trading in dogs, tobaccos, cottons, rums and sugars; and how I came to be the man I am—you'll find all made out in this paper—dates and facts correct. Sir, it's a very re-markable statement." I replied that I had no doubt of it; but that I could not see what it had to do with the matter in hand. "Sir," said my capitalist—"everything. I wish to perpetuate my name. You have a pretty thing, sir, here in Rome—a pillar with a procession twisting up all round it, and a figger up at the top. I think you call it Trajan's column. Now, Robson, sir, I wish you to make me one exactly like it—same height, same size, and money no object. You shall re-present my career in all my va-ri-ous trades a-twist-ing round the column, beginning with the small chap selling matches at five cents the bunch, and ending with a full-length figger of me on the summit, with one hand thus in my bosom, and the other under my coat-tails!"

LORENZO DOW, the itinerant preacher, so famous in his lifetime for his eccentricity, commenced his sermon, on one occasion, by reading from St. Paul, "I can do all things." The preacher paused, took off his spectacles, laid them on the open Bible, and said—"No, you're mistaken for once; I'll bet you five dollars you can't, and stake the money." At the same time putting his hand in his pocket, he took out a five dollar bill, laid it on the Bible, took up his spectacles again, and read, "——through Jesus Christ our Lord." "Ah, Paul," exclaimed the preacher, snatching up the five-dollar bill and returning it to his pocket—"that's a different matter; the bet's withdrawn."

— A distinguished English physician has shown the difference in the average time of recovery from sickness between those who have been in the habit of using alcholic drinks moderately, and those who were total abstinents. The number who became infected from the same exposure of those who used the alcohol was nearly two to one of the other, and the time of recovery double.

HIGHLY IMPORTANT
—TO—
UNFORTUNATE FEMALES!

DR. BRISCOE'S FEMALE DROPS are unsurpassed by virtue and efficacy in removing all complaints, of whatever nature, incident to females. He continues, with his usual success, to medically and surgically remove Obstructions, Engorgements, Leucorrhœa, Whites, General Debility, &c., and suppressions of all kinds; also all complaints of the Lungs, Liver, Kidneys, Spleen, Bladder, &c.

His medicines will be sent to any part of the country by express or mail, addressed by a communication stating particulars, will receive prompt attention.

Office, No. 23 Endicott street.

Persons at a distance can consult DR. BRISCOE, by letter, describing the case, and have the medicine securely put up, and forwarded to any part of the United States, with full directions for use. Office arranged with separate apartments, so that patients see none but the Doctor himself.

Address Dr. Briscoe, at No. 23 Endicott St., Boston, Mass., stating symptoms. All communications are confidential.

Patients furnished with rooms and board if desired, and secresy observed in every case.

Office hours from 9 A. M. to 9 P. M.
Boston, July 16, 1864. ThSly

DR. M. BRISCOE still continues his successful treatment of all Private Diseases and also Female Complaints, at his old established office, No. 23 Endicott street.

N. B.—The sick and afflicted will do well to give him a call. A short consultation will cost you nothing, but a word of friendly advice may save you years of suffering.

P. S.—Ladies who wish to stay in the city after my cure a few days, can be furnished with kind nurses. Charges moderate.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)
76 *State street, opposite Kilby street,*
Boston.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Research made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any of the Patents issued, by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty past years, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him, beyond question, able to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay thereby are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges.
JOHN TAGGART.
During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Persons Cured Annually!
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the safest as well as the latest remedies for those diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Rilles, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their health and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to counsel and aid them, who has cured thousands, in almost every part of the United States, who applied to Dr. T. broken down in health, now robbed of all that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for everybody.—Startling disclosures. Dr. Teller's great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts. Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married Happy. A lecture to Young Men on the choice a Partner—a complete work on Midwifery, it contains hundreds of secrets, never before published—Warranted to cure three times the amount asked for it. 25 cents, in specie or postage stamps, inclosed, will secure a copy by return mail. Dr. Teller has devoted a lifetime to the cure of those diseases upon which his books treat.
TO THE LADIES.
Dr. Teller still remains the only Agency in America, for the sale of Vichoic Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, safe, sure, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.
CAUTION—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price of a box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 8 A. M. to 8 P. M., and on Sundays from 2 to 5 P. M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

VERNATELLA.
Warranted to make the Soles of Boots and Shoes water and dampness proof, and wear one-third longer.
VERNATELLA
is a preparation from Copper, having no grease, linseed oil, or anything of the kind, and when the soles are once saturated with it, water can no more get through them than through copper itself. Price 25 Cents Per Bottle, at retail everywhere.
But its cost to the purchaser is really NOTHING, as it makes soles wear enough longer to more than pay for it, leaving a net gain the making of them Water and Dampness Proof, and the preservation thereby of that priceless gem, the health.
☞ LADIES, READ THIS! ☜
SAVE YOUR HEALTH.
Use Vernatella on the Soles of your Shoes. It makes them water proof and thereby protects your feet from dampness, for the ground is always more or less moist, either from rain or the morning dew.

TUESDAY, JULY 19, 1864.

STONEWALL JACKSON'S FUNERAL SERMON.—Mr. Moore, a clerk in Col. Macomb's office, has handed into the Chronicle Office a copy of the Petersburg, Va., Daily Express of June 15, and a copy of a Funeral Discourse on Stonewall Jackson. Both were found in the pocket of a wounded rebel who lately fell into the hands of Gen. Grant's army, and are deeply blood-stained.

The paper is like other papers of the kind; but the Sermon is worthy of a brief notice.

It is entitled "True Eminence Founded on Holiness. A Discourse occasioned by the death of Lieut. Gen. T. J. Jackson.—Preached in First Presbyterian Church of Lynchburg, May 24th, 1863. By Rev. James B. Ramsey. Lynchburg 'Water Power Presses' Print."

The author of the sermon, like his subject, is evidently, a calvinist of no modern school; but his doctrines are rather insinuated than stated; while he shows up Jackson, as a christian soldier of the Ironsides of Cromwell pattern. Here is an extract to the purpose:

"Thus walking with God in prayer and holy obedience, he reposed upon God's promises and providence with a calm and unflinching reliance, beyond any man I ever knew. I shall never forget the manner and tone of surprise and childlike confidence with which he once spoke to me on this subject. It was just after the election in November, 1860, when the country was beginning to heave with the agony and throes of dissolution. We had just risen from morning prayers in his own house, where at the time I was a guest. Filled with gloom, I was lamenting in strong language the condition and prospects of our country.

"Why," said he, "should christians be at all disturbed about the dissolution of the Union? It can only come by God's permission; and will only be permitted if for his people's good; for does he not say all things shall work together for good to them that love God? I cannot see why we should be distressed about such things, whatever be their consequences."

Here is an extract of another sort:

Who does not fully believe that if our rulers and generals and legislators, and a majority of the people, had been actuated by the godly spirit of Jackson, this war would have ended before this? In the light of his example and triumphs, how clearly appears the curse of ungodliness to a nation! how dark the reproach and how damning the influence of sin!

The preacher does not read the condemnation of his own States and Confederate cause here; but loyal men in the free States can: and it is due to him that we say here that his verbal cant is of the mildest and most cautious kind. We close our notice with a liberal extract of his *closing appeal* to young men, which we adopt as admirable in tone and sentiment, — applying it to our own loyal young men. If, however, any northern preacher should speak thus, somebody would say he was preaching politics. But Brother Ramsey preaches to the rebels in Virginia, which makes a difference.

Here is the extract: and if we change the name to Fuller, or Winthrop, Paker, Richards, Carter, or any of our own Christian soldiers who have fallen, it will be all right.

Who now will turn away from Jackson's God and the religion of the cross? What patriotic heart will refuse to bow in humble prayer and obedience to the God of nations? If any such there be, let him remember that, so far as he can, he is intercepting the blessing of heaven, drawing down its wrath upon our suffering land, and blasting his own highest hopes.

To our young men, what a noble example! Where is the youthful soul so insensible to all that is lovely and glorious, that he will not aspire to copy it? Where is now that worst of cowards, who is ashamed to pray and be an earnest and singular Christian? To our military men his example comes with peculiar force: it shows that the greatest military success, as well as all those high and manly qualities that enter into the very idea of a true soldier, are not only consistent with, but in their highest degree dependent upon, the fear of God; and it also rebukes that ambition and mere love of glory which is the great curse of military life. Fear not, falter not, flinch not, trust in God and victory is our; victory is ours; victory over our country's foes, over all the foes of the Church of Christ, over sin and hell and death. God will set us on high if we revere his name.

— Those who wish to inquire, says the Tribune, whether the payment of $300 commutation exempts for three fall years from *all* drafts, are informed that such payment, if made at any time prior to February, *does* so exempt. In February the law was changed so that the payment of $300 thenceforth exempted only *for the impending draft*; while since the passage of the act of this month there is no commutation whatever. All who are beeceforth drafted, and are found liable, must serve in person or by substitute.

— A First Lieutenant, who has been two years in service, and has by artful dodging managed to keep out of every engagement in which his regiment had taken part, has been found guilty of cowardice, and sentenced to have the insignia of his rank torn off, his sword broken, his head shaved, and to be drummed out of camp.

Local.

FIRE.—The largest conflagration we have had for years (at least since 1845,) occurred on Monday about noon, commencing on Penhallow street, and extending chiefly on that street and back to Linden. The total loss is estimated from $30,000 to $50,000; and although the fire was located in a comparatively cheap portion of the city, yet a number of our busiest men were burnt out, and several families suddenly turned out of their homes.

We give such report of it as we are able to gather, amid the general excitement, and in the absence of most of our workmen, and interrupted by frequent calls on ourselves to protect our own property in one exposed position or another.

The fire originated in the paint shop of Elisha Tripp, on Penhallow street, and was doubtless occasioned by the boiling over of oil in the lower story. The flames spread rapidly, and the following buildings were destroyed:

The two-story wooden shop occupied by Elisha Tripp, painter, containing a large stock of paints, &c., all of which was destroyed. Also, barn in the rear, belonging to the brick house on Commercial Alley.

Two-story wooden building north, occupied by Grogan & Gardiner, painters, and Charles Locke, mason. The former had a stock valued at $1200. About half of it was removed to the bakery on Linden street, and was subsequently destroyed. Loss on stock $600, on which there was no insurance. The building belonged to the Haven estate.

Two-story wooden building occupied by E. D. Coffin, painter; Edwin Jarvis, painter; and C. Meade, shoemaker. In the rear a one-story dwelling-house, occupied by George Foley. Mr. Coffin had a stock valued at $1400, on which there was $800 insurance. The two buildings were owned by him, and were insured for $900.

Two-story wooden building in the rear of E. M. Brown & Co.'s furniture ware-rooms, owned and occupied by them as a work shop. Loss $1500, including stock.

Two-story wooden building occupied by Mrs. Herlburt, as a boarding-house.

Brick block, occupied below by John Somerby, upholsterer, and by the Government for the storage of clothing, and above as dwelling-houses, was nearly burnt out, except the room occupied by the Government. Owned by E. Haines and A. R. Hatch, and insured $1900.

The office of the States and Union newspaper was considerably injured by fire and water, and other damage was sustained by Mr. J. L. Foster, the publisher, in removing printing materials. The first floor of the building is occupied by James Larrabee, his house being nearly opposite, and next to Mr. Tripp's paint shop. Stock and furniture were both removed, and he estimates his loss at $800.

The L and barn of the Fernald house, on Daniel street, nearly in the rear of the printing office.

Three-story wooden house owned by —— Keef, and occupied by several Irish families, on Penhallow street.

Three-story wooden house owned by Aaron B. Mudge, and occupied by himself and Joshua Reed. In front were two stores, occupied by Michael T. McCarthy, shoemaker, and Oliver Senter, barber. Mr. Reed had $200 insurance on his furniture. Mr. Mudge had $1600 insurance on his house and furniture—about half his loss.

Three-story wooden dwelling, owned by the late Thomas Shockroe, who died recently of ship fever. We believe most of the families had removed on this account. The building was insured for $1000.

Wooden building occupied by Sanborn & Lane, tobacconists, and John Kelly, shoemaker. The building, owned by Mr. Lane, was insured for $1200. Loss to Sanborn & Lane, about $1500, including stock, part of the latter being saved. In the rear resided Mr. William Frye, who lost a portion of his furniture.

Wooden building occupied by Eben. Lord as a furniture house, and by 4 families. The building was owned by Mr. Lord and was partially insured. He had about $300 worth of stock, most of which was destroyed or injured. M. J. and W. A. Vaughan also had an extensive paint-shop in the same building. Loss not very large, as most of the stock was removed.

Thomas Murphy, dye-house. He had $400 insurance on the building, and $200 on his stock. His loss is about $2000. In the same building was a refreshment room kept by Newell J. Bickford, who lost everything and has no insurance.

On Linden street, were destroyed:

Building occupied by Mrs. John Harmon, whose husband is at the war.

Fine two-story dwelling-house and bakery, owned by Mr. Joseph A. Dorr.—The house was erected a few years since at a cost of $3000; and the bakery cost from $4000 to $5000. The latter was occupied by James W. Sowersby. Nothing was left standing but the walls. Loss on stock and machinery about $1000. The house was occupied by Mrs. Dorr and Mr. Brewster.

Two dwelling houses owned by the heirs of William Fishley, and occupied by Jacob Weiskopf and Mrs. Decoff.

On Bow street the fire destroyed—

Small wooden building occupied by Marston & Randall, fish dealers, for storage.

Two-story wooden dwelling-house, owned by Andrew D. Gerrish and occupied by John Hurley—nearly destroyed. Value $900, insured for $500.

Brick store owned and occupied by Andrew D. Gerrish, brass founder, considerably damaged in windows, slates, etc. Work shop, and coal shed containing 4 or 5 tons of coal, both in the rear, were destroyed. Insured for $1000 on store and work shop.

Wooden dwelling house, occupied by 3 or 4 families; John Holland, shoemaker, having his shop on the first floor.

A small, unoccupied blacksmith shop, next north, was somewhat injured.

The fire was with great difficulty prevented at one time from spreading into Market street, and the roof of the store occupied by H. N. Dunyon was destroyed. All the goods in nearly all the stores in that vicinity were removed.

By this fire about thirty families have been rendered houseless, many of them losing much of their furniture. The loss falls heavily upon them. In several instances furniture was taken to buildings deemed safe, and yet was destroyed by the rapid spread of the flames. Many of the buildings were old and all were dry as tinder, especially the paint shops, several of which were filled with highly inflammable substances, and all burned fast and furiously, baffling the efforts of the firemen.

Besides the damage actually done, the prospect was for a long time imminent of a far greater destruction—which it would now appear must have been inevitable but for the timely arrival of the little but smart steam fire engine from the Navy Yard.—The wind blew strongly toward a large mass of wooden and brick buildings, which were frequently on fire on their roofs and elsewhere—in Market, Bow, High and other streets; and even Portsmouth Bridge, at the distance of nearly a quarter of a mile was reported to have caught slightly. But no great damage was done, except as above detailed, save by the sudden removal of many stocks of goods in the threatened vicinity.

Our Fire Department worked nobly, as they always do; but the reservoir on Market Square was soon sucked dry, (as well as the aqueduct pumps in many localities,) and the fact rendered more than ever apparent, that our general supply of water is feeble and insufficient. And we do not know the reason for the almost total absence of ringing the bells, to call in aid from out of town, and in fact to speedjand thoroughly alarm our citizens in the outskirts.

The steam tub from the Navy Yard was promptly dispatched hither by Com. Pearson, in charge of Mr. Bartleman, Chief Engineer of the Yard. Engineer Woodward, Fireman Hill and Mr. Warren who directed as to the supply of water, and Mr. Stimpson, Master Carpenter at the Yard, each and all, also rendered invaluable service; and the two strong streams thrown by the steamer, soon had the fire under.

A steam engine was also telegraphed for to Newburyport, but they have none there yet, and so they sent the next best thing; or rather Mayor Jackman *brought* it—the splendid "Button" tub Agile, No. 6, Capt. Joseph R. Burrill, with 75 men, accompanied by the City Marshal, and Ex-Marshal Smith, Chief Engineer, and others of the City Government; and they would have brought other engines, but men could not be found quick enough to man them.

Singularly enough, this No. 6 is the same Company which came over here nineteen years ago, and rendered so great service in the Market street in '45. That fire, by the way, though perhaps causing somewhat heavier loss, did not cover so much territory, nor interrupt so much business as this.

No fire here has caught and spread so quickly as this for many years. Four paint-shops were destroyed—two, with large stocks, at the very commencement. Mr. Tripp is one of our most active and enterprising business men, and has much sympathy in his heavy loss. Messrs. Grogan & Gardiner are among the most worthy and hard-working young men of the city, and their uninsured loss falls heavily upon them who have always been among the foremost in the Fire Department to help save the property of others. Mr. Coffin we believe can hardly be appalled by any calamity, and never loses his good humor—success to him forever. There were many incidents and accidents reported, but we are absolutely unable to give any more this morning. We were unable to trace those most startling, and doubt not that the numerous reports of loss of life were erroneous.

But sadder than the fire, though it were ten times as great; more dreadful than the pestilence, even in its tropic home—was another spectacle presented yesterday. We mean the terrible, general drunkenness. Never have we seen so much for years. Several tippling shops were burned, and grocery stocks removed, and rum run the street more plentifully than water but for the river. Of course rows and rowdyism was the legitimate consequence. Alas! while wisely resolving to provide all possible securities and safeguards against the terrible natural element of fire—shall we not inquire if something cannot, ought not to be done, to check the spread of that far more fearful calamity which "steals away the *brains*" of the people?

Business generally was suspended in the city, and most of the stores closed—and most of the workmen at the Navy Yard left work for the day—all to assist in staying the conflagration which threatened the most disastrous consequences. And while it is easy and common to criticize and find fault,— it gives us pleasure to say that to our view the Fire Department was well managed, and the Firemen worked like tigers, while the efforts of citizens to save property seemed better directed and more successful than usual.

☞ There is no more healthy and healthful place in the country, than this good city of Portsmouth; and those people and newspapers, at home and abroad, who have assisted in creating and spreading the false stories to the contrary, should do what they can to contradict them, and counteract their effect. There have been a few deaths (not more than 16 or 17, all told, in town and out) which no doubt were caused by ship fever of some sort, caught on board a vessel which has been removed miles from the city, and from which there is no longer the least possible danger. Nor is there any reason in the world, why any visitor for business or pleasure, may not enjoy the attractions of old Strawberry Bank as fully and freely as ever.

There is absolutely no unusual sickness here; and there have been no cases of the fever, and no deaths from it, for many days, almost for weeks—and will not be any more! So come and see us, and don't be alarmed, for there is certainly nothing to fear, but everything to enjoy, as usual.

☞ The only way to get the Chronicle, is to subscribe for it—unless you *steal* the reading of it, as a great many do. We do not allow our carriers to sell copies, nor do we take particular pains to supply the extra demand on special occasions, such as fires and the like. Local papers in small places, like ours, need and should have the aid of every person who wishes the prosperity of the place where they are printed —provided, always, such individuals appreciate said papers and their duty in the premises to be as we have stated.

☞ Letters received by his parents in this city, state that Lieut. Robt. S. Dame, Co. K. 5th N. H. V., was wounded in the thigh at the battle of Gaines' Farm, June 3d—a flesh wound; and is now in the Officers' Hospital at Richmond, doing well.

A CARD.

Ayer's Sarsaparilla

Is a concentrated extract of the choice root, so combined with other substances of still greater alterative power as to afford an effectual antidote for diseases Sarsaparilla is reputed to cure. Such a remedy is surely wanted by those who suffer from strumous complaints, and that one which will accomplish their cure must prove, as this has, of immense service to this large class of our afflicted fellow citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found in the following complaints:—

Scrofula, Scrofulous Swellings and Sores, Skin Diseases, Pimples, Pustules, Blotches, Eruptions, St. Anthony's fire, Rose or Erysipelas, Tetter or Salt Rheum, scald Head, Ringworm, &c.

Syphilis or Venerial Disease is expelled from the system by the prolonged use of this SARSAPARILLA, and the patients left in comparative health.

Female Diseases are caused by Scrofula in the blood, and are often soon cured by this EXTRACT OF SARSAPARILLA.

Do not discard this invaluable medicine, because you have been imposed upon by something pretending to be Sarsaparilla, while it was not.—When you have tried Ayer's Sarsaparilla, and not till then, will you know the virtues of Sarsaparilla.—For minute particulars of the diseases it cures, we refer you to Ayer's American Almanac, which the Agents below named will furnish gratis to all who call for it.

AYER'S CATHARTIC PILLS, for the cure of Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Headache, Piles, Rheumatism, Heartburn arising from Disordered Stomach, Pain or Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Liver Complaint, Dropsy, Worms, Gout, Neuralgia, and for a Dinner Pill.

They are sugar coated, so that the most sensitive can take them pleasantly.—and they are the best Aperient in the world for all the purposes of a family physic.

Prepared by J. C. AYER & Co., Lowell, Mass., and sold by Thacher Brothers, J. H. Thacher, W. R. Preston, David Kimball, and druggists.

"A Wonderful Discovery."
DR. TEBBETTS' "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Animal Physiology and modern vegetable Chemistry. It is not a "DYE," and will not stain a particle. It will "REGENERATE HAIR" in all cases its original color, it promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "REGENERATOR" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored to has their dusky locks.

THE REBELLION.

Perley telegraphs to the Boston Journal: "It is the prevailing impression in Washington that the main object of the rebels in their late expedition was to capture Washington. It is now positively known that the invading force consisted as follows: Early's corps, three divisions, commanded by Gens. Ramseaur, Rhodes and Gordon; Breckinridge's Provisional Corps, two divisions, commanded by Gens. Bell and Vaughan; Maj. Gen. Ransom's 5th Cavalry division, four brigades, commanded by Imboden, Jackson, McCausland and Johnson. The only guns known to have been brought along by the raiders were one battery of rifled guns with cavalry, and two battalions or parks of fourteen and eighteen guns, with the infantry. Our cavalry are continually bringing in prisoners captured on the route taken by the rebels in their retreat into Virginia."

The rebels have discovered a Union plot in North Carolina. A letter by the rebel Gen. Holmes, picked up after the recent raid, said—"I am ashamed to own it, but the majority of the North Carolinians not in the army are traitors to our cause."

The rebel raiders probably have escaped with their plunder. Government is said to have their roster—7000 to 10,000 cavalry, 1200 infantry with 50 pieces of artillery. Two of their Generals, Evans and Gordon, were wounded at Monocacy. They admit a loss of over 1100 in killed and wounded.

The rebels admit that part of Sherman's force is south of the Chattahoochie, and that Atlanta is in imminent danger.

The President has called for 500,000 men.

— The President is unable to come to Cambridge at Commencement.

— The First National Bank of Haverhill, has been established.

— The Monmouth Standard is assured that the peach crop of New Jersey this year will be the largest ever raised in the State.

— The mother of C. L. Vallandigham died at New Lisbon, Ohio, on Saturday evening.

— The Nevada Constitutional Convention are debating the proposition to exclude mines from the list of taxable property.

— The number of National Banks established and now doing business is 482, with a total capital of $67,135,200.

— The Indiana Methodist Conference has appointed a committee of five to fix the location of a first class female college in the limits of that Conference.

— William B. English, a well known theatrical manager, died at Strafford, Canada West, July 15, after but two days suffering from dysentery.

— A house at Central Fall, R. I., was burnt on Sunday forenoon, and a young woman named Catherine Cullen perished in the flames.

— The Albany rowdies have got a new weapon of offence. They assault persons with razors, and have inflicted some ugly wounds.

— Gen. Rosecrans has issued an order for two steam tugs hereafter to keep on a full head of steam at St. Louis, day and night, to tow burning boats into the river and to make other harbor regulations.

— Maj. Gen. Franklin arrived at his home in Portland on Saturday, and was serenaded in the evening. He denies that he was pointed out to the rebels by a woman.

— The contractors of the Camanche, at San Francisco, have sixty-nine men putting her together. The materials have been libeled by the wreckers for salvage, but the work will not probably be interrupted.

— Prof. Loomis, of Yale College, says Sunday, June 26, was the hottest day in New Haven for eighty-six years. The thermometer stood one hundred and two in the shade.

— The San Francisco Custom House authorities have brought suits against nearly all the heavy importers of cigars, charging them with undervaluation in their invoices, for the purpose of evading duties, claiming a total of over one million dollars.

— The latest foreign arrival reports that pretty certain information establishes the fact that the pirate Semmes, his officers, and crew, have got the Rappahannock, and intend to sail soon from a French port to attack the Kearsarge.

— There are reports among military men that the Army of the Potomac is again to pass through changes in its organization. Gen. Meade is to retain the position which he has so long filled, but it is said that one or two of the former corp commanders will be reassigned to duty in the army. The severity of the campaign and its exhausting effect upon so many general officers is believed to necessitate important changes in commands.

— The New York Herald says an order was received by Gen. Butler, from the Secretary of War, relieving him of his late command, but that Gen. Grant refused to act upon it, ignoring it altogether, no previous consultation having been had with him.

BUSINESS NOTICES.

PRICES AND TERMS.

The price of the Daily Chronicle is 36 per year in advance; 60 cents per month—15 cents per week—3 cents per copy.

The (Weekly) N. H. Gazette $2 per year, $1.50 in advance—6 cents single copy, to regular buyers 4 cents.

Terms Cash—or all bills for Advertising, &c., to be presented at the pleasure of the publisher.

PARTICULAR NOTICE.—From this date our Carriers of Subscribers' lists are not allowed to sell copies of the Chronicle, nor to receive pay for any subscriptions, except when furnished by us with receipts for the same.—which will not be given for less term than 1 month, 60 cts., or 3 mos. $1.50, in advance. If any prefer to pay weekly, they can do so at our counting room only. Will all concerned please remember this, and thus aid in the more prompt and accurate delivery of our papers. July 18.

☞ The miasma and foul vapors generated by the hot sun will be far more deadly to our Volunteers than the enemy's bayonets. In the Indian and Crimean campaigns, Holloway's Pills were used in enormous quantities. They keep the troops in perfect health.

If the reader of this "notice" cannot get a box of Pills or Ointment from the drug store in his place, let him write to me, 80 Maiden Lane, enclosing the amount, and I will mail a box free of expense. Many dealers will not keep my medicines on hand because they cannot make as much profit as on other persons' make. 35 cents, 88 cents, and $1.40 per box or pot. 217

HUNNEWELL'S STANDARD PREPARATIONS.—On our inside columns will be found a notice of these justly celebrated and standard preparations, of unbounded reputation in New England, profess only what they are remedies for, are for sale by all wholesale and retail dealers, and confidence is asked to test them. See advertisement.

To every barrel of Flour you can make thirty pounds more Bread or Biscuit (and much better) by using Herrick Allen's Gold Medal, than by yeast fermentation or any other Saleratus.—It is perfectly healthy, will not turn your cookery yellow, will strengthen weak stomachs, and cure dyspeptic persons. It is much better to use with cream tartar than soda. Try one paper, and you will be convinced. Most of the Grocers sell it. Depot 112 Liberty Street, New York.

THE BEST IN THE WORLD.
Over 40,000 have been sold by the manufacturer in a little more than two years—nearly 400 of them in Portsmouth and vicinity!
Buy one and try it—if not perfectly satisfactory the money will be refunded.

Facts for the People.
The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of STOVES and Castings several times since the war began; and it is now arranged to make a general advance of 25 to 50 per cent. this season.
We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now, as its capacity and the cost of operating it. All things considered, there is no Stove equal to
THE MODEL COOK.
IT IS, IN FACT,
The Best Stove Out,
for economy, convenience and dispatch.
Many people think it best to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.
A careful, prudent farmer purchased one, and after it had been in operation some days his son came into the store and said, "something was wrong at their house;" his father and himself used wood off the same pile, he burned three baskets full a day, and his father only one! We sold him a Stove before he left, and there has been no complaint since.
These Stoves are in use in many hotels and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.

MASON & HAMLIN'S
CABINET ORGANS,
Combining the requisites for Sacred and Secular, Church and Parlor Music; for Families, Sunday Schools, Day Schools, Churches, &c.
They are elegant as pieces of furniture; occupy little space; are not liable to get out of order or out of tune; are warranted for five years; will improve in tone by age, and are moderate in cost.
They are to private houses, Sunday schools and smaller churches, what the larger pipe organs are to large churches, and in addition to this are adapted to secular as well as sacred music.
The Cabinet Organ is essentially different from, and a marked improvement upon, all instruments of the melodeon or harmonium kind. Its superiority consists in many important characteristics.
The undersigned, Agent for the Manufacturers, will be pleased to show the Cabinet Organs to all wishing to purchase, at his residence, NO. 30 HANOVER STREET.

Important to the Afflicted.
DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a
PRIVATE OR DELICATE NATURE.
By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never failed to cure the most alarming cases of
GONORRHŒA AND SYPHILIS.
Beneath his treatment, all the horrors of venereal and impure blood, Impotency, Scrofula, Gonorrhœa, Ulcers, Gleets, and Stricture in the regions of procreation, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Humors, frightful Swellings, and the long train of horrible symptoms attending this class of disease, are made to become as harmless as the simplest ailings of a child.
SEMINAL WEAKNESS.
Dr D., devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c., are among the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.
Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.
Medicines sent to all parts of the country, with full directions for use, on receiving description or your case. Dr. Dow has also for sale the French Capotes, warranted the best preventive. Order by mail. Price for $1 and a red stamp.
Highly Important to Females
IN DELICATE HEALTH.
DR. DOW, Physician and Surgeon, No. 7 & 9 ENDICOTT STREET, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted pass from sickness to perfect health.
Dr. Dow has no doubt had greater experience in the cure of diseases of women and children, than any other physician in Boston.
Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.
Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.
N. B.—All letters must contain four red stamps, or they will not be answered.
Office Hours from 8 A. M. to 9 P. M.
CERTAIN CURE
in all cases, or No Charges Made.
Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain his advice.
Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.
P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

RYE, N. H., Feb. 23, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A long time she had been supplied to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintance, who have also testified, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.
PORTSMOUTH, April 21st, 1862.
I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.
From REBA I. CHESLEY, *Lee, May 31, 1861*
Dr. SWETT:—Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1860, she had been confined to the house or room for months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY
☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, No. 7 High street, Portsmouth, N. H., promptly attended to. may20

Morning Chronicle.

☞ A Kentucky Copperhead writes a doleful jeremiad to the Toronto Leader, about the miseries suffered in Kentucky, from fanaticism and folly. In the course of it he defends slavery as the rights of a State, and sticks to it that the war was not made by slavery; but by the abolitionists. Yet in this part of his talk he makes this damaging statement:

"Slavery is bad enough and has sins enough to bear. But war is not one of them."

And again: "Thousands of good men in the States are as conscientiously opposed to the institution of slavery as I know the editors and proprietor of The Leader are, and as solicitous to be rid of the institution."

This is hardly up to the mark either way. It is a poor effort at blowing hot and cold. The piece closes with the comforting prediction, that though there are three parties in Kentucky, yet the Lincolnites will carry the State this fall.

There is no day born but comes like a stroke of music into the world and sings itself all the way through.

Constitution Life Syrup,

COMPOSED OF

IODIDE POTASSIUM,

With the compound concentrated fluid extract of

VALUABLE MEDICINAL

ROOTS AND HERBS,

Prepared by WM. H. GREGG, M. D., Graduate College Physicians and Surgeons, N. Y., formerly Assistant Physician Blackwell's Island Hospitals, late Medical Inspector New York State Volunteer Depots, under Gov. Edwin D. Morgan.

Constitution Life Syrup

HAS PRODUCED

A REVOLUTION IN MEDICINE!

What may seem almost incredible, is, that many diseases hitherto considered hopelessly incurable are frequently cured in few days or weeks, and the cheerfully invite the investigations of the liberal minded and scientific to cures which have no parallel at the present day.

Our medicine is specific, by it the seat of disease is directly reached, and the equilibrium restored. Those who have suffered long from painful and obstinate diseases, those who have vainly sought relief from advertised medicines, those who cannot be cured by other physicians—are

Invited to use Constitution Life Syrup.

During the past five years we have contended with obstacles and overcome opposition as heinous as ever encountered by any Reformers.

Rapidity of Cure.

Some say, "Your cures are too quick," while others doubt their permanence, and think that diseases can only be cured by the "slow recuperative process of Nature." This is our reply:

In health, the body, like a well-balanced scale, is in a state of equilibrium. But when from any cause down goes one side of the scale, we have the effects of disease, and it is recuperative in, to restore the normal balance of the scale.

CONSTITUTION LIFE SYRUP.

A positive and specific remedy for all diseases originating from an IMPURE STATE OF THE BLOOD, and for all hereditary DISEASES transmitted from PARENT TO CHILD.

Paralysis.

Hemiplegia, Palsies, Paraplegia, Paralysis Agitans.

It is so universally admitted that Constitution Life syrup is the only effective means of restoration in the various forms of Paralysis, that we need not reiterate that it is emphatically the Great Life-Giving Power.

Dyspepsia.

Indigestion, Liver Complaint, Constipation, Weight of Stomach, Biliousness, Want of Appetite, Flatulence, Bad Breath.

Scrofula.

Strumo, Glandular Swellings, Ulceration, King's Evil, Erysipelas, Salt Rheum.

This taint (hereditary or acquired), filling life with untold misery, is by all usual medical remedies incurable.

Rheumatism.

[Arthritis], Neuralgia, Gout, Lumbago, Sciatica, Tic Doloureux.

If there is any disease in which the Constitution Life Syrup is a specific, it is in this complaint and its kindred affections. The most intense pains are almost instantly alleviated—enormous swellings are reduced. Cases, chronic or recursive, of 20 or 30 years standing, have been cured by us.

Nervousness.

Nervous Debility, Confusion of Thoughts, Epilepsy, Loss of Power, Shattered Nerves, St. Vitus' Dance.

Thousands who have suffered for years will bless the day they read these lines. Particularly to weak, suffering woman will this medicine prove an inestimable blessing—directing their footsteps to a Hope which fulfils more than it promises.

Mercurial Diseases.

Salivation, Feeling of Weariness, Rotting of Bones, Bad Complexion, Nervous Illness, Depressed Spirits.

Constitution Life Syrup purges the system entirely from all the evil effects of MERCURY, removing the Bad Breath, and curing the Weak Joints and Rheumatic Pains which the use of Calomel is sure to produce. It hardens Spongy Gums and secures the teeth as firmly as ever.

Constitution Life Syrup

Eradicates, root and branch, all Eruptive Diseases, such as Pimples, Blotches, Boils, Tetter, Ringworm, Scald Head, Ulcers, Sores, Swellings, Tumors, Salt Rheum, Scurvy, Itch, Mange, Scaly Eruptions, Blotches, Pimples, Ulcerations, Mercurial Eruptions, Tetter, Ringworm, Scaly Eruptions, Scurvy, Itch, Mange, Scald Head, Ulcers, Sores, Swellings, Tumors, Salt Rheum, Boils, Blotches, Pimples, Mercurial Eruptions, Ulcerations

American and Foreign Patents.

R. H. EDDY,

SOLICITOR OF PATENTS,

Late Agent of U. S. Patent Office, Washington, (*under date as of 1857.*)

76 State street, opposite Kilby street,

Boston.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not unnecessarily superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a valuable collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse"

CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in form to secure for them an early and favorable consideration at the Patent Office."

EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such uninterrupted success proves not his ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on *twelve* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.

DR. TELLER'S PILLS.

DR. TELLER still remains the only Agency in America, for the sale of Dr. Vichol's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.

CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons not directions will accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.

Office hours from 8 A.M. to 8 P.M., and on Sundays from 9 to 5 P.M.

N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the country. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

VERNATELLA

Warranted to make the Soles of Boots and Shoes water and dampness proof, and wear one-third longer.

VERNATELLA

Is a preparation from Copper, having no grease, linseed oil, or anything of the kind, and when the soles are once saturated with it, water can no more get through them than through copper itself. **Price 25 Cents Per Bottle,**

at retail everywhere.

But its cost to the purchaser is really NOTHING, as it makes the soles wear enough longer to more than pay for it, leaving as a net gain the making of them Water and Dampness Proof, and the preservation thereby of that priceless gem, the health.

☞ LADIES, READ THIS! ☜

SAVE YOUR HEALTH.

Use Vernatella on the Soles of your Shoes. It makes them water proof and thereby protects your feet from dampness, for the ground is always more or less moist, either from rain or the morning and evening dew.

At wholesale in Boston by Geo. C. Goodwin & Co., 38 Hanover street; Frost & M. Colcord & Co., 86 Hanover st.; M. Burr & Co., 96 Fremont st.; Carter, Rust & Co., 43 Hanover st., and Wholesale Druggists generally. Also, by all the principal dealers in Boots and Shoes.

Portsmouth, N. H.

WEDNESDAY, JULY 20, 1864.

THE REBELLION.

Gen. Grant visited Gen. Foster at Sleepy Bottom on the 16th, and the enemy amused themselves with shelling the place during the interview. Two of our gunboats have had a short but sharp engagement with a rebel battery near Malvern Hill. A third coming up to deliver an enfilading fire the rebels retreated.

The number of rebel prisoners taken during the recent raid is officially stated at 470.

Gen. Sheridan seems to be off on another raid, towards North Carolina.

A Charleston rebel dispatch reports that our troops have evacuated John's Island, going to Morris Island. Sumter is still bombarded.

An official dispatch from the rebel Gen. L. D. Lee states that on the 13th he attacked a column of our troops under Smith, on the march from Pontotoc, and again attacked them at Tupelo the next morning, but could not force their position. The battle was a drawn one, and lasted three hours.

Kentucky has not been invaded. Morgan is at East Abington, and, it is said, is in no condition to attempt another raid.

Certain Georgians having refused to report at Atlanta, Gov. Brown has ordered them to be sent to the front under guard. The rebels claim to have driven back two Union brigades which crossed the Chattahoochie on the night of the 13th.

The Louisville Journal reports that a rebel force, from 8,000 to 10,000 strong, said to be under Forrest, are threatening Huntsville, Ala. We have 5000 troops there, and reinforcements have been sent them.

— Ex-Sec. Chase, it is said, is going to Europe.

— The special tax on incomes of 5 per cent. is to be imposed for the year 1863.

— The 32d Maine regiment, which left the State a few weeks ago with about 1000 men, now numbers but 450.

— The Bangor Daily Whig and the Bangor Times have raised their prices to five cents for a single copy.

— The Western Australians threaten the British Government with their anger if any more convicts are sent to their country.

— Edward Emerson, son of Ralph Waldo Emerson, and a Junior of Harvard College, has enlisted in the Acton company of 100 days' men.

— Liverpool advices of the 8th state that the U. S. gunboat Kearsarge had arrived off Dover; and that the Sacramento had arrived at Cherbourg.

— Gov. Cony has been authorized by the War Department to raise such force as he deems necessary for the protection of the exposed points on the coast of Maine.

— A pine tree, lately cut on the farm of Mr. Daniel Andrews, of Boxford, Mass., contained, on actual measurement, nine cords and one quarter of fire-wood.

— A member of the Lazy Society, in Lowell, feeling a fly alight on his jolly red nose, is circulating a petition to Congress to have the insect removed.

— Gen. Barbridge has ordered that for every Union Kentucky man murdered by guerrillas, four guerrillas shall be at once executed, to be chosen from those held prisoners.

— Rumors very unfavorable to Gen. Grant, prevalent in England, caused a rise of two or three per cent. in the Confederate loan, which ranged from sixty-five to sixty-seven.

— The cisterns and wells of Lewiston are giving out, and many families have to buy their water from teams that draw it through the streets. The Argus says Portland has been in the same predicament for some time.

— Steamer Northern Light, with a quarter of a million in treasure, arrived at New York on Tuesday, and reports having been chased an hour and a quarter on the 17th by a propeller flying the English flag—supposed to be a pirate.

— A young fellow in Roxbury, Mass., being about to marry the daughter of the man with whom he boarded, robbed her father to get money to pay the expenses. So a padlock and not wedlock now holds him.

— An association of a hundred and five malefactors, who have committed all sorts of robberies and crimes, are on trial at Bologne. Lest they might rise *en masse* and overpower the court, they are all locked securely in a great iron cage, which has been constructed in the Hall of Assizes.

— Major Thomas, a defaulting paymaster, has been sent to the Albany Penitentiary for six years, and is to pay a fine of thirty-five thousand dollars. Should he fail to pay the fine his imprisonment will be continued for a period not exceeding twelve years.

NEW HAMPSHIRE ITEMS.

—— Capt. Charles Holmes, U. S. A., mustering and disbursing officer at Concord, is succeeded by Capt Wm. M. Graham of the First U. S. Artillery, who arrived in New Hampshire on Monday. Capt. Holmes has been on duty at Concord for a long time, where he has proved himself a faithful and efficient officer.

—— Among the Seniors having "parts" at the Harvard Commencement, which occurs to-day, Wednesday, are the following:

An Essay, "International Duties," by James Edward Bates, Great Falls.

A Disquisition, "John Winthrop," Orlando Marcellus Fernald, Exeter.

An Essay, "The Huguenots in America," William Albert Odell, Durham.

—— The Military Bill, to facilitate the raising of troops, which passed the Legislature last week, provides as follows:

"The Governor may appoint State agents, not exceeding ten, to recruit in insurgent States, with power to increase that number to forty, if the experiment shall prove successful. All recruits thus obtained will be equitably distributed among the several towns and cities of the State. These agents will receive $20 apiece for enlisting one year men, $25 for two years men, and $40 for three years men. The Governor is also authorized to issue his proclamation offering bounties not exceeding $100 for one year men, $200 for two years men, and $300 for three years men. These bounties are extended to volunteers, drafted men, and to substitutes for drafted men, and also to representative substitutes. A bounty of $200 is also provided for drafted men who enter the service for one year. The bounty for three years men recruited in the insurgent States shall not exceed the sum of $300.

"Authority is given cities and towns to raise money as bounty for soldiers, with the exception of those enlisted in or from insurgent States, whether such soldiers have voluntarily enlisted, or volunteered as a substitute for a drafted or enrolled man, such bounty in no case to exceed in addition to the state bounty the sum of $100 for one year men, $200 for two years men, and $300 for three years men. Towns and cities may also appropriate $200 for men drafted for one year and mustered into the United States service. Cities or towns offering higher bounties than those authorized by this act are made liable to a fine not less than $100 nor more than $500 for such offense. Sub-districts will be credited with all soldiers furnished in excess of former quotas and prior to the passage of this act, which took effect immediately after being signed by the Governor."

☞ On Monday noon there was an attempt to rob the Calais (Me.) Bank, by a small party of rebel raiders, who came from St. John, N. B: Three of them were arrested. The leader of the gang is Capt. Collins, of the 15th Mississippi regiment. They say some thirty associates promised to meet them there, but failed. The vigilance of the State Guards prevented the consummation of this bold scheme of pillage. The citizens are armed in expectation of an attack at night.

NEW CAPITOL FOR NEW HAMPSHIRE. The Legislature voted to accept the proposition of the city of Concord to enlarge and remodel the present building used for a State House, in accordance with one of the four designs prepared by the Boston architects Grilley J. F. Bryant and Arthur Gilman. The structure is to be wholly faced with the beautiful Concord granite, from the same quarry that the material for the Boston City Hall and Horticultural Hall was procured. The site of the Capitol, which has always been considered as most admirable, is to be further improved by the laying out of a new street on its south boundary, which will form a fourth thoroughfare around the lot. An elegant arrangement of the site around the contemplated building may be made by fences, foliage, walks and statuary, and it is hoped that those in charge of the improvement will see to it that these matters are not neglected.—*Transcript.*

WHITE MOUNTAIN GUIDE.—A new edition of Eastman's White Mountain Guide has just been issued. The pages have been carefully revised, and all errors which have been discovered have been corrected. This work is the most complete, accurate and reliable guide to the mountain region of New Hampshire yet published. Mr. Eastman, it is well known, was greatly assisted in the preparation of the volume by Rev. Augustus Woodbury, Rev. Daniel Goodwin, and the late Rev. Thomas Starr King. The last named wrote the description of the eastern side of the mountains.

— We have received the Lady's Friend for August, published by Deacon & Peterson, of Philadelphia,— and interesting to the ladies.

— A Post Office clerk was arrested at New York on Monday for mail robbery. He confessed it, and restored nearly $9000 in government coupons.

— A bright active little boy, about seven years old, son of Mr. John C. Brock of Alfred, Me., was so severely burned Monday morning that he lived but three hours. He was playing with matches, and his clothes took fire.

— A large tract of second growth wood and timber, belonging to citizens, and to those of the neighboring town of Machiasport, Me., has been run over by fire and destroyed. A careful man, who is used to such estimates, says $50,000 will not pay for the wood, at fifty cents per cord, that has been destroyed.

— The Saco Democrat states that, contrary to general anticipation, the hay crop in that vicinity is a good one. It is far superior in quality to that of last year, and nearly as large in quantity. There have been several sales of hay hauled directly from the field at $25 per ton. All other crops are suffering severely from the drouth which is prevailing.

DESK MISSING—Which was saved from our premises, on Monday, and restored we know not where. Any information concerning it will be thankfully received and paid for—at the Chronicle Office, or by

COAT LOST.—If the person who took care of my Coat, containing a MEMORANDUM BOOK of much value to me but none to any one else, on Monday, will return the same to me or leave the same at the Chronicle Office, he will be rewarded, and also much obliged

CARD.

PORTSMOUTH, July 19, 1864.

The subscriber wishes to return his sincere thanks to the Fire Department for their successful efforts in preventing from destruction the store occupied by him; also, to those persons who so generously assisted in removing his goods to a place of safety, at the time of the fire on the 18th inst.

THOMAS TREDICK.

CARD.

The MISSES BARNES beg to make their very grateful acknowledgements to the citizens of Portsmouth, and the Fire Companies (both of Portsmouth and the Navy Yard), for their generous and laborious exertions in saving their buildings from destruction by the calamitous fire on Monday morning last. Jy20

CARD.

MRS. JOHN HODGDON will always be held in grateful remembrance for that delicious lemonade (which Abe thought had "a stick in it,") partaken of by the party removing their goods to the Customhouse, on the occasion of the late fire.

Jy20 ONE WHO WAS THERE.

CARD.

JAMES LARRABEE wishes his friends, the Fire Department, citizens generally, and each and all who rendered such timely and efficient aid in saving his property from total destruction by the fire of Monday, to be assured of his appreciation and sincere gratitude for the great service. Jy20

A CARD.

CHARLES ROBINSON & SON offer their most thankful acknowledgements to their fellow citizens of the Fire Department and others, for saving their property from most imminent danger by the fire on Monday. July 19.

CARD.

CHARLES MYERS & CO. tender their sincere thanks to the Fire Department and the Citizens of Portsmouth for their prompt and efficient efforts in saving their store and goods from the fire on Monday, to which they were greatly exposed. Jy20

CARD.

The Subscriber would tender his thanks to the Fire Department and the public generally for their energetic efforts, although unavailing, to save his property from destruction by the fire on the 18th inst.

He would also inform his friends and the public that he has taken the well-known stand

In the rear of No. 18 Congress street,

Where he would be pleased to answer all calls for PAINTING. (Jy20) ELISHA TRIPP.

Ayer's Sarsaparilla

Is a concentrated extract of the choice root, so combined with other substances of still greater alterative power as to afford an effectual antidote for diseases Sarsaparilla is reputed to cure. Such a remedy is surely wanted by those who suffer from strumous complaints, and that one which will accomplish their cure must prove, as this has, of immense service to this large class of our afflicted fellow citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found in the following complaints:—

Scrofula, Scrofulous Swellings and Sores, Skin Diseases, Pimples, Pustules, Blotches, Eruptions, St. Anthony's fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ringworm, &c.

Syphilis or Venerial Disease is expelled from the system by the prolonged use of this SARSAPARILLA, and the patient is left in comparative health.

Female Diseases are caused by Scrofula in the blood, and are often soon cured by this EXTRACT OF SARSAPARILLA.

Do not discard this invaluable medicine, because you have been imposed upon by something pretending to be Sarsaparilla, while it was not.—When you have used Ayer's—then, and not till then, will you know the virtues of Sarsaparilla.—For minute particulars of the diseases it cures, we refer you to Ayer's American Almanac, which the Agents below name will furnish gratis to all who call for it.

AYER'S CATHARTIC PILLS, for the cure of Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Headache, Piles, Rheumatism, Heartburn arising from Disordered Stomach, Pain or Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Liver Complaint, Dropsy, Worms, Gout, Neuralgia, and for a Dinner Pill.

They are sugar coated, so that the most sensitive can take them pleasantly,—and they are the best Aperient in the world for all the purposes of a family physic.

Prepared by J. C. AYER & CO., Lowell, Mass., and sold by Brackett Hutchings, J. H. Thacher, W. H. Preston, Thacher and all druggists.

"A Wonderful Discovery."
DR. TEBBETIS' "PHYSIOLOGICAL HAIR RESTORATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "Dye" and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It prevents the hair from falling off and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "RESTORATOR" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.

Fire Items.—Penhallow and Linden streets presented a desolate appearance on Tuesday morning,—with its piles of smoking debris, tall solitary chimneys pointing towards the sky, and blackened ruins scattered over the wide space of ground.

Among losses not mentioned in our report given yesterday, were:

In House No. 16, on Penhallow street, resided Richard Mayo, who had a refreshment saloon in front. He has a family of six children, and they lost everything, even their clothes. Loss $700; no insurance.

Mr. Newell Bickford estimates his loss on refreshment room, etc., at from $300 to $400.

Wm. Plaisted occupied No. 33 Penhallow street, and lost a large portion of his furniture—no insurance.

Mrs. Munroe, in the same block, No. 31, also lost a considerable part of her furniture, without insurance.

The following insurance was held on buildings, stock, &c., destroyed or endangered.

In the Piscataqua Fire Insurance Company—J. L. Foster, States and Union newspaper office, $1550 on materials, presses, library, &c.,—stock removed.

John Kelly, boot and shoe store, $500 on stock, most of which was removed before the building was destroyed.

Samuel L. Lunt, dry goods, $2000 on stock, which was removed, and was not damaged by fire or water.

Mr. F. W. DeRochemont is agent for the Piscataqua company.

Mrs. Main had $1800 insurance on the Dorr house, and $200 on the furniture, in the Rockingham M. F. Company, Exeter, of which Mr. John Smith is agent.

E. M. Brown & Co. had in the same company $300 insurance on their building which was destroyed, and $300 on lumber and furniture contained in it. They lost on furniture and lumber $950, and $600 on the building.

Mr. Thomas Neil is agent for the companies having insured as follows:

Warren Lane, $1200 in Atlantic, Providence, on building—totally destroyed.

A. D. Gerrish, $1500 in same company, on buildings—partially destroyed.

William Keefe, $1000 in Springfield Fire and Marine, on house—totally destroyed.

Joshua Reed, $200 in same company, on furniture—totally destroyed.

Mr. John Sise is agent for the companies having insured as follows:

Thomas Shugrue, $1000 on house, in Hartford Co.,—totally destroyed.

Edw. D. Coffin, $1700 on shop and stock, North American—totally destroyed.

Thomas Murphy, $700 on dye house and fixtures, North American—totally destroyed.

Eben. Lord, $1100 on building and stock, in Etna—totally destroyed.

Aaron B. Mudge, $1600 on house and furniture, in Etna—totally destroyed.

John Rider & Son, $1500 on stock, in Hartford—stock removed.

M. Parry Jones, $3000 in City of Hartford and $1000 in North American, on brick store on Market street, occupied by Wm. G. Downie—not much injured.

Edward Rundlett, $2000 in Etna, on brick store occupied by H. N. Dunyon—much damaged in roof and upper stories.

Bachman & Co., $2000 in Hartford, on stock, which was removed—store not materially injured.

Samuel L. Lunt $2000 in Hartford and and $2000 in Etna, on stock which was removed—building not injured.

In the Home, New York, of which Mr. John S. Harvey is agent, insurances were held as follows:

Elisha Tripp,	$1500
M. Parry Jones, on building,	400
S. L. Lunt, on stock,	2000
Bachman & Co., on stock,	3000
Thos. Tredick, on stock,	2500
H. N. Dunyon, on stock,	4000
W. G. Downie, on stock,	4000
C. W. Gerrish, on stock,	4000
C. E. Myers, on store,	4000
Albert W. Ham,	2000
James Larrabee, on furniture,	400
James Larrabee, on stock,	600

In the N. E. Fire Ins. Co., Hartford, of which Mr. Harvey is also agent, as follows:

Bachman & Co., stock,	$2000
James Larrabee, stock,	800
Charles E. Myers, stock,	4000

In the City Fire, New Haven, Mr. Harvey agent, as follows:

Thomas Tredick, stock,	$2500
L. Whidden,	1500
A. R. Hatch, and Eben. Haynes, brick building,	1800

In the Arctic, New York, John S. Harvey agent, as follows:

A. B. Dodge,	$1200
L. Whidden,	1000
Rev. S. Holman, on furniture,	1500

At a special meeting of the Board of Aldermen on Tuesday afternoon the following resolution was passed:

Resolved, That the thanks of the City Government be tendered to Com. Pearson for permitting the engines under his charge to come to this city at the fire on the 18th inst., and especially to Engineer Bartleman, Charles Stimpson, Esq., and all the men under them, for their services in bringing the engines to this city, and for their exertions in working the same after their arrival.

The following resolution was also passed:

Resolved, That the thanks of the City Government be tendered to Mayor Jackman, Engineer Davis, the officers and men of Agile Engine Co. No. 6, together with the citizens of Newburyport for their prompt response to our call for aid in the recent disastrous fire in our city;—and we can assure them that they will find us always ready to respond to any demand they may make on us for like service, which we hope may be long averted from their city.

Resolved, That a copy of this vote be sent to the Mayor, to Engine Co. No. 6, and the same be published in Newburyport Herald and in our own city.

☞ Besides our fire on Monday there was some other sport, of a less serious order. At five o'clock in the morning (a very good hour for those who don't start earlier), Andrew J. Langdon and James Murphy ran the mile in from the Plains to the Creek, for $10 a side. Time, six minutes — which is pretty good for Langdon, the winner, being a green hand at the business. Murphy has run before, and has made as good time as 5:20, but is stale and out of train. He led for most of the way, but gave up dead beat 100 yards from "home" or the goal.

In the afternoon of the same day Albert Peirce and Wm. Alton ran over Sagamore bridge (500 feet), for $10 a side. Won by Peirce.

John Lever also ran the same distance with Murphy above named, for $5 a side, and won. No times stated. Good for the muscle — the more of it the better.

☞ At the annual meeting of the New Hampshire Historical Society, held in Concord—with the Presidency of Hon. W. H. Y. Hackett,—Rev. Charles Burroughs, D. D., (who, during several years, up to the time of his resignation, had been the President of that institution,) entertained the Society in their convention by an elaborate and most interesting oration, filled with the work of research, and delivered with that chaste affability and pathos which ever characterize the manner and productions of that venerated scholar. The only elections to membership from this city were the Rev. James DeNormandie, A. M., and Dr. Geo. G. Brewster.

☞ The Monument to John Smith (the First) which has been so well deserved and long deferred, is at last set up at Gosport, Isles of Shoals, (rightly Smith's Isles, as he named them,) and will form another attraction to visitors there.

The pilot-boat Dragonet, which runs regularly to Appledore, is a superior vessel, and a sail in her is a great treat to all who love aquatics. There is also a good boat running to Gosport. And the air at the Shoals is as pure and health-inspiring as ever, and the attractions of those sea-girt islands as unique.

☞ Rev. Mr. Patterson, of this city, returned home from his army mission on Saturday night last—riding by special conveyance from Newburyport, and occupied his own pulpit on Sunday, greatly to the delight of his people.

☞ We understand that Rev. Mr. Beebee, who is a regular medical graduate, as well as theological, and has spent nine years at the Isle of Shoals in both capacities, is desirous of entering the army service for a while, as a change, either as surgeon or nurse for the Sanitary Commission. We know of no candidate more suitable, and deem the appointment one eminently fit to be made.

☞ The President has approved the appropriation bill, making, among others, the following appportionments for the year ending June 30, 1865:—

New Fort Constitution, Portsmouth harbor, $100,000.

Fort McClary, Portsmouth harbor, $50,000.

☞ The Stock in the Bank of New Hampshire, advertised to be sold last Saturday, was postponed till to-day at noon, at the Athenæum.

MARRIAGES.

In Rochester, July 4, David Bickford to Miss Walthe A. C. Smith, of Boston.
In New York, June 11, John Pike, of Ossipee, to Miss Jane Aiken, of New York.

DEATHS.

In this city, July 18, Col. Samuel Gookin, aged 73 years. He was for many years one of our efficient business men; held the office of Postmaster here, under Pres. Harrison's appointment; retained his activity and interest in public affairs, and "kept his heart young" to the close of life, and was sick but a very few days.

☞ The funeral will take place at his late residence, No. 5 South street, this (Wednesday) morning, at 11 o'clock. Relatives and friends are invited to attend without further notice.

☞ The funeral of Mr. Daniel H. Treadwell will take place this (Wednesday) morning at 9 o'clock.

☞ The funeral services of the late Charles March, Esq., will take place at the family mansion in Greenland, this (Wednesday) afternoon, at 4 o'clock. Friends and relatives are invited to attend without further notice.

In Rochester, June 24, Miss Lizzie H. Caverly, 19.—June 30, Mrs. Almira Chadwick, 46.—July 3, Mrs. Deborah J. Rogers, 24.

"A Stitch in Time Saves Nine."
All Furnaces, Stoves and Funnels should be thoroughly cleaned out and put in order, as soon as fires are done being made in them. If allowed to remain filled with ashes and soot through the summer, they will decay very rapidly, and useless expense be incurred.
A full supply of Linings and Repair Pieces constantly on hand, and all orders attended to with dispatch. E. A. STEVENS.

HALEY, MORSE & BOYDEN'S
SELF-ADJUSTING
CLOTHES WRINGER.
THE BEST IN THE WORLD.
Over 40,000 have been sold by the manufacturer in a little more than two years—nearly 400 of them in Portsmouth and vicinity!
Buy one and try it—if not perfectly satisfactory the money will be refunded.

Facts for the People.
The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of STOVES and Castings several times since the war began; and it is now arranged to make a general advance of 25 to 50 per cent. this season.
We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now, as its capacity and the cost of operating it. All things considered, there is no Stove equal to
THE MODEL COOK.
IT IS, IN FACT,
The Best Stove Out,
for economy, convenience and dispatch.
Many people think it best to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.
One of our shrewdest citizens who purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.
A careful, prudent farmer purchased one, and after it had been in operation some days his son came into the store and said, "something was wrong at their house;" his father and himself used wood off the same pile, he burned three baskets full a day, and his father only one! We sold him a Stove before he left, and there has been no complaint since.
These Stoves are in use in many hotels and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.

MASON & HAMLIN'S
CABINET ORGANS,
Combining the requisites for Sacred and Secular, Church and Parlor Music; for Families, Sunday Schools, Day Schools, Churches, &c.
They are elegant as pieces of furniture; occupy little space; are not liable to get out of order or out of tune; are warranted for five years; will improve in tone by age, and are moderate in cost.
They are to private houses, Sunday schools and smaller churches, what the larger pipe organs are to large churches, and in addition to this are adapted to secular as well as sacred music.
The Cabinet Organ is essentially different from, and a marked improvement upon, all instruments of the melodeon or harmonium kind. Its superiority consists in many important characteristics.
The undersigned, Agent for the Manufacturers, will be pleased to show the Cabinet Organs to all wishing to purchase, at his residence, No. 30 HANOVER STREET. A. PEARSON.

SPEER'S

SAMBUCI WINE,

PURE AND FOUR YEARS OLD,

OF CHOICE OPORTO FRUIT,

For Physician's Use, Females, Weakly Persons and Invalids.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs; very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by physicians and chemists as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefiting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J.," is over the cork of each bottle.

Make One Trial of this Wine.

GOLDEN SHEAF WHISKEY.

C. A. RICHARDS,

99 WASHINGTON STREET,

Boston.

Would most respectfully invite the attention and examination of all Grocers, Druggists, Apothecaries and Private Individuals, desiring to sell or USE STRICTLY PURE

Liquors, Wines, Cordials or Bitters,

to the list of choice goods enumerated below, which are constantly on hand in large quantities in his Large and Spacious

Wine Store and Bottling Establishment,

99 Washington street, Boston.

First on the list, as a reliable pure stimulant, stands the celebrated and widely known

Golden Sheaf Bourbon Whiskey,

made from Wheat, Rye and Corn, warranted for five years old. Put up in neat style, each bottle in a paper box, in cases of one dozen each, the large and increasing sales of which convinces the proprietor that no extended advertisement is needed to extol the real merits. It will recommend itself on trial

Golden Sheaf Cordial.

A delightful and healthful beverage, aromatic, with a rich ginger cordial, made from the pure Golden Sheaf Bourbon.

Golden Sheaf Bitters.

The best Tonic Bitter ever offered to the public. Mingled with the rich flavor of the Bourbon are a number of other ingredients for restoring the appetite and imparting life and vigor to the whole system.

Golden Sheaf Punch.

Made from fresh ripe lemons, and other articles, combined as a whole into a fine rich

Bourbon Whiskey Punch.

All the above put up full strength of the whiskey, and in cases of one dozen each. These articles improve by age, and no exposure of climate can affect them

JOHN AND ROBERT DUNSTER'S

CELEBRATED

LONDON DOCK SPIRITS AND WINES,

Imported solely by C. A. R., in wood, from the London Docks, and bottled by him in America. The distinguished and world-wide reputation of these articles has induced the subscriber to seek and obtain the right to import the same. They are sold only in Bottles, entirely pure, and without adulteration, and comprise the four kinds, as follows:

LONDON DOCK GIN,
LONDON DOCK BRANDY,
LONDON DOCK SHERRY,
LONDON DOCK PORT.

All in cases of one dozen each, in strong shipping order for immediate transportation, and are sold lower than any other liquors and wines in the market, of equal quality.

Pure California Wines.

The large demand for the pure wines of California has made it a fixed fact that no well selected lot of Wines can be complete without them. C. A. R. has made arrangements for the entire production of

The Largest Vineyard in California!

and is now bottling and offering for sale, the finest CALIFORNIA WINES ever seen IN THE MARKET, of four qualities, in splendid style of labels, bottles and cases—viz:

ANGELICA—Sweet.
PORT—Rich.
HOCK—Dry.
STILL CHAMPAGNE—Delicious.

Parties attracted by this advertisement, or who have already bought and tested the high quality of these articles, can have a price list sent by mail, or samples by express, when desired, by addressing as follows:

C. A. RICHARDS,

99 Washington street, - - - Boston.

NOTE—C. A. Richards would also beg leave to state that the above are only a part of the list of articles for sale and importation by him. He has in addition, one of the largest stocks in America of **Fine Bottled Wines and Spirits**, of every variety and kind, together with a fine assortment of Liquors and Wines in original packages, for sale by the cask or gallon. Also, **Fine Cigars, Sardines, Fields, Sauces**, and every kind of table luxury usually found in a first class wine store in this country or in Europe.

Orders are most respectfully solicited.

VALUABLE MEDICINAL

ROOTS AND HERBS,

Prepared by WM. H. GREGG, M. D.,

Graduate College Physicians and Surgeons, N. Y. formerly Assistant Physician Blackwell's Island Hospitals, late Medical Inspector New York State Volunteer Hospitals, under Gov. Edwin D. Morgan.

Constitution Life Syrup

HAS PRODUCED

A REVOLUTION IN MEDICINE!

What may seem almost incredible, is, that many diseases hitherto considered hopelessly incurable are frequently cured in a few days or weeks, and we cheerfully invite the investigations of the liberal minded and scientific to cures which have no parallel at the present day.

Our medicine is powerful, by it the seat of disease is directly reached, and the equilibrium restored. Those who have suffered long from painful and obstinate diseases, those who have vainly sought relief from advertised medicines, those who cannot be cured by other physicians—are

Invited to use Constitution Life Syrup.

During the past five years we have contended with obstacles and overcome opposition as before been no ever encountered by any medical performers.

Rapidity of Cure.

Some say, "Your cures are too quick," while others doubt their permanence, and think that diseases can only be cured by the "slow recuperative process of Nature." Admit our cures

In health, the body, like a well-balanced scale, is in a state of equilibrium. But when from any cause there is a disturbance of the scale, we have the effects of disease. What is requisite is, to restore the normal balance of the scale

CONSTITUTION LIFE SYRUP.

A positive and specific remedy for all diseases originating from an IMPURE STATE OF THE BLOOD, and for all (hereditary) DISEASES transmitted from PARENT TO CHILD.

Paralysis.

Hemiplegia, Paralysis, Paraplegia, Paralysis Agitans.

It is so universally admitted that Constitution Life Syrup is the only effective medical remedy in the various forms of Paralysis, that we need not reiterate that it is emphatically the Great Life-Giving Power.

Dyspepsia.

Indigestion, Loss of Appetite, Costiveness, Weight at Stomach, Sick Headache, Wind, Flatulence, Bad Breath.

Scrofula.

Tumors, Glandular Swellings, Ulceration, King's Evil, Erysipelas, Salt Rheum.

This taint (hereditary or acquired) filling life with misery, is by all usual medical remedies incurable.

Rheumatism.

Arthritis, Neuralgia, Gout, Lumbago, Sciatica, The Dolorous.

If there is any disease in which the Constitution Life Syrup is a sovereign, it is in Rheumatism and its kindred affections. The most intense pains are almost instantly alleviated, and in a short time are reduced. Cases, chronic or vicarious, of 20 or 30 years standing, have been cured by us.

Nervousness.

Nervous Debility, Confusion of Thoughts, Epilepsy, Loss of Memory, Nervous Irritability, Sleeplessness, Sick Headache, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Stomach, Spasms, Trembling, Wakefulness, Eruptions on the Face, Pale Countenance, Insanity, Consumption, and all those miserable complaints caused by departing from the path of nature.

☞ This medicine is a simple vegetable extract and one on which all can rely, as it has been used in our practice for many years, and with thousands treated it has not failed in a single instance. Its curative powers have been sufficient to gain victory over the most stubborn cases.

☞ To those who have trifled with their constitution, until they think themselves beyond the reach of medical aid, we would say, *Despair not*; the CHEROKEE CURE will restore you to health and vigor, and after all quack doctors have failed!

☞ For full particulars, get a circular from any drug store in the country, or write the proprietors, who will mail free to any one desiring the same, a full treatment in pamphlet form.

☞ Prices, $2 per bottle or three bottles for $5, and forwarded by express to all parts of the world.

Sold by all respectable druggists everywhere.

Glad News for the Unfortunate!

The Long Sought For Discovered at Last.

CHEROKEE REMEDY

—AND—

CHEROKEE INJECTION,

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Incontinence of the Urine, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Strictures, Gravel, Diabetes, and is especially recommended in these cases of Fever Albus or Whites in females where all the old numerous medicines have failed.

It is prepared in a highly concentrated form, the dose only being from one to two tablespoonfuls three times per day.

It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an ally or assistant to the CHEROKEE REMEDY, and should be used in conjunction with that medicine in all cases of Gonorrhœa, Gleet, Fluor Albus or Whites. Its effects are *healing, soothing and demulcent*; removing all scalding, heat, chordee and pain, instead of the burning and almost unendurable pain that is experienced with nearly all the *cheap quack injections.*

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

For the Injection get our pamphlet from any drug store in the country, or write us and we will mail free, to any address, a full treatise.

Price—CHEROKEE REMEDY, $2 per bottle or three bottles for $5.

Price—CHEROKEE INJECTION, $2 per bottle, or three bottles for $5.

DR. WRIGHT'S

REJUVENATING ELIXIR,

OR ESSENCE OF LIFE.

Prepared from Pure Vegetable Extracts,

Containing nothing injurious to the most delicate.

The Rejuvenating Elixir is the result of modern discoveries in the Vegetable Kingdom; being an entirely new and abstract method of cure, irrespective of all the old and worn-out systems.

This medicine has been tested by the most eminent medical men of the day, and by them pronounced to be one of the greatest medical discoveries of the age.

It will cure Seminal Weakness.

It will cure General Debility.

A few doses cure Hysterics in females.

One bottle cures Palpitation of the Heart.

A few doses cure the organs of generation.

From one to three bottles restore the manliness and full vigor of youth.

A few doses restore the appetite.

Three bottles cure the worst case of Impotency.

A few doses cure the low spirited.

One bottle restores mental power.

A few doses bring the rose to the cheek.

This medicine restores to manly vigor and robust health the poor debilitated, worn-down and despairing devotee of sensual pleasure.

Young men who have become weak, the over-tasked man of business, the victim of nervous depression, the individual suffering from general debility, or from weakness of a single organ, will all find immediate and permanent relief by the use of this Elixir or Essence of Life.

SUGAR-COATED.

FEMALE REGULATOR.

Health Preserver!!

CERTAIN AND SAFE.

☞ For the Removal of Obstructions, and to Establish Regularity in the Recurrence of the Monthly Periods.

They cure or obviate those numerous diseases that spring from irregularity, by removing the irregularity itself.

They cure Suppressed, Excessive and Painful Menstruation.

They cure Green Sickness (Chlorosis).

They cure Nervous and Spinal Affections, pains in the back and lower parts of the body, Hearty Tone, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysteria, Sick Headache, Giddiness, &c., &c. In a word, by removing the irregularity, they remove the cause and with it ALL the effects that spring from it.

Composed of simple vegetable extracts, they contain nothing deleterious to any constitution, however delicate, their function being to substitute strength for weakness, which, when properly used, they never fail to do.

They may be safely used at any age and at any period, *except during the first three months*, during which the unfailing nature of their action would inevitably prove miscarriage.

All letters seeking information or advice will be promptly, freely and discreetly answered.

THE MAGEE

COOKING STOVE.

The subscriber, having received his Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shovelfuls taken up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as thousands in families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

"MAGEE'S PATENT"

VENTILATING & AIR-WARMING

FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine the many valuable improvements.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable,—and as none of the air that is once used is ever used with the lungs, used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. Simplicity of structure is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces are 30 equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq., Aaron H. Hill, Charles H. Mendum, Henry F. Wendell, John Sise, and others.

EXETER, N.H., Feb. 26, 1846. "I hereby certify that my father has had the salt rheum for a number of years—some of the time so badly as to prevent his labor, or even walking without crutches. For a year past a large sum had been expended to no avail by several celebrated physicians, for Sarsaparilla, Iodine, &c., &c., but he obtained no relief until I procured some ten or twelve bottles of Dr. SWAYNE'S PANACEA, and several bottles of his Liver Wash, which have effected a cure. There can be no doubt but that this cure was effected more than three years ago. No other medicines can heal Dr. Swayne's in removing the various forms of humors. I have sold to a number of my acquaintances, who were afflicted, and witnessed my full cures effected by it since I have acted as agent for the sale of it. JOSIAH J. LEVERETT.
PORTSMOUTH, April 21st, 1863.
I have for several years been afflicted with dizziness at my stomach, loss of appetite, and often confined up all of my bowels. I immediately after using Dr. SWAYNE'S PANACEA, which I purchased of you about a year ago, when I took one bottle of Dr. S. SWAYNE'S PANACEA, which relieved me so that I have not had the least trouble from any of these complaints since, and I enjoy good health. C. W. LOWD.
From ELDER I. CHESLEY, *Lee, May 31, 1841*.
DR. SWAYNE: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and had previous to your visiting our town in the spring of 1840, she had suffered for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow worse till she commenced using your PANACEA AND HUMOR WASH. Since then, she has recovered her health so far as to rise by night and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY
☞ Any one returning the remainder of a bottle of Dr. Swayne's Vegetable Specific shall have pay for it, if it does not agree with his case, or if not worth the price. All orders directed to DR. S. SWAYNE, No. 1 High street, Portsmouth, N. H., promptly attended to. may26

PRIVATE OR DELICATE NATURE.
By a long course of strict and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most aggravated cases of GONORRHŒA AND SYPHILIS.
Beneath his treatment, all the horrors of venereal disease, Gonorrhœa, Gleet, Inflammatory Syphilis, Gonorrhœa, Ulcers, pain and distress in the regions of procreation, Inflammation of the Bladder and Kidneys, Hydrocele, Abscess, Strictures, Frightful Swellings, and the long train of horrible symptoms attending this class of disease, are made to become as harmless as the simplest ailings of a child.
SEMINAL WEAKNESS.
Dr D. devotes a great part of his time to the treatment of those cases of the secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Those who have fallen victims to the effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are to be dreaded: loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c., are among the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.
Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.
Medicines sent to all parts of the country, with full directions for use, on receiving description of your cases. Dr. Dow has also for sale the French Capotites, warranted the best preventive. Order by mail. Three for $1 and a red stamp.
Highly Important to Females
IN DELICATE HEALTH.
DR. DOW, Physician and Surgeon, No 7 & 9 ENDICOTT STREET, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. He feels fully certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon regains perfect health.
Dr. Dow has no doubt, had greater experience in the cure of diseases of women and children, than any other physician in Boston.
Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.
Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.
N. B.—All letters must contain four red stamps, or they will not be answered.
Office Hours from 8 A. M. to 9 P. M.
CERTAIN CURE
in all cases, or No Charges Made.
Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.
Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott st., Boston. Those who need the services of an experienced physician and surgeon should give him a call.
P. S.—Dr. Dow imports and has for sale a new article, called the FEMALE SECRET. Order by mail. Two for $1 and a red stamp.
Boston, April 7, 1864.—eodly.

HIGHLY IMPORTANT
—TO—
UNFORTUNATE FEMALES!
DR BRISCOE'S FEMALE DROPS are unsurpassed by virtue and efficacy in removing all complaints of winter nature, incident to females. He continues, with his usual success, to medically and surgically remove Obstructions, Enlargements, Leucorrhœa, Whites, General Debility, &c., and suppressions of all kinds; also all complaints of the Lungs, Liver, Kidneys, or Spinal order. Sent
This medicine will be sent to any part of the country by express or mail; addressed by a communication stating particulars, will receive prompt attention.
Office, No. 23 Endicott street.
Persons at a distance can consult Dr. Briscoe, by letter, describing the case, and have the medicines securely put up, and forwarded to any part of the United States, with full directions for use. Office arranged with separate apartments, so that patients see none but the Doctor himself.
Address Dr. Briscoe, at No. 23 Endicott St., Boston, stating your symptoms. All communications are confidential.
Patients furnished with rooms and board if desired, and every care observed in every case.
Office hours from 9 A. M. to 9 P. M.
Boston, July 16, 1864. TuSly

DR. M. BRISCOE still continues his successful treatment of all Private Diseases and also Female Complaints, at his old established office, No. 23 Endicott street.
N. B.—The sick and afflicted will do well to give him a call. A short consultation will cost you nothing, but a word of friendly advice may save you years of suffering.
P. S.—Ladies who wish to stay in the city under my care a few days, can be furnished with kind nurses. Charges moderate.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the act of 1837.)
76 State street, opposite Kilby street,
BOSTON.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds Assignments, and all Papers or Drawings for Patents, executed on short notice, and with due despatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, on account of the patents, and the promptness of business done, by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove this to be a MORE SUCCESSFUL AND THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense patronage of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful practitioners* of whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ *a person more competent and trustworthy*, and more capable of putting their application into the form secure for them as early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such uniformity of success, in the light of my own knowledge of his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.
During eight months, the subscriber, in course of his large practice, made *on twice* rejected applications, and CREDITABLE APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.

The Old Established Hospital,
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!
DR. J. TELLER continues to be consulted and successfully consulted on all forms of private disease, at his old established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the safest as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Biles, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their healths and destroyed the vigor of their minds, thus depriving themselves of the pleasures of life and of family, are notified that in consulting Dr. J. Teller, they will find a friend to console and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. J. broken down in health, now rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for everybody.—Startling disclosures Dr. Teller's great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married Happy. A lecture on Love, or how to choose a Partner—a complete work on Midwifery. It contains more matter than any other before published. Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, indeed, will secure a copy by return mail. Dr. TELLER has devoted a lifetime to the cure of those diseases upon which his books treat.
TO THE LADIES.
Dr. TELLER still remains the only Agency in America, for the sale of Dr. Nichols's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other complaints peculiar to females.
CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see circulars which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 8 A. M. to 8 P. M., and on Sundays from 1 to 5 P. M.
N. B.—Professional advice can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

VERNATELLA.
Warranted to make the Soles of Boots and Shoes water and dampness proof, and wear one-third longer.
VERNATELLA
Is a preparation from Copper, having no grease, linseed oil, or anything of the kind, and when the soles are once saturated with it, water can no more get through them than through copper itself. **Price 25 Cents Per Bottle,**
at retail everywhere.
But its cost to the purchaser is really NOTHING, as it makes the soles wear enough longer to more than pay for it, leaving as a net gain the making of Boots Water and Dampness Proof, and the preservation thereby of that priceless gem, the health.
☞ LADIES, READ THIS! ☜
SAVE YOUR HEALTH.
Use Vernatella on the Soles of your Shoes. It makes them water proof and thereby protects your feet from dampness, for the ground is always more or less moist, either from rain or the morning and evening dew.

Portsmouth, N. H.

THURSDAY, JULY 21, 1864.

THE REBELLION.

Gen. Slocum having been reinforced with cavalry, is on another raid into the interior of Mississippi.

Gen. A. J. Smith overtook Forrest, at Pontotoc, Miss., on Wednesday, fought him that day, and on Thursday and Friday drove him below Tupelo, whipping him badly in five different battles. The rebel loss was 2600, and their defeat was overwhelming. Our loss was less than 500.

An expedition of 15,000 men was to start from New Orleans on the 7th in ocean steamers, with 15 days' rations. The rebels attacked some negro troops in an expedition near Port Hudson on the 4th, but after fighting nearly all day were driven off. Our loss was 150 killed, wounded and missing.

Guerrillas are causing the people to flock into St. Joseph from the surrounding counties in Missouri, leaving their grain unharvested. There is much excitement in the State. Col. Ford telegraphs to headquarters that he has killed in all 40 guerrillas, captured 200 stand of arms, much ammunition and many horses. Our troops are still pursuing the rebels.

A gunboat expedition up the Scuppernony river, to prevent the rebels transporting supplies to their army at Plymouth, N. C., was successful—destroying a bridge and disabling a grist mill. No opposition was encountered.

The Washington Republican states that a dispatch from Gen. Sherman announces that his whole army advanced on Tuesday five miles beyond the Chattahoochie river, and across Peach Tree Creek. This forces Johnston into his defences, cutting him off from retreating towards Richmond, and places Atlanta within range of Sherman's guns. The rebel papers say that the crossing of the Chattahoochie by our forces is equivalent to the fall of the city.

Gen. Sherman on the 18th moved out of his works on the south side of the Chattahoochie to attack Johnston, or occupy Atlanta if he retreated. The rebels have removed their valuables to Augusta.

The rebels are reported to be making strong efforts to blockade the James river. Johnston is reported to be reinforcing Lee, but this is doubtful.

A Washington dispatch to the Boston Journal (not from Parley) states that Edmund Kirke and Col. Jacques of the 8th Illinois regiment have just returned from Richmond, whither they have been on a secret mission of political importance, and where they were received and treated with marked respect by the Confederate authorities,—all of which sounds like bosh.

— The Murchie Mills, Milton, Me., cut 75,000 feet of long lumber, 150,000 laths, and 50,000 pickets per day.

— There are reports that Sec. Stanton has resigned, and that Gen. Hunter has asked to be relieved.

— An Insane Asylum, containing 229 female inmates, near Philadelphia, fell on Wednesday. 18 were killed and 20 injured.

—Starr King's Society in San Francisco, on the 13th, extended a unanimous and earnest call to Rev. Horatio Stebbins, of Portland, Me., to become his successor. He has accepted the call, and sails Aug. 13.

— Intelligent men engaged in the business estimate that there have been taken in open boats, between Eastport and the North end of the Island of Campobello, a distance of about six miles, at least 15,000 quintals of pollock fish, the present season, being a much larger catch than for many years previous. So says the Portland Advertiser.

— The Cushing Guard left Newburyport with full ranks, for Readville, on Tuesday. This is the third time they have entered upon service since the war begun: first, for three months; second, for nine months; and now, for a hundred days. They also offered themselves on another occasion, when called to defend Washington, but after reaching Boston were dismissed.

— The forty-fifth Diocesan Convention of the Protestant Episcopal Churches of Maine had its annual session at St. Mark's church in Augusta last week. Rt. Rev. Geo. Burgess of Gardiner, Bishop of the diocese, presided. The convention sermon was preached by W. W. Niles of Wiscasset, and the missionary sermon by Rev. G. W. Darrell of Bath. It was voted to hold the convention next year at Portland, July 12, at St. Luke's church.

GARIBALDI, the great Italian patriot had a great reception at Ischia at the close of last month. Several people, it is said, had made pilgrimages of eight days on foot to see him. Several of the thousands who crowded around him attempted to kiss his hand, which he declined having done. One man saluted his wounded foot, when he said "Those who so bow the back always remain so and never come straight again."

NEW HAMPSHIRE ITEMS.

—— The "Atlantic Fishing Party," of Manchester, 20 persons, are to leave Boston this week in the yacht Una, on their annual excursion down the coast as far as Eastport.

—— The Eleventh regiment now numbers 168 men, under the command of Capt. S. D. Tilton. There is only one other officer left of the same rank—Capt. Arthur Locke. Three companies are commanded by Lieutenants and six by Sergeants.

—— Rev. Geo. B. Gow, for the past three years Principal of New London Literary and Scientific Institution, has resigned his position. His resignation has been accepted, and his place will be immediately filled by the Trustees.

—— The three companies of the 1st N. H. Cavalry, recently recruited and now at Camp Gilmore in Concord, have received orders to join their regiment in the army of the Potomac at once. These will make ten companies organized, and the remaining two are rapidly filling up.

—— At a town meeting held in Wolfborough on the 6th, it was voted to appoint George W. Furber and C. F. Hill recruiting agents, to continue in office until March, 1865. They are to obtain volunteers and substitutes for such persons as may be drafted under any call of the President during their term of office. The selectmen were instructed to hire a sum not exceeding $20,000, for the purpose of obtaining the said volunteers and substitutes, and to pay over the same to the agents as needed.

—— The Legislature closed its session Saturday afternoon, and we give, from the Monitor, a list of acts passed by it. In the hurry of closing the session many things got the go by, that ought to have been passed. One was the Agricultural College. The Senate and House were at loggerheads on the election of State Auditor. James O. Adams, of Manchester, was elected by the House, and Daniel Blaisdell, of Hanover, by the Senate. A committee of conference was agreed upon, and Lemuel N. Pattee, formerly Secretary of State, recommended. But the Senate would not yield, and so no Auditor was elected.

☞ The Paris correspondent of the London Times says the French Government is subject to hot and cold fits, and at a time it was amicably disposed to the Confederate States leave was very readily given for building at Nantes and Bordeaux—nominally for commercial purposes, but really for war—two steam corvettes and two rams. Leave is too weak a word, encouragement and instigation would be more correct. When the vessels were nearly completed, a cold fit came on and orders were sent that the vessels should not be delivered to the Confederates; but although the ground alleged for detaining the ships was that they were constructed for belligerent purposes, the corvettes and rams have just been sold to the Prussian Government, though Prussia is belligerent. This does not look like neutrality, and it looks still less like a friendly belligerent and a weakness of the French Government toward Denmark. The writer remarks that the Yeddo is one of the vessels bought by Prussia, her reported connection with the Confederates being untrue.

THE WALTONIAN THEOLOGY.—Maine papers inform us that, "notwithstanding the action of the Council which refused to instal the Rev. Mr. Walton over the third parish in Portland, the people have chosen him as pastor for one year."

Mr. W. did not come up to the full standard of orthodoxy which the Council required, and so they declined to instal him, as undoubtedly they had the right to do. The parish also has only done what it has the right to do, by Congregational usage. One of its first principles is, that the people have the right to choose their own teachers. The members of the 3d parish in Portland have exercised this right, and chosen a man to supply their pulpit and perform pastoral duty for a year. This is no contempt of Council. The Council only declined to instal: the parish only keep the minister without his being installed in form.

Mr. Walton himself, in a letter to the Portland Press, explains and amplifies his creed, as before reported. On the points respecting the future state of man, his mind is not entirely settled: he thinks the punishment of the wicked *may* not be eternal, but may end in annihilation; and that the heathen and others not having the privilege on earth, "*may* in another world have the offer of salvation." But he says he is fully persuaded that "there is no such thing as restoration in the case of those who die impenitent beneath the light of Christianity; and that the lost in the future world continue in a state of punishment as long as they exist."

Any theologian however dull can see that Mr. Walton differs widely from his predecessors Payson and Tyler; but on some vital points he sees men only like trees walking. Yet he carries his people along with him; and at the year's end they may probably be a stronger and more compact body than they are now. U. T.

— Five war vessels were to leave Spain for the Pacific during July.

— We now hold upwards of 62,000 rebel prisoners.

— The Rappahannock is under strict surveillance at Calais, and not permitted to leave.

—It is now stated that the Fung Suea, which sailed from St. John a few days ago, is all right, her clearance being really for China and all correct.

— An exceedingly rich tin mine has been discovered in the State of Durango, Mexico. Sixty-nine pounds of ore yielded thirty-three and a half pounds of pure tin.

— The U. S. gunboat Kearsarge arrived off Dover on the evening of the 6th from Cherbourg. She saw nothing of the Florida or any other rebel cruiser.

— The steamer Yeddo, built at Bordeaux, supposed for the rebels, has been purchased by Prussia, and is now fitting out for service at Bremerhaven.

— After a lapse of 40 years, there were still 137 British veteran officers above the rank of lieutenant alive to celebrate the anniversary of Waterloo, June 18th.

— Gudin, the eminent French marine painter, has gone to Cherbourg to make studies for a painting of the great battle between the Kearsarge and the Alabama.

— Nathaniel Marsh, President of the Erie railroad, died at Staten Island on Tuesday, 12th inst. He was a native of Haverhill, Mass.

— Gen. McNeil is drilling the colored troops at Port Hudson, La., four hours a day, and means to make them proficient soldiers.

— The war steamers sent in search of the Florida are returning to port, and report that they found no trace of her in the latitudes in which they were ordered to cruise.

— Godey's and Peterson's Ladies' Books for August are each full of fashion plates, directions for making different articles of dress, and all that variety for which they have long been noted.

— The Maryland Constitutional Convention has passed a resolution requesting the President to assess upon rebel sympathizers, residents of that State, the total amount of losses sustained by the loyal residents by the recent raid.

— The number of men employed in the various departments of the Brooklyn Navy Yard is nearly seven thousand. The marines and some of the sailors despatched to act as artillerists at Baltimore have returned.

— The Saco Democrat says the Dover Gazette holds the same position in New Hampshire that the Argus does in Maine, being "*the only Democratic paper that supports the war.*" The Saco paper very distinctly through gingerly reads its Portland contemporary out of the Democratic church.

— A leading Baptist clergyman of Philadelphia is attempting to initiate a new order of Baptists. He proposes to retain the distinguishing doctrines and ordinances of the denomination, but to change their church government to the Episcopal form. In his first attempt to exercise the rule of a bishop, he has succeeded so far as to split his own church.

THEY OPERATE FINELY. — The combined scraping and sweeping machines which some of the ladies of the city a few months since introduced upon our sidewalks continue to operate most admirably. As many of our people are already aware, the new machine is composed of silk or other fine fabric, which is attached to the waist of the operator, and contrived so as to trail a yard or so on the sidewalk. The scraper, we have been told, is composed of sheet iron or stout leather, either of which will answer, and is affixed to the under side of the trailing silk. By this ingenious arrangement the dirt and dust are completely swept from the street crossings and sidewalks, while all the old tobacco quids, ends of cigars, sticks, bits of paper, or whatever other offending materials may chance to accumulate there are taken up and removed out of sight.

We have noticed that pedestrians are not always careful to give the operators of those machines an unobstructed passage along the sidewalks. As the scraper can be heard to a long distance there is ample time for every one to step inside upon its approach, so that there is no reason why those benevolent ladies who are resolved to secure the cleanliness of the streets should be hindered in the performance of their mission.—*Manchester Union.*

MARRIAGES.

PARTICULAR NOTICE.—From this date our Carriers of Subscribers' lists are not allowed to sell copies of the Chronicle, nor to receive pay for any subscriptions, except when furnished by us with receipts for the same,—which will not be given for less term than 1 month, 60 cts., or 3 mos. $1.50, in advance. If any prefer to pay weekly, they can do so at our counting room only. Will all concerned please remember this, and thus aid in the more prompt and accurate delivery of our papers. July 18.

A TRUE AIM.—It has not been the aim of the proprietor of Hunnewell's great preparations, advertised on our inside columns, to base a false reputation by long and unmeaning advertising, but a real one by true results, to which all who try them will cheerfully assent. See advertisement.

☞ Herrick Allen's Gold Medal Saleratus is manufactured entirely different from any other. Its chemical purity renders it as harmless as the purest flour, and its use will strengthen weak stomachs and cure dyspeptic persons. Use it with cream tartar instead of soda.—It is much better. Try it. Grocers and Druggists sell it.

SEVEN HUNDRED VOLUNTEERS SICK IN Camp!—Young men, be warned in time, supply yourself with Holloway's Pills and Ointment. They are guaranteed to cure the worst cases of Sores, Ulcers, Scurvy, Fevers, and Bowel Complaints.

If the reader of this "notice" cannot get a box of Pills or Ointment from the drug store in his place, let him write to me, 80 Maiden Lane, enclosing the amount, and I will mail a box free of expense. Many dealers will not keep my medicines on hand because they cannot make as much profit as on other persons' make. 35 cents, 88 cents, and $1.40 per box or pot. 216

GRAPES IN N. JERSEY. WE HAVE BEEN shown specimens of sacramental or pure juice Wine, prepared by Mr. Alfred Speer, of Passaic, N. J., out of the Portuguese Sambuco a valuable grape which he cultivates in this country. In taste it assimilates to port without its heating qualities, being absolutely free from spirits further than its own fermentation affords. Preference is given to it over all other wines in New York and other hospitals, as a tonic, gentle stimulant, diuretic and sudorific. Mr. Speer has been nine years experimenting in the production of this Wine, and the newest wine he sells is four years old. 34.

A Card to Invalids.

A Clergyman, while residing in South America as a missionary, discovered a safe and simple remedy for the Cure of Nervous Weakness, Early Decay, Diseases of the Urinary and Seminal Passage, and the whole train of disorders brought on by baneful and vicious habits. Great numbers have been already cured by this noble remedy. Prompted by a desire to benefit the afflicted and unfortunate, I will send the recipe for preparing and using this medicine, in a sealed envelope, to any one who needs it, *Free of Charge.* Address JOSEPH T. INMAN, Station D, Bible House, mh25—1y3m* New York City.

"A Wonderful Discovery."

DR. TEBBETTS' "PHYSIOLOGICAL HAIR RESTORATOR" is compounded in strict accordance with the well known laws of Physiology and Modern vegetable Chemistry: It is not a "DYE," it will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes all dandruff, heat, humors and itching from the skin. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing has no superior. The "RESTORATOR" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HAIR" in New England can be restored in less than SIXTY days.

PREPARED BY THACHER, opposite the Post Office and 12 Market Square, Agent for Portsmouth.—Geo. C. Goodwin, No. 38 Hanover street, Boston, Wholesale Agent for New England, and sold by Druggists everywhere. TEBBETTS BROTHERS, Druggists and Chemists, Proprietors, Manchester, N. H. Je1—tf

Local.

RASCALITY.—Gayton P. Sawyer of Haverhill, Mass., was brought before U. S. Commissioner A. R. Hatch of this city on Wednesday, on complaint of Officer F. A. Herman of New York, for tampering with the post offices at Newton, N. H., and other towns, for the perpetration of frauds on the public.

Sawyer was one of the principal agents of a large gang of scoundrels living at Haverhill, who swindled the gullibles through circulars sent by mail, into buying or sending money for all sorts of worthless trash or fictitious values. Among the chief was the fictitious lottery termed the "Franklin Benefit Association," to secure tickets in which money was sent by thousands of dollars, to Newton and other post offices, and called for by these scamps or their agents. Large false purchases (or thefts) of goods and merchandise of all kinds have been made by them at various times in different places under all sorts of names.

But finally eight of the gang, all living at Haverhill, were indicted, and three of them arrested and tried in Massachusetts in May, for being concerned in the fictitious lottery. A. P. Coburn is in jail at Lawrence, and Frank Ross at Newburyport, awaiting trial; and Sawyer was also held in $2500 bail for trial on the same charge. Officer Herman bailed him, and brought him here for trial on the U. S. indictment,—this offense having been committed in New Hampshire.

U. S. District Attorney Rand of Littleton appeared for the Government; and there was no counsel for the prisoner. Twenty or thirty witnesses were examined, including the Postmasters of several towns in this vicinity; and Com. Hatch held Sawyer in $1000 for trial at the October term of the U. S. District Court in this city. Mr. Herman once more became bail, and delivered the prisoner to the Massachusetts Sheriff again.

Thus, we hope, the operations of this dangerous and too successful gang of villains are to be stopped; but all are not caught, and we are informed that the lottery scheme is just being started again, with rendezvous this time at Pittstown, New York, and the press will do well to warn the public,—tho' it does seem that the victims of *such* snares must be taken from among those who never read the newspapers.

A NARROW ESCAPE FROM DROWNING, and a most successful exhibition of pluck and presence of mind, was occasioned by the upsetting of a sailboat off our harbor, on Tuesday last. Five men, Messrs. Oren and James A. Junkins, George A. Conner, Thos. B. Gammon and Henry M. Sanderson, were out sailing in a boat recently owned at Fort Constitution, and now belonging to Mr. Martin; and when off Odiorne's Point, a mile or so from shore, a flaw capsized the craft, and threw them all into the water.

But all clung to the boat or mast, and Mr. J. A. Junkins swam the mile to the shore, and procured assistance by which the whole party were rescued; though Mr. Sanderson, being afflicted with asthma, was nearly exhausted and helpless, and it was only by the utmost exertions that his companions were enabled to keep him upon the boat all the while. As it was, he was in a sad condition when landed, and it required great care to bring him to. But for some good swimming, as mentioned, and some pretty tall running afterwards by Mr. Oren Junkins (who was formerly one of our typesetters, and has just come home, with his family, on a visit from California—whom we were astonished to meet two or three times, running like mad through our streets, clad in strange garments for him, a military overcoat buttoned to the chin, and no shirt collar visible), Mr. Sanderson would probably not have survived. We did not learn the particular cause of the accident; but most such come from want of proper precautions.

☞ One of our oldest and best subscribers, who long ago paid for the Daily Chronicle up to 1865, came into our counting room yesterday prepared to pay something more for his paper for the current year—he having so misunderstood our recent statements of new terms as to suppose we demanded an increase on contracts already made and settled. Much obliged to him, and we can but pleasantly contrast his conduct with that of some other folks we know of; but we have always paid 100 cents on the dollar, so far, and, we believe, fulfilled all the contracts we have made. When we can't, perhaps we shall repudiate; but not at present. To all who have *not* paid for 1864, however, the price of the Chronicle is now $6 in advance.

☞ Our type-setter (evidently not a sporting-man) made several mistakes in that foot-racing item yesterday. "Times not stated," should have been *time not taken*; "John Lever," should have been *John Seaver*; "James Murphy," should have been *James Murbay.* No great consequence, perhaps; only it is just as well to be accurate when you can, or we can.

☞ There are no cases of ship fever in Portsmouth. tf

Communication.

Eds. Chronicle:—Under the head of "Quarantine Laws, &c.," a few days ago, there were statements that called for a reply. I have been Health Officer in this place the last three years, ending the first of January, 1864, and have had an understanding with the Commander of Fort Constitution, and pilots of this Harbor, to hail and detain vessels according to the regulation of the State, and there was no failure during that time, to my knowledge. Concerning the U. S. S. Alabama, she was ordered, or transferred, to this quarantine, by the proper authorities at Staten Island, N. Y., and I was notified to that effect by the resident physician at that Island. On the day of her arrival I went and took charge of her immediately, and detained her from the 12th day of September to the 7th of November, 1863. I did not know of her most worthy captain being aboard, giving any orders, or knowing anything about her, from the time she was taken charge of at Staten. Certainly he had not such a right; for, under the law, the Health Officer has sole control of such vessel, until he can give her a clean permit, and all her bills paid. She was transferred directly from the Health Officers at New York to the Health Officers at this place, with five ship-keepers, the only persons aboard; and she was properly cleansed and delivered to Com. Pearson, of the Portsmouth Navy Yard, and no one injured. ADAMS PERRY,

Ex Health Officer.

☞ The Board of Aldermen have passed the following:

Voted—That a committee be appointed (to act in conjunction with the City Missionary) to ascertain who are sufferers by the late fire, and to take such steps as they may think proper, to relieve the distress, and to act in the name of the Board.

The Chairman of the Board has appointed Ald. Shannon and Wendell as such committee.

The Committee would represent that several families have lost nearly all their furniture and clothing, and are in destitute circumstances; and would recommend that the several churches make a contribution on the next Sabbath for their relief; and in the mean time the Rev. Mr. Medbery will call on the several Pastors and give them such further information as he may be able to obtain. C. A. SHANNON,

For the Committee.

It is understood that the money collected will be applied to the relief of the really indigent by the City Missionary.

☞ Several promotions have recently been made in the 10th N. H. regiment, among them the following: 1st Lt. James Albert Sanborn of Co. E, to be Captain of same company. He went out as Sergeant of Co. G, under Capt. George W. Towle.—1st Sergt. Charles H. Hoyt of Co. G, has been promoted to 2d Lieutenant of the same company.

☞ We are requested to state that the last few lessons of Mr. Joy's Singing School are to be postponed until September, as he is to be absent from the city during his summer vacation.

SALE OF BANK STOCK.—H. F. Wendell sold at auction, at the Athenæum in this city, on Wednesday, July 20th, sixteen shares in the capital stock of the Bank of New Hampshire (the par value of which is $60), for $62.50.

☞ Growl as you will about the Portsmouth Aqueduct—with cause or without—the water is perfectly delicious; and there is plenty of it, if they would only lay another pipe to bring it down to the city.

☞ Lieut. Joseph Amazeen, of this city, has been promoted to a captaincy in the U. S. Revenue service.

STEAM FIRE ENGINES.—For a city or town of any considerable size to be without a steam fire engine, with the present knowledge of their inestimable value, is not only folly, but a culpable disregard of the security of life and the rights of property. The citizens of Portsmouth are doubtless willing to allow the truth of this assertion, after their experience of the fire which occurred in their city yesterday. A gentleman of our acquaintance, who visited Portsmouth a few weeks since, in conversation with an officer of the fire department of that city, remarked to him the need that seemed apparent of a steam fire engine. The reply was, "We have been talking about getting one." Our friend said, "A large fire like the one in Gloucester will probably sometime cause your talk to be carried into effect." The conflagration came probably sooner than either anticipated.—*Boston Transcript.*

One rather laughable feature of the late fever excitement, is the new face which it has put upon the rival claims of Portsmouth and Kittery to the U. S. Navy Yard. During the prevalence of the fever, the Down East press and people, as a general thing, never spoke of it as existing in Kittery at all, but always as raging in Portsmouth and in the Portsmouth Navy Yard. Kittery was entirely ignored: indeed, she was unable to bury those of her citizens who died of the fever, but had to send for men from Portsmouth to pay the last offices to the dead. Let us hear no more of Kittery Navy Yard.—*Ports. Cor. Concord Monitor.*

☞ Wednesday was one of the hottest days of the season — and the earth is as dry as dust and ashes, about here. What *should* we do without the sprinkler in this drought? It does the business up Brown, as far as it goes; but we ought to have two or three of the machines.

☞ The crew of the U. S. steamer De-Soto were paid off on Wednesday, and if the greenbacks they received had been infected seventy time as bad as that lazar ship, they could not have exhibited a more commendable alacrity in squandering their wages than they shew before nightfall.

☞ As a frosty temperature at once stops all sickness from virulent fevers—why would it not be the best thing for Government to do, to send infected vessels to the region of perpetual ice for a few days, rather than to quarantine them anywhere else for a long term?

☞ The new steamer Gen. Grant, with quite a large party on board, left this city in tow of a tug on Wednesday, for Boston, whither she goes to receive her machinery.

☞ The Annual Exhibition of the Haven Grammar School will take place on Friday afternoon at 2 1-4 o'clock.

MASON & HAMLIN'S

CABINET ORGANS,

Combining the requisites for Sacred and Secular, Church and Parlor Music; for Families, Sunday Schools, Day Schools, Churches, &c.

They are elegant as pieces of furniture; occupy little space; are not liable to get out of order or out of tune; are warranted for five years; will improve in tone by age, and are moderate in cost.

They are to private houses, Sunday schools and smaller churches, what the larger pipe organs are to large churches, and in addition to this are adapted to secular as well as sacred music.

The Cabinet Organ is essentially different from, and a marked improvement upon, all instruments of the melodeon or harmonium kind. Its superiority consists in many important characteristics.

The undersigned, Agent for the Manufacturers, will be pleased to show the Cabinet Organs to all wishing to purchase, at his residence, NO. 30 HANOVER STREET.

Constitution Life Syrup,

COMPOSED OF

IODIDE POTASSIUM,

With the compound concentrated fluid extract o

VALUABLE MEDICINAL

ROOTS AND HERBS,

Prepared by WM. H. GREGG, M. D.,

Graduate College Physicians and Surgeons, N. Y., formerly Assistant Physician Blackwell's Island Hospitals, late Medical Inspector New York State Volunteer Depots, under Gov. Edwin D. Morgan.

Constitution Life Syrup

HAS PRODUCED

A REVOLUTION IN MEDICINE!

What may seem almost incredible, is, that many diseases hitherto considered hopelessly incurable are frequently cured in a few days or weeks, and we cheerfully invite the investigations of the liberal minded and scientific to cases which have no parallel in the annals of medicine.

Our medicine is peculiar, by it the root of disease is directly reached, and the system invigorated. It has proved a blessed boon to many painful and obstinate diseases, those who have vainly sought relief from advertised medicines, those who cannot be cured by other physicians—are

Invited to use Constitution Life Syrup.

During the last five years we have experimented with the Iodides, with a profusion as lavish as ever encountered by any physician.

Rapidity of Cure.

Some say, "Your cures are too quick," while others doubt their permanence, and think that disease can not be cured so rapidly, forgetting the process of Nature." This is our reply:

In health, the body, like a well-balanced scale, is in a state of equilibrium; the introduction of some poison, or the loss on one side of the scale, we have the effects of disease. What is requisite is, to restore the normal balance of the scale.

CONSTITUTION LIFE SYRUP,

A positive and specific remedy for all diseases originating from an IMPURE STATE OF THE BLOOD, and for all (hereditary) DISEASES transmitted from PARENT TO CHILD.

Paralysis.

Hemiplegia, Paresis, Paraplegia, Paralysis Agitans

It is now universally admitted that Constitution Life Syrup is the only effective means of restoration in the various forms of Paralysis, that we need not reiterate that it is emphatically the Great Life-Giving Power.

Dyspepsia.

Indigestion, Liver Complaint, Constipation, Weight or Nausea, Costiveness, Want of Appetite, Flatulence, Bad Breath.

Scrofula.

Strume, Glandular Swellings, Ulceration, King's Evil, Dropsy.

This taint (hereditary or acquired) blights life with sad misery, is by all usual medicine remedies incurable.

Rheumatism.

Lumbago, Sciatica, Gout, The Dolorosa

If there is any disease in which the Constitution Life Syrup is a sovereign, it is in Rheumatism and its kindred affections. Its wonderful effects are almost unprecedented—enormous swellings are reduced. Cases, chronic or vicarious, of 20 or 30 years standing, have been cured by us.

Nervousness

Nervous Debility, Confusion of Thoughts, Epilepsy, Loss of Power, Shattered Nerves, St. Vitus' Dance.

Thousands who have suffered for years will bless the day on which they read these lines. Formerly to weak, suffering women with this malady, it will be a inestimable blessing—directing their footsteps to a Hope which fulfils more than it promises.

Mercurial Diseases.

Salivation, Feeling of Weariness, Rotting of Bones, Foul Complexion, Aches in Bones, Depraved Appetite.

Constitution Life Syrup purges the system entirely from all the evil effects of Mercury, improves the Blood, Breath, and curing the Weak Joints and Rheumatic Pains which the use of Calomel is sure to produce. It purges spongy Gums and Ulcerated Sores as no other medicine ever.

Constitution Life Syrup

Eradicates, root and branch, all Eruptive Diseases of the Skin, like

ULCERS, PIMPLES, BLOTCHES.

And all other difficulties of this kind, which so much disfigure the outward appearance of both males and females, often making them a disgusting object to themselves and their friends.

CONSTITUTION LIFE SYRUP

Cures all Swellings of the Glands,

Either of the Face, Neck or Female Breast and should be taken as soon as the swelling is detected, to prevent their breaking and producing troublesome Discharging Sores, which disfigure so many of the younger portion of the community, from the age of 10 to 20 years of age. Young children are very subject to Discharging Sores from Ears, which depends upon a Scrofulous constitution. These cases soon recover by taking a few doses of the Life Syrup.

All scrofulous persons suffering from Debility, Sickness, and in the female Dropsy of the ovaries and womb, generally accompanied with inflammation and ulceration of the womb, are permanently cured by Constitution Life Syrup. The disease known as Goitre or Swelled Neck, the Life Syrup will remove entirely. Tumors of the Ovaries, Tumors of the Breast, and swellings of other glands of the body will be completely reduced without resorting to the knife or operations of any kind.

Epileptic Fits, Sympathetic or Organic Diseases of the Heart (as Palpitation), Disease of Valves—producing a gurgling or rushing sound in the Heart, the blood and all the affections of this important organ, or persons suffering from any acute pain in the region of the heart, will be greatly relieved by Constitution Life Syrup.

Broken Downs and Delicate Constitutions,

*No Matter from Indisposition to Exercise, Pain in the Back, Loss of Memory, Forebodings, Horror of Insanity, Fear of Disease, Dimness of Vision, Dry Hot Skin and Emaciation, Want of Sleep, Restlessness, Pale Haggard Countenance and Lassitude of the Muscular System, all require the aid of the CONSTITUTION LIFE SYRUP.**

For all forms of **Ulcerative Diseases**, either of the Nose, throat, tongue, Spine, Forehead or Scalp, no remedy has ever been offered to the MOTHERS UPON the female face, depending upon a diseased action of the Liver, are very unpleasant to the young wife and mother. A few bottles of Constitution Life Syrup will correct the secretion, and remove the deposit which is directly under the skin.

In Dyspepsia or Costiveness, giving rise to languor, dizziness, indigestion, weak stomach, or an ulcerated or cancerous condition of that organ, accompanied with Costiveness, Piles, and all unpleasant symptoms, relief may be obtained by the use of CONSTITUTION LIFE SYRUP.

☞ *As a general Blood-Purifying Agent, the Life Syrup stands unrivalled by any preparation in the world.*

Diseases of the Spine, as usually developed in the young, lily-white, Scrofulous, Female Sex, or the Delicate Youth and Ladies who are suffering from diseases for which they are at a loss to know what to do, we would advise the use of CONSTITUTION LIFE SYRUP. It will restore their pallid complexion, strengthen their weak back and side, give them new energy, new life, and happiness.

THE RICH AND POOR are liable to the same diseases. Nature and science have made the Constitution Life Syrup for the benefit of all.

PURE BLOOD produces healthy men and women; and if the constitution is neglected in youth, disease and early death are the results. For our daily wants the means are so near at hand, and within the reach of all.

TO MOTHERS AND MARRIED LADIES It is the most mild and most efficient medicine ever discovered for purifying the system and relieving the suffering attendant upon childbirth. It strengthens both the mother and the infant, prevents pain and disease, and increases and enriches the food.—Those who have used it think it indispensable. It is highly recommended before and at the commencement, as it prevents disease attendant upon childbirth.

Constitution Life Syrup

Is the Poor Man's Friend and the Rich Man's Blessing!—Buy it, take it, and be cured.—It is Universal in its effects

Glad News for the Unfortunate!

The Long Sought For Discovered at Last.

CHEROKEE REMEDY

—AND—

CHEROKEE INJECTION,

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Gravel, Difficulty of Urine, Pain in the Back, Strictures, Stone in the Bladder, Retention, Gonorrhœa, Gleet, Fever Sores, and is especially valuable in those cases of Fever Blister or Venereal Sores, it is better than all the old nauseous medicines have failed.

It is prepared in a highly concentrated form, the dose only being from one to two tablespoonfuls three times per day.

It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an adjunct to the CHEROKEE REMEDY, and should be used in conjunction with it in all cases of Gonorrhœa, Gleet, Fever Sores or Whites. Its effects are healing, soothing and effectual; removing all scalding, heat, chordee and pain, instead of the burning and almost unendurable pain that is experienced with nearly all the other injections.

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the general organs are speedily restored to full vigor and strength.

For full particulars get our pamphlet from any drug store in the country, or write to us and we will send it, free, to any address, a full treatise.

Price—CHEROKEE REMEDY, $2 per bottle or three bottles for $5.

Price—CHEROKEE INJECTION, $2 per bottle, or three bottles for $5.

THE MAGEE COOKING STOVE.

The subscriber, having received his Fall Stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad iron heater combined, by which the odor of broiling meats are prevented from escaping into the room, with the common broiler, and a large copper Reservoir for hot water; also a large the warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the coal sifted up and the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other stove, as hundreds of families in the city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

"MAGEE'S PATENT"

VENTILATING & AIR-WARMING

FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacturers of the above celebrated Furnace, would ask those about remodeling or erecting buildings to examine this very valuable institution.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, healthy and agreeable—and as none of the air which comes in contact with the fire-pot is used for respiration, there is no tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, producing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The heated air rises being lighter than the air, pass on into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass on from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of fuel as they pass off with the large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used.

We have in store the different sizes, Brick and Portables, to which we invite the attention of those in want of the best Furnace in the world.—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq.,	Albert R. Hatch, Esq.,
Aaron H. Hill,	Charles H. Meadam,
Henry F. Wendell,	John Bliss, and others.

RYE, N. H., Feb. 26, 1863. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrups, &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. SWETT'S in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by its use. I have acted as agent for the sale of it. JOSIAH JENNESS.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with diseases at my stomach, which produced pain, and often vomited it up. I tried Dr. SWETT'S PANACEA, and found it agreed with my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of Dr. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. JAMES W. CHESLEY.

From ELDER I. CHESLEY, *Lee, May* 31, 1841

DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, No. 7 High street, Portsmouth, N. H., promptly attended to. mav26

Important to the Afflicted.

DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a

PRIVATE OR DELICATE NATURE.

By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that has never since he first introduced them, failed to cure the most alarming cases of

GONORRHŒA AND SYPHILIS.

Beneath his treatment, all the horrors of venereal and impure blood, Impotency, Scrofula, Gonorrhœa, Ulcers, pain and distress in the regions of procreation, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Humors, frightful Swellings, and the long train of horrible symptoms attending this class of diseases, are made to become as harmless as the simplest ailings of a child.

SEMINAL WEAKNESS.

Dr D. devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the subject for individual or for business or society. Some of the sad and melancholy effects produced by early habits of youth, are "shakiness of the Hands and limbs, Dimness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, Misanthropy, Love-sick fancies and evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. DOW's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.

Medicines sent to all parts of the country, with full directions for use, on receiving description of your cases. DR. DOW has also for sale the French Capotes, warranted the best preventive. Order by mail. Three for $1 and a red stamp.

Highly Important to Females

IN DELICATE HEALTH.

DR. DOW, Physician and Surgeon, No 7 & 9 ENDICOTT STREET, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the new mode of treatment, that most obstinate cases yield to its influence, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience in the care of diseases of females and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office Hours from 8 A. M. to 9 P. M.

CERTAIN CURE

in all cases, or No Charges Made.

Dr. DOW is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

Boston, April 7, 1864.—eodly.

HIGHLY IMPORTANT

—TO—

UNFORTUNATE FEMALES!

DR BRISCOE'S FEMALE DROPS are unsurpassed by virtue and efficacy in removing all complaints, of whatever nature, incident to females. He continues, with his usual success, to medically and surgically remove Obstructions, Engorgements, Leucorrhœa, Whites, General Debility, &c., and Suppressions of all kinds; also all complaints of the Lungs, Liver, Kidneys, Spleen, Bladder, &c.

His medicines will be sent to any part of the country by express or mail; addressed by a communication stating particulars, will receive prompt attention.

Office, No. 23 Endicott street.

Persons at a distance can consult Dr. BRISCOE, by letter, describing the case, and have the medicines securely put up, and forwarded to any part of the United States, with full directions for use. Office arranged with separate apartments, so that patients see none but the Doctor himself.

Address Dr. BRISCOE, at No. 23 Endicott St., Boston, Mass., stating symptoms. All communications are confidential.

Patients furnished with rooms and board if desired, and secrecy observed in every case.

Office hours from 9 A. M. to 9 P. M.

Boston, July 16, 1864. ThSly

DR. M. BRISCOE still continues his successful treatment of all Private Diseases and also Female Complaints, at his old established office, No. 23 Endicott street.

N. B.—Those sick and afflicted will do well to give him a call. A short consultation will cost you nothing, but a word of friendly advice may save you years of suffering.

P. S.—Ladies who wish to stay in the city under my care a few days, can be furnished with kind nurses. Charges moderate.

American and Foreign Patents.

R. H. EDDY,

SOLICITOR OF PATENTS,

Late Agent of U. S. Patent Office, Washington, (under the Act of 1837,)

76 State street, opposite Kilby street,

Boston.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds Assignments, and all Papers or Drawings for Patents, executed on the shortest notice, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all cases touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that NOT ONLY IS MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessary of a journey to Washington, to procure a patent, and the usual great delay thereby, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."

CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in form to secure for them an early and favorable consideration at the Patent Office."

EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.

During eight months, the subscriber, in course of his practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.

QUICK CURES AND LOW PRICES.

Over Twenty Thousand Patients Cured Annually!

DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the safest as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.

In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Blles, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.

YOUNG MEN.

Young Men addicted to secret habits, who have impaired their health and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the marriage state, are notified that in consulting Dr. J. Teller, they will find a friend to console and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. T. broken down in health, now rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.

DR. TELLER'S GREAT WORK.

A book for every man. Startling disclosures. Dr. TELLER's great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts. Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married Happy. A lecture on Love, or how to choose a Partner—a complete work on Matrimony. It contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. In sending in specie or postage stamps, inclosed, will secure a copy by return mail. Dr TELLER has devoted a lifetime to the cure of those diseases upon which his books treat.

TO THE LADIES.

DR. TELLER still remains the only Agency in America, for the sale of Dr. Vichol's Italian Female Monthly Pills. The sale of more than 30,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.

CAUTION.—Married ladies in certain delicate situations should avoid them. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) one of these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.

Office hours from 8 A. M. to 8 P. M., and on Sundays from 3 to 5 P. M.

N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N B.—No students or boys employed. Notice this, address all letters to

VERNATELLA.

Warranted to make the Soles of Boots and Shoes water and dampness proof, and wear one-third longer.

VERNATELLA

is a preparation from Copper, having no grease, linseed oil, or anything of the kind, and when the soles are once saturated with it, water can not more get through them than through copper itself. **Price 25 Cents Per Bottle,**

at retail everywhere.

But its cost to the purchaser is really NOTHING, as it makes the soles wear enough longer to more than pay for it, leaving as a net gain the making of them Water and Dampness Proof, and the preservation thereby of that priceless gem, the health.

☞ LADIES, READ THIS! ☜

SAVE YOUR HEALTH.

Use Vernatella on the Soles of your Shoes. It makes them water proof and, thereby, protects your feet from dampness, for the ground is always more or less moist, either from rain or the morning and evening dew.

THE REBELLION.

Dispatches from Niagara Falls state that Horace Greeley, accompanied by Mr. Hay, private secretary of Mr. Lincoln, has had an interview with George N. Sanders and others claiming to be peace commissioners from the rebels. The latter proposed that the negroes freed by the war shall remain free, while those at present slavrs shall remain such; the old doctrine of State rights to be recognized in the reconstruction, and the war debt of both sections to be paid by the United States. The President required that the Union should be restored "as it was," and that the seceded States should abandon slavery under conditions which, while respecting the property and rights of loyal men, should afford ample security against another war in the interests of slavery. The whole matter was referred back to the two Governments for further consideration. So say the dispatches. We give them for what they are worth. It is said Sanders is to go to Washington with Greeley.

The pursuit of the raiders has not been abandoned. On Monday last Gen. Cook overtook a party at Soicker's Gap, and defeated them, capturing many prisoners and over 300 wagons heavily loaded with grain. The rebels left their dead and wounded on the field. The pursuit is being carried on by the forces under Gens. Wright and Hunter, who are moving south on parallel lines.

Gen. Averill reports that Breckinridge divided his forces on Tuesday night, and that he attacked one portion of about 5000 men under Early in front of Winchester, killing and wounding over 300, capturing 4 cannon, several hundred small arms, and about 200 prisoners. The rebel Gen. Lilley is seriously wounded and in our hands. The enemy lorts bavily in officers.

Our gunboats have driven away the batteries on James river that annoyed our transports.

Charleston is being vigorously shelled; Sumter has recently been subjected to a very heavy fire from Morris Island. The rebels made two furious assaults on our troops forming the expedition to John's Island, but retired with heavy loss. It is believed that 10,000 troops from Lee or Johnston have arrived in Charleston.

Gen. Sherman reports that the rebels attacked him three times on Wednesday, and were repulsed each time with slight loss to our troops, who were behind breastworks. The enemy coming out from the defences of the city were more exposed and suffered greater loss.

NEW HAMPSHIRE ITEMS.

—— A fire broke out in Seabrook, on Wednesday afternoon, which destroyed about ten dwellings and stores.

—— The Dry Goods and Millinery dealers in Concord now close their stores at half-past seven o'clock each evening, except Saturday.

—— A severe hail storm occurred in Lancaster last Friday afternoon. After the storm, a pile of hail one and one half feet deep and containing at least thirty bushels, lay in one place. No extended or general damage was done by the storm.

—— As Mr. James Roach of Exeter was engaged in haying in Stratham on Saturday last, the oxen took fright and started, knocking him down so that the wheels of the cart passed over his chest. He was injured so badly that he died on the following day.

—— The Lancaster Republican states that on Saturday night last Sheriff Colby attempted to arrest at North Stratford, William H. Crawford, a drafted man who failed to report at the expiration of his furlough. Crawford drew a revolver, and pointed it at Mr. Colby, who grasped it. Bystanders assisting the pistol was taken from him and he was conducted to the bar room of the hotel, where his arms were tied between the elbow and shoulder, while a pair of hand cuffs were sent for. Mr. Colby then asking him if he had any other deadly weapons, he drew out a common knife; while Colby was receiving that, he suddenly drew a long dirk, and struck at Colby, cutting a gash six inches in length through his clothes on the inner side of the left thigh. Colby started back, parrying the blows which continued to fall, and threw himself upon his back, keeping him off with his feet, and calling for help. Crawford made a pass at his throat, cutting the skin, and then turned and ran, striking John D. French, of Bloomfield, who was opposing his progress, a fearful blow near the pit of the stomach. The knife struck the bone and glanced—making a severe and dangerous wound, from the effect of which, it is feared, French can not recover. As he left the hotel, Sheriff Colby and others started in pursuit. He ran over a hill and swam the Connecticut river, landing on the Vermont shore. Active measures have been taken to secure his capture.

NEW HAMPSHIRE LEGISLATURE.

SESSION EXTRAORDINARY.

S. M. Yerinman, Reporter.

GRANITE WIT.—On Friday evening last the members of the New Hampshire Legislature held a "session extraordinary," at which the burdens of the State House question were gracefully removed and "mirth ruled the hour" in a most genial and jolly reunion. We copy the proceedings from the final number of the Concord "Legislative Reporter":—

In accordance with a special Proclamation, issued by His Excellency the Governor, and printed in the Underground Gazette and Lightning Advertiser, an Extraordinary Session of the Legislature was convened in the Representatives' Hall on Friday evening last, to take into consideration sundry sanitary and other measures deemed of vital importance to the health of the body politic, but which it was feared the members, in their anxiety to secure the hay crop, would not have time fully and properly to consider in the ordinary sessions.

The distinguished architect from Nashua, Mr. S-n-d-rs, called the House to order, and said:

Gentlemen—Early in the former session the late Speaker did me the distinguished honor to invite me to preside. My natural timidity and modesty prevented my acceptance of the position so generously offered. Since my elaborate defence of the architectural beauties of modified plan No. 2, in recognition of which the House did me the unsolicited honor to elect me a member of the committee to superintend the erection of that *immensely* beautiful specimen of *French* architecture, an inflated spirit of pride has impelled me to assume this position voluntarily. I propose, however, not "to fight it out on this line", but to organize your body, and then descend once more to the common herd.

After a ballot Mr. H-ck-tt the celebrated counsellor from Strawberry Bank, was chosen Speaker, and being qualified by an Injustice of the Peace, assumed the gavel and said:

Gentlemen—For this distinguished and unmerited act of your forbearance and impartiality, I return you my most sincere and heartfelt thanks. The gentleman who recently disgraced this woolsack owed his position to being the son-in-law of the Governor. I owe my position to no such nepotism, but consider it the result of spontaneous combustion on the part of the House.

The gentleman who has recently undertaken to fill this chair delivered, upon his induction to office, a rich, classical and bombastic speech, which I was informed was written for him by Gov. Gilmore. I applied to the same source for a similar speech on this occasion, but was informed that the speech of the Speaker was written by Col. George, who was too much overcome by his labors last night in behalf of the State House to prepare a speech for me.

Gentlemen, in the language of one of our most distinguished members, "We live in degenerate times!" As we were fired from Farmington has it, "This debate is taking a wide range," and in the forcible words of the gentleman from Bingham, Mr. Littleton, further remarks "are a work of superogation," and in the eloquent and silvery tones of the gentleman from Troy, Mr. Antrim, the time for the call of the previous question has arrived, and the chair is ready to proceed to the important business of this session.

Bills read a third time and passed.

The following bill, presented by Mr. R-lls of Concord, passed after a lengthy and eloquent debate, time and unanimously after its passage the stock of the company rose not only above par, but pa(r)-in law.

An act to incorporate the Concord Apothecary Shop.

Be it enacted by the Senate and House of Representatives in General Court convened—

Sec. 1. That Nehemiah George Ordway, William E. Chandler, Amos Hadley, Edward H. Rollins, Henry P. Rolfe, and Stephen Greeley Clarke, their associates, successors and assigns, are hereby made a body politic, under the name of the Concord Apothecary Shop, to be established in the city of Concord, for the purpose of manufacturing the politics, and controlling and apportioning the various public offices in the State of New Hampshire, with all the powers and privileges, and subject to all the kicks and curses which said party now have and enjoy, or are liable to.

Sec. 2. The capital stock of said corporation shall consist of the amount of brass contributed by each from their private stock, and shall be apportioned to each stockholder in accordance with the requirements of the corporation.

Sec. 3. Any undue profanity used by either one of the grantees in the business of the above corporation shall be duly credited as a part of his quota to the capital stock.

Sec. 4. N. G. Ordway, W. E. Chandler and E. H. Rollins may be a committee to call the first meeting of the grantees, by taking a drink at the rear tap-room of the soda-fount of the shop, at which drink the other grantees shall be present in person or by proxy.

Sec. 6. The Governor may alter, amend or repeal this act whenever he thinks himself smart enough to do it.

Introduced by Mr. S-y-r of Nashua.

AN ACT to remove Charles H. Campbell from Amherst, in the County of Hillsborough, to Nashua, in said county.

Be it enacted, &c.:

SECTION 1. That the Body Corporate of the Hon. Charles Campbell may, if sufficient motive power be obtained for the purpose, be removed from his seat in Amherst to the city of Nashua.

Sec. 2. This act shall take effect when it shall be ratified by a vote of two thirds of the citizens of the County of Hillsborough, duly assembled in open town meeting.

Sec. 3. Nothing in this act shall be construed to prevent said Campbell being elected a representative to the General Court from the town of Amherst, either before or after such removal.

Sec. 4. The friends of Mr. Campbell will meet at the "Eagle" this evening at 11 o'clock.

Notices of Bills.

By Mr. J-n-s of Manchester—Resolution memorializing Congress to remove the yellow fever from Portsmouth to Manchester.

By Mr. P-k-r of Farmington—Bill to prevent midnight carousals in the city of Concord during the sessions of the Legislature.

By Mr. M-rr-m of Concord—Bill to incorporate the Ordway Watch Co., with power to go on tick.

By Mr. Cl-rk of Manchester—A bill to remove the Navy Yard from Kittery, Me., to Manchester, via the Concord and Portsmouth Railroad, and House of Reformation.

By Mr. Tck-r of Portsmouth—Bill to incorporate the Isles of Shoals Railroad.

By Mr. B-rl-gh of Somersworth—Bill for the relief of certain widows.

By Mr. B-rt-on of Newport—Bill incorporating a School of Design for N. H. architects.

By Mr. N-l-sd-gh of Green's Grant—Bill taxing the virtue of old bachelors.

By Mr. P-rk-er of Farmington—Bill to punish the drinking of Plantation Bitters.

Resolutions.

On motion of Mr. S-nd-rs of Nashua, ordered that the Committee on the Insane Asylum be instructed to inquire whether the gentleman from New Durham is referred to by the poet who says:

"A thing of beauty is a *joy* forever."

On motion of Mr. A-ms of Manchester, the following resolution was passed:

Whereas, The city of Concord has expended large sums of money in the pay of an extensive lobby, to the end that the State House should remain within her borders, and whereas the Legislature has voted not to remove the State House, and the prayers of the righteous men of Concord (if any) have availed much; and whereas the Concord people never get any State or Government patronage:

Resolved, &c., That the city of Concord be allowed out of the State Treasury any and all sums paid by her or to be paid to lawyers, not resident in said city, for *refreshments* used in the business and for the arduous services of Ruel D-rkee and his able corps of assistants; the same to be duly audited by the Special Committee on the State Capitol, and the Governor is authorized to draw his warrant therefor whenever the citizens of Concord can make him do it.

Mr. S-y-r of Nashua presented the following, which passed unanimously:

Resolved, That this House fully concurs with the gentleman from Rolfe, Mr. Concord, in the statements made by him, in regard to his integrity, his fidelity and his unflinching courage. We believe, with him, that no sinister motives ever actuated him in his decisions. No clique ever controlled him in his actions, and that no suggestions or commands of others were by him ever acted upon. He with Roman firmness he has "trod the path of life alone;" and hereafter, as in the past, he shall know a nation's gratitude; and if in any test of courage he should be wounded, he shall know a nation's care; and, dying, his memory shall be embalmed in the hearts of his friends—Chandler, Rollins and Ordway—who are hereby authorized to erect a "mausoleum of hearts" to his memory, not to exceed in expense five dollars and six cents.

The gentleman from Warren, Mr. P-ge, moved ineffectually to amend by adding to the last section the words, "and that said monument be erected in Martin's Grant, in the County of Coos."

On motion of Mr. Clarke of Manchester:

Resolved, That the gentleman from Littleton, Mr. B-egh-m, be requested to apply that great panacea, the Plantation Bitters, to that "shattered constitution" mentioned in the minority report of the Committee on National Resolutions.

On motion of Mr. Smith of Deering:

Resolved, That the thanks of this House are due to Mr. Cahill of Nashua, for his interesting speech upon the races, and that a copy of the same be furnished the N. H. Historical Society.

Mr. C-pb-ll of Amherst presented the following:

Resolved, That the portrait of the Hon. Daniel Webster now hanging on the walls of this House be taken down, and that St-phen Gr-ley Cl-arke be hung up in its place.

Mr. H-r-n of Portsmouth said: We might not object to *hanging up* Mr. Cl-rke but we decidedly object to taking down Daniel Webster.

Mr. P-rk-er of Farmington said: I believe the resolution is not in good order. We have no order to hang Mr. Cl-rke until he has a trial.

Mr. B-l-y of Nashua said: I move to amend by substituting the following: "That St-phen Gr-ley Cl-rke be recommitted to the Committee on Unfinished Business, and said Committee instructed to present him in a new draft.

Mr. P-rs-n of Manchester: I hope the resolution will pass, and that the sentence be referred to the Governor and Council for commutation.

Mr. H-ck-tt of Portsmouth: I move that that the resolution be referred to the Committee on the House of Reformation. Carried with a rush.

The session was then prorogued till the Christmas Holidays.

THE SPECIAL INCOME TAX.—The following was telegraphed to the Eastern morning papers on Tuesday:

"The special tax on incomes of 5 per cent. is to be imposed for the year 1863."

This startling announcement was the result of an attempt to condense the following despatch, which appears in the New York papers of Tuesday, and which, it will be seen, puts the matter in a materially different shape:

"The special war tax of five per cent. on incomes is to be imposed for the year 1863, when deductions have been made from returns on account of dividends or interest received from any corporation, or on account of any salary or pay as an officer of the United States. The amounts thus deducted will be added to the amounts heretofore assessed and any income derived from interest upon United States securities will be included in the sum total. The distinctions heretofore made, between the incomes of residents and of non-residents, is set aside, and the latter are to be treated in all respects as the former. Precautions are to be taken to prevent false and fraudulent returns. The assessors are required to assess the duty on the incomes of those who have neglected to make return on or before the 1st of October, and, excepting in cases of sickness or absence, they are required to add fifty per centum to such duty."

DR. TEBBETS' "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "Dye," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off & removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "REGENERATOR" is warranted to produce the above results in all cases, if not the money to be refunded. Will it every "GRAY HEAD" in New England can be restored in less than sixty days.

NECROLOGY OF HARVARD ALUMNI.—For the past twelve years Dr. Joseph Palmer, of the class of 1820, has prepared annually, at the request of the executive committee of the Association of the Alumni of Harvard University, detailed obituary notices of those graduates who have died during the year. The facts are collected with much care and labor, and the twelve annual lists already published are of great interest and value to all the Alumni. The twelve have been revised and printed in an octavo volume, with correct indexes.

From the list prepared for the year just closed we take the following, as published in the Boston Advertiser. They all relate to persons born here or well known to many of our citizens. The initial dates denote the year of graduation.

1810. JOHN LANE SHEAFE died in New Orleans, 5 January, 1864, aged 72 years. He was son of Jacob and Mary (Quincy) Sheafe, and was born in Portsmouth, N. H., 28 November, 1791. He was fitted for college at Phillips Exeter Academy. After graduating he studied law under the instruction of Hon. Jeremiah Mason (Y. C. 1788) On his admission to the bar he began the practice of his profession in Portsmouth, but subsequently removed to Colebrook, Coos county, N. H. From that place he went to Lowell, Mass., where he resided several years. He was elected a Representative from Lowell in the State Legislature in 1833, and again in 1836. Some twelve years before his death he made the tour of Europe. About the year 1854 he removed to New Orleans where he practised his profession until his death, having however made several visits at the North during the summer season. He was never married.

1813. JOHN JAMES APPLETON died in Rennes, France, 4 March, 1864, aged 71 years. He was son of John Appleton, and was born in France, 22 September, 1792. When a youth, he, with a younger brother, came to this country with their father, who, for several years had been United States Consul at Calais. He was fitted for college in Andover by that experienced teacher, the late Mark Newman. He sustained a respectable rank in his class, having had assigned to him at Commencement a French Oration, "Sur le genie de Moliere." During the administration of Mr. Monroe he was appointed Secretary of Legation at Brazil; was afterwards Charge d'Affaire for the United States at Madrid and Stockholm at which latter city he negotiated the treaty of commerce which still serves as the basis of the relations between North America and Sweden. He also held a similar situation at Naples. For these offices he was well qualified by his thorough knowledge of the English and French languages, in both of which he wrote and conversed with accuracy and elegance. Coming into possession of a valuable estate in France, which required attention, he returned to that country, where, with the exception of two or three visits to the United States he spent the remainder of his days. Mr. Appleton married a French lady named Marie Augustine Haudlette, and had three children, two sons and one daughter. The names of the sons were John Osgood and Charles Louis. The daughter was named Marie Augustine and she is married to M. Eugene Penault, Deputy Mayor of Rennes.

1837. CHARLES W. MARCH died in Alexandria, Egypt, 24 January, 1864, aged 49 years. He was born in Portsmouth, N. H., 15 December, 1815. After leaving college he studied law and settled in Portsmouth in the practice of his profession. He once was elected a representative to the N. H. Legislature and was nominated by one of the great political parties for the speakership. He subsequently removed to the city of New York, where he continued the practice of the law. He was appointed United States vice consul for Cairo, and was making a visit in Alexandria when he was seized with typhoid fever, which in a few days terminated fatally. He had hardly attained the prime of life and up to his last illness seemed to be in vigorous health. No requisite of happiness and prosperous fortune was wanting to him. He had been the trusted associate of Mr. Webster and others of our leading statesmen, but as a rule had declined to accept official preferment for himself. His eminent social qualities, his generosity and talent had gained for him an unusually large circle of friends in America and Europe. His published Reminiscences of Mr. Webster, and of Travels in Madeira and Spain, as well as brilliant essays in literature contributed to magazines and journals, gave him a creditable place in American literature.

1862. Lieutenant SAMUEL CUSHMAN HAVEN died in Baton Rouge, Louisiana, 25 June, 1863. He was son of James Henderson and Elizabeth Salter (Cushman) Haven, and was born in Nauvoo, Illinois, 19 February, 1843. He was great-grandson of Rev. Samuel Haven, D. D. (H. U. 1749) and was fitted for college at Phillips Exeter Academy. He early displayed a very decided taste for mathematics and chemistry, in both of which departments he had no superior in college. In September, 1862, he entered the army as Second Lieutenant, in the 162d New York Volunteers, and was promoted to be 1st Lieutenant in March, 1863, acting as Captain. He won a high reputation as an officer for skill, fidelity and loyalty. At the close of the year after his graduation, Professor Cooke renominated him as his assistant in the Department of Chemistry, and Professor Pierce at the same time designated him as his preferred candidate for a vacant tutorship in mathematics. When he was informed that either of those places was at his command in case of his resigning his military position, he replied, expressing his profound regret that he could not return to the college, but declined to resign at a time when the country needed his services. Within a few days after signifying to his mother his self-denying resolution he was seized with camp-fever and died after a short illness, during which he manifested entire patience and the most cheerful trust in Divine mercy.

☞ The cause of the recent great fire in Penhallow street is a mystery, notwithstanding three or four men were at work in the little shop where it commenced. They were boiling oil on the stove, to be sure, but the fixtures were such that it was absolutely impossible for it to become ignited, even if it should boil over, which it did not do. But the workmen say that suddenly a loud explosion, as of a pistol, occurred at the stove, and in an instant the oil was rolling in flames on the floor. Perhaps a hole might somehow have been opened in the kettle, and let the oil down into the fire—but Mr. Tripp, who has had thirty years' experience in the painting business, understands the matter no further than to realize that his property was burned up in a jiffy.

☞ We are informed by Messrs. O. and J. A. Junkins, whom we mentioned yesterday as meeting shipwreck a day or two since—that their boat did not capsize at all, but that a large section of her bow gave way and fell out, leaving them all in the water without an instant's notice. There was a stiff breeze and a heavy sea running, and nothing but the greatest coolness saved any of their lives. Mr. J. A. Junkins stripped and swam ashore for help—thereby losing his clothing, watch and money, to amount of $250 or so; Mr. Gammon was washed off the boat, and as he could not face the sea to return, he too swam the mile to land; and Mr. Oren Junkins remained to care for his sick brother in-law. The craft was the old schooner-yacht "George H. Hutchins," a large boat of 6 tons.

☞ The funeral services of the late Chas. W. March, Esq. were held in Greenland on Wednesday afternoon, the Rev. Dr. Burroughs and the Rev. Mr. Davies of this city taking part in the services. The pall bearers were Hon. John Elwyn, Hon. Lory Odell, Albert R. Hatch, Esq., Alfred W. Haven, Esq., George W. Haven Esq., Edward Rundlett, M. D., and John J. Pickering, Esq. The remains were deposited in the family tomb.

☞ The Annual Exhibition of the Haven Grammar School will take place this (Friday) afternoon at 2 1-4 o'clock.

Per order of Committee.

☞ If a lazy man must smoke, those Pipe Charges advertised by Mr. Avery are just the thing for him. Put one in your pipe and smoke it.

PRICES AND TERMS.

The price of the Daily Chronicle is $6 per year in advance; 60 cents per month—15 cents per week—3 cents per copy.

The (Weekly) N. H. Gazette $2 per year, $1.50 in advance—6 cents single copy, to regular buyers 4 cents.

Terms Cash—or all bills for Advertising, &c, to be presented at the pleasure of the publisher.

PARTICULAR NOTICE.—From this date our Carriers of Subscribers' lists are not allowed to sell copies of the Chronicle, nor to receive pay for any subscriptions, except when furnished by us with receipts for the same,—which will not be given for less term than 1 month, 60 cts., or 3 mos. $1.50, in advance. If any prefer to pay weekly, they can do so at our counting room only. Will all concerned please remember this, and thus aid in the more prompt and accurate delivery of our papers. July 18.

A TRUE AIM.—It has not been the aim of the proprietor of Hunnewell's great preparations, advertised on our inside columns, to base a false reputation by long and unmeaning advertising, but a real one by true results, to which all who try them will cheerfully assent. See advertisement.

☞ Herrick Allen's Gold Medal Saleratus is manufactured entirely different from any other. Its chemical purity renders it as harmless as the purest flour, and its use will strengthen weak stomachs and cure dyspeptic persons. Use it with cream tartar instead of soda.—It is much better. Try it. Grocers and Druggists sell it.

SEVEN HUNDRED VOLUNTEERS SICK IN Camp!—Young men, be warned in time, supply yourself with Holloway's Pills and Ointment. They are guaranteed to cure the worst cases of Sores, Ulcers, Scurvy, Fevers, and Bowel Complaints.

"A Stitch in Time Saves Nine."

All Furnaces, Stoves and Funnels should be thoroughly cleaned out and put in order, as soon as fires are done being made in them. It allowed to remain filled with ashes and soot through the summer, they will decay very rapidly, and useless expense be incurred.

A full supply of Linings and Repair Pieces constantly on hand, and all orders attended to with dispatch. E. A. STEVENS.

Facts for the People.

The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of STOVES and Castings several times since the war began; and it is now arranged to make a general advance of 25 to 50 per cent. this season.

We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now, as its capacity and the cost of operating it. All things considered, there is no Stove equal to

THE MODEL COOK.

IT IS, IN FACT,

The Best Stove Out,

for economy, convenience and dispatch.

Many people think it best to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.

One of our shrewdest citizens who purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.

A careful, prudent farmer purchased one, and after it had been in operation some days his son came into the store and said, "something was wrong at their house;" his father and himself used wood off the same pile, he burned three baskets full a day, and his father only one! We sold him a Stove before he left, and there has been no complaint since.

These Stoves are in use in many hotels and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.

MASON & HAMLIN'S

CABINET ORGANS,

Combining the requisites for Sacred and Secular, Church and Parlor Music; for Families, Sunday Schools, Day Schools, Churches, &c.

They are elegant as pieces of furniture; occupy little space; are not liable to get out of order or out of tune; are warranted for five years; will improve in tone by age, and are moderate in cost.

They are to private houses, Sunday schools and smaller churches, what the larger pipe organs are to large churches, and in addition to this are adapted to secular as well as sacred music.

The Cabinet Organ is essentially different from, and a marked improvement upon, all instruments of the melodeon or harmonium kind. Its superiority consists in many important characteristics.

The undersigned, Agent for the Manufacturers, will be pleased to show the Cabinet Organs to all wishing to purchase, at his residence, NO. 30 HANOVER STREET.

SPEER'S

SAMBUCI WINE,

PURE AND FOUR YEARS OLD,

OF CHOICE OPORTO FRUIT,

For Physician's Use, Females, Weakly Persons and Invalids.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs; very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the Juice of the Portugal Sambucus, cultivated in New Jersey, recommended by physicians and chemists as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefiting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J.," is over the cork of each bottle.

GOLDEN SHEAF WHISKEY.

C. A. RICHARDS,

99 WASHINGTON STREET,

Boston.

Would most respectfully invite the attention and examination of all Grocers, Druggists, Apothecaries and Private Individuals, desiring to sell or use STRICTLY PURE

Liquors, Wines, Cordials or Bitters,

to the list of choice goods enumerated below, which are constantly on hand in large quantities.

His Large and Spacious

Wine Store and Bottling Establishment,

99 Washington street, Boston.

First on the list, as a reliable pure stimulant, stands the celebrated Old and Widely-known

Golden Sheaf Bourbon Whiskey,

made from Wheat, Rye and Corn, warranted for five years old. Put up in unique style, each bottle in a paper box, in cases of one dozen each, the large and handsome labels of which convince the proprietor that no extended advertisement is needed to extol its real merits. It will recommend itself on trial.

Golden Sheaf Cordial.

A delightful and healthful beverage, aromatic, with a rich ginger cordial, made from the pure Golden Sheaf Bourbon.

Golden Sheaf Bitters.

The best Tonic Bitter ever offered to the public. Mingled with the rich flavor of the Bourbon are a number of other valuable tonics, for restoring the appetite and imparting life and vigor to the whole system.

Golden Sheaf Punch.

Made from fresh, ripe lemons, and other articles, combined as a whole into a fine rich

Bourbon Whiskey Punch.

All the above put up full strength of the whiskey, and in cases of one dozen each. These articles improve by age, and no exposure of climate can affect them.

JOHN AND ROBERT DUNSTER'S

CELEBRATED

LONDON DOCK SPIRITS AND WINES,

Imported solely by C. A. R., in wood, from the London Docks, and bottled by him in America. The distinguished and world-wide reputation of these Ales has induced the subscriber to seek and obtain the Sole Agency in this country.—They are sold only in Bottles, entirely pure, and without adulteration, and comprise the four kinds, as follows:

LONDON DOCK GIN,
LONDON DOCK BRANDY,
LONDON DOCK SHERRY,
LONDON DOCK PORT.

All in cases of one dozen each, in strong shipping order for immediate transportation, and are sold lower than any other liquors and wines in the market, of equal quality.

Pure California Wines.

The large demand for the pure wines of California has made it a fixed fact that no well selected stock of Wines is complete without them. C. A. R. has made arrangements for the entire production a great number of years, direct from the Heart Case and all the selections of this important organ, or persons suffering from any secret pain in the Kidneys or Bladder, will be greatly relieved by Constitution Life Syrup.

Broken Down and Delicate Constitutions, Suffering from Indigestion to Exertion, Pain in the Back, Loss of Memory, Sorrobodings, Horror of Disease, Dizziness, Dimness of Vision, Pain in the Skin and Extremities, Want of Sleep, Restlessness, Pale Haggard Countenance and Lassitude of the Muscular System, all respond to the aid of the CONSTITUTION LIFE SYRUP.

For all forms of **Ulcerative Diseases**, either of the Nose Throat, Tongue, Spine, Forehead or Scalp, Constitution Life Syrup is unrivalled.

MOTH PATCHES upon the female face, depending upon a diseased action of the Liver, are very unpleasant to the young wife and maiden. A few bottles of Constitution Life Syrup will correct the secretion, and remove the deposit which is directly under the skin.

In Diseases of the Liver, giving rise to Languor, dizziness, indigestion, weak stomach, or an ulcerated or enlarged condition of this organ, accompanied with burning or other unpleasant symptoms, relief may be obtained by the use of CONSTITUTION LIFE SYRUP.

☞ *As a general Purifying Agent, the Life Syrup cannot be unrivalled by any preparation in the world.*

Diseases of the Spine, as usually developed in the form of Hip Disease, Neuralgia, and all Nervous Diseases, and Ladies who are suffering from diseases for which they are at a loss to know what to do, will find relief in the use of CONSTITUTION LIFE SYRUP. It will restore their pallid countenance, strengthen their weak back and side, give them new energy, new life and happiness.

THE RICH AND POOR are liable to the same diseases. Nature and science have made the Constitution Life Syrup for the benefit of all.

PURE BLOOD produces healthy men and women; and if the constitution is neglected in youth, disease and early death are the results. Do not delay when the means are so near at hand, and within the reach of all.

TO MOTHERS AND MARRIED LADIES. It is the safest and most effectual medicine ever discovered for purifying the system and relieving the secretions of the children upon the breast, it strengthens both the mother and the child, prevents pain and disease, and increases and enriches the food.—Those who have used it think it indispensable. It is highly esteemed both before and after confinement, as it prevents disease attendant upon childbirth.

Prepared by WM. H. GREGG, M. D., Graduate College Physicians and Surgeons, N. Y. formerly Assistant Physician Blackwell's Island Hospitals, late Medical Inspector New York State Volunteer Depots, under Gov. Edwin D. Morgan.

Constitution Life Syrup

HAS PRODUCED

A REVOLUTION IN MEDICINE!

What may seem almost incredible, is, that many diseases hitherto considered hopelessly incurable are frequently cured in a few days or weeks, and we unhesitatingly invite the investigation of the liberal minded and scientific to cures which have no parallel at the present day.

Our medicine is peculiar, by it the seat of disease is directly reached, and the equilibrium restored. Those who have suffered long from painful and obstinate diseases, those who have vainly sought relief from advertised medicines, those who cannot be cured by other physicians—are

Invited to use Constitution Life Syrup.

During the past five years we have contended with obstacles and overcome opposition as heroic as ever encountered by any Reformers.

Rapidity of Cure.

Some say, "Your cures are too quick," while others doubt their permanence, and think that diseases can only be cured by the "slow recuperative process of Nature." This is our reply:

In health, the body, like a well-balanced scale, is in a state of equilibrium. But when from any cause down goes one side of the scale, we have the effects of disease. Our object in medicine is, to restore the normal balance of the scale.

CONSTITUTION LIFE SYRUP.

A positive and specific remedy for all diseases originating from an IMPURE STATE OF THE BLOOD, and for all hereditary DISEASES transmitted from PARENT TO CHILD.

Paralysis.

Hemiplegia, Paralysis, Paraplegia, Paralysis Agitans.

It is so universally admitted that Constitution Life Syrup is the only effective means of restoration in the various forms of Paralysis, that we need not reiterate that it is emphatically the Great Life-Giving Power.

Dyspepsia.

Indigestion, Loss of Appetite, Constipation, Weight at Stomach, Biliousness, Want of Appetite, Flatulence, Foul Breath.

Scrofula.

Strumous Glandular Swellings, Ulceration, King's Evil, Dropsies, Salt Rheum.

This taint (hereditary or acquired), filling life with untold misery, is by all usual medical remedies incurable.

Rheumatism.

Arthritic, Neuralgia, Gout, Lumbago, Sciatica, The Dolorous.

If there is any disease in which the Constitution Life Syrup is a sovereign, it is in Rheumatism and its kindred affections. The most intense pains are almost instantly alleviated—enormous swellings are reduced. Times, chronic or vicarious, of 20 or 30 years standing, have been cured by us.

Nervousness.

Nervous Debility, Confusion of Thoughts, Epilepsy, Loss of Power, Shattered Nerves, St. Vitus' Dance.

Thousands who have suffered for years will bless the day we introduced these Drops. Particularly the weak, suffering woman will this medicine prove an inestimable blessing—directing their footsteps to a Hope which fulfils more than it promises.

Mercurial Diseases.

Salivation, Feeling of Weariness, Rotting of Bones, Bad Complexion, Aches in Bones, Depressed Spirits.

Constitution Life Syrup purges the system entirely from all the effects of Mercury, and removing the Bad Breath, and curing the Weak Joints and Rheumatic Pains which the use of Mercury is sure to entail, will harden Spongy Gums and secures the Teeth as firmly as ever.

Constitution Life Syrup

Eradicates, root and branch, all Eruptive Diseases of the Skin, like

ULCERS, TUMPLES, BLOTCHES,

And all other difficulties of this kind, which so much disfigure the outward appearance of both males and females, often making them a disgusting object to themselves and their friends.

CONSTITUTION LIFE SYRUP

Cures all Swellings of the Glands,

Either of the Face, Neck or Female Breast, and should be taken as soon as the swelling is detected, thus preventing their breaking and producing troublesome Discharging Sores, which disgure so many of the female persons of the community, from six to twenty years of age. Young children are very subject to Discharges from the Ears, which degenerate into Scrofulous Consumption. These cases soon recover by taking a few doses of the Life Syrup.

All scrofulous diseases, suffering from Debility, Emaciation, Dyspepsia; Dropsy, of the limbs or abdomen, and in the female Dropsy of the ovaries and womb, generally accompanied with inflammation and ulceration of the ovaries, are permanently cured by Constitution Life Syrup. The disease known as Goitre or Swelled Neck, the Life Syrup will cure in a few days. The patient should be taken for some time, as the disease is exceedingly chronic and stubborn, and will not be removed without extra effort. Tumors of the Ovaries, Tumors of the Breast, and swelling of other glands of the body will be completely reduced without resorting to the knife or operations of any kind.

Epileptic Fits, Syncopalitic or Organic Diseases of the Heart (as Palpitation, Disease of Valves—producing a great variety of symptoms), Dropsy of the Heart Case and all the affections of this important organ, or persons suffering from any secret pain in the Kidneys or Bladder, will be greatly relieved by Constitution Life Syrup.

Broken Down and Delicate Constitutions, Suffering from Indigestion to Exertion, Pain in the Back, Loss of Memory, Sorrobodings, Horror of Disease, Dizziness, Dimness of Vision, Pain in the Skin and Extremities, Want of Sleep, Restlessness, Pale Haggard Countenance and Lassitude of the Muscular System, all respond to the aid of the CONSTITUTION LIFE SYRUP.

For all forms of **Ulcerative Diseases**, either of the Nose Throat, Tongue, Spine, Forehead or Scalp, Constitution Life Syrup is unrivalled.

Glad News for the Unfortunate!

The Long Sought For Discovered at Last.

CHEROKEE REMEDY

—AND—

CHEROKEE INJECTION,

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as incontinence of the Urine, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Stricture, Gravel, Gleet, Gonorrhœa, and is especially recommended in the cases of Fever Albus (or Whites in females) where all the old numerous medicines have failed.

It is prepared in a highly concentrated form, and is usually being from one to two tablespoonfuls three times per day.

It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an adjunct to the use of the CHEROKEE REMEDY, and should be used in conjunction with that medicine in all cases of Gonorrhœa, Gleet, Fluor Albus or Whites. Its effects are healing, soothing and ameliorating; removing all scalding, heat, chordee and pain, instead of the burning and almost unendurable pain that is experienced with nearly all the cheap quack injections.

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

For full particulars get our pamphlet from any drug store in the country, or write us and we will mail free, to any address, a full treatise.

Price—CHEROKEE REMEDY, $2 per bottle, or three bottles for $5.

THE GREAT

INDIAN MEDICINE,

COMPOUNDED FROM

ROOTS, HERBS AND LEAVES.

CHEROKEE CURE.

An unfailing cure for Spermatorrhœa, Seminal Weakness, Nocturnal Emissions, and all disorders caused by self-pollution, such as Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Dyspepsia, Palpitation of the Heart, Pale Countenance, Insanity, Consumption, and all the direful complaints caused by degrading from the path of nature.

☞ This medicine is a simple vegetable extract and one on which all can rely, as it has been used in our practice for many years, and with thousands it has proved a blessing, and never failed. Its curative powers have been sufficient to gain victory over the most stubborn cases.

☞ To those who have trifled with their constitution, until they have gone beyond the reach of medical aid, we would say, *Despair not!* the CHEROKEE CURE will restore you to health and vigor, if any thing in medicine can do it!

☞ For full particulars, get a circular from any drug store in the country, or write the proprietors, who will mail free to any one desiring the same, a full treatment in pamphlet form.

☞ Prices, $2 per bottle or three bottles for $5, and forwarded by express to all parts of the world.

DR. WRIGHT'S

REJUVENATING ELIXIR,

OR ESSENCE OF LIFE.

Prepared from Pure Vegetable Extracts,

Containing nothing injurious to the most delicate.

The Rejuvenating Elixir is the result of modern discoveries in the Vegetable kingdom; being an entirely new and abstract method of cure, irrespective of all the old and worn out systems.

This medicine has been tested by the most eminent medical men of the day, and by them pronounced to be one of the greatest medical discoveries of the age.

One bottle will cure General Debility.
A few doses cure Nervous Prostration.
One bottle cures Palpitation of the Heart.
A few doses restore the organs of generation.
From one to three bottles restore the manliness and full vigor of youth.
A few doses restore the appetite.
Three bottles cure the worst case of Impotency.
A few doses cure the Incontinence.
One bottle restores mental power.
A few doses bring the rose to the cheek.

This medicine restores to manly vigor and robust health the poor debilitated, worn-down and despairing devotee of sensual pleasure.

Ladies nervous and delicate constitutions, suffering from indigestion to exertion, pain in the back, loss of memory, sorrobodings, horror of disease, dizziness, dimness of vision, pain in the skin and extremities, want of sleep, restlessness, pale haggard countenance and lassitude of the muscular system, all respond to the aid of the CONSTITUTION LIFE SYRUP.

☞ Price, $2 per bottle, or three bottles for $5, and forwarded by express, on receipt of money, to any address.

THE MAGEE COOKING STOVE.

The subscriber, having received his Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper reservoir for hot water, also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes can be entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

"MAGEE'S PATENT"

VENTILATING & AIR-WARMING FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable; and as none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headaches of the complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of air through the fire-pot, which lights them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

So heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and yet fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq.,	Albert R. Hatch, Esq.,
Aaron H. Hill,	Charles H. Mendum,
Henry F. Wendell,	John Sise, and others.

RYE, N. H., Feb. 28, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c. &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. SWETT'S PANACEA, and several bottles of his HUMOR WASH, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I has recommended it for the sale of it. JOSIAH DERBY, JR."
PORTSMOUTH, April 21st, 1862.
I have for several years been afflicted with dizziness at my stomach, loss of appetite, and often vomited all of my food immediately after eating, and all medicine failed to give any relief until about a year ago, when I took one bottle of Dr. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.
From ELDER I. CHESLEY, *Lee, May 31, 1841.*
DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY
☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, No. 7 High street, Portsmouth, N. H., promptly attended to. may26

Important to the Afflicted.
DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a
PRIVATE OR DELICATE NATURE.
By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never failed in curing, when once used them, failed to cure the most alarming cases of
GONORRHŒA AND SYPHILIS.
Beneath his treatment, all the horrors of venereal and impure blood, Impotency, Scrofula, Gonorrhœa, Ulcers, pains and distress in the regions of procreation, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Humors, Bubonic Swellings, and the long train of horrible symptoms attending this class of disease, are made to become as harmless as the simplest ailings of a child.
SEMINAL WEAKNESS.
Dr D., devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The sad effects on the mind are too much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, Hypochondria, &c., are among the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.
Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.
Medicines sent to all parts of the country, with full directions for use, on receiving description of your cases. Dr. Dow has also for sale the French Capotes, warranted the best preventive. Order by mail. Three for $1 and a red stamp.
Highly Important to Females
IN DELICATE HEALTH.
DR. DOW, Physician and Surgeon, No 7 & 9 ENDICOTT STREET, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.
Dr. Dow has no doubt had greater experience in the cure of diseases of women and children, than any other physician in Boston.
Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.
Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.
N. B.—All letters must contain four red stamps, or they will not be answered.
Office Hours from 8 A. M. to 9 P. M.
CERTAIN CURE
in all cases, or No Charges Made.
Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.
Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.
P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two 6cpt 3ct and a red stamp.
Boston, April 7, 1864.—eodly.

HIGHLY IMPORTANT
—TO—
UNFORTUNATE FEMALES!
DR BRISCOE'S FEMALE DROPS are unsurpassed by virtue and efficacy in removing all complaints, of whatever nature, incident to female. It continues, with the usual success, to medically and surgically remove Obstructions, Engorgements, Leucorrhœa, Whites, General Debility, &c., and suppression of all kinds; also all complaints of the Lungs, Liver, Kidneys, Spleen, Bladder, &c.
His medicines will be sent to any part of the country by express or mail; addressed by a communication stating particulars, will receive prompt attention.
Office, No. 23 Endicott street.
Persons at a distance can consult Dr. BRISCOE, by letter, describing the case, and have the medicine securely put up, and forwarded to any part of the United States, with full directions for use. Office arranged with separate apartments, so that patients see none but the Doctor himself.
Address Dr. BRISCOE, at No. 23 Endicott St., Boston, Mass., stating symptoms. All communications are confidential.
Patients furnished with rooms and board if desired, and secrecy observed in every case.
Office hours from 9 A. M. to 9 P. M.
Boston, July 16, 1864. TThSly

DR. M. BRISCOE still continues his successful treatment of all Private Diseases and also Female Complaints, at his old established office, No. 23 Endicott street.
N. B.—The sick and afflicted will do well to give him a call. A short consultation will cost you nothing, but a word of friendly advice may save you years of suffering.
P. S.—Ladies who wish to stay in the city under my care a few days, can be furnished with kind nurses. Charges moderate.

Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
NOTE.
The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is more SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.
The long years practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Late Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in form to secure for them a prompt and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
MR. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such unmistakable proofs of skill and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most skilful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.
During eight months, the subscriber, in course of his large practice, made our *twice* rejected applications SIX TEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. **R. H. EDDY.**

The Old Established Hospital,
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the latest as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Biles, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their health and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the marriage state, are notified that in consulting Dr. J. Teller, they will find a friend to console and a Physician who has cured thousands, in almost every part of United States, who applied to Dr. J. broken down in health, now rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for everybody—Startling disclosures Dr. TELLER'S great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts Sent to all parts, under seal, by mail, post paid, on receipt of price. Sent post paid. The single Married and the Married Happy. A lecture on Love, or how to choose a Partner—a complete Work on the Midwifery. It contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. Sent, in a sealed envelope, on postage stamps inclosed, will secure a copy by return mail. Dr TELLER has devoted a lifetime to the cure of those diseases upon which his books treat.
TO THE LADIES.
DR. TELLER still remains the only Agency in America, for the sale of Dr. Nichols's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.
CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 8 A. M. to 8 P. M., and on Sundays from 9 to 12 A. M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance, and medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

VERNATELLA.
Warranted to make the Soles of Boots and Shoes water and dampness proof, and wear one-third longer.
VERNATELLA
Is a preparation from Copper, having no grease, linseed oil, or anything of the kind, and when the soles are once saturated with it, water can no more get through them than through copper itself. **Price 25 Cents Per Bottle,**
at retail everywhere.
But its cost to the purchaser is really NOTHING, as it makes the soles wear enough longer to more than pay for it, leaving at a net gain the making of them Water and Dampness Proof, and the preservation thereby of that priceless gem, the health.
☞ LADIES, READ THIS! ☜
SAVE YOUR HEALTH.
Use Vernatella on the Soles of your Shoes. It makes them water proof and thereby protects your feet from dampness, for the soles will not always more or less moist, either from rain or the morning and evening dew.

Morning Chronicle.

Portsmouth, N. H.

SATURDAY, JULY 23, 1864.

THE REBELLION.

Gen. Sherman, by his last flank movement, threw his whole army to the left of Atlanta on the railroad at Decatur, thus severing rebel communications with Richmond. On the 17th the army moved to five miles of Atlanta, the left, under McPherson, occupying Decatur. The enemy appeared to be in force in the woods about the city; our army occupying a line forming the arc of a circle, northeast of Atlanta. Hooker's corps are on the left of McPherson. Other troops were marching to extend the line further southward. This was previous to the rebel attack on our left wing, which resulted in a bloody repulse to the rebels.

Gen. Sherman drove the rebels into their entrenchments on Wednesday. The city is in plain view of our troops, and our shells can reach it. Five miles of the road between Atlanta and Decatur have been destroyed by our troops, who hold the latter city, thus cutting off the rebel retreat toward South Carolina. It is reported that Gen. J. B. Hood has superseded Joe Johnston.

The guerrillas in Missouri are concentrating in Clinton county, but the militia are responding in large numbers to Gen. Fisk's appeal to repel them.

The rebel raiders, who were overtaken and whipped by Gen. Crook at Snicker's Gap, burned their plunder train. Many stragglers from the retreating forces, worn down by rapid marching, barefooted and ragged, are coming into Sandy Hook, Md., and giving themselves up. Their raid has not been very profitable to the rebels after all. It has cost them more than it has paid them.

☞ It is very easy to analyze the Sanders proposition for peace, made in the name of the rebels, but without the slightest authority or responsibility, except that of Messrs. Sanders & Co.

First, these gentry asked to have a safe conduct to Washington, and thence to Richmond—making great men of *them*, and at the same time acknowledging the Confederacy as a nation.

Secondly, there must be new guarantee for slavery—thus giving the lie to all the copperheads and other reptiles who have been insisting that the war was not made to uphold slavery.

Thirdly, the *old* doctrine of State Rights to be recognized in the reconstruction—that is to say, as these same reptiles have said,—every State should be a *Sovereign* to go out and come in at pleasure,—or in other words, that there should be no general government. This *old* doctrine being directly *contrary* to the "Constitution as it is."

Lastly, but not least, the United States must pay the war debt of the rebels; that is to say, we must pay for beating the poker that was prepared to burn us to death, or in other words, it would be, to offer a large bounty for any future rebellion, for any or no cause. Some of the bitter traitors at the north have proposed repudiating our own debt: now the rebel emissaries request us to pay theirs.

If you the people of the free States like these terms, together with such boundaries and such a government as Sanders, Davis & Co. might dictate, no doubt they can have them. But don't all speak at once!

U. T.

☞ Among the honorary degrees conferred by Harvard College on Wednesday, is that of Master of Arts upon Marshall Train Bigelow, printer, of the University Press, Cambridge. Mr. Bigelow learned his trade in that office, and by industry and diligence has placed himself at the head of his business. Distinguished as that Press has been for its accuracy in foreign languages as well as that of our own tongue, Mr. Bigelow is confessedly not excelled by any person in the country as a proof-reader, or corrector of the press. He has made himself Master of the Art preservative of all Arts.

SENSIBLE.—The Worcester (Mass.) Spy publishes the following extract from a private letter of an officer in the army. It is worthy of thought. He writes:

"During the last two weeks I have had the opportunity, not before allowed to me, of reading the daily expression of public opinion at home in regard to the war. What strikes me with wonder is the fact that our people so often risk all their hopes or fears on detached movements, with indifferent regard to the general result. They swing from extreme exultation to extreme depression over events which every good soldier regards with composure, while he waits for the next step in the campaign. An army so easily influenced would be demoralized by every reverse, and a finished campaign would be an impossibility.

Proclamation by the Governor.

To the People of the State of New Hampshire:—The President of the United States having issued his Proclamation calling for 500,000 men, of which number our quota is to be filled by volunteering if we can, by drafting if we must, I desire to call your attention to the following Act, passed by the Legislature of this State on the 16th day of July, 1864:—

[Here follows the Act to facilitate the raising of troops.]

In consideration of the provisions of this act and the exigencies of the public service, I, JOSEPH A. GILMORE, Governor of the State of New Hampshire, with the advice and consent of the honorable Council, do hereby proclaim that the State will pay to each soldier who shall be mustered into the service of the United States to fill the quota of this State, during the present war, whether such soldier shall have voluntarily enlisted, or volunteered as a substitute for a drafted or enrolled man, or as a representative substitute for any citizen not enrolled, and to all recruits enlisted in the insurgent States, under the provisions of said act, the highest sums authorized by the provisions of the third section of said act to be paid as bounties to said soldiers respectively, whether volunteers, drafted men, substitutes for drafted or enrolled men, representative substitutes for citizens not enrolled, or recruits enlisted in the insurgent States, whenever any soldier of either class above designated shall be duly mustered into the military service of the United States to fill the quota of this State from time to time required.

And I do further proclaim and give notice that I shall in all other respects maintain the requirements and carry out all other provisions of said act, in so far as the same shall be found to be in accordance with the laws of the United States, doing all in my power to promptly meet this requisition of the General Government with as little hardship as possible to the people of this State.

I would appeal to the patriotic citizens of New Hampshire to rally to the support of that noble army which, for the first time in the history of the rebellion, seriously threatens the rebel capital. And I would suggest to the authorities of our towns and cities the propriety of their immediately offering the highest bounties authorized by section four of the above act, thus making the aggregate of our State and town bounties $200 for one year's service, $400 for two, and $600 for three, in addition to the bounties offered by the General Government.

JOSEPH A. GILMORE.

[Dated July 21, 1864.]

THE REBEL PEACE COMMISSIONERS.—The correspondence with the rebel agents at Niagara Falls shows that Clay, Holcombe and Sanders on the 12th asked of Horace Greeley the protection of the President or the Secretary of War to visit Washington. Thence they wanted to go to Richmond. After some correspondence it was found that they were not duly authorized to act as peace commissioners; and the President subsequently sent the following to Mr. Greeley, under date of July 18:

To whom it may concern:—

Any proposition which embraces the restoration of peace, the integrity of the whole Union and the abandonment of slavery, and which comes by and with an authority that can control the armies now at war against the United States, will be received by the Executive Government of the United States, and will be met by liberal terms on other substantial and collateral points, and the bearer or bearers thereof shall have safe conduct both ways.

ABRAHAM LINCOLN.

The rebels represent that Jeff Davis would, if the correspondence was communicated to him, "promptly embrace the opportunity presented for seeking a peaceful solution of this unhappy strife." They reject President Lincoln's terms of negotiation given above, and declare they "could not transmit it to the President of the Confederate States without offering him an indignity, dishonoring ourselves and receiving the well merited scorn of our countrymen." They lecture the President at some length with much intemperate language, and renew the old and repeatedly-contradicted story that there have been propositions from the rebel authorities relating to peace. They seem to desire a peace which shall give them all they ask for, deprive us of all we have been fighting for, and result in the acknowledgment of their independence. The real object of the movement quite likely is to give the Chicago Convention aid and comfort.

The N. Y. Tribune editorially says:—"The editor of this paper has taken part in and been privy to no farther negotiations than were fully authorized and more than authorized—but these related solely to bringing antagonists face to face in an amicable rather than belligerent attitude, with a view to the initiation of earnest efforts for peace, to be prosecuted at Washington."

He has had no immediate success, and says farther that he cannot just now say all that he knows; but his general inference is that pacification is neither so difficult nor so distant as seems to be generally supposed. It is stated that Dr. Breckinridge, Chairman of the Baltimore Convention, ten days previous to Mr. Greeley's coming, had a long interview with Prof. Halcombe, one of the self-appointed commissioners.

— The Journal says Signor Blitz is in Boston.

— The new excise law imposes a tax of five per cent. on the salaries of Government employees receiving over $600 per annum, instead of three per cent., as heretofore.

Putnam Clothes Wringer.

It is the only reliable Self-Adjusting Clothes Wringer—No wood-work to swell or split.

No thumb-screws to get out of order.

Warranted, with or without cogs.

It took the First Premium at fifty-seven State and County Fairs in 1863, and is, without an exception, the best Wringer ever made. Patented in the United States, England, Canada and Australia. Agents wanted in every town, and in all parts of the world. Energetic agents can make from $3 to $10 per day. Sample Wringer sent, express-paid, on receipt of price. No. 2, $6 50. No. 1, $7 50. No. F, $8 50. No. A, $9 50.—Manufactured and sold, wholesale and retail, by

THE PUTNAM MANUFACTURING CO.,

No. 13 Platt street, New York; Cleveland, Ohio, and Bennington, Vt. S. C. NORTHUP, Agt.

WHAT EVERYBODY KNOWS, viz:

That iron well galvanized will not rust.

That a simple machine is better than a complicated one.

That a Wringer should be self-adjusting, durable and efficient.

That Thumb-Screws and Fastenings cause delay and trouble to regulate and keep in order.

That wood soaked in hot water will swell, shrink and split;

That wood bearings for the shaft to run in will wear out;

That the Putnam Wringer has all the advantages and not one of the disadvantages above named.

That all who have tested it pronounce it the best Wringer ever made;

That it will wring a thread or a Bed-Quilt without alteration.

We might fill the paper with testimonials, but insert only a few to convince the skeptical. If such there be; and we say to all, test Putnam's Wringer. Test it thoroughly with water, and all others, and if not entirely satisfactory, return it.

PUTNAM MANUFACTURING CO: *Gentlemen*:—I have found from practical experience that iron well galvanized with zinc will not oxidize or rust one particle. The Putnam Wringer is as near perfect as possible, and I can cheerfully recommend it to be the best in use. Respectfully yours,

JNO. W. WHEELER, Cleveland, Ohio.

Many years' experience in the galvanizing business enable me to indorse the above statement in all particulars. JNO. C. LEFFERTS,

New York, Jan., '64. N. 100 Beekman St.

We have tested Putnam's Clothes Wringer by practical working, and know that it will do. It is cheap; it is simple; it requires no room whether at work or at rest; a child can operate it; it does its duty thoroughly; it saves time and it saves wear and tear. We earnestly advise all who have much washing to do, with all intelligent persons who have any, to buy this Wringer. It will pay for itself in a year at most.

"A Wonderful Discovery."

DR. TEBBETTS' "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "DYE," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized; it prevents the hair from falling off and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "REGENERATOR" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.

☞ Our correspondent "B" recommends that Market street be now widened by moving the brick stores on the north side back towards Penhallow street, giving them entrances on that street. Another improvement he suggests is to remove the store occupied by Messrs. J. Rider & Son, and to lay out a good street from Spring Hill to Daniel street. The latter has been talked of somewhat by business men in our city, and it might be well to consider it seriously before it is too late.

RE-ENLISTING.—The time for which the National Guards of Manchester enlisted for garrison duty at Fort Constitution, has expired. The government desires to retain the company on duty there for three months longer, and has offered the members an increase of pay if they will re-enlist for this time. The Union learns that it is probable that the greater portion of the company will re-enlist and remain.

☞ The Boston correspondent of the Ballot says:

Lieut. John H. Tredick of Portsmouth (Co. D, N. H. 3d) died July 6th at Chesapeake Hospital, of wounds received at the front June 16th. He was a good soldier. He leaves a wife, mother, and sisters, who I believe are at Portsmouth. His military life was commenced as corporal, and thence he was promoted through the various grades to the position he held at the time of his death.

The Rye correspondent of the same paper communicates the following:

Thomas Latham of Rye, 1st N. H. Cavalry, was taken prisoner on the 27th of June. Information has been received that Mr. James Goss, formerly of Rye, was recently taken prisoner, and when last heard from was confined in Libby prison, Richmond. He was an officer in one of the Mass. Regiments.

Many of our farmers have finished haying. The crop is not quite as heavy as usual, but is of excellent quality.

☞ The Martin Guards of Manchester have received orders from the Adjutant General of this State to recruit full ranks for 100 days' service at Fort Constitution. The Natt Head Zouaves of the same city will also recruit a full company for a like duty.

☞ Josiah A. Chandler, son of B. F. Chandler, Esq., of this city, has been appointed Third Assistant Engineer in the U. S. Navy, and ordered to the Tallapoosa at Brooklyn Navy Yard.

☞ Gen. Dix has ordered the arrest and prosecution of E. N. Fuller, editor of the Newark (N. J.) Journal, for the publication of an article inimical to the draft. He was formerly editor of the N. H. Gazette, of this city.

He was arrested on Friday noon on two warrants,—the first for inciting an insurrection, and the second for discouraging enlistments. He was released on bail in the sum of $7000.

—— George W. Towle, 10th Regt. N. H. Vols., of Hooksett, has recently been promoted to Quartermaster of the 1st N. H. cavalry. The Mirror says Lieut. Towle recruited a portion of Co. D, 10th Regt., and left Manchester with them, was afterwards detailed, has been connected with the Q. M. Department since that time, and is well fitted for his present position.

☞ The London Telegraph tells a sad story of an English family, a mother, two daughters and a son, trying to live on the earnings of the eldest daughter, who by working early and late could only get two shillings and sixpence (about 62c) per week. An attempt was made to get relief from the workhouse, but red tape was supreme, and the relief didn't come till the mother was dead from starvation, and the children were only living skeletons. All that in pious and philanthropic England!

☞ Letters from Gen. Sherman's Army report the burning of extensive mills and factories at Rossville, on the Chattahoochie. In addition to flouring mills, which were very complete and extensive, there were large and well appointed mills for the manufacture of cloths. The regular monthly product of these establishments was 30,000 yards of cotton, and 15,000 yards of woolen goods, principally such goods as are used by the army. The machinery, which was of the best and most approved kinds, was made at Patterson, New Jersey. The mills were thoroughly destroyed.

☞ "The condition of Missouri," says the St. Louis Democrat, "is becoming unendurable. Every day it appears to be growing worse. From all portions of the State reports are coming up of the murder of citizens, and daily men from the country are arriving in this city, and at other points protected by Federal bayonets, who have been driven from their homes by the fear of assassination."

— The Portland Argus says its statement that an injunction had been placed on the Grand Trunk railroad, was without foundation.

— Semmes is about to publish in London "The Cruise of the Alabama and Sumter; from the Private Journals, &c., of Capt. Semmes, C. S. N., and other officers." The Appletons will republish the book in this country.

"A Stitch in Time Saves Nine."

All Furnaces, Stoves and Funnels should be thoroughly cleaned out and put in order, as soon as fires are done being made in them. If allowed to remain filled with ashes and soot through the summer, they will decay very rapidly, and useless expense be incurred.

A full supply of Linings and Repair Pieces constantly on hand, and all orders attended to with dispatch. E. A. STEVENS.

Facts for the People.

The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of STOVES and Castings several times since the war began; and it is now arranged to make a general advance of 25 to 50 per cent. this season.

We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now, as its capacity and the cost of operating it. All things considered, there is no Stove equal to

THE MODEL COOK.

IT IS, IN FACT,

The Best Stove Out,

for economy, convenience and dispatch.

Many people think it best to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.

One of our shrewdest citizens who purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.

A careful, prudent farmer purchased one, and after it had been in operation some days his son came into the store and said, "something was wrong at their house;" his father and himself used wood off the same pile, he burned three baskets full a day, and his father only one! We sold him a Stove before he left, and there has been no complaint since.

These Stoves are in use in many hotels and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.

MASON & HAMLIN'S

CABINET ORGANS,

Combining the requisites for Sacred and Secular, Church and Parlor Music; for Families, Sunday Schools, Day Schools, Churches, &c.

They are elegant as pieces of furniture; occupy little space; are not liable to get out of order or out of tune; are warranted for five years; will improve in tone by age, and are moderate in cost.

They are to private houses, Sunday schools and smaller churches, what the larger pipe organs are to large churches, and in addition to this are adapted to secular as well as sacred music.

The Cabinet Organ is essentially different from, and a marked improvement upon, all instruments of the melodeon or harmonium kind. Its superiority consists in many important characteristics.

The undersigned, Agent for the Manufacturers, will be pleased to show the Cabinet Organs to all wishing to purchase, at his residence, NO. 30 HANOVER STREET.

STATE LEGISLATURE.

The Legislature adjourned finally on Saturday afternoon last, at half past 8 o'clock, after a session of 46 days, the longest summer session which has ever been held. The two branches disagreed in the choice of State Auditor, a new office created at the present session. The House elected James O. Adams of Manchester, the Senate Daniel Blaisdell of Hanover, and a committee of conference appointed to reconcile the difference, compromised by recommending Lemuel N. Patten of Antrim. The House voted to adhere to Adams, and no election was made, leaving the appointment to the Governor. An attempt was made to increase the pay of the members to $2,50 a day, on the report of the Committee on "Retrenchment and Reform," and the House voted it, 119 yeas to 90 nays—but the Speaker informed them that it was "no go"—that as two-thirds of the House had not voted, it required a vote of two-thirds to pass the resolution. The resolutions on National Affairs also failed of passage for the want of a quorum. We give a list of the acts and resolutions passed. The number of general importance is much smaller than usual.

The Military bill being important, we publish the law to-day. Liberal provisions for bounties are made both by the State and the United States. With prompt, efficient, and judicious effort on the part of State and Town authorities, New-Hampshire can be kept out the draft. Let the next fifty days be wisely and earnestly improved.

AN ACT TO FACILITATE THE RAISING OF TROOPS.

Be it enacted by the Senate and House of Representatives in General Court convened:

SECTION 1. The Governor, with the advice and consent of the Council, may appoint State agents, not exceeding ten to recruit in the insurgent States, agreeably to the act of Congress now in force, with power to increase that number to forty, if the experiment prove successful and the interest of the State shall require it. And the men so raised shall be credited to the several cities, towns, sub-districts and places, in proportion to the quota of each city, town, sub-district and place.

SEC. 2. Said State agents shall receive as pay for their services and expenses twenty dollars for each man by them enlisted and mustered into the service of the United States for the term of one year; twenty-five dollars for each man so enlisted and mustered for the term of two years, and forty dollars for each man so enlisted and mustered for the term of three years.

SEC. 3. The Governor with the advice and consent of the Council is authorized and empowered to issue his proclamations, (from time to time,) offering bounties not exceeding one hundred dollars for one year's men, two hundred dollars for two years' men, and three hundred dollars for three years' men, and in the same proportion for any other term of service, to each soldier who shall be mustered into the service of the United States to fill the quota of this State during the present war, whether such soldier shall have voluntarily enlisted, been drafted, or volunteered as a substitute for a drafted or enrolled man, or as a representative substitute for any citizen not enrolled, and not exceeding two hundred dollars to each drafted man for one year who shall be mustered into said service to fill said quota during said war, provided that for all recruits enlisted in the insurgent States under the provisions of this act, the Governor is hereby authorized to pay a bounty not exceeding the sum of five hundred dollars for a three years' man.

SEC. 4. Any city may by vote of its City Council, and any town or place may at any legal meeting thereof duly notified and holden for that purpose, upon or in anticipation of any call of the United States Government, for troops during the present war, raise money and appropriate the same as bounty to each soldier, except those enlisted in or from insurgent States, who shall be mustered into the service of the United States or shall have been mustered into said service since the last call, and prior to the passage of this act, to fill the quota of such city, town or place whether such soldier shall have voluntarily enlisted, or volunteered as a substitute for a drafted or enrolled man, such bounty in no case to exceed in addition to the State bounty, the sum of one hundred dollars for each one year's man, two hundred dollars for each two years' man, and three hundred dollars for each three years' man, and in the same proportion for any other term of service, and such city, town, or place may make such distinction in the bounties to be paid between volunteers and substitutes of drafted or enrolled men as it may deem expedient; and any city, town or place, in the same manner may raise money and appropriate the same as bounty to each man drafted for one year therefrom who shall be mustered into the service of the United States as part of the quota of such city, town or place, in addition to the State bounty, a sum not exceeding two hundred dollars.

SEC. 5. The Governor and Council, and the various towns and places may make such regulations as they may deem expedient in relation to the time and manner of payment of the bounties authorized by this act, provided, however, that in no case shall any of said bounties be paid to any soldier, or his order, until he shall have been duly mustered into the military service of the United States.

SEC. 6. No city, town, place or agent shall pay, or offer to any drafted man, volunteer or substitute, any greater sum than that in this act authorized, under a penalty not less than one hundred dollars, or more than five hundred dollars for each offence, which may be recovered by indictment, one half to the use of the prosecutor.

SEC. 7. All cities, towns and places shall be credited on their respective quotas for all men by them furnished or furnished by any inhabitant of such city, town or place, and mustered into the service of the United States in excess of all former quotas, and prior to the passage of this act, and upon such excess being duly certified by the Assistant Provost Marshal General for the State, to the State authorities, the same State bounty as provided in this act for volunteers, shall be paid for the men so furnished to the city, town, place or persons entitled thereto, provided however, that such bounty shall in no case exceed the sum actually paid for such men, and that any State bounty heretofore paid to the men constituting such excess shall be duly allowed and deducted.

SEC. 8. Whenever there shall be any call by the General Government for soldiers from this State, for its service, each city, town and place shall be called upon for its quota in proportion to the number its enrolled men bears to the enrolled men of the State, and shall be credited with any excess or charged with any deficiency of the men by it furnished up to the time of said call.

SEC. 9. The Governor is authorized to draw his warrants upon the treasury for so much money as may be necessary to pay the bounties and agent's pay provided for by this act, said bounties to be paid to the cities, towns or places, and to the drafted man, volunteer, substitute, or their assigns.

SEC. 10. This act shall take effect upon its passage; all authority heretofore given to the Governor and Council to offer bounties, and to the various cities, towns, and places to raise and appropriate money for bounties, and all acts and parts of acts inconsistent with the provisions of this act are hereby repealed.

Approved July 16, 1864.

SPEER'S

SAMBUCI WINE,

PURE AND FOUR YEARS OLD,

OF CHOICE OPORTO FRUIT,

For Physician's Use, Females, Weakly Persons and Invalids.

AS A DIURETIC, it imparts a healthy action to the Glands and Kidneys, and Urinary Organs; very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by physicians and chemists as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its rich peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

None genuine unless the signature of "ALFRED SPEER, Passaic, N. J.," is over the cork of each bottle.

VALUABLE MEDICINAL

ROOTS AND HERBS,

Prepared by WM. R. GREGG, M. D.,

Graduate College Physicians and Surgeons, N. Y. formerly Assistant Physician Black well's Island Hospitals, late Medical Inspector New York State Volunteer Depots, under Gov. Edwin D. Morgan.

Constitution Life Syrup

HAS PRODUCED

A REVOLUTION IN MEDICINE!

What may seem almost incredible, is, that many diseases hitherto considered hopelessly incurable are frequently cured in a few days or weeks, and are cheerfully invite the investigation of the liberal minded and scientific to cures which have no parallel at the present day.

Our medicine is peculiar, by it the root of disease is directly reached, and the equilibrium restored; hence the wonderful, hopelessly painful and obstinate diseases, those who have vainly sought relief from advertised medicines, those who cannot be cured by other physicians—are

Invited to use Constitution Life Syrup.

During the past five years we have contended with obstinate and apparently hopeless cases as lean as ever encountered by any Reformer.

Rapidity of Cure.

Some say, "Your cures are too quick," while others doubt their permanence, and think that diseases so long by nature, "the conservative process of Nature." This is our reply:

In health, the body, like a well-balanced scale, is in a state of equipoise, and a slight cause, may cause down goes one side of the scale, we have the effects of disease. What is requisite is, to restore the normal balance of the scale.

CONSTITUTION LIFE SYRUP.

A positive and specific remedy for all disease originating from an IMPURE STATE OF THE BLOOD, and for all (hereditary) DISEASES transmitted from PARENT TO CHILD.

Paralysis.

Hemiplegia, Paresis, Paraplegia, Paralysis Agitans.

It is so universally admitted that Constitution Life syrup is the only effective means of restoration in the various forms of Paralysis that we need but reiterate that it is emphatically the Great Life-Giving Power.

Dyspepsia.

Indigestion, Liver Complaint, Constipation, Weight at Stom'h, Biliousness, Want of Appetite, Flatulence, Sick Headache.

Scrofula.

Strumo, Glandular Swellings, Ulceration, King's Evil, Erysipelas, Salt Rheum.

This vast (hereditary or acquired) gifting life with untold misery, is by all usual medical remedies incurable.

Rheumatism.

Arth-itis, Neuralgia, Gout, Lumbago, Sciatica, The Dolorous.

If there is any disease in which the Constitution Life syrup is a sovereign, it is in Rheumatism and its kindred affections. The most intense pains are almost instantly subdued, and swelling and stiffness are reduced. Cases, chronic or vicarious, of 20 or 30 years standing, have been cured by us.

Nervousness.

Nervous Debility, Confusion of Thoughts, Epilepsy, Loss of Power, Shortness of Memory, St Vitus' Dance.

Thousands who have suffered for years will bless the day on which they read these lines. Particularity to weak, suffering woman will this medicine, prove an blessing, restoring and invigorating their footsteps to a Hope which fulfils more than it promises.

Mercurial Diseases.

Salivation, Feeling of Weariness, Rotting of Bones, Bad Complexion, Aches in Bones, Depressed Spirits.

Constitution Life Syrup purges the system entirely from all the evil effects of MERCURY, removing the bad breath, and entirely from Weak Joints and Rheumatic Pains which the use of Calomel is sure to produce. It hardens Spongy Gums and secures to the Teeth a firm hold for ever.

Constitution Life Syrup

Eradicates, root and branch, all Eruptive Diseases of the Skin, like

ULCERS, PIMPLES, BLOTCHES.

And all other difficulties of this kind, which so much disfigure the outward appearance of both males and females, often making them a disgusting object to themselves and their friends.

CONSTITUTION LIFE SYRUP

Cures all Swellings of the Glands,

Either of the Face, Neck or Female Breast, and should be taken as soon as the swelling is detected, thus prevent the outward appearance and producing troublesome Discharging Sores, which disfigure so many of the younger portion of the community, from six to twenty years of age. Young children are very subject to Discharges from the Ears, which depends upon a Scrofulous constitution. These diseases readily recover by taking a few doses of the Life Syrup.

All scrofulous persons suffering from Debility, Emaciation, Dyspepsia, Dropsy of the limbs or abdomen, Hot Flashes, Pain in the Back, Loins or womb, generally accompanied with inflammation and ulceration of the uterus; are permanently cured by the use of this medicine. The disease known as Goitre or Swelled Neck, the Life Syrup will remove entirely. The remedy should be taken by persons who are subject to exceedingly chronic and stubborn, and will not be removed without extra effort. Tumors of the Ovaries, Tumors of the Breast, and Swelling of other glands of the body will be completely reduced without resorting to the knife or operations of any kind.

Suffering Females Sympathetic or Organic Diseases of the Heart (as Palpitation, Disease of Valves—producing a grating or filing sound), Dropsy of the Heart (Case that will Astonish the Doctor), of falls important organs, or persons suffering from any acute pain in the region of the heart, will be greatly relieved by Constitution Life Syrup.

*Broken Down and Delicate Constitutions, Suffering from Premature Decay, Loss of Memory, Pain in Back, Loss of Memory, Forebodings, Horror of Insanity, Fear of Disease, Dimness of Vision, Dry Hot Skin and Extremities, Want of Sleep, Confusion of Ideas, This Haggard Countenance and Lassitude of the Muscular System, all require the aid of the CONSTITUTION LIFE SYRUP.**

For all **Secretive Diseases**, either of the Nose Throat, Tongue, Spine, Forehead or Scalp, no remedy has ever proved its equal.

MOST of the Diseases of the Liver are, depending upon a diseased action of the Liver, are very unpleasant to the young wife and mother. A few bottles of Constitution Life Syrup will correct the secretion, and remove the deposit which is directly under the skin.

In *Diseases of the Liver*, giving rise to lumbago, dizziness, indigestion, weak stomach, or an elevated or cancerous condition of that organ, accompanied with burning or other unpleasant symptoms, relief can be obtained by the use of CONSTITUTION LIFE SYRUP.

☞ *As a general Blood-Purifying Agent, the Life Syrup stands unrivalled by any preparation in the world.*

Diseases of the Spine, as usually developed in the young, Hip Disease, Neuralgia, and all Nervous Diseases, and conditions, and the suffering from diseases for which they are at a loss to know what to do, we would advise the use of CONSTITUTION LIFE SYRUP. It will restore their pallid countenance, strengthen their weak back and side, give them new energy, new life and happiness.

THE RICH AND POOR are liable to the same diseases. Nature and Science have made the Constitution Life Syrup for the benefit of all.

PURE BLOOD produces healthy men and women; and if the constitution is neglected in youth, disease and early death are the results. To not delay the use of remedies are so near at hand, and within the reach of all.

TO MOTHERS AND MARRIED LADIES It is the safest and most effectual remedy ever discovered for purifying the system and relieving the suffering attendant upon childbirth. It strengthens both the mother and the child, prevents most of the diseases, and shortens the time of the food—Those who have used it think it indispensable. It is highly useful both before and after confinement, as it prevents disease attendant upon childbirth.

Constitution Life Syrup

Is the Poor Man's Friend and the Rich Man's Blessing!—Buy it, take it, and be cured.—It is Universal in its effects

Glad News for the Unfortunate!

The Long Sought For Discovered at Last.

CHEROKEE REMEDY

—AND—

CHEROKEE INJECTION,

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Intermittence of the Urine, Inflammation of the Bladder, Ulceration of the Kidneys, Stone in the Bladder, Stricture, Gravel, Gleet, Gonorrhœa, and is especially recommended in those cases of Fluor Albus or Whites that all the old nauseous medicines have failed.

It is prepared in a highly concentrated form, the dose only being from one to two tablespoonfuls three times per day.

It is a powerful alterative in its action; purifying and cleansing the blood, causing it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an entire assistant to the CHEROKEE REMEDY, and should be used in conjunction with that medicine in all cases of Gonorrhœa, Gleet, Fluor Albus or Whites. Its effects are *healing, soothing and emollient*, removing all smarting, heat, chordee and pain, instead of the burning and almost intolerable pain that is experienced with nearly all the *cheap quack injections.*

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and perfection.

For full particulars get our pamphlet from any drug store in the country, or write us and we will mail free, to any address, a full treatise.

Price—CHEROKEE REMEDY, $2 per bottle or three bottles for $5.

Price—CHEROKEE INJECTION, $2 per bottle, or three bottles for $5.

THE GREAT

INDIAN MEDICINE,

COMPOUNDED FROM

ROOTS, HERBS AND LEAVES.

CHEROKEE CURE.

An unfailing cure for Spermatorrhœa, Seminal Weakness, Nocturnal Emissions, and all diseases caused by self-pollution; such as Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Trembling, Wakefulness, Eruptions on the Face, Pimples, Blotches, Insanity, Consumption, and all the direful complaints caused by departing from the path of nature.

☞ This medicine is a simple vegetable extract and one which all can rely, as it has been used in our practice for many years, and with those ends treated it has not failed in a single instance. Its curative powers have been sufficient to gain victory over the most stubborn cases.

☞ To those who have trifled with their constitution, until they think themselves beyond the reach of medical aid, we would say, *despair not!* the CHEROKEE CURE will restore you to health and vigor, and after all quack doctors have failed!

☞ For full particulars, get a circular from any drug store in the country, or write to the proprietors, who will mail free to any one desiring the same, a full treatment in pamphlet form.

☞ Price, $2 per bottle or three bottles for $5, and forwarded by express to all parts of the world.

Sold by all respectable druggists everywhere.

DR. WRIGHT'S

REJUVENATING ELIXIR,

OR ESSENCE OF LIFE.

Prepared from Pure Vegetable Extracts,

Containing nothing injurious to the most delicate.

The Rejuvenating Elixir is the result of modern discoveries in the Vegetable kingdom; being an entirely new and abstract method of cure, irrespective of all the old and worn-out systems.

This medicine has been tested by the most eminent medical men of the day, and by them pronounced to be one of the greatest medical discoveries of the age.

One bottle will cure General Debility.

A few doses cure Hysterics in females.

One bottle cures Palpitation of the Heart.

A few doses restore the organs of generation.

From one to three bottles restore the manliness and full vigor of youth.

A few doses restore the appetite.

Three bottles cure the worst case of Impotency.

A few doses cure the low spirited.

One bottle restores sexual power.

A few doses bring the rose to the cheek.

This medicine restores to manly vigor and robust health the poor debilitated, worn-down and despairing devotee of sensual pleasure.

The young and inexperienced youth, the over-tasked man of business, the victim of nervous depression, the individual suffering from general debility, or from weakness of a single organ, will all find immediate and permanent relief by the use of this Elixir or Essence of Life.

☞ Price, $2 per bottle, or three bottles for $5, and forwarded by express, on receipt of money, to any address.

Sold by all druggists everywhere.

THE MAGEE COOKING STOVE.

The subscriber, having received his Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large dry warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shovelling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

"MAGEE'S PATENT"

VENTILATING & AIR WARMING FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacture of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this very valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which traverses the interior will be required for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating apparatus have been invented, constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for the failure: The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the dome can be made to consume the gases of the coal, as they pass off without a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air there Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq.,	Albert R. Hatch, Esq.,
Aaron H. Hill,	Charles H. Mendum,
Henry F. Wendell,	John Sise, and others.

REBELLION ADVISED.

Messrs. Editors: — Will you please to copy for me the following paragraph from a New Jersey paper, claiming to be democratic: —

"We have no doubt that Mr. Lincoln, if re-elected, will not only allow the recognition of the Southern Confederacy, but that he will attempt to hold the Northern States in his grasp. This the Democracy will have to guard against. In fact, it is really *all that we* have to guard *against*, as the independence of the Southern Confederacy is already practically established, thanks to Abe Lincoln, and, unless New Jersey and other central States desire to be tied to the tail of the Lincoln kite, they must *declare their independence of the Washington dynasty* at the next election."

The above extract would be treason, if treason could be *written* in this country — but no writing is treason by our constitution. It is, however, as plain an invitation to *rebellion* as can be written, — as plain as was ever written in the Charleston Mercury, — and under any other government the writer would lose his head.

It might be worth while to inquire, who *should* hold the Northern States in his *grasp*, if the President of those States should not? And, also, whether New Jersey is to be *pronounced* out of the Union, in the Mexican fashion, in case some traitor or half-traitor should happen *not* to be chosen President?

Is not the writer trying to frighten somebody away from the polls, so as to let a copperhead President be elected, to *save* the country by *restoring it* the rule of such men as Floyd, Breckinridge, Atchison, Stringfellow, and Jeff. Davis?

If New Jersey is to be independent of the Washington dynasty, that is, of the United States, is not the next step to tie her "to the tail of the" Jeff. Davis "kite," and make her a part of the rebel Confederacy?

What would have been said by this same New Jersey paper, of any man who voted for Fremont, if said man had advised his State to rebel against the Washington dynasty? He would surely have been denounced as a traitor and rebel.

And, finally, is there any degree of meanness and treachery into which a Northern tool of the slave power will not sink himself? Can any thing be meaner and more wicked than the above extract? A. B.

Wheeling, Va., is one of the oddest of all places. The Intelligencer of that city gives the following sketch, vouching for its accuracy: —

"We saw yesterday, going up toward the upper ferry, a team of four animals — a horse, a pony, a mule, and a bull. The horse had the heaves, the pony was blind, the mule was lame, and the bull had no provision for fly time. In the wagon, which was an ordinary one, sat a white man, a crippled negro, and a tame skunk. The skunk was firmly bound with a wisp of straw. The white man held the lines, the team held its own, and the nigger held the skunk."

—According to a Richmond paper, the number of deaths in the rebel army reported to the Second Auditor's office at Richmond, up to Dec. 31, 1863, is 57,805.

— The story of the man, who on coming down late to breakfast and finding only an egg, exclaimed, "*Un œuf*'s as good as a feast," ought not to be repeated.

HIGHLY IMPORTANT
TO
UNFORTUNATE FEMALES!

DR BRISCOE'S FEMALE DROPS, are unsurpassed by virtue and efficacy in removing all complaints, of whatever nature, incident to females. He continues, with his usual success, to medically and surgically remove Obstructions, Engorgements, Leucorrhœa, Whites, General Debility, &c., and Suppressions of all kinds; also all complaints of the Lungs, Liver, Kidneys, Spleen, Bladder, &c.

He medicines will be sent to any part of the country by express or mail; addressed by a communication stating particulars, will receive prompt attention.

Office, No. 23 Endicott street.

Persons at a distance can consult Dr. Briscoe, by letter, describing the case, and have the medicines securely put up, and forwarded to any part of the United States, with full directions for use. Office arranged with separate apartments, so that patients see none but the Doctor himself.

Address Dr. Briscoe, at No. 23 Endicott St., Boston, Mass., stating symptoms. All communications are confidential.

Patients furnished with rooms and board if desired, and nursey observed in every case.

Office hours from 9 A. M. to 9 P. M.

Boston, July 16, 1864. 7ThSly

DR. M. BRISCOE still continues his successful treatment of all Private Diseases and also Female Complaints, at his old established office, No. 23 Endicott street.

N. B.—The sick and afflicted will do well to give him a call. A short consultation will cost you nothing, but a word of friendly advice may save you years of suffering.

P. S.—Ladies who wish to stay in the city under my care a few days, can be furnished with kind nurses. Charges moderate.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (*under the Act of 1837.*)
76 State street, opposite Kilby street,
Boston.

After an extensive practice of upwards of twenty years, procuring Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions; and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."

CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."

EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such unmistakeable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges."

JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of whom was decided in *his favor*, by the Commissioner of Patents.

The Old Established Hospital.
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!

DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this, the parent branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the safest as well as the latest remedies for those diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.

In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Biles, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines; and have been tested in more than 20,000 cases annually, with immense success.

YOUNG MEN.

Young Men addicted to secret habits, who have impaired their healths and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to counsel and a physician who has cured thousands, in almost every part of the United States, who applied to Dr. T. broken down in health, now rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.

DR. TELLER'S GREAT WORK.

A book for everybody.—Startling disclosures. Dr. Teller's great work for the Married or those contemplating marriage.—200 pages—full of plates—price 25 cts. Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The single Married and the Married Happy. A lecture to Men, on how to choose a Partner—a complete work on Midwifery. It contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, inclosed, will secure a copy by return mail. Dr. Teller has devoted a lifetime to the cure of those diseases upon which his books treat.

TO THE LADIES.

Dr. Teller still remains the only Agency in America, for the sale of Madame Lisle's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unsurpassed by far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.

Married or single ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.

Office hours from 8 A. M. to 8 P. M., and on Sundays from 9 to 5 P. M.

N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed.

Notice this, address all letters to

VERNATELLA.
Warranted to make the Soles of Boots and Shoes water and dampness proof, and wear one-third longer.
VERNATELLA
Is a preparation from Copper, having no grease, linseed oil, or anything of the kind, and when the soles are once saturated with it, water can no more get through them than through copper itself. **Price 25 Cents Per Bottle,**
at retail everywhere.

But its cost to the purchaser is really NOTHING, as it makes the soles wear enough longer to more than pay for it, leaving as a net gain the making of them Water and Dampness Proof, and the preservation, thereby of that priceless gem, the health.

LADIES, READ THIS!
SAVE YOUR HEALTH.

Use Vernatella on the Soles of your Shoes. It makes them water proof and thereby protects your feet from dampness, for the ground is always more or less moist, either from rain or the morning and evening dews.

Morning Chronicle.

Portsmouth, N. H.

MONDAY, JULY 25, 1864.

THE REBELLION.

The Mobile Tribune regards an attack on that city by Gen. Canby with 15,000 to 20,000 men, assisted by Adm. Farragut's fleet, to be imminent.

When Hood, successor of Joe Johnston, was defeated in his attack on Gen. Sherman on Wednesday, he left his dead and wounded in our hands. Hooker's division had an open field fight and lost about 1500. He reports that the rebels left 4000 wounded on the field in front of his lines. They lost from 600 to 800 killed.

Gen. Rousseau left Decatur, Ga., on the 10th with 2700 well-mounted men, for an extensive raid; and the Richmond papers state that on the 18th he had cut the railroad to Montgomery and Columbus. It is said that the only line of retreat now left the rebels is that via Macon.

The rebels vigorously shelled Gen. Grant's lines on Wednesday, but were soon silenced by our batteries. The batteries of both lines north of the Appomattox opened on Thursday morning, and our 32 pounders destroyed the Weldon depot in Petersburg. Gen. Baldy Smith is ordered to report at New York.

The people of Rockville and Montgomery counties, Md., were again agitated by fears of another rebel raid on Saturday.

By Telegraph—Sunday noon.

"The shelling of the city of Petersburg for the past two days has been merely nominal," says the Petersburg Express of the 21st. "Reports still reach us of Grant's undermining operations, but they create no uneasiness. His position is not a favorable one for success, for he cannot go many feet without reaching a stratum of marl, and there he finds water to impede his progress." It then adds that the Union pickets deny now that Gen. Grant is dead! The same paper ridicules the recent invasion of Maryland, and says a few men sat down in front of and frightened Washington, while the rest of their forces gathered vast quantities of booty. The gain by this invasion it declares will prove incalculable. The invaders had sent to Richmond 700 Union soldiers as prisoners; 4500 horses and 2500 beeves are named as part of the spoils of the invasion. The Richmond Whig says, judged by the Confederate standard, the recent invasion into Maryland falls below the mark; the mere booty, however, is considerable, but cannot atone for the splendid opportunity lost or thrown away.

The Macon, Ga., Confederate says the city of Atlanta will be defended, and not be given up unless the Confederate army is defeated in a great battle which will be fought in its immediate front. Our forces at the last accounts held one end of Atlanta, which, according to the rebel papers, will secure its evacuation by the rebels.

The boat from City Point brings the intelligence that it is more quiet in the Army of the Potomac than has been the case for several days past.

The new raid into Maryland is by Mosby's gang. One account says it consists of 300 or 400; another, of 5000 cavalry and infantry with artillery, headed by Mosby's cavalry.

Official details of Gen. Sherman's battle on Thursday are received. Our troops gained a brilliant success. Gen. Hood abandoned the field, leaving his dead and wounded. Gen. Sherman took nearly 4000 prisoners. Our loss was only 1500.

— A carriage containing two ladies was precipitated over a precipice at Goat Island, Niagara Falls, on Friday afternoon, in consequence of the horse taking fright. Fortunately a shelf in the rock thirty feet down broke the fall, and the ladies were lodged in the trees. One was seriously and the other slightly injured.

A clergyman relates the following incident in the Pacific Methodist: "A few years ago, as I was preaching at ——, Willie, a little boy some two or three years of age, sat on a front seat listening, as I thought, very attentively. He seemed wholly absorbed, and I began to flatter myself that the 'lambs' were being fed as well as the 'sheep.' But just as I finished my sermon, and was in the act of sitting down, he called out at the top of his voice—'Mr. Simmons, have you seen my new stockings?' The mystery was solved. He had borne in silence the sermon that he might tell me of his little treasure.

Peas and beans are the most nutritious of all kinds of food, the peas being 98 per cent. and the beans from 89 to 92 per cent. The season for these productions in their greatest abundance is just at its height, and they could be profitably used in the place of meat, supplying cheaper and more wholesome food. In warm weather one half the meat usually eaten could be dispensed with in families, and better substitutes be obtained from vegetables.

He who seeks to increase the quantity of his lands by unjust suits at law, will probably soon find himself as groundless as his suits.

Men prove their courage by going to the battlefield, and women by marrying the men.

—— The dwelling house, barn and outbuildings belonging to Mrs. Elizabeth Roberts, in Groton, were consumed by fire last week. The barn was a very large and nice one, probably one of the best in that section, of the State.

—— Mr. Asa Ladd, of Laconia, fell from a load of hay one day last week, and the tines of a fork which he held in his hand pierced his leg above the knee, passing through on both sides of the bone, inflicting a severe and painful wound.

—— The damages in the towns of Hinsdale and Winchester by the storm of the 11th inst. was quite large—estimated in Winchester alone at $1,000. The steeple of the Methodist meeting house in W. was blown down, several barns unroofed, one barn demolished, hail stones half an inch in diameter, &c.

—— The Governor and Council have appointed the following agents to recruit in the insurgent States, under the new military bill passed at the late session of the Legislature: Wm. H. Smith, of Lancaster; Faris Comings, of West Lebanon; Capt. George W. Riddle, of Bedford; C. B. Hutchins, of Lisbon; Wm. M. Weed, of Sandwich, S. S. Chick, of Somersworth, and Capt. Jackson, of Portsmouth.

—— The commencement exercises at Dartmouth College occurred last week, Thursday being commencement day. There were twenty-five "parts," the speakers being selected from the class by lot. One of the subjects was—"The defects of Great Men the consolation of Dunces." The Honorary degrees conferred were:

Doctors of Divinity—Revs. Levi Spaulding, Joseph C. Bodwell and Ezra C. Adams.

Doctors of Laws—Hev. Nathan Lord and Rev. Benjamin Larabee.

—— The Dover Gazette states that Mr. H. H. Holt, of Lyme, is preparing a record of all the New Hampshire soldiers who have died, or been killed in action, during the present rebellion, their company, regiment, residence, age, date and place of death, with biographical sketches of some. It will, when completed, be a very valuable record. It is hoped that every one will take an interest in this work, and send him the name, company, regiment, date, age, &c., of all those noble men.

—— The quota of New Hampshire under the call of July 18, for 500,000 men, is 6502. The quotas of the different Congressional Districts have been calculated under the enrolment recently completed, without regard to any excess or deficiency the State may have on former calls, and are as follows:

First District,	2,457
Second District,	2,096
Third District,	1,949

This quota of each sub-Districts will be reduced by any excess it may now have over all calls heretofore made or increased by its deficiency on such calls, as the case may be.

— The Richmond Whig is very severe upon Jeff Davis for overlooking Beauregard in selecting a successor to Joe Johnston, and deems the appointment of Hood due to personal feeling.

DECLINE IN PROVISIONS.—The New York Express of Thursday has the following remarks upon the state of the provision market in that city:

The great feature of the day was the Pork market, and there was a respectable panic for a time. The price of new mess fell off $6 per barrel, under a strong pressure to sell, but was afterwards bolstered up by the bulls, closing $3 per barrel lower than yesterday. The backbone of the Pork speculation is no doubt broken; the leading operators for a rise are constantly selling through other parties, while they themselves make a feint of buying. The public who are inveigled into buying pork at present prices had better be careful or else they will all come to grief together. Breadstuffs were dull, heavy, and lower. Flour fell of 25 cents; wheat 5a6 cents, and corn 1 cent.

PRICES IN THE SOUTH.—The rebel Commissioners of Appraisement for the State of Virginia, after consultation, as they say, with prominent farmers, and the leading millers and business men of Richmond, have agreed upon a new schedule of prices, among which are the following:

"Wheat, $30 per bushel; flour, $150 a $168 per barrel; corn, $24 per bushel; corn meal, $25 50 per bushel; bacon, hog round, $5 per pound; lard, $5 per pound; peas and beans, $30 per bushel; Irish potatoes, $10 per bushel; beef cattle, $40 a $50 per 100 pounds gross; sorghum molasses, $20 per gallon."

The commissioners in their report say they have endeavored to arrive at "just and reasonable" prices; and that as the currency has depreciated greatly below the specie standard, and there is, in addition, but a small quantity of grain, accompanied with a great demand for consumption, they have given due consideration to all the varied interests involved, and endeavored to adjust prices upon a reasonable basis.

During the recent rebel raid in Maryland one old man—honor to his name!—did dare defend the flag of his country, and Ishmael Day's words, "Gentlemen, you may burn my barn and my house, but I will shoot the first man who touches that flag!" ought to be placed side by side with Gen. Dix's famous order. Mr. Day's words were no idle ones. He meant what he said, and though over 70 years of age, his eye was as steady and his determination as firm as in his boyhood's days. Two of Gilmore's predaceous band rode up to his place, and, regardless of his threat, attempted with ruthless hands to tear from the halyards the stars and stripes, which waved over his gate-post. The contents of a duck gun tumbled the ruffian from his horse, and he fell to the ground mortally wounded. His companion, by instant flight, escaped a similar fate. The main body coming up, Mr. Day with his arms escaped to the woods. The marauders, after securing everything of value that could be removed, applied the torch to house and barn, and left them in ashes.

QUESTION.—If Miss Brown, who has recently been ordained pastor of a church in Massachusetts should get married, what would be the relation of her husband to the church?—*Exchange.*

ANSWER.—No relation at all. He would be the minister's husband. It would be exactly as if a Mr. Brown had been ordained, and had married a wife, who would be the minister's wife, and not the church's servant, unless she chose.

Setchell, the comedian, says he was present at the White House the other day when the following was perpetrated: An old farmer from the West, who knew President Lincoln in days bygone, called to pay his respects at the Presidential mansion. Slapping the Chief Magistrate upon the back, he exclaimed, "Well, old hoss, how are you?" Old Abe, being thoroughly democratic in his ideas, and withal relishing a joke, responded, "So I'm an old hoss, am I. What kind of a hoss, pray tee Why, an old draft hoss, to be sure," was the rejoinder. Good, even for Setchell.—*Transcript.*

— An Insurance Company has recently been started in Hartford under the name of the Travelers' Insurance Company, the object being to insure against accidents of every description. If a man is killed, the money is paid to his family; if he is disabled he receives so much per week for six months, if he does not sooner recover.

— A correspondent of the N. Y. Post wrote the other day, "My boys gave up their Fourth of July fire-crackers, to aid the onion-fund of the soldiers; so, of course, I am compelled to cut down the diurnal expenditure for cigars, and enclose the result, ten dollars." Does he mean to say that he saved $10 by merely cutting down the diurnal expenditure for cigars since the 4th?

Putnam Clothes Wringer.

It is the only reliable Self-Adjusting Clothes Wringer.—No wood-work to swell or split.

No thumbscrews to get out of order.

Warranted, with or without cogs.

It took the First Premium at fifty-seven State and County Fairs in 1863, and is, without an exception, the best Wringer ever made. Patented in the United States, England, Canada and Australia. Agents wanted in every town, and in all parts of the world. Energetic agents can make from $3 to $10 per day. Sample Wringer sent, express-paid, on receipt of price. No. 2, $6 50. No. 1, $7 50. No. 1 F, $8 50. No. A, $3 50.—Manufactured and sold, wholesale and retail, by

THE PUTNAM MANUFACTURING CO.,
No. 13 Platt street, New York; Cleveland, Ohio, and Bennington, Vt. S. C. NORTHROP, Agt.

WHAT EVERYBODY KNOWS, viz:

That iron will galvanized will not rust.

That a simple machine is better than a complicated one.

That a Wringer should be self adjusting, durable and efficient.

That thumb-screws and Fastenings cause delay and trouble to regulate and keep in order.

That wood soaked in hot water will swell, shrink and split;

That wood bearings for the shaft to run in will wear out;

That the Putnam Wringer has all the advantages and not one of the disadvantages above named.

That all who have tested it pronounce it the best Wringer ever made;

That it will wring a thread or a Bed-Quilt without alteration.

We might fill the paper with testimonials, but insert only a few to convince the skeptical. If such there be; and we say to all, test Putnam's Wringer. Test it thoroughly with any and all others, and if not entirely satisfactory, return it.

PUTNAM MANUFACTURING CO: *Gentlemen*:—I know from practical experience that iron well galvanized with zinc will not oxidize or rust one particle. The Putnam Wringer is as near perfect as possible, and I can cheerfully recommend it to be the best in use. Respectfully yours,

JNO. W. WHEELER, Cleveland, Ohio.

Many years' experience in the galvanizing business enable me to indorse the above statement in all particulars. JNO. C. LEFFERTS.

New York, Jan., '64. N. 100 Beekman St.

We have tested Putnam's Clothes Wringer by practical working, and know it to be a reliable. It is cheap; it is simple; it requires no room whether at work or at rest; a child can operate it; it does its duty thoroughly; it is durable; it saves wear and tear. We earnestly advise all who have much washing to do, with all intelligent persons who have any, to buy this Wringer. It will pay for itself in a year at most.

Ayer's Sarsaparilla

Is a concentrated extract of the choice root, so combined with other substances of still greater reflective power as to deliver its medical virtues. Intidote for disease Sarsaparilla is reputed to cure. Such a remedy is surely wanted by those who suffer from strumous complaints, and that one which will accomplish their cure must prove, in this has, of immense service to this large class of our afflicted fellow citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found in the following complaints:—

Scrofula, Scrofulous Swellings and Sores, Skin Diseases, Pimples, Pustules, Blotches, Eruptions, St. Anthony's fire, Rose or Erydpelas, Tetter or ecall Rheum, Scald Head, Ringworm, &c.

Syphilis or Venereal Disease is expelled from the system by the prolonged use of this SARSAPARILLA, and the patient is left in comparitive health.

Female Diseases are caused by Scrofula in the blood, and are often soon cured by this EXTRACT OF SARSAPARILLA.

To not discard this invaluable medicine, because you have been imposed upon by something pretending to be Sarsaparilla, while it was not.—When you have used AYER'S—then, and not till then, will you know the virtues of Sarsaparilla.—For minute particulars of the diseases it cures, we refer you to Ayer's American Almanac, which the Agents below named will furnish gratis to all who call for it.

AYER'S CATHARTIC PILLS, for the cure of Costiveness, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Headache, Piles, Rheumatism, Heartburn arising from Disordered Stomach, Pain or Morbid Inaction of the Bowels, Flatulency, Loss of Appetite, Liver Complaint, Dropsy, Worms, Gout, Neuralgia, and for a Dinner Pill.

They are sugar coated, so that the most sensitive can take them pleasantly,—and they are the best Aperient in the world for all the purposes of a family physic.

Prepared by J. C. AYER & Co., Lowell, Mass., and sold by Brackett Hutchings, J. H. Thacher, W. H. Preston, David Kimball, and all druggists.

A Card to Invalids.

A Clergyman, while residing in South America as a missionary, discovered a safe and simple remedy for the Cure of Nervous Weakness, Early Decay, Diseases of the Urinary and Seminal Organs, and the whole train of disorders brought on by baneful and vicious habits. Great numbers have been already cured by this noble remedy. Prompted by a desire to benefit the afflicted and unfortunate, I will send the receipt for preparing and using this medicine, in a sealed envelope, to any one who needs it, *Free of Charge.*

"A Wonderful Discovery."

DR. TEBBETS' "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern Vegetable Chemistry. It is not a "Dye," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes dandruff, heal humors and itching from the skin. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "REGENERATOR" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.

Proposals for Wood.

SEALED PROPOSALS will be received at the City Clerk's office, in the CITY OF PORTSMOUTH, until the twentieth day of July next, for supplying the Overseers of the Poor with from two hundred to two hundred and fifty cords merchantable HARD WOOD, to be delivered at either Railroad Depot, or at such wharf as the Overseers may designate.

The Overseers reserve the right to reject any bid. By order of the Overseers of the Poor.

☞ The *Domestic Dyes* prepared by Geo. H. Reed & Co. offer the simplest and most perfect means of dyeing household articles ever presented the public. They embrace 40 different shades, and include all the new and fashionable colors—and are perfectly *fast*. Samples of silk and wool can be seen and the colors procured of CHARCHER. jul30

☞ Another proposal for widening Penhallow Street is to purchase Messrs. Dupray's and Holmes's stores, and remove them, and thus have a straight line with the upper end of Market street, and a clear coast to the Hart House on Daniel Street. Let the street be twice as wide as Market street, at least, and you give room for a new and elegant lot of stores on the east side of Penhallow street, that may in time be continued to State street.

☞ Joshua E. Eldredge of this city, has been appointed Deputy Sheriff for the County of Rockingham.

☞ At a Naval General Court Martial, convened at the Navy Yard, Philadelphia, Acting Third Assistant Engineer William J. Moffit, of the Navy, was recently tried upon the charge of desertion preferred against him by the Department, for having deserted from the Navy Yard at Boston, on Feb. 24, and for having deserted from the U. S. steamer Admiral, at New York. The Court found each specification of the charge proved, and that the accused was guilty of the charge; and sentenced him "to be reduced to the rating of a First Class Fireman, to serve for the term of two years, and to forfeit all pay now due him." The proceedings and sentence of the Court have been approved, by Sec. Gideon Welles.

THE PEACE PROPOSITIONS.—Mr. James R. Gilmore, known as "Edmund Kirke," who has has just returned from Richmond, in a letter to the Boston Transcript, refers to the mission of Mr. Greeley to Niagara Falls as follows:

"I have not, however, exchanged a word with Mr. Greeley, or even seen him, for fully three months, and I have no connection with, in fact I know absolutely nothing of, his 'negotiations.'

This much, however, in reference to that much-talked-of matter, being a Yankee, I can guess. *It will result in nothing.*

Jefferson Davis said to me last Sunday (and with all his faults I believe him a man of truth): 'This war must go on till the last of this generation falls in his tracks, and his children seize his musket and fight our battle, *unless you acknowledge our right to self-government.* We are not fighting for slavery. We're fighting for independence, and that, or extermination, we will have."

If Messrs. Sanders, Holcombe, Thompson & Co. have 'pulled the wool' over the eyes of Mr. Greeley they have not pulled it over the eyes of Mr. Lincoln. He, I know, fully understands and appreciates their overtures, and you can safely assure your readers that the interests and honor of the country are safe in his hands. If every man, woman and child in this nation knew him as I do, they would believe this, and would say, as I do, 'God bless him.'"

"A LITTLE STORY."—The only practical joke in which R. Harris Barcham (better known by his *nom-de-guerre* of Thomas Ingoldsby) ever personally engaged was enacted when he was a boy at Canterbury. In company with a schoolfellow, D——, now a gallant major, he entered a Quaker meeting-house; when, looking around at the grave assembly, the latter held up a penny tart, and said solemnly "Whoever speaks first shall have this pie." "Go thy way, boy," said a drab-colored gentleman, rising, "go thy way, and—" "The pie's yours, sir!" exclaimed D——, placing it before the astounded speaker and hastily effecting his escape.

If we examine the geography and chronology of Irish samples of jokes of simple-minded Hibernians, we shall find they belong neither to Ireland nor to an Irish era. For example, the timid Irishman who protested that he would never go into the water till he had learnt to swim; or he who, being unable to get a reply from a sick man, wished himself to be sick and senseless that he might return the incivility; or he who wished to teach his horse to live on nothing, and wondered at the beast dying, just as the experiment was on the point of succeeding;—these, with the Irishman who carried about a brick as a sample of the house he had to sell; and that other who stood with his eyes closed before a glass, in order that he might see how he looked when he was asleep; or who bought a crow to find out if it would live, as it was said to do, a couple of hundred years; or who, in a shipwreck, seeing every one lay hold of some object whereby to be saved, took hold, for his part, of the anchor;—all these, and very many more of the like quality, are time-honored jokes, nearly two thousand years old. That time, at least, has elapsed, since they were given to the world in the *Astela* of Hierocles, with his renowned *Scholastikos* for the hero of every one of them.

WASHING DAY IN GERMANY.—Yes, even in Germany they have washing days. They are thus graphically described in a letter from an American lady:

It is one of the chief glories of the German housewives to possess abundance of linen, and for the purpose of displaying their wealth, they put off their washing till used up—some three weeks, some six, some half a year, and those who are more affluent have washing but once a year.

Every house contains a 'Schwartzwaschkamer,' where the dirty clothes are kept hung up on poles or lines in the air. When the drawers and presses are nearly empty, two or three washer-women are hired, who come at two in the morning, make a cup of coffee and some bread, with wine or cider; dine at twelve; at three or four again a cup of coffee with bread; and then wash till supper, at night.

They wash in very large oval tubs, at which four or five can stand at once. So it goes on for several days, according to the number of clothes. The remainder of the week is spent in ironing; sheets, pillow-cases, and all the ungathered clothes, are mangled, and towels, stockings, children's handkerchiefs, &c., are only folded. During the whole week no woman in the family can think of anything but the wash, and by the end of it some have sore hands (for they use lye) and all are out of humor.

A theatrical writer in the N. Y. Times says the gifts presented actors on their benefit nights are seldom genuine. A man in that city owns a watch he has lent to be "presented" to nearly one hundred actors, "and only one of them," he says, "is confounded Irishman, had the impudence to attempt to keep it."

"A Stitch in Time Saves Nine."

All Furnaces, Stoves and Funnels should be thoroughly cleaned out and put in order, as soon as fires are done being made in them if allowed to remain filled with ashes and soot through the summer, they will decay very rapidly, and useless expense be incurred.

A full supply of Linings and Repair Pieces constantly on hand, and all orders attended to with dispatch. E. A. STEVENS.

Facts for the People.

The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of STOVES and Castings several times since the war began; and it is now arranged to make a general advance of 25 to 50 per cent. this season.

We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now, as its capacity and the cost of operating it. All things considered, there is no Stove equal to

THE MODEL COOK.

IT IS, IN FACT,

The Best Stove Out,

for economy, convenience and dispatch.

Many people think it best to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.

One of our shrewdest citizens who purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.

A careful, prudent farmer purchased one, and after it had been in operation some days his son came into the store and said, "something was wrong at their house;" his father and himself used wood off the same pile, he burned three barrels full a day, and his father only one! We sold him a Stove before he left, and there has been no complaint since.

These Stoves are in use in many hotels and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.

KITTERY.

SONG OF THE "HOME GUARD."

I'm ordered off to Kittery—
Boo hoo! Boo hoo!
I'm ordered off to Kittery—
Boo hoo!
I'm ordered off to Kittery,
And now must leave the citery,
Oh! give me all your pitiery,
Boo! boo! boo!

I joined to guard the citery—
Boo hoo! boo hoo!
I didn't think of Kittery—
Boo hoo!
But now I'm off for Kittery,
I feel a little skittery,
For fear I may get hittery—
Boo! boo! boo!

Farewell, my darling wifery—
Boo hoo! boo hoo!
The comfort of my litery—
Boo hoo!
When I am gone to Kittery,
Pray, don't you have a fittery,
Nor gad about the citery—
Boo! boo! boo!

We've got a game commander—
Boo hoo! boo hoo!
But Hannibal's the gander—
Boo hoo!
So very learned and litery,
He'll make a proud obittery
Of all who fall at Kittery—
Boo! boo! boo!

Oh! once the darn Rebellion!
Boo hoo! boo hoo!
And every rebel bellion!
Boo hoo!
I'm every mont a spiling,
My blood is hot and biling,
'Cause the Copperheads are smiling—
Boo! boo! boo!

☞ The publication of the New Orleans Picayune, which had been suspended on account of having copied the bogus proclamation from the New York papers, was resumed on the 9th inst. From the chit-chat of its Paris correspondent we select an item or two:

"Old lady, I have bad news to tell you; Francois, who went to Mexico with us—" "Hi! hi! hi! Is my poor boy dead?" "Oh, Lor! no; he has lost his leg." (Wiping her eyes.) "No wonder! He was always losing his things!"

Mons. Ernest was married five years ago. Eighteen months since he lost his wife. Eight days ago he married a second time. Somebody told one of his friends, a married man, that Mons. Ernest was again a husband. The married man cried with an angry voice: "The infernal rascal! Married a second time, eh? He didn't deserve to lose his first wife!"

GOLDEN SHEAF WHISKEY.

C. A. RICHARDS,
99 WASHINGTON STREET,
Boston,

Would most respectfully invite the attention and examination of all Grocers, Druggists, Apothecaries and Private Individuals, desiring to sell or USE STRICTLY PURE

Liquors, Wines, Cordials or Bitters,

to the list of choice goods enumerated below, which are constantly on hand in large quantities in his Large and Spacious

Wine Store and Bottling Establishment,
99 Washington street, Boston.

First on the list, as a reliable pure stimulant, stands the celebrated and widely known

Golden Sheaf Bourbon Whiskey,

made from Wheat, Rye and Corn, warranted for five years old. Put up in unique style, each bottle in a paper box; in cases of one dozen each, the large and increasing sales of which convince the proprietor that no extended advertisement is needed to extol its real merits. It will recommend itself on trial.

Golden Sheaf Cordial.

A delightful and healthful beverage, aromatic, with a rich ginger cordial, made from the pure Golden Sheaf Bourbon.

Golden Sheaf Bitters.

The best Tonic Bitter ever offered to the public. Mingled with the rich flavor of the Bourbon are a number of other ingredients for restoring the appetite and imparting life and vigor to the whole system

Golden Sheaf Punch.

Made from fresh, ripe lemons, and other articles, combined as a whole into a fine rich

Bourbon Whiskey Punch.

All the above put up full strength of the whiskey and in cases of one dozen each. These articles improve by age, and no exposure of climate can affect them.

JOHN AND ROBERT DUNSTER'S
CELEBRATED
LONDON DOCK SPIRITS AND WINES,

Imported solely by C. A. R., in wood, from the London Docks, and bottled by him in America. The distinguished and world-wide reputation of these articles has induced the subscriber to seek and obtain the Sole Agency in this country.—They are sold only in Bottles, *entirely pure, and without adulteration*, and comprise the four kinds, as follows:

LONDON DOCK GIN,
LONDON DOCK BRANDY,
LONDON DOCK SHERRY,
LONDON DOCK PORT.

All in cases of one dozen each, in strong shipping cases for immediate transportation, and are sold lower than any other liquors and wines in the market, of equal quality.

Pure California Wines.

The large demand for the pure wines of California has made it a fixed fact that no well selected stock of Wines is complete without them. C. A. R. has made arrangements for the entire production of

The Largest Vineyard in California!

and is now bottling and offers for sale, the finest CALIFORNIA WINES ever seen IN THIS MARKET, of the quality, in splendid style of labels, bottles and cases—such as

ANGELICA—Sweet.
PORT—Rich.
HOCK—Dry.
STILL CHAMPAGNE—Delicious.

Parties attracted by this advertisement, or who have already become acquainted with the qualities of these articles, can have a price list sent by mail, or samples by express, when desired, by addressing the subscriber.

Constitution Life Syrup,

COMPOSED OF
IODIDE POTASSIUM,
With the compound concentrated fluid extract o
VALUABLE MEDICINAL
ROOTS AND HERBS,

Prepared by WM. H. GREGG, M. D.,
Graduate College Physicians and Surgeons, N. Y., formerly Assistant Physician Blackwell's Island Hospitals, late Medical Inspector New York State Volunteer Depots, under Gov. Edwin D. Morgan.

Constitution Life Syrup
HAS PRODUCED
A REVOLUTION IN MEDICINE!

What may seem almost incredible, is, that many diseases hitherto considered hopelessly incurable are frequently cured in a few days or weeks, and we cheerfully invite the investigations of the liberal minded and scientific to cases which have no parallel at the present day.

Our medicine is peculiar, by it the seat of disease is directly reached, and the equilibrium restored. Those who have suffered long from painful and obstinate diseases, those who have vainly sought relief from advertised medicines, those who cannot be cured by other physicians—are

Invited to use Constitution Life Syrup.

During the past five years we have contended with obstacles and overcome opposition as boldly as ever encountered by any Reformers.

Rapidity of Cure.

Some say, "Your cures are too quick," while others doubt, disbelieve, scoff and think that diseases can only be cured by the "slow recuperative process of Nature." This is our reply:

In health, the body, like a well-balanced scale, is in a state of equilibrium. But when from any cause down goes one side of the scale, we have the effects of disease. Our aim, therefore is, to restore the normal balance of the scale.

CONSTITUTION LIFE SYRUP,

A positive and specific remedy for all diseases originating from an IMPURE STATE OF THE BLOOD, and for all (hereditary) DISEASES transmitted from PARENT TO CHILD.

Paralysis.

Hemiplegia, Paralysis, Paraplegia, Paralysis Agitans.

It is so universally admitted that Constitution Life Syrup is the only effective means of restoration in the various forms of Paralysis, that we need not reiterate that it is emphatically the Great Life-Giving Power.

Dyspepsia.

Indigestion, Costiveness, Liver Complaint, Constipation, Weight at Stomach, Sick Headache, Want of Appetite, Flatulence, Bad Breath.

Scrofula.

Strumas, Glandular Swellings, Ulcerations, King's Evil, Erysipelas, Skin Rashes.

This taint (hereditary or acquired), filling life with untold misery, is by all usual medical remedies incurable.

Rheumatism.

(Arthritic), Neuralgia, Gout, Lumbago, Sciatica, The Dolourous.

If there is any disease in which the Constitution Life Syrup is a sovereign, it is in Rheumatism and its kindred affections. The most intense pains are almost instantly alleviated—enormous swellings are reduced. Cases, chronic or vicarious, of 20 or 30 years standing have been cured by us.

Nervousness.

Nervous Debility, Confusion of Thoughts, Epilepsy, Loss of Power, Shattered Nerves, St. Vitus' Dance.

Thousands who have suffered for years will bless the day on which they read this. Let the hesitatory to whatever extent, from will this medicine prove an inestimable blessing—directing their footsteps to a Hope which tends more than it promises.

Mercurial Diseases.

Salivation, Feeling of Weariness, Rotting of Bones, Bad Complexion, Aches in Bones, Depressed Spirits.

Constitution Life Syrup purges the system entirely from all the evil effects of Mercury, removing the Bad Breath, and curing the Weak Joints and Rheumatic Pains which the use of Calomel is sure to produce. It hardens spongy Gums and secures the Teeth as firmly as ever.

Constitution Life Syrup

Eradicates, root and branch, all Eruptive Diseases of the Skin, like

ULCERS, PIMPLES, BLOTCHES.

And all other difficulties of this kind, which so much disgure the outward appearance of both males and females, often making them a disgusting object to themselves and their friends.

CONSTITUTION LIFE SYRUP

Cures all Swellings of the Glands,

Either of the Face, Neck or Female Breast, and should be taken as soon as the swelling is detected, thus preventing their breaking and producing troublesome Discharging Sores, which disfigure so many of the children of affliction at the community, from six to twenty years of age. Young children are very subject to Discharges from the Ears, or Inflammation and Scrofulous complication. These cases soon recover by taking a few doses of the Life Syrup.

All scrofulous persons suffering from Debility, Emaciation, Dyspepsia; Dropsy, of the limbs or abdomen, and in the female Dropsy of the ovaries and womb, generally accompanied with inflammation and ulceration of the internal organs, permanently cured by Constitution Life Syrup. The disease known as Goitre or Swelled Neck, the large and increasing sales of which convince the proprietor that no extended advertisement is needed to extol its real merits. It will recommend itself on trial.

Golden Sheaf Cordial.

A delightful and healthful beverage, aromatic, with a rich ginger cordial, made from the pure Golden Sheaf Bourbon.

Glad News for the Unfortunate!

The Long Sought For Discovered at Last.

CHEROKEE REMEDY
—AND—
CHEROKEE INJECTION,
Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Incontinence of the Urine, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Stricture, Gravel, Gleet, Gonorrhœa, and is specially recommended in that cause of Fluor Albus or Whites in females where all the old nauseous medicines have failed.

It is prepared in a highly concentrated form, and is done only being from one to two tablespoonfuls three times per day.

It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an always or occasional injection to the CHEROKEE REMEDY, and should be used in conjunction with that medicine in all cases of Gonorrhœa, Gleet, Fluor Albus or Whites. Its effects are healing, soothing and stimulant; removing all scalding, heat, chordee and pain, instead of the burning and almost unendurable pain that is experienced with nearly all the cheap quack injections.

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

For full particulars get our pamphlet from any drug store in the country, or write us and we will mail free, to any address, a full treatise.

Price—CHEROKEE REMEDY, $2 per bottle or three bottles for $5.

Sent by express to any address on receipt of price. Sold by all druggists everywhere.

THE GREAT
INDIAN MEDICINE,
COMPOUNDED FROM
ROOTS, HERBS AND LEAVES.

CHEROKEE CURE.

An unfailing cure for Spermatorrhœa, Seminal Weakness, Nocturnal Emissions, and all diseases caused by self-pollution; such as Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Trembling, Weakness, Eruptions on the Face, Pale Countenance, Insanity, Consumption, and all the direful complaints caused by departing from the path of nature.

☞ This medicine is a simple vegetable extract and one on which all can rely, as it has been used in our practice for many years, and with thousands treated it has not failed in a single instance. Its curative powers have been sufficient to gain victory over the most stubborn cases.

☞ To those who have tried in vain with their constitution, until they think themselves beyond the reach of medical aid, we would say, *Despair not!* the CHEROKEE CURE will restore you to health and vigor. Those who have tried others have failed!

☞ For full particulars, get a circular from any drug store in the country, or write the proprietors, who will mail free to any one desiring the same, a full treatment in pamphlet form.

☞ Price, $2 per bottle or three bottles for $5, and forwarded by express to all parts of the world.

Sold by all respectable druggists everywhere.

DR. WRIGHT'S
REJUVENATING ELIXIR,
OR ESSENCE OF LIFE.

Prepared from Pure Vegetable Extracts,

Containing nothing injurious to the most delicate.

The Rejuvenating Elixir is the result of modern discoveries in the Vegetable kingdom; being an entirely new and abstract method of cure, irrespective of all the old and worn-out systems.

This medicine has been tested by the most eminent medical men of the day, and by them pronounced the one of the greatest medical discoveries of the age.

One bottle will cure General Debility.
A few doses cure Hysterics in females.
One bottle cures Palpitation of the Heart.
A few doses restore the organs of generation.
From one to three bottles restore the manliness and full vigor of youth.
A few doses restore the appetite.
Three bottles cure the worst case of Impotency.
A few doses cure the low spirited.
One bottle restores mental power.
A few doses bring the rose to the cheek.

This medicine restores to manly vigor and robust health the poor debilitated, worn-down and despairing devotee of sensual pleasure.

The listless enervated youth, the over-tasked man of business, the victim of nervous depression, the victim of sensual indulgence, the debility, or from weakness of a single organ, will all find immediate and permanent relief by the use of this Elixir or Essence of Life.

☞ Price, $2 per bottle, or three bottles for $5, and forwarded by express, on receipt of money, to any address.

Sold by all druggists everywhere.

THE MAGEE
COOKING STOVE.

The subscriber, having received his Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and and iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity will testify to using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

"MAGEE'S PATENT"
VENTILATING & AIR-WARMING
FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pot is used for respiration, the tendency to produce headache so much complained of in other furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other furnaces, is obviated in the

MAGEE FURNACE.

The fire or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the best generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used.

We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq.,	Albert E. Hatch, Esq.,
Aaron H. Hill,	Charles H. Mendum,
Henry F. Wendell,	John Sise, and others.

EYE, N.H., Feb. 26, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—she has affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. SWETT'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENKINS.

PORTSMOUTH, April 21st, 1862.
I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

From ELDER I CHESLEY, *Lee, May* 31, 1841
DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting my house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA AND HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, No. 7 High street, Portsmouth, N. H., promptly attended to. mav26

Table Cutlery,
Of every description, from the best American and English manufacturers. A good assortment this day received and for sale by
my10 JOHN SISE, 5 Market Square.

Important to the Afflicted.
DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a
PRIVATE OR DELICATE NATURE.
By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of
GONORRHŒA AND SYPHILIS.
Beneath his treatment, all the horrors of venereal and impure blood, Strictures, Pimples, Gonorrhœa, Ulcers, pain and distress in the regions of procreation, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Humors, Blights, Swellings, and the long train of horrible symptoms attending this class of disease, are made to become as harmless as the simplest ailings of a child.
SEMINAL WEAKNESS.
Dr D. devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The mental effects on the mind are such as to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c., are among the evils produced. Those who contemplate matrimony, consult a physician of experience, and be at once restored to health and happiness.
Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.
Medicines sent to all parts of the country, with full directions for use, on receiving description of your cases. Dr. Dow has also for sale the French Capotes, warranted the best preventive. Order by mail. Three for $1 and a red stamp.
Highly Important to Females
IN DELICATE HEALTH.
DR. DOW, Physician and Surgeon, No 7 & 9 ENDICOTT STREET, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and cured, in a few days. So unfavorably certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.
Dr. Dow has no doubt had greater experience in the cure of diseases of women and children, than any other physician in Boston.
Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.
Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.
N. B.—All letters must contain four red stamps, or they will not be answered.
Office Hours from 8 A. M. to 9 P. M.
CERTAIN CURE
in all cases, or No Charges Made.
Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.
Among the physicians in Boston, none stands higher in the profession than the celebrated Dr. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.
P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.
Boston, April 7, 1864.—eodly.

American and Foreign Patents.
R. H. EDDY.
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837,)
76 State street, opposite Kilby street,
Boston.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign patents, to determine the validity or utility of patents or Inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting the Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable* and *successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all the new of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART
During eight months, the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was reversed in *his favor*, by the Commissioner of Patents. R. H. EDDY.

The Old Established Hospital,
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver street, Albany, N. Y., where he has devoted to this one particular branch of practice, enables him to perform cures such as no other Physician, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the latest as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.
In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Biles, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their healths and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend to console and a Physician who has cured thousands, in almost every part of the United States, who applied to Dr. T. broken down in health, now rejoice in all that makes life desirable and happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for everybody.—Startling disclosures Dr. TELLER'S great work (or the Married or those contemplating marriage, 300 pages—full of plates—price 25 cts Sent to all parts, under seal, by mail, post paid. 50,000 copies sold the past year. The marriage Guide and the Married Happy. A lecture on Love, or how to choose a Partner—a complete work on Midwifery, it contains hundreds of secrets, never before published. Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, inclosed, will secure a copy by return mail. Dr TELLER has devoted a lifetime to the cure of those diseases upon which his books treat.
TO THE LADIES.
DR. TELLER still remains the only Agency in America, for the sale of Dr. Vichoi's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.
Caution—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 8 A.M. to 8 P.M., and on Sundays from 2 to 5 P.M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

VERNATELLA.
Warranted to make the Soles of Boots and Shoes water and dampness proof, and wear one-third longer.
VERNATELLA
Is a preparation from Copper, having no grease, linseed oil, or anything of the kind, and when the soles are once saturated with it, water can no more get through them than through copper itself. **Price 25 Cents Per Bottle,** at retail everywhere.
But its cost to the purchaser is really NOTHING, as it makes the soles wear enough longer to more than pay for it, leaving as a net gain the making of them Water and Dampness Proof, and the preservation thereby of that priceless gem, the health.
☞ LADIES, READ THIS! ☜
SAVE YOUR HEALTH!
Use Vernatella on the Soles of your Shoes. It makes them water proof and thereby protects your feet from dampness, for the ground is always more or less moist, even far from rain in the morning and evening dew.

TUESDAY, JULY 26, 1864.

THE REBELLION.

Dispatches from Gen. Sherman to Saturday evening state that on Friday the rebels made a fierce and persistent attack on our left wing, holding the railroad to Decatur. At first their cavalry turned it, and the line was there driven back, but our troops were rallied and the rest of the line repulsed the enemy, who suffered severely. Previous to the attack Gen. McPherson was killed by a rebel sharpshooter, while in an exposed position in front of his line. His loss is severe and will fill the hearts of all loyalists with sadness. He is succeeded by Gen. John A. Logan. Our forces gained a position of elevated ground on the north east of Atlanta, and siege guns were mounted, Hood's entire army being posted in and about the town. The rebels are reported to have been burning their stores Friday night, preparatory to a retreat. It was arranged that on Saturday the dead of both armies should be buried and the wounded removed, under a flag of truce.

In the attack on Gen. Sherman on Wednesday, our loss was 2000 men, principally from Gen. Hooker's corps. The rebel loss in killed, wounded and missing is stated at over 6000, including three Brigadier Generals. For the first time in the campaign both armies fought in open field. The rebels, as already stated, were thoroughly defeated.

Gen. Smith's expedition in Mississippi, in the fight in which Forrest was so severely whipped, lost less than 500 hundred men. Not a gun or wagon was lost. The rebel loss was at least 3000. The expedition returned on account of the exhaustion of supplies, and brought in 2000 prisoners.

Gen. Slocom's expedition has returned to Vicksburg, after defeating 2000 rebels under Wirt Adams in a short fight at Grand Gulf on the 17th. The rebels retreated in confusion, with severe loss, leaving their dead and wounded in our hands. Our loss was small.

Thornton is said to have 15,000 rebels in Caldwell county, Mo., and it is said that there is but little doubt that disloyal parties from Iowa and Illinois have been passing into Northern Missouri for the last three months to join Thornton. This accords with the statement made by Thornton at Platte City that 1500 Illinois men would join his force.

A small rebel force threatened Henderson, Ky., one day last week, and our gunboats were sent there.

Gen. Rousseau's expedition is reported to have arrived at Marietta after the fullest success, having lost but 12 men. Further accounts state that the rebel papers acknowledge Gen. Rousseau's success. He had made one of the most brilliant raids of the war, had captured Montgomery, Ala., and on the 24th had reached Marietta on his return to Nashville,—all of which is possible but hardly probable.

Gen. Sheridan has not gone on another raid. His men are resting.

THE CATASTROPHE AT BLOCKLEY ALMSHOUSE.—The Philadelphia papers contain full accounts of the accident at Blockley Almshouse, by which many lives were lost. The building was three stories in height, and the ruined section contained 220 insane women, many of whom were old, sick and decrepit. At twenty minutes before six o'clock a sudden rattling was observed, and before the slightest warning could be given the inmates, the whole of the three floors, from the roof down, fell in with a tremendous crash, carrying everything, including inmates, furniture, &c., before it. Nothing was stopped until the flooring over the cellar was reached, when everything and everybody became involved in a chaos of inextricable confusion. Gangs of men were immediately set to work to extricate the sufferers. The condition of those who were rescued alive is thus described:

"The scene presented in the surgical ward, where the wounded were taken, was pitiable. On either side of the room, the poor wounded creatures lay on coucher, many of them dreadfully mangled; some lying perfectly quiet, apparently resigned, others relating in incoherent and senseless words their accounts of their adventures, and others again trying to get up, and casting vague and wild glances around.

None seemed to realize what they had gone through, but most of them seemed impressed with a certain knowledge that something had taken place. Had these poor creatures possessed sound reasoning powers, the casualties would undoubtedly have been much less. As it was, no attempt seems to have been made to escape on the part of any of them."

The accident is ascribed to the weakness of the flooring directly over the arched ways that form, in the cellar or basement, the main support of the interior of the building above. Dilapidation was plainly visible there and in other parts of the cellar.

NEW HAMPSHIRE ITEMS.

—— 201 re-enlisted men of the 8th N. H. regiment arrived in Concord last week, in charge of Lieut. Col. Flanders, on a furlough of 30 days.

—— Lorenzo Dow, of the firm of Bailey & Dow, manufacturers of stocking yarn at Goff's Falls, has been arrested on a charge of making false returns to the U. S. assessor of internal revenue.

—— The Eagle states that within a few weeks past 100,000 lbs., or more, of wool has changed hands, at from 80 cents to $1 a pound, within a circuit of 8 or 10 miles from Claremont.

—— Capt. Winslow in an official report to the Navy Department, of the recent conflict in which his vessel, the Kearsarge, sunk the pirate Alabama, says: "I am happy to commend Acting Master's Mate Ezra Bartlett, in charge of the shell supply, for his coolness and efficiency." Mr. Bartlett is a native and resident of Stratham.

—— The Concord Monitor says it is informed on the best authority that the Legislature adjourned without making the least provision for the immediate financial wants of the State. The Governor is authorized by the military bill to offer $500 bounty to recruits in insurgent States, and pay his agents $40 apiece for securing those recruits, drawing his warrant for these sums on an empty treasury; or taking the responsibility of raising money by pledging the credit of New Hampshire.

—— The Mirror says: "The public will be sorry to learn that Hon. Samuel D. Bell, of Manchester, Chief Justice of this State, has resigned, his resignation to take effect August 1st. Judge Bell was appointed Circuit Justice of the Court of Common Pleas, June, 1848; upon the bench of the Superior Court of Judicature, in 1859; upon the Supreme Court Bench in July, 1855. In September, 1859, he was appointed Chief Justice of the same Court, which office he has held to general acceptance to the present time."

CIRCULAR.—The following circular has been issued by the Commission appointed to decide upon any surplus claimed by any sub-district to reduce their quota under the late call:

CONCORD, N. H., July 22, 1864.

Under instructions from the War Department the undersigned have been appointed a commission to decide upon such claims as may be presented by sub-districts, towns and wards of cities, for credits for any residents of said sub-districts, who may have been in the naval service of the United States during the present rebellion, who have not been credited to the quota of any town or sub-district by reason of their being in said service, and not enrolled prior to Feb. 24th, 1864.

Section 8 of Act approved July 4, 1864, provides that these men shall be enrolled and credited to the quotas of the town, sub-district, or State, in which they respectively resided, upon satisfactory evidence of their residence made to the Secretary of War.

Applications for credits should be made to Captain W. Silvey, A. A. P. M. G. New Hampshire, accompanied by such evidence as will establish not only the fact of service in the navy, and time of service beyond a doubt (dates between which service was rendered), but the fact that the person for whom credit is asked was liable to military duty under the provisions of the act for enrolling and calling out the National forces, &c.

J. A. GILMORE, Governor of N. H.
W. SILVEY, Capt. 1st U. S. Art., A. A. P. M. G.

☞ The latest musical prodigy in Europe is a Portuguese boy, named Ferreira, who makes a flute out of his hands and plays beautiful music in this way. The notes are produced on the left hand, and he plays upon it with his right. The four fingers are opened like the letter V—two fingers on each side. The mouth is inserted in this opening, so that the tips of the fingers come near the eyes. The thumb of the right hand is placed on the palm of the left, and the fingers play freely, as it seems, in the air. Thus Ferreira produces two octaves and a half of notes.

— A gentleman residing on the coast of England writes to the London Times that he distinctly heard the firing of the guns of the Alabama and Kearsarge. His house is situated on an elevation about 110 feet above the surrounding district, and is distant one hundred and fifteen miles from the scene of the conflict.

— A correspondent of the Philadelphia Inquirer speaks of a deep religious feeling which, he says, is every where manifest among the solders of our army. Two years ago profanity, gambling, and such vices seemed to have full sway. Now one may meet hundreds of men and never hear an ungentlemanly word.

— Gen. W. H. Smith was relieved from the command of the 11th corps in consequence of insubordination to Gen. Butler. He is a personal friend of Gen. Grant, but that officer is intolerent of disobedience of orders from a superior in rank. It is said that the order relieving Gen. Smith was made at his own request. So says the Boston Advertiser's dispatch.

— A fire in Springfield, Mass., on Saturday night destroyed $100,000 worth of property.

— John C. Heenan has received £300 from the Railway Company for damages by his late accident in England.

— Mrs. J. M. Nixon, an attache of Goodwin & Wilder's Circus, died suddenly at the Hatch House, Bangor, last Wednesday evening.

— A furnace and machine shop at Lockport, N. Y., was burnt on Saturday evening. It is reported that $50,000 worth of patterns were destroyed.

— A scientific gardener succeeded the other day in planting a blow on his master's nose. The interesting result has not yet been ascertained.

— George Augustus Sala recently imported a suit of English clothes, appraised by the London tailor at ninety-five dollars. The duties thereon are sixty-one dollars.

— Gen. Ord has been assigned to the command of the 18th corps, and Gen. Birney to the command of the 10th corps, vice Gilmore, relieved. Both appointments were made by Gen. Grant.

— The war in New Zealand is beginning to attract attention and excite uneasiness in England. The British troops have sustained a severe defeat, which presents some ominous features.

— A hotel, two stables and three dwelling-houses at Jamaica, N. Y., were burnt on Sunday morning. The fire threatened at one time the entire destruction of the village, but was finally subdued.

— The Atlantic for August contains a more varied table of contents than usual, and is altogether just the book, for which the voluntary exiles by the sea shore and in the country are longing.

— It appears that Barney, the engineer on the train which recently ran off a bridge at Belocil, Canada, had charge of a passenger train on the fatal night, for the first time.

— The Detroit Tribune says that quite a number of rebel emissaries are now recruiting in Canada, chiefly among rebel soldiers who have escaped from Union prisons.

— The price of printing paper has risen to three times its former value. An article which was formerly sold for 10 cents a pound now commands 30 cents. The New York papers have just advanced their price to enable them to meet their expenses.

— The chain of a slope car at a colliery in Schuylkill Haven, Pa., on Saturday evening, containing 21 persons, broke when near the top, letting the car run back a distance of 600 feet, on a slope of 75 degrees, killing all who were on the car.

— It is said that a conspiracy extending throughout the Mississippi valley, and having for its object the erection of a Northwestern Confederacy, has been discovered. Several prominent secessionists in St. Louis have been arrested.

— English advices to the 15th bring a report of an engagement between the Kearsarge and the pirate Florida, off Jersey—erroneous, as the former was cruising off Dover. Possibly, however, it was the gunboat Sacramento, which had left Cherbourg.

— M. Jolly, of Abbeville, France, is in possession of a beautiful drake, which by perseverance for two years with a bird organ he has taught to sing several different airs. His success has determined him to try the same experiment on a turkey.

— The Maine Farmer, after discussing somewhat elaborately the question recently brought prominently forward by agriculturists, to wit: "Shall corn be hoed the second time?" arrives at the conclusion that it is best to "hoe as little as will do to keep the weeds down and the soil mellow."

— The Manchester Mirror inquires, "if a sweet temper in a wife is worth more to a husband than a sugar plantation," on the same principle is not a sour temper in a wife worth more to a husband than a vinegar factory? Can anybody tell him from experience?

— Capt. Walke, of the U. S. steamer Sacramento, lying off Cherbourg, reports that the rebel steam frigate Gen. Lee had been signalled off the Bermudas. She is represented as a formidable war ship, and was expected to make her appearance on the French coasts about the 12th. The Niagara had gone in pursuit.

Putnam Clothes Wringer.

It is the only reliable Self-Adjusting Clothes Wringer.—No wood-work, to swell or split. No thumb-screws to get out of order. Warranted, with or without cogs.

It took the First Premium at fifty-seven State and County Fairs in 1863, and is, without an exception, the best Wringer ever made. Patented in the United States, England, Canada and Australia. Agents wanted in every town, and in all parts of the world. Energetic agents can make from $3 to $10 per day. Sample Wringer sent, express-paid, on receipt of price, No. 2, $6 50. No. 1, $7 50. No. 0, $8 50. No. A, $9 50.—Manufactured and sold, wholesale and retail, by

THE PUTNAM MANUFACTURING CO.,
No. 13 Platt street, New York; Cleveland, Ohio, and Bennington, Vt. S. C. NORTHROP, Agt.

WHAT EVERYBODY KNOWS, viz:
That iron well galvanized will not rust.
That a simple machine is better than a complicated one.
That a Wringer should be self-adjusting, durable and efficient.
That Thumb-Screws and Fastenings cause delay and trouble to regulate and keep in order.
That wood soaked in hot water will swell, shrink and split;
That wood bearings for the shaft to run in will wear out;
That the Putnam Wringer has all the advantages and not one of the disadvantages above named.
That all who have tested it pronounce it the best Wringer ever made;
That it will wring a thread or a Bed-Quilt without alteration.
We might fill the paper with testimonials, but insert only a few to convince the sceptical, if such there be; and we say to all, test Putnam's Wringer. Test it thoroughly with any and all others, and if not entirely satisfactory, return it.

PUTNAM MANUFACTURING CO: *Gentlemen:*—I know from practical experience that iron well galvanized with zinc will not oxidize or rust one particle. The Putnam Wringer is as near perfect as possible, and I can cheerfully recommend it to be the best in use. Respectfully yours,
JNO. W. WHEELER, Cleveland, Ohio.

Many years' experience in the galvanizing business enable me to indorse the above statement in all particulars. JNO. C. LEFFERTS,
New York, Jan., '64. N. 100 Beekman St.

We have tested Putnam's Clothes Wringer by practical working, and know that it will *do*. It is cheap; it is simple; it requires no room whether at work or at rest; a child can operate it; it does its duty thoroughly; it saves time and it saves wear and tear. We earnestly advise all who have much washing to do, with all intelligent persons who have any, to buy this Wringer. It will pay for itself in a year at most.

"A Wonderful Discovery."

DR. TEBBETS' "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern Vegetable Chemistry. It is not a "DYE," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off, and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "REGENERATOR" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.

THE HAY CROP.—Pennsylvania papers say that the hay crop of that State, now mostly harvested, will be immense, and of the best quality. Farmers call it the best hay season within their remembrance. The hay crop in Connecticut, the Hartford Courant says, is also immense, and is of the very best quality, one ton being considered equal to two tons of last year's crop. The second crop of hay has been cut short by the drought, but the quantity and quality of the first crop will more then make up for the loss.

We cannot speak with confidence of the hay crop in New Hampshire as a whole in quantity. As to quality it is much better then usual, and in the sharp drought has been housed in the finest possible order.

In Portsmouth and vicinity, the quantity is not a full average crop, yet it comes nearer up to the mark than most farmers feared. In some of the best farming towns in the Southwest part of Rockingham County, the quantity is considerable greater than it was last year. And we hear the same remark of some of the largest and best farms in other towns.

The drought has made our pastures very short.

BOUNTY JUMPER CAUGHT.—On Friday last a man who called himself Thomas Downey enlisted as a volunteer at the Provost Marshal's office in this city, and on the following day was forwarded with nine others to Concord to the General Rendezvous, in charge of a military guard. When about three miles above Newmarket Junction he jumped from the car window—the cars going at the rate of 20 miles an hour. He was immediately followed by one of the guard—John Clark, of the Dover Company at Fort Constitution—and overhauled at Exeter. At the time of his capture he was clad in the same citizens' clothes that he wore when he made application for enlistment. Inasmuch as he was entirely uniformed when he escaped from the car, the query is, where did he get his citizens' clothing?

Downey is now in irons at the Provost Marshal's office, and will be forwarded to Concord for trial by court martial. He came here, with four or five others, from New York, and received $650 bounty.

☞ As a few men are wanted to fill up Capt. Littlefield's company now on duty at Fort Constitution, an opportunity is afforded any of our citizens, or persons residing in this vicinity, to enlist for 90 days for service at that post. They will receive clothing, rations, and State aid, and $31 per month.

Application can be made to Capt. Littlefield at the Fort; or to J. Horace Kent, Esq., at the Provost Marshal's Office in this city, who will give all needed information.

GENERAL HEADQUARTERS STATE OF NEW HAMPSHIRE, Adj. Gen.'s Office, Concord, July 21, 1864.

Special Orders, No. 17. In compliance with orders received from Major General John A. Dix, Commanding Department of the East, dated New York City, June 30th, 1864. It is hereby ordered:

I. That the company at Manchester known as the Martin Guards, commanded by Capt. George C. Houghton; prepare at once to be mustered into the U. S. Service for a period of ninety days—to relieve the National Guards, commanded by Captain James O. Chandler, now on duty at Fort Constitution, Portsmouth Harbor, whose term of service has expired.

II. That Capt. Israel B. Littlefield, commanding at Fort Constitution, recruit his company known as the Strafford Guards, now on duty at said Fort, from its present members, and to enlist all other suitable persons that may desire to enter the service for a period of ninety days.

III. The composition of these companies will be as follows, viz:

1 Captain, 1 1st Lieutenant, 1 2d Lieutenant, 1 1st Sergeant, 4 Sergeants, 8 Corporals, 2 Musicians, 1 Wagoner, 64 Privates minimum, 82 do., maximum.

At least, the minimum number of enlisted men (80) must be present on parade for muster.

The Captains of said companies will report to this office when their companies are ready for muster, which must be at the earliest practical moment.

When ready these companies will be mustered in their respective locations, Manchester and Fort Constitution, by a U. S. Mustering officer, and orders will be given for the immediate transportation of the Martin Guards to Fort Constitution.

IV. Capt. James O. Chandler, Commanding National Guards, will on being mustered out of service, proceed with those members of his company, as do not desire to re-enlist, to their homes in Manchester.

Application will be made on the proper U. S. authority for transportation.

By order of the Governor.

NATT HEAD, Adj't Gen.

☞ The man with the umbrella was about town yesterday, but it did not rain much until the evening. Dispatches from the South reported that an easterly rain storm had set in. In New York on Monday morning the rain was falling, with the wind east and blowing a gale. It commenced to rain in Boston a little after 12, and soon began to fall steadily. This change in the weather is most welcome to everybody. The long-continued drought, with its dust and withered vegetation, was, it was thought, a thing of the past.

☞ Steamer Silver Star arrived at Baltimore 24th inst. for repairs, having been in collision with schooner Pioneer, of Portsmouth, N. H., lost smoke stack, and stove bulwarks and pilot-house.

☞ Ensign Chas. E. Beck, commanding U. S. side-wheel steamer Cactus, 3, now repairing at Baltimore, is in this city on a short furlough.

☞ Mr. E. N. Fuller, editor of the Newark (N. J.) Journal, is to be tried in September, charged with a violation of the law of Congress of July 17, 1862, and the 25th section of the act of March 3, 1863, otherwise known as the Enrollment Act, by publishing several articles in the issues of the Journal of the 19th and 20th inst., with the intent of counselling persons to resist the draft and of insurrection against the authority of the United States. The proceedings are thus not military but civil, and the penalty for the offense is therefore confinement in the State Prison,—not in Fort Lafayette.

THE HIGH PRICES.—The Philadelphia Press, in an article on the needlessly high prices which prevail everywhere, and on the unjustifiable haste in which dealers pile up charges without reason and apology, says that the markets, in many cases, can be outsold, and recommends that the present is a favorable opportunity for enterprising men to make fortunes by starting cheap enterprises, which the economic portion of the public will sustain. The immodesty and extravagance of the market, the Press says ought to be rebuked.

— Efforts so far for the renewal of the exchange of prisoners have not been successful, and there is no immediate prospect of a general exchange.

BUSINESS NOTICES.

PRICES AND TERMS.

The price of the Daily Chronicle is $6 per year in advance; 60 cents per month—15 cents per week—3 cents per copy.

The Weekly N. H. Gazette $2 per year, $1.50 in advance—6 cents single copy, to regular buyers 4 cents.

Terms Cash—or all bills for Advertising, &c., to be presented at the pleasure of the publisher.

PARTICULAR NOTICE.—From this date our Carriers of Subscribers' lists are not allowed to sell copies of the Chronicle, nor to receive pay for any subscriptions, except when furnished by us with receipts for the same,—which will not be given for less term than 1 month, 60 cts., or 3 mos. $1.50, in advance. If any prefer to pay weekly, they can do so at our counting room only. Will all concerned please remember this, and thus aid in the more prompt and accurate delivery of our papers. July 18.

A TRUE AIM.—It has not been the aim of the proprietor of Hunnewell's great preparations, advertised on our inside columns, to base a false reputation by long and unmeaning advertising; but a real one by true results, to which all who try them will observfully assent. See advertisement.

☞ Herrick Allen's Gold Medal Saleratus is manufactured entirely different from any other. Its chemical purity renders it as harmless as the purest flour, and its use will strengthen weak stomachs and cure dyspeptic persons. Use it with cream tartar instead of soda.—It is mash better. Try it. Grocers and Druggists sell it.

SEVEN HUNDRED VOLUNTEERS SICK IN Camp!—Young men, be warned in time, supply yourself with Holloway's Pills and Ointment. They are guaranteed to cure the worst cases of Sores, Ulcers, Scurvy, Fevers, and Bowel Complaints.

If the number of this "notice" cannot get a box of Pills or Ointment from the drug store in his place, let him write to me, 80 Maiden Lane, enclosing the amount, and I will mail a box free of expense. Many dealers will not keep my medicines on hand because they cannot make as much profit as on other persons' make. 35 cents, 88 cents, and $1.40 per box or pot. 218

"A Stitch in Time Saves Nine."

All Furnaces, Stoves and Funnels should be thoroughly cleaned out and put in order, as soon as fires are done being made in them. If allowed to remain filled with ashes and soot through the summer, they will decay very rapidly, and useless expense be incurred.

Facts for the People.

The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of STOVES and Castings several times since the war began; and it is now arranged to make a general advance of 25 to 50 per cent. this season.

We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now, as its capacity and the cost of operating it. All things considered, there is no Stove equal to

THE MODEL COOK.

IT IS, IN FACT,

The Best Stove Out,

for economy, convenience and dispatch.

Many people think it best to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.

One of our shrewdest citizens who purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.

A careful, prudent farmer purchased one, and after it had been in operation some days his son came into the store and said, "something was wrong at their house;" his father and himself used wood off the same pile, he burned three baskets full a day, and his father only one! We sold him a Stove before he left, and there has been no complaint since.

These Stoves are in use in many hotels and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.

AN ACT for the enlargement of the State Capitol.

Be it enacted by the Senate and House of Representatives in General Court convened:

SECTION 1. That the constantly increasing number of Representatives to the Legislature, and the largely increased business of the various departments of the State Government imperatively demand an enlargement of the State Capitol by a remodelling thereof or the erection of a new structure upon the site of the present House; and that, in the opinion of the Legislature, it is practicable to so enlarge, remodel or rebuild the present House as to furnish accommodations satisfactory to the Legislature, and adequate to all the reasonable wants and requirements of the State Government.

SEC. 2. The various plans and estimates of G. J. F. Bryant, Esquire, Architect, for the enlargement and remodeling of the State Capitol, presented to the Legislature at its present session, are hereby referred to a select Committee of the Legislature, consisting of three members of the Senate and ten members of the House of Representatives, who shall be chosen by ballot by the two Houses respectively, and shall have power to act in vacation, and hold their offices until others are appointed; said plans and estimates to be, by said Committee, carefully examined, compared and considered; and said Committee are authorized to determine upon a final plan for the enlargement of the Capitol, said plan to conform substantially to the modified plan No. 2, as prepared by said G. J. F. Bryant and exhibited to the Legislature at the present session and to provide all the accommodations for the various departments of the State Government contemplated by said modified plan No. 2, with the Committee rooms and French roof as shown by the second view of modified design No. 2, including a Representatives' Hall of such capacity and arrangement as the Committee may deem sufficient to seat comfortably all the members of the House; and the city of Concord, provided that on of before August 15th, 1864, the new highway, fifty-two feet wide, on the southerly side of the State House Yard, lately laid out by the Mayor and Aldermen of said city, shall be opened for public travel, and provided, also, that on or before said fifteenth day of August said city of Concord shall furnish security satisfactory to said Committee that said city will, before the first day of June, 1864, construct and complete in all respects ready for use, and without expense to the State, a State Capitol upon the plan above provided for, shall proceed forthwith, under the direction of said Committee acting as a Board of Commissioners for that purpose, to cause to be constructed and finished for use, said State Capitol upon the site of the present State House in accordance with the aforesaid plan. Said city of Concord shall furnish said building completed as contemplated by this act, without expense to the State of New Hampshire, upon the understanding and condition that said city shall not, at any time hereafter, apply to said State to refund the money expended therefor, or any part thereof.

SEC. 3. The ordinance of the City Council of the city of Concord, passed May 23, 1864, appropriating the sum of one hundred thousand dollars for the purpose of enlarging or rebuilding the Capitol at Concord, is hereby ratified, confirmed and made valid; and said City Council is hereby authorized and empowered so to amend and re-enact said ordinance as to provide for applying said sum of one hundred thousand dollars directly towards the construction of said Capitol, and also to enact such further ordinances for obtaining said sum of one hundred thousand dollars, by loan or otherwise, as may be necessary to carry into full effect the provisions of said ordinance; and any loan that shall be so authorized, shall be valid and binding upon said city of Concord, its inhabitants and their property.

SEC. 4. For the purpose of raising any additional sum of money that may be required by this act to be paid by said city of Concord, for enlarging or rebuilding the Capitol, in case said sum or any part thereof is not raised by private subscription, the City Council of said city are authorized to establish a City Precinct, having the same boundaries that were fixed by an ordinance of said city, passed July 26, 1862, for the Gas Precinct within said city; and to provide for raising such sums of money as may be necessary to carry out the provisions of this act by taxation upon the taxable inhabitants and property of said Precinct, in the same way and manner that is now by law provided for assessing taxes within the Gas Precinct aforesaid; and all ordinances that may be enacted by said City Council, to carry into effect the provisions of this section, and all taxes duly assessed in pursuance thereof, shall be valid and binding upon said Precinct, its inhabitants and their property: *Provided, however*, That this section shall not take effect until the inhabitants of said Precinct, at a meeting of legal voters thereof, duly called for that purpose by the Mayor and Aldermen of said city, in the manner provided for ward meetings, shall vote to adopt its provisions.

SEC. 5. If the city of Concord shall fail to furnish said security by said fifteenth day of August, the State House shall be located at the city of Manchester, *Provided* said city shall, on or before the fifteenth day of September next, pay into the State Treasury the sum of five hundred thousand dollars in currency, one dollar of which shall be estimated at fifty cents in gold, or secure the same to be thus paid, in such sums and at such times as may be required to the satisfaction of said Committee, or shall furnish security to the satisfaction of said Committee that they will, before the first day of May, 1866, erect and furnish for use, under the direction of said Committee, a State House, with all the necessary Halls, Library-Rooms, Offices, Committee-Rooms, and all other rooms and apartments necessary to accommodate the State Government, and furnish a suitable site for the same; all to be according to plans and specifications decided upon by said Committee, and to their acceptance; but not to exceed in cost the sum of five hundred thousand dollars in currency, one dollar of which is estimated at fifty cents in gold.

SEC. 5. In case the State House shall be located at Manchester, in accordance with the provisions of the preceding section, the resolution of the City Council of the city of Manchester, passed May 31, 1864, offering the sum of five hundred thousand dollars for the building of a State House, to be located at Manchester, is hereby accepted, and said City Council is hereby authorized and empowered to enact such ordinances for obtaining said sum of five hundred thousand dollars, as aforesaid, by loan or otherwise, as may be necessary to carry into full effect the provisions of section 6 of this act; and any loan that shall be so authorized and any tax assessed shall be valid and binding upon said city of Manchester, its inhabitants and their property.

SEC. 7. This act shall take effect and be in force from and after its passage.

Approved, July 16, 1864.

Constitution Life Syrup,

COMPOSED OF

IODIDE POTASSIUM,

With the compound concentrated fluid extract o.

VALUABLE MEDICINAL

ROOTS AND HERBS,

Prepared by WM. H. GREGG, M. D.,

Graduate College Physicians and Surgeons, N. Y. formerly Assistant Physician Blackwell's Island Hospitals, late Medical Inspector New York State Volunteer Depots, under Gov. Edwin D. Morgan.

Constitution Life Syrup

HAS PRODUCED

A REVOLUTION IN MEDICINE!

What may seem almost incredible, is, that many diseases hitherto considered hopelessly incurable are frequently cured in a few days or weeks, and we cheerfully invite the most investigation of the rational minded and scientific to cures which have no parallel at the present day.

Our medicines act directly by fit the seat of disease is directly reached, and the equilibrium restored. Those who have suffered long from painful and obstinate diseases; those who have vainly sought relief from advertised nostrums, those who cannot be cured by other physicians—are

Invited to use Constitution Life Syrup.

During the past five years we have contended with obstacles and overcome opposition as large as ever encountered by any Reformers.

Results of Cures.

Some say, "Your cures are too quick," while others doubt their permanence, and think that diseases can only be cured by the "slow recuperative process of Nature." This is truly the

Paralysis,

Hemiplegia, Paralysis, Paraplegia, Paralysis Agitans.

It is so universally admitted that Constitution Life syrup is the only effective medicine for restoration in the various forms of Paralysis, that we need not reiterate that it is emphatically the Great Life-Giving Power.

Dyspepsia.

Indigestion, Liver Complaint, Constipation, Weight at Stomach, Biliousness, Want of Appetite, Flatulence, Bad Breath.

Scrofula.

Strumo, Glandular Swellings, Ulceration, King's Evil, Dyspepsia, Salt Rheum.

This taint (hereditary or acquired), filling the with untold misery, is by all usual medical remedies incurable.

Rheumatism.

Arthritis, Neuralgia, Gout, Lumbago, Sciatica, The Dolorous.

If there is any disease in which the Constitution Life Syrup is a sovereign, it is in Rheumatism and its kindred affections. The most intense pains are almost instantly alleviated—enormous swellings are reduced, and even chronic or vicarious, of 20 or 30 years standing, have been cured by us.

Nervous-ness

Nervous Debility, Confusion of Thought, Epilepsy, Loss of Power, Shattered Nerves, St Vitus' Dance.

Thousands who have suffered for years will bless the day we introduced this remedy. Particularly to weak, suffering woman will this medicine prove an inestimable blessing—directing their footsteps to a hope which fulfils more than it promises.

Mercurial Diseases.

Salivation, Feeling of Weariness, Rotting of Bones, Red Complexion, Sore Throat, Ulcerated Mouth, Dangerous Ulcers.

Constitution Life Syrup purges the system entirely from all the evil effects of MERCURY, removing the Red Breath, and curing the Weak Joints and Shattered Frame which the use of Calomel is sure to produce. It hardens Spongy Gums and secures the Teeth as firmly as ever.

Constitution Life Syrup

Eradicates, root and branch, all Eruptive Diseases, such as

ULCERS, PIMPLES, BLOTCHES.

And all other difficulties of this kind, which so much disfigure the outward appearance of both males and females, often making them a disgusting object to themselves and their friends.

CONSTITUTION LIFE SYRUP

Cures all Swellings of the Glands,

Either of the Face, Neck or Female Breast and should be taken as soon as the swelling is detected, thus preventing their breaking and producing troublesome Discharging Sores, which disfigure so many of the younger portion of the community, from six to twenty years of age. Young children are very subject to these disorders from the Kars, which depend upon a Scrofulous constitution. These cases soon recover by taking a few doses of the Life Syrup.

All scrofulous persons suffering from Debility, Emaciation, Dyspepsia; Dropsy, of the limbs or abdomen, and in the female Dropsy of the ovaries and uterus, and accumulations of water, with inflammation and ulceration of the uterus; are permanently cured by Constitution Life Syrup. The disease known as Fatty Degeneration of the Heart, the large and increasing sales of which convince the proprietor that no extended advertisement is needed to extol its real merits. It will recommend itself on trial.

Glad News for the Unfortunate!

The Long Sought For Discovered at Last!

CHEROKEE REMEDY

—AND—

CHEROKEE INJECTION,

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Incontinence of the Urine, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Gravel, Strictures, Gleet, Gonorrhœa, and is especially recommended in those cases of Fever Albus or Whites in females where all the old nauseous medicines have failed.

It is prepared in a highly concentrated form, the dose only being from one to two tablespoonfuls three times per day.

It is diuretic and alterative in its action; purifying the system of the blood, causing it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which give rise to disease.

CHEROKEE INJECTION is intended as an ally or assistant to the CHEROKEE REMEDY, and should be used in conjunction with that medicine in all cases of Gonorrhœa, Gleet, Fleor Albus or Whites. Its effects are healing, soothing and stimulant; removing all scalding, heat, chordee and pain, instead of the burning and almost unendurable pain that is experienced with nearly all the *cheap quack injections.*

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all impurities of the blood are removed, and the weakened organs are speedily restored to full vigor and strength.

For full particulars get our pamphlet from any drug store in the country, or write to us and we will mail free, to any address, a full treatise.

Price—CHEROKEE REMEDY, $3 per bottle or three bottles for $8.

Price—CHEROKEE INJECTION, $2 per bottle, or three bottles for $5.

Sent by Express to any address on receipt of price. Sold by all druggists everywhere.

DR. W. R. MERWIN & CO., Sole Proprietors, No. 59 Liberty street, New York.

THE GREAT

INDIAN MEDICINE,

COMPOUNDED FROM

ROOTS, HERBS AND LEAVES.

CHEROKEE CURE.

An unfailing cure for Spermatorrhœa, Seminal Weakness, Nocturnal Emissions, and all diseases caused by self-pollution; such as Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Nervousness, Weak Nerves, Difficult Breathing, Trembling, Wakefulness, Eruptions on the Face, Pale Countenance, Insanity, Consumption, and all the direful complaints caused by departing from the path of nature.

☞ This medicine is a simple vegetable extract and one on which all can rely, as it has been used in our practice for many years, and with thousands treated it has never failed in a single instance. Its curative powers have been sufficient to gain victory over the most stubborn cases.

☞ To those who have trifled with their constitution, until they think themselves beyond the reach of medical aid, we would say, *Despair not*; the CHEROKEE CURE will restore you to health and vigor, and after all quack doctors have failed!

☞ For full particulars, get a circular from any drug store in the country, or write the proprietors, who will mail free to any one desiring the same, a full treatment in pamphlet form.

☞ Prices, $3 per bottle or three bottles for $8, and forwarded by express to all parts of the world.

Sold by all respectable druggists everywhere.

DR. WRIGHT'S

REJUVENATING ELIXIR,

OR ESSENCE OF LIFE.

Containing nothing injurious to the most delicate.

The Rejuvenating Elixir is the result of modern discoveries in the Vegetable Kingdom; being an entirely new and shortest mode of cure, irrespective of all the old and worn-out systems.

This medicine has been tested by the most eminent men of the day, and by them pronounced to be one of the greatest medical discoveries of the age.

One bottle will cure General Debility.
A few doses cure Hysterics in females.
One bottle cures Palpitation of the Heart.
A few doses restore the organs of generation.
From one to three bottles restore the manliness and full vigor of youth.
A few doses restore the appetite.
Three bottles cure the worst cases of Impotency.
A few doses cure the low spirited.
One bottle restores mental power.
A few doses bring the rose to the cheek.

This medicine restores all manly vigor and robust health the poor debilitated, worn-down and despairing devotee of sensual pleasure.

The listless enervated youth, the over-tasked man, the nervous victim of nervous prostration, the individual suffering from general debility, or from weakness of a single organ, will all find immediate and permanent relief by the use of this Elixir or Essence of Life.

☞ Price, $2 per bottle, or three bottles for $5, and forwarded by express, on receipt of money, to any address.

Sold by all druggists everywhere.

THE MAGEE

COOKING STOVE.

The subscriber, having received his Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which makes it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water, also large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shoveling up of the ashes that is experienced with other fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

VENTILATING & AIR-WARMING

FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would ask the attention of those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pots is used for ventilation, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, which have generally made the improvement over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pot, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe out on the top of the cone can be made to combine the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will have from 30 to 50 per cent. of heat over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and portable, to which we invite the attention of those in want of the best Furnace in the world.—We would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert R. Hatch, Esq.,
Aaron H. Hill, Charles H. Hendum,
Henry F. Wendell, John Sise, and others.

HIGHLY IMPORTANT
—TO—
UNFORTUNATE FEMALES!

DR BRISCOE'S FEMALE DROPS are unsurpassed by virtue and efficacy in removing all complaints, of whatever nature, incident to females, and in most cases, with his usual success, to regulate, and surgically remove Obstructions, Prolapsus, Leucorrhœa, Whites, General Debility, Coldness and suppressions of all kinds; also all complaints of the Lungs, Liver, Kidneys, Spleen, Bowels, &c.
This medicine will be sent to any part of the country by express or mail; addressed by a communication stating particulars, will receive prompt attention.
Office, No. 23 Endicott street.
Persons at a distance can consult Dr. Briscoe, by letter, describing their symptoms and have the medicine carefully put up, and forwarded to any part of the United States, with full directions for use. Office arranged with separate apartments, so that patients are alone but the Doctor himself.
Ad. Post Dr. Briscoe, at No. 23 Endicott St., Boston, Mass., stating symptoms. All communications are confidential.
Ladies furnished with rooms and board if desired, and secrecy observed in every case.
Office hours from 9 A. M. to 9 P. M.
Boston, July 16, 1864. ThrSly

DR. M. BRISCOE still continues his successful treatment of all Private Diseases and also Female Complaints, at his old established office, No. 23 Endicott street.
N. B.—The sick and afflicted will do well to give him a call. A short consultation will cost you nothing, but a word of friendly advice may save you years of suffering.
P. S.—Ladies who wish to stay in the city under my care a few days, can be furnished with kind nurses. Charges moderate.

Please Look at This.
EPP, N. H., Feb. 26, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as reflected in her hands every much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c. &c., but she obtained no relief until I procured some ten or twelve bottles of DR. SWEET'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There has no relapse, as this cure was effected more than three years ago. No other medicine can equal Dr. Sweet's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have noticed its agent for the sale of it in this place. JOSIAH J. JENNESS.
PORTSMOUTH, April 21st, 1862.
I have for several years been afflicted with dizziness at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWEET'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOVD.
FROM ELDER I. CHESLEY, *Lee, May* 31, 1841.
DR. SWEET: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previously your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISAAC CHESLEY.
I have no returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWETT, No. 7 High street, Portsmouth, N. H., promptly attended to. mav26

Important to the Afflicted.
DR. DOW continues to be consulted at his office, Nos. 7 and 9 ENDICOTT STREET, Boston, on all diseases of a
PRIVATE OR DELICATE NATURE.
By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of
GONORRHŒA AND SYPHILIS.
Beneath his treatment, all the horrors of venereal and impure blood, Impotency, Scrofula, Gonorrhœa, Ulcers, pain and distress in the regions of procreation, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Humors, frightful Swellings, and the long train of horrible symptoms attending such a disease, are made to become as harmless as the simplest ailings of a child.
SEMINAL WEAKNESS.
Dr D., devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, &c., are among the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.
Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate.
Medicines sent to all parts of the country, with full directions for use, on receiving description of your cases. Dr. Dow has also for sale the French Lozenges, warranted the best preventive. Order by mail. Three for $1 and a red stamp.
Highly Important to Females
IN DELICATE HEALTH.
DR. DOW, Physician and Surgeon, No 7 & 9 Endicott street, Boston, is consulted daily for all Diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other unnatural derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a few days. So invariably certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.
Dr. Dow has no doubt had greater experience in the cure of diseases of women and children, than any other physician in Boston.
Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.
Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.
N. B.—All letters must contain four red stamps, or they will not be answered.
Office Hours from 8 A. M. to 9 P. M.
CERTAIN CURE
in all cases, or No Charges Made.
Dr. Dow is consulted daily, from 8 A. M. to 9 P. M. as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.
Among the physicians in Boston, none stands higher in the profession than the celebrated DR. DOW, No. 7 Endicott street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.
P. S.—Dr. Dow imports and has for sale a new article, called the FRENCH SECRET. Order by mail. Two for $1 and a red stamp.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of U. S. Patent Office, Washington, (under the Act of 1837.)
76 State street, opposite Kilby street,
BOSTON.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters concerning the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none is more SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has absolute reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.
The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.
These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Late Commissioner of Patents.
"I have no hesitation in assuring inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their inventions in a form to secure for them an early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such uniform success of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.
During eight months, the subscriber, in course of his large practice, made twenty rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided *in his favor*, by the Commissioner of Patents. R. H. EDDY.

QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!
DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the safest as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.
In Syhilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords, Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Blles, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.
YOUNG MEN.
Young Men addicted to secret habits, who have impaired their healths and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the married state, are notified that in consulting Dr. J. Teller, they will find a friend to console and a Physician who has cured thousands, in almost every part of Established Hospital, who applied to Dr. T. broken down in health, now rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.
DR. TELLER'S GREAT WORK.
A book for everybody—startling disclosures Dr. Teller's great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts. Sent to all parts, under seal, by mail, post paid, for 25 cents, during the past year. The single Married and the Married Happy. A lecture on Love, or how to choose a Partner—a complete treatise on Midwifery, it contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. 25 cents, in specie or postage stamps, inclosed, will secure a copy by return mail. Dr. Teller has devoted a lifetime to the care of those diseases upon which his books treat.
TO THE LADIES.
Dr. Teller still remains the only Agency in America, for the sale of Dr. Vichole's Italian Female Monthly Pills. The sale of more than 50,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.
CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons see directions which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.
Office hours from 8 A. M. to 8 P. M., and on Sundays from 9 A. M. to 2 P. M.
N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

VERNATELLA,
Warranted to make the Soles of Boots and Shoes water and dampness proof, and wear one-third longer.
VERNATELLA
Is a preparation from Copper, having no grease, linseed oil, or anything of the kind, and when the soles are once saturated with it, water can no more get through them than through copper itself. **Price 25 Cents Per Bottle,**
at retail everywhere.
But its cost to the purchaser is really NOTHING, as it makes the soles wear enough longer to more than pay for it, leaving as a net gain the making of them Water and Dampness Proof, and the preservation thereby of that priceless gem, the health.
☞ LADIES, READ THIS! ☜
SAVE YOUR HEALTH.
Use Vernatella on the Soles of your Shoes. It makes them water proof and thereby protects your feet from dampness, for the ground is always more or less moist, either from rain or the morning and evening dew.

WEDNESDAY, JULY 27, 1864.

THE REBELLION.

After General Sherman's victory on Friday our soldiers buried 1000 rebels on the field. The enemy also buried many of their own dead near their works and it is estimated that their killed and wounded on that day was not less than 7000. Our loss was about 2000 killed and wounded. Several rebel Generals are reported to have been killed. While the dead were being buried Gen. Sherman's heavy artillery was playing upon the city.

Later reports of the battles in front of Atlanta show them to have been even more important than at first reported. The success of Gen. Rousseau is confirmed. He destroyed all the bridges down toward Montgomery, Ala. At the latter point he diverged and destroyed the railroad at different points for 20 miles south. Another column under Garrard destroyed the railroad between Decatur and Covington.—Both columns have arrived safe at Marietta. The N. Y. Herald's Washington dispatch says official reports of the rebel loss since Hood took command, place it at 12,000, and Sherman's at only 3500. The fighting on Friday was terrific. The rebels made repeated bayonet charges, but were driven back each time with great slaughter. They destroyed immense depots of provisions in Atlanta, and it is believed that they are retreating by the Macon road. It is believed that Gen. Hood's army can be of but little benefit to the Confederacy, even should its remains get away, which, it is hoped, Gen. Rousseau's work will prevent.

Correspondence from Gen. Grant's army states that there are repeated renewals of artillery firing at different points along the line. The important position at Strawberry Plains is successfully held by the 11th Me. regiment, thus effectually preventing the erection of a rebel battery at a strategic point.

Special dispatches state that officers of the pursuing cavalry report that the rebel invaders have lost a great deal of live stock in their forced retreat. The roads are lined with dead cows, hogs, sheep, &c., supposed to have dropped from exhaustion.

Early, who is said to have been reinforced, has compelled Gen. Averill to fall back again through Martinsburg to Williamsburg on the Potomac. Gen. Hunter is concentrating Union troops to repel the raiders, who have probably turned back in order to give them time to remove their plunder in safety. It is to be hoped that they will not succeed so well this time as they did before.

— Moses Taylor has been appointed Assistant Treasurer at New York, to succeed Mr. Cisco, whose continued ill health compels him to retire from office.

— Three young men from Lawrence broke into a millinery store in Amesbury on Friday night, but stole nothing. They are now in Newburyport jail.

— A brother of Gen. Grant, who recently visited the general at his headquarters, asked him, "Ulysses, how many men have you?" "I have a good many!" replied the wise man.

— The smallest pony in the world is owned by John S. Rarey, of Ohio: It is only 20 inches high, and weighs only 21 pounds. Its mother, which was brought from the Shetland Isles by Mr. Rarey, weighs only 73 pounds.

— The New York Herald is of opinion that Gen. Joe Johnston has been relieved of his command in Georgia in order to head a rebel movement upon Washington with an army of fifty or sixty thousand men.

— The London Times publishes the details of the late disaster to the British troops in New Zealand, and says it was peculiarly disgraceful and perhaps unprecedented.—The men were surprised and fled, while nearly all the officers were killed or wounded in their heroic efforts to rally them.

— The baggage master at the Amesbury depot on Friday evening put a band-box, which had been left on the platform, in the baggage room; and on Saturday morning was astounded on finding that it contained an infant, apparently about a week old, alive and kicking.

— Two freight trains, the regular and a special, collided on the Grand Trunk railroad, between Cumberland and Falmouth, Me., on Monday evening. The conductor of one was crushed between the engine and tender, and soon died. Two others were badly injured,—one of them fatally; and there were others injured slightly. Another case of gross carelessness.

— As the pirate Florida was off Cape Henlopen on the 11th she could not have been in the English channel on the 13th. Hence the report of a fight between her and one of our gunboats must have been a canard. But it is possible that either the Sacramento or the Niagara encountered the rebel steam frigate Gen. Lee, at the place mentioned.

GOLD AT RYE BEACH.—The unwise as well as unpatriotic action of some of the people at Rye Beach, in demanding gold in payment for board which had been contracted for at that pleasant sea-side resort, has very naturally been condemned by the truly loyal residents of the place. As the movement was a combined one, and has done much to withdraw patronage from the Beach, it is plainly the duty of all aggrieved parties to unite in another combination and give a plain statement of the whole facts to the public. When this is done, there will be some wry faces at Rye Beach.

PROMPT RESPONSE.—When some of the boarding-house keepers at Rye Beach wrote to their patrons, "We want gold—not *your* currency," they were answered: "We don't want *your* board."—*Boston Transcript.*

All well enough perhaps, to rap *such* fellows, but quite a different matter, we think, for a man to fire into a crowd, of innocent and guilty, hit or miss whom he may. The Transcript several days ago stated that some of the "landlords" at Rye Beach had refused greenbacks and demanded gold on contracts already made; and when requested to state that this meant boarding houses and did not refer to the Atlantic House, the editor refused to do this simple act of justice. Now a boarding-house keeper is *not* a "landlord," according to any fair construction; and Mr. J. C. Philbrick, at the Atlantic, and Messrs. Job Jenness & Son, at the Surf House, are the only landlords known to the public there—and neither of them, we are very sure, have refused the Government currency, or failed to keep any contract of the sort made by them. In its haste to knock over copperheads, the Transcript should not trample on the toes of innocent men.

[From the Boston Post.]

RYE BEACH.—The following letter has been handed us with a request for publication. It was refused an insertion in the Transcript. There are thousands who will join with us in testifying that a more sincere patriot or a better landlord than Mr. Philbrick cannot be found on the United States sea-coast. He understands the art of hotel keeping as completely as a Chinaman the use of a chop-stick:—

ATLANTIC HOUSE, Rye Beach, July 18, '64.
To the Editor of the Transcript:

SIR—An article which appeared in your paper of the 13th inst., stating that a letter had been written by some landlord of Rye Beach, demanding gold in payment for board, &c., was worded in such a manner as to cause some persons to suspect I might be its author. I therefore request you—if the matter deserves publication at all—to give the name of the author of said letter, or at least have the loyalty to God and manhood to exonerate me from any implication in the affair, as I know nothing of it.

I know of no better proof I can give the public of my confidence in the currency of the United States than the fact that I receive it daily without objection or scruple, and the *more the better.* Yours, &c.,

J. C. PHILBRICK.

☞ Sec. Fessenden on Monday advertised for the new loan, stating that subscriptions will be received by the Treasurer of the United States, the several Assistant Treasurers, and by National banks designated and qualified as depositories and financial agents, for Treasury notes, payable in three years from August 25, 1864, bearing interest at the rate of 7 3-10 per cent. per annum, with semi-annual coupons attached, payable in lawful money. These notes will be convertible, at the option of the holder, at maturity, into 6 per cent. gold bearing bonds, redeemable after 5 and payable in 20 years, from Aug. 15, 1867. All subscriptions must be for $50 or some multiple of $50, interest to be allowed to Aug. 15, on all deposits made prior to that date. As these notes draw interest from Aug. 15, persons making deposits subsequent to that date must pay the interest accrued. Parties depositing $25,000 and upward at any one time will be allowed a commission of one quarter of one per cent. No deductions for commissions must be made from the deposits. Accompanying this advertisement is an appeal by Secretary Fessenden to the people of the United States, to support the Government in this protracted strife, saying:

It is your war. You proclaimed it, and you have sustained it against traitors everywhere with a patriotic devotion unsurpassed in the world's history. The securities offered are such as should command your ready confidence. Much effort has been made to shake the public faith in our National credit, both at home and abroad. As yet we have asked no foreign aid. Calm and self-reliant, our own means thus far have proved adequate to our wants. They are yet ample to meet those of the present and future. It still remains for a patriotic people to furnish the needful supply. The daily results are proving the Internal Revenue act to exceed in efficiency the most sanguine expectations of its authors. In June, 1863, it yielded about four and a half millions, while the corresponding month of this year has returned about fifteen millions under the same law. Under the new law, which went into operation on the first day of the present month, the Treasury has frequently received one million a day. The denomination of the notes proposed to be issued ranging from $50 to $500, places these securities within the reach of all who are disposed to aid their country. For their redemption the faith and honor and property of the country are solemnly pledged. I appeal, therefore, with confidence to a loyal and patriotic people, and invoke the efforts of all who love their country and desire for its glorious future, to aid their Government in sustaining its credit, and placing that credit upon a sound foundation.

SKETCHES OF NEWCASTLE, N. H.

From its earliest Settlement to the present time.

Compiled from various sources. BY T. B. P.

NO. 1.

In 1603 the harbor of the Piscataqua was discovered by Martin Pring. Eleven years subsequent it was visited by Capt. John Smith, who entered the harbor and explored the interior of the country. He returned to England in August, and published a description of the country and a chart of the coast, describing the mouth of the river as "a safe harbor with a rocky shore."

No measures seem to have been taken to secure a grant of this land until 1621.—This year Capt. John Mason, of London, thinking to realize a fortune, managed to secure a grant of land lying between "the river Naumkeag, round Cape Ann, to the river Merrimack." In 1622 Capt. Mason and Ferdinando Gorges received another tract of land named Laconia. They admitted several associates, and adopting certain rules formed, themselves into a society to be known as the Laconia Company.

In the spring of 1623 several adventurers were sent from England by this company, to establish a permanent settlement in this province. On their arrival they formed two colonies—one upon the neck of of land about ten miles from the river's mouth, formerly called Northam, but now included within the limits of Dover; and the other at Odiorne's Point, adjacent to this town.—These colonies were then called plantations, the one at Dover being designated as the upper plantation, and that at Odiorne's Point as the lower plantation. The men composing them were employed in building salt works and establishing fisheries. A few of them, however, were employed in the cultivation of the soil, to procure food necessary for their subsistence. These first settlers labored under many disadvantages, and at times were nearly discouraged, but when new companies began to arrive and form settlements in various parts of the province, matters took a more cheerful turn, and all was soon in a more prosperous condition.

Thinking it well to fortify the harbor, in 1631 the proprietors shipped from England several cannon and other implements of war, to be placed upon the northeastern extremity of the island. This was called Fort Point, and the ground surveyed to form the site of a large fort, but as the island was then thinly settled it was concluded to postpone the building of the fortification until the vicinity became more thickly populated. A small breastwork, however, must have been thrown up, as it is described in an old document we recently had the pleasure of perusing, as "a forte with certaine greate guns to it."

Many of the proprietors of this province, alarmed at the continuous increase of expenditures, deemed it poor property, and willingly sold their proportion to Mason and Gorges. In 1634 Gorges decided to waive all his claim to the land in New Hampshire to Mason, who now entered zealously into the affairs of the province, and expended vast sums of money for the stewards and tenantry. Just as he appeared in the full enjoyment of his possessions he sickened and died. He departed this life Nov. 26th, 1635. Though he never came to this country he was doubtless the principal agent in securing the permanent settlement of this province. By his will he gave his estates to his grandsons Robert and John Tufton, requiring them to adopt his family name. His widow was appointed executrix, and she selected agents to take charge of the estates, but in 1639 finding the expense occasioned too great for her resources she neglected to care for the plantations; consequently many of the tenantry left the estates, and those who remained took possession of the buildings and personal property, and cultivated the land on their own account.

John Tufton, one of the heirs, died in 1650, and in 1660 his brother, Robert Tufton, tried to regain possession of the estate. Petitions were presented the King, complaining of the power exercised by other colonies over his estate, and after due deliberation it was decided that his right to the estate was clear and manifest.

To be continued.

☞ The following is given as a nearly accurate statement of the net proceeds of the series of Sanitary Fairs held within the last few months:

Chicago $75,000. Cincinnati $120,000, Boston $147,000, Brooklyn $300,000, Cleveland $120,000, Buffalo $100,000, New York $1,200,000, St. Louis $575,000, Philadelphia $1,300,000, Pittsburg $350,000, smaller fairs aggregate about $150,000. Total $4,437,000.

— A dishonest charcoal dealer has been fined $20 and costs in Providence.

— Upwards of thirty persons were recently drowned, through the lurch of an overcrowded steamboat on the Seine, near Lyons.

— The harvest has failed both in New South Wales and Victoria, and flour is in great demand there.

— The enterprising Mormons have started a daily newspaper at Great Salt Lake City. It is called The Daily Telegraph; and the first number was issued on the 4th of July.

A Card to Invalids.

A Clergyman, while residing in South America as a missionary, discovered a sale and simple remedy for the Cure of Nervous Weakness, Early Decay, Diseases of the Urinary and Seminal Organs, and the whole train of disorders brought on by baneful and vicious habits. Great numbers have been already cured by this noble remedy. Prompted by a desire to benefit the afflicted and unfortunate, I will send the recipe for preparing and using this medicine, in a sealed envelope, to such as needs it, *free of Charge*.

"A Wonderful Discovery."

DR. TEBBETS' "PHYSIOLOGICAL HAIR REGENERATOR" is compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "DYE," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy, and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "REGENERATOR" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.

THACHER, opposite the Post Office and 12 Market Square, Agent for Portsmouth.—Geo. C. Goodwin, No. 38 Hanover street, Boston, Wholesale Agent for New England, and sold by Druggists everywhere. TEBBETS BROTHERS, Druggists and Chemists, Proprietors, Manchester, N. H. Je1—tf

Local.

☞ The Martin Guards of Manchester were mustered into the U. S. service in that city by Capt. Graham, U. S. Artillery, on Monday, for service at Fort Constitution for 90 days. They arrived in this city by the afternoon train on the Concord road, and proceeded to the Fort, relieving the National Guard, also of Manchester, whose term of service has expired. The latter company left the Fort on Tuesday morning, and proceeded to Manchester, where they were to be mustered out and paid off on the same day.

George C. Houghton is Captain of the Martin Guards; Charles L. Bailey, 1st Lieutenant, and J. Edgar Johnson, 2d Lieutenant.

☞ We never did ask much "credit," and especially in these cash times we should not think of it; but the Concord Monitor is a great deal more fond of appropriating our items, than of acknowledging their paternity. And when they "adopt" an article of importance which cost us so much labor as that respecting Sawyer's examination, &c., and then the other papers credit it to the *Monitor*, it is rather provoking. As Cæsar's wife should be above suspicion, so should Monitors be without reproach.

☞ Travellers in the Mountain or Lake Region of New Hampshire, will enjoy their trip doubly as much if they take Eastman's White Mountain Guide along with them; and those who *can't* go, will find half the pleasure of the journey, with none of the fatigue or expense of time or money, in simply reading the little work, which is a very entertaining book of travel in the delightful wilds of which it treats.

BROCKSIEPER'S GAS REGULATOR.—It will be seen by the notice in another column that the proprietors of Brocksieper's new Gas Regulator have appointed Mr. Emery, jeweller, their sole agent for Portsmouth.—Many of these Regulators are now in use in other cities, and in the trial to which they have been subjected have given great satisfaction. The proprietors have numerous certificates from persons who have used them for a long period and given them a thorough trial, in which they endorse the merits of the invention to as ample an extent as could be desired. P. T. Barnum, Esq., has more than 500 in operation on his premises.

Those of our travelling friends who have occasion to pass over the Portland, Saco & Portsmouth Railroad, will doubtless revert with peculiar pleasure to the efficient and truly gentlemanly conductor employed upon that road, Mr. Payson Tucker. Mr. T. is the son of the accomplished and veteran conductor upon the Boston and Maine Railroad, Mr. Ansel Tucker, who for twenty-two years has been deservedly popular and a universal favorite with the travelling public. The son therefore has been

"To the manor born,"

and certainly for all the qualities that make a successful railroad official, the father can hardly surpass his accommodating and gentlemanly Junior. He is verily a "chip of the old block" in this respect, only a little "more so." The perfect ease, grace and dignity with which they preside over the trains of these important routes, is proverbial among the patrons of the roads.—*Rochester Courier.*

☞ Passed Assistant Surgeon W. R. Richardson having been detached from the Portsmouth Navy Yard and ordered to take passage to Key West for duty in the East Gulf Squadron, Assistant Surgeon J. H. Clark is ordered to succeed him at the Yard.

☞ There has been some question as to the origin of the recent fire in our city.—The Nashua Telegraph explains it all, to wit: "Portsmouth has no steam fire engine, which accounts for the recent severe fire in that city."

NEW HAMPSHIRE ITEMS.

—— Some of the mills at Fisherville run a part of the time only, in consequence of the low state of the water in the river.

—— The Nashua Street Sprinkler, which was maintained at private expense, has been sold to Manchester; and the Telegraph man respectfully requests the city to send it right back by the first down train.

—— A little son of Michael Burke, at West Canaan, fell from a tree on Tuesday morning of last week, striking a stub into his right side nearly two inches, severely but it is thought not fatally injuring him.

—— Edith Sawyer, aged three years and nine months, only daughter of Thomas Sawyer, was drowned in the Contoocook river at Fisherville, on Saturday morning. The body was rescued from the water, after a very few minutes, through the praiseworthy exertions of Andrew Linehan, a boy of hardly more than ten years; but life was already extinct.

—— The Concord Statesman says:

It is understood the important Military Bill was so clumsily drawn, or became so marred by amendments, that it is difficult to understand its provisions. If this be so there must have been downright carelessness on unpardonable indolence somewhere. It was understood, early in the session, that a law was very much needed to meet the public necessities in military matters; and if this be the case, it cannot have been for want of time to mature one.

—— Mr. M. W. Greenough, Jr., of Boston, who prepared the Portsmouth directory, is now engaged in compiling one for Nashua. None has been published in that city since 1857.

— A Vermonter, who was drafted and paid his $300, soon after fell from a bridge, and a heavy stick of timber dropped on him. He thinks he should not have been more injured if he had gone to the war.

— A correspondent of the Bath Times gravely asserts that there are "young ladies" in Maine who write to soldiers unknown to them except by name, and when the soldiers reply and enclose stamps, put the stamps in their pocket and write no more. Think of it—young ladies cheating soldiers out of three cent stamps!

— The Washington Chronicle of Saturday says: "By a prominent gentleman who left Gen. Grant's headquarters about noon on Thursday, we learn that the gallant chieftain continued in excellent health and spirits, and confident of consummating the grand object of his campaign. In this he is nobly sustained by all his officers. We are glad to state that within a day or two copious rains have refreshed the entire country occupied by the veterans at the front."

PARTICULAR NOTICE.—From this date our Carriers of Subscribers' lists are not allowed to sell copies of the Chronicle, nor to receive pay for any subscriptions, except when furnished by us with receipts for the same,—which will not be given for less term than 1 month, 60 cts., or 3 mos. $1.50, in advance. If any prefer to pay weekly, they can do so at our counting room only. Will all concerned please remember this, and thus aid in the more prompt and accurate delivery of our papers. July 18.

☞ Special attention is asked to Hunnewell's preparations, advertised on our inside columns. They are based on true medical laws, used very largely by Physicians, and most undoubted testimonials are in the hands of the proprietor, always open to inspection. Let Portsmouth and its vicinity bear testimony by a confidence to test them, which will be secured.

TRIAL AND FRIENDSHIP.—Herrick Allen's Gold Medal Saleratus has had a trial among three million families, and is pronounced the best Saleratus in the known world. Its use always brings a smile to the household; it keeps them in health; it helps make the weak strong, and saves hundreds from that dreadful disease, dyspepsia. As you value health, use it. Most of the Grocers sell it. Depot 112 Liberty Street, New York.

WE DID NOT BELIEVE IN "CURE-ALLS" until we tried Ayer's inimitable Pills, and now we think the whole secret lies in the fact, that purgatives are the natural remedy for disease, and Dr. Ayer has made the best purgatives. They cure all our complaints.—Logan (O.) Press.

WE HAVE BEEN TOO LONG PALLED BY the villanous trash sold as pure wine. Our *bon vivants* will be pleased with the rich taste, agreeable flavor, and fragrant bouquet of Speer's New Jersey wine. It is especially recommended to weak and sickly ladies, by physicians, for its purity, non-intoxicating qualities and tonic and restorative properties. A wine-glassful of this wine, with a fresh raw egg or new milk, taken first thing in the morning, is said to prove highly beneficial in cases of Pulmonary Consumption.—[Ex.

MEASLES ARE PROSTRATING THE VOLUNteers by hundreds, the hospitals are crowed with them. Soldiers, be warned in time. Holloway's Pills are positively infallible in the cure of this disease; occasional doses of them will preserve the health even under the greatest exposures.

If the reader of this "notice" cannot get a box of Pills or Ointment from the drug store in his place, let him write to me, 80 Maiden Lane, enclosing the amount, and I will mail a box free of expense. Many dealers will not keep my medicines on hand because they cannot make as much profit as on other persons' make. 35 cents, 88 cents, and $1.40 per box or pot. 224

Brocksieper's Patent

Self-Acting Gas Regulator.

SOMETHING ENTIRELY NEW.

Patented 1864.

A brilliant and equal Light at a saving of 30 per cent. over any Gas Burner now in use.

This is not a Regulator to go on the Meter, but under every Burner in use.

Economy in the use of gas, with the advantage of having a more brilliant light than heretofore, is a point at once desirable. Inventors have for many years sought to attain this end by lessening or checking in innumerable ways the flow of gas through the burner tips.

No one of these has attained the result wished for, namely, "a pure, transparent flame, without waste at any and all pressures, obtained at any hour and in all localities."

The above results are fully obtained in

Brocksieper's Patent Gas Regulator.

We invite the most incredulous to examine and test in the most thorough manner.

RETAIL PRICE, EIGHTY CENTS.

A liberal discount made to Churches, Factories, Hotels, &c. The Regulators will be put on, and if they do not prove satisfactory may be returned. CHARLES T. EMERY,

MONEY SAVED BY USING EDDY'S PATENT

KEROSENE COOKING STOVE.

By the use of two or more burners sufficient heat is obtained for doing most of the cooking for a family, at a very small expense and with great facility.

Economy is perhaps their greatest recommendation in these times of high prices of Coal; for with one of these stoves ten minutes be prepared for a family at a cost for fuel not exceeding One Cent, and dinner not exceeding Two Cents.

They are portable, and burn without smoke or odor, hence they may be used in any part of the house.

"A Stitch in Time Saves Nine."

All Furnaces, Stoves and Funnels should be thoroughly cleaned out and put in order, as soon as fires are done being made in them. If allowed to remain filled with ashes and soot through the summer, they will decay very rapidly, and useless expense be incurred.

A full supply of Linings and Repair Pieces constantly on hand, and all orders attended to with dispatch. E. A. STEVENS.

Facts for the People.

The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of STOVES and Castings several times since the war began; and it is now arranged to make a general advance of 25 to 50 per cent. this season.

We have not yet raised the price of Stoves in proportion to their increased cost, but shall be compelled to do so very shortly. Persons who expect to purchase anything in the Stove and Furnace line within a year or two, will save money by doing so at once. The price of a Stove is not so much an object, now, as its capacity and the cost of operating it. All things considered, there is no Stove equal to

THE MODEL COOK.

IT IS, IN FACT,

The Best Stove Out,

for economy, convenience and dispatch.

Many people think it best to use an old stove as long as possible, but it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.

One of our shrewdest citizens who purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.

A careful, prudent farmer purchased one, and after it had been in operation some days his son came into the store and said, "something was wrong at their house;" his father and himself used wood off the same pile, he burned three baskets full a day, and his father only one! We sold him a Stove before he left, and there has been no complaint since.

These Stoves are in use in many hotels and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.

Constitution Life Syrup,

COMPOSED OF

IODIDE POTASSIUM,

With the compound concentrated fluid extract o

VALUABLE MEDICINAL

ROOTS AND HERBS,

Prepared by WM. H. GREGG, M. D.,

Graduate College Physicians and Surgeons, N. Y. formerly Assistant Physician Blackwells Island Hospital, late Medical Inspector New York State Volunteer Depots, under Gov. Edwin D. Morgan.

Constitution Life Syrup

HAS PRODUCED

A REVOLUTION IN MEDICINE!

What may seem almost incredible, is, that many diseases hitherto considered hopelessly incurable are frequently cured in a few days or weeks, and we cheerfully invite the investigations of the liberal minded and scientific to cases which have uniformly baffled at the present day.

Our medicine is peculiar, by it the seat of disease is directly reached, and the equilibrium restored. Those who have suffered long from painful and obstinate diseases, those who have vainly sought relief from advertised medicines, those who cannot be cured by other physicians, should

Invited to use Constitution Life Syrup.

During the past five years we have contended with obstacles and overcome opposition as barren as ever encountered by any Reformers.

Rapidity of Cure.

Some say, "Your cures are too quick," while others doubt their permanence, and think "the disease only has been driven away, the "slow recuperative process of Nature." This is our reply:

In health, the body, like a well-balanced scale, is in a state of equilibrium. But when any one cause down goes one side of the scale, we have the effects of disease. What is requisite is, to restore the normal balance of the scale.

CONSTITUTION LIFE SYRUP.

A positive and specific remedy for all diseases originating from an IMPURE STATE OF THE BLOOD, and for all (hereditary) DISEASES transmitted from PARENT TO CHILD.

Paralysis,

Hemiplegia, Paresis, Paraplegia, Parelysis Agitans.

It is so universally admitted that Constitution Life Syrup is the only effective means of restoration in the various forms of Paralysis, that we need not reiterate that it is emphatically the Great Life-Giving Power.

Dyspepsia.

Indigestion, Liver Complaint, Constipation, Weight at Stom'h, Biliousness, Want of Appetite, Flatulence, Bad Breath.

Scrofula.

Strume, Glandular Swellings, Ulcerations, King's Evil, Erysipelas, Tumors.

This taint (hereditary or acquired), filling life with untold misery, is by all usual medical remedies incurable.

Rheumatism.

Arthritis, Neuralgia, Gout, Lumbago, Sciatica, The Dolorous.

If there is any disease in which the Constitution Life syrup is a sovereign, it is in Rheumatism and its kindred affections. The most intense pains are almost instantaneously relieved—enormous swellings are reduced. Cases, chronic or vicarious, of 20 or 30 years standing, have been cured by us.

Nervousness.

Nervous Debility, Confusion of Thoughts, Epilepsy, Loss of Memory, Sleeplessness, St. Vitus' Dance.

Thousands who have suffered for years will bless the day on which they read these lines. Particularly to weak, suffering woman will this medicine prove an invaluable blessing—directing their footsteps to a Hope which fulfils more than it promises.

Mercurial Diseases.

Salivation, Pecking of Weariness, Rotting of Bones, Bad Complexion, Aches in Bones, Depressed Spirits.

Constitution Life Syrup purges the system entirely from all the evil effects of MERCURY, removing the Bad Symptoms, and curing the Weak Joints and Rheumatic Pains which the use of Calomel is sure to produce. It hardens Spongy Gums and secures the Teeth as firmly as ever.

Constitution Life Syrup

Eradicates, root and branch, all Eruptive Diseases of the Skin, like

ULCERS, PIMPLES, BLOTCHES.

And all other difficulties of this kind, which so much disfigure the outward appearance of both males and females, often making them a disgusting object to themselves and their friends.

CONSTITUTION LIFE SYRUP

Cures all Swellings of the Glands,

Either of the Face, Neck or Female Breast and should be taken as soon as the swelling is detected, thus preventing the painful and protracted troublesome Discharging Sores, which disfigure so many of the younger portion of the community, from six to twelve years of age. Young children are very subject to Discharges from the Ears, which depends upon a Scrofulous constitution. These cases are easily cured by taking a few bottles of the Syrup.

All scrofulous persons suffering from Debility, Emaciation, Dyspepsia; Dropsy, or the limbs or abdomen, and the terrible Leucorrhœa, or of ovaries and womb, generally accompanied with inflammation and ulceration of the uterus; are permanently cured by Constitution Life Syrup. The disease known as Goitre or Swelled Neck, the Life Syrup will remove entirely. The remedy should be taken for scrofulous, and swelling of other glands of the body, will be completely reduced without resorting to the knife or operations of any kind.

Epilepsy, Fits, Sympathetic or Organic Diseases of the Heart (as Palpitation, Disease of Valves—producing a grating or filing sound), Dropsy of the Heart Case and Chest, Affections of the important organs, or persons suffering from any acute pain in the region of the heart, will be greatly relieved by Constitution Life syrup.

Broken Down and Delicate Constitutions, Suffering from Indispositions, Want of Appetite, Pain in the Back, Loss of Memory, Sorborbodmy, Horror of Insanity, Fear of Disease, Dimness of Vision, Dry Hot Skin and Extremities, Want of Sleep, Disinclination to Pub. Resort, Frequent Cousciousness and Lassitude of the Muscular System, all require the aid of the CONSTITUTION LIFE SYRUP.

For all **Secondary Ulcerative Diseases**, either of the Nose Throat, Tongue, Spine, Forehead or Scalp, no remedy has ever proved its equal.

MOTHERS! MOTHERS! MOTHERS! depending upon a diseased action of the Liver, are very unpleasant to the young wife and mother. A few bottles of Constitution Life syrup will remove the obstacle and remove the impediment which is directly under the skin.

In Diseases of the Liver, giving rise to languor, dizziness, indigestion, weak stomach, or an aggravated or cancerous condition of that organ, accompanied with burning or other unpleasant symptoms, relief is immediately by the use of CONSTITUTION LIFE SYRUP.

☞ *As a general Blood-Purifying Agent, the Life Syrup stands unrivaled by any preparation in the world.*

Diseases of the Spine, as usually developed in the young, Hip Disease, Neuralgia, and all Nervous Diseases, and Fits, are speedily cured from diseases for which they are at a loss to know what to do, we would advise the use of CONSTITUTION LIFE SYRUP. It will restore their pallid countenances, strengthen their weak back and side, give them new energy, new life and happiness.

HIS RICH AND POOR are liable to the same diseases. Nature and Science have made the Constitution Life Syrup for the benefit of all.

PURE BLOOD produces healthy men and women; and if the constitution is neglected in youth, disease and early death are the results. Do not delay when the means are so near at hand, and within the reach of all.

TO MOTHERS AND MARRIED LADIES

It is the safest and most effectual medicine ever discovered for purifying the system and relieving the suffering attendant upon childbirth. It strengthens both the mother and the child, prevents pain and free delivery, and is recommended by the testimony of those who have used it think it indispensable. It is highly useful both before and after confinement, as it prevents disease attendant upon childbirth.

Constitution Life Syrup

Is the Poor Man's Friend and the Rich Man's Blessing!—Buy it, take it, and be cured.—It is Universal in its effects

Glad News for the Unfortunate!

The Long Sought For Discovered at Last.

CHEROKEE REMEDY

AND

CHEROKEE INJECTION,

Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Incontinence of the Urine, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Stricture, Gravel, Gleet, Gonorrhœa, and is especially recommended for those cases of Whole Albus (or White as Spermatorrhœa) where all the old nauseous medicines have failed.

It is prepared in a highly concentrated form, the dose only being from one to two tablespoonfuls three times per day.

It is diuretic and alterative in its action; purifying and cleansing the blood, causing it to flow in all its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an ally or companion to the CHEROKEE REMEDY, and should be used in conjunction with that medicine in all cases of Gonorrhœa, Gleet, Fluor Albus or Whites. Its effects are healing, soothing and demulcent; removing all scalding, heat, chordee and pain, instead of the burning and almost unendurable pain that is experienced with nearly all the cheap nostrums in market.

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

For full particulars get our pamphlet from any drug store in the country, or write to us and we will mail free, to any address, a full treatise.

Price—CHEROKEE REMEDY, $2 per bottle or three bottles for $5.

Price—CHEROKEE INJECTION, $2 per bottle, or three bottles for $5.

THE GREAT

INDIAN MEDICINE,

COMPOUNDED FROM

ROOTS, HERBS AND LEAVES.

CHEROKEE CURE.

An unfailing cure for Spermatorrhœa, Seminal Weakness, Nocturnal Emissions, and all diseases consequent upon self-abuse, such as Loss of Memory, Universal Lassitude, Pains in the Back, Dimness of Vision, Premature Old Age, Weak Nerves, Difficult Breathing, Trembling, Wakefulness, Eruptions on the Face, Pimples, Insanity, Consumption, and all the direful complaints caused by departing from the path of nature.

☞ This medicine is a simple vegetable extract and does to which all can rely, as it has been used in our practice for many years, and with thousands treated it has not failed in a single instance. Its curative powers have been sufficient to gain victory over the most stubborn cases.

☞ To those who have trifled with their constitution, until they think the themselves beyond the reach of medical aid, we would say, *Despair not!* the CHEROKEE CURE will restore you to health and vigor, and after all quack nostrums have failed!

For full particulars, get a circular from any drug store in the country, or write the proprietors, who will mail free to any one desiring the same, a full treatise on the subject.

☞ Price, $2 per bottle or three bottles for $5, and forwarded by express to all parts of the world.

Sold by all respectable druggists everywhere.

DR. WRIGHT'S

REJUVENATING ELIXIR,

OR ESSENCE OF LIFE.

Prepared from Pure Vegetable Extracts,

Containing nothing injurious to the most delicate.

The Rejuvenating Elixir is the result of modern discoveries in the Vegetable kingdom; being an entirely new and abstract method of cure; irrespective of all the old and worn-out systems.

This medicine has been tested by the most eminent medical men of the day, and by them pronounced to be one of the greatest medical discoveries of the age.

One bottle will cure General Debility.

A few doses cure Hysterics in females.

One bottle cures Palpitation of the Heart.

A few doses restore the organs of generation.

From one to three bottles restore the manliness and full vigor of youth.

A few doses restore the appetite.

Three bottles cure the worst case of Impotency.

A few doses cure the low spirited.

One bottle restores the complexion.

A few doses bring the rose to the cheek.

This medicine restores to manly vigor and robust health the poor debilitated, worn-down and despairing, forwarded by mail free.

The listless enervated youth, the over-tasked man of business, the victim of nervous depression, the individual suffering from general debility, or from secret habits, or from excess, will all find immediate and permanent relief by the use of this Elixir or Essence of Life.

CHEROKEE PILLS!

SUGAR-COATED.

FEMALE REGULATOR.

Health Preserver!!

CERTAIN AND SAFE.

☞ For the Removal of Obstructions, and the Insurance of Regularity in the Recurrence of the Monthly Periods.

They cure or obviate those numerous diseases that spring from irregularity, by removing the irregularity itself.

They cure Suppressed, Excessive and Painful Menstruation.

They cure Green Sickness (Chlorosis).

They cure Nervous and Spinal Affections, pains in the back and lower parts of the body, Heavyness, Fatigue on slight exertion, Palpitation of the Heart, Lowness of Spirits, Hysteria, Sick Headache, Giddiness, &c., &c. In a word, by removing the irregularity, they remove the cause and with it ALL the effects that spring from it.

Composed of simple vegetable extracts, they combine nothing deleterious to any constitution, however delicate, their function being to substitute strength for weakness, which, when properly used, they never fail to do.

They may be safely used at any age and at any period, *except during the first three months*, during which the unbiding nature of their action would infallibly prevent pregnancy.

All letters seeking information or advice will be promptly, freely and discreetly answered.

☞ Full directions accompany each box.

☞ Price $1 per box, or six boxes for $5.

Sent by mail, postage free, on receipt of price.

THE MAGEE COOKING STOVE.

The subscriber, having received his Fall stock of Stoves, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED

MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, its baking being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the room. With the extension top there is a large copper Reservoir for hot water. A large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as no dust can possibly escape into the room, and the shovelling up of the ashes entirely dispensed with. The fire is regulated in the same manner as in the MAGEE PARLOR STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds in families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

"MAGEE'S PATENT"

VENTILATING & AIR-WARMING FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would also inform those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pots is used for respiration, the tendency to produce headache so much complained of in other Furnaces, is entirely obviated.

The objects aimed at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe or chimney.

To accomplish this many complicated and expensive heating arrangements have been constructed, some possessing but little improvement over former methods, while others have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the hollow posts, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue so near the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

The Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and at the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq.,	Albert R. Hatch, Esq.,
Aaron H. Hill,	Charles H. Mendum,
Henry F. Wendell,	John Sise, and others.

SETTING THE WORLD TO RIGHTS.—When youth made me sanguine I hoped manhood might be set right. Now that I am very old, I sit down with this lazy maxim, that unless one could cure men of being fools, it is no purpose to cure them of any folly, as it is only making room for some other. Self interest is thought to govern every man; yet is it possible to be less governed by self-interest than men are in the aggregate. Do not thousands sacrifice even their lives for single men? Is not it an established rule in France, that every person should love every king they have in his turn? What government is formed for general happiness? Where is not it thought heresy, by the majority, to insinuate that the felicity of one man ought not to be preferred to that of millions? Had not I better at sixty-eight leave men to these preposterous notions, than return to Bishop Hoadley, and sigh?—*Walpole.*

PRETTY WOMAN.—Beauty is a matter of taste. Of all things in the world it is most difficult to discover whether a woman you have never seen is pretty or the reverse. You may ask every one who is acquainted with her and receive such different replies from each one as will only serve to puzzle you the more. Your friend Brown will go into estacies over her, and pronounce her "Charming." Miss Smith, on the contrary, will ejaculate, "Pretty! dear me, no! who ever thought of calling Kitty Jones pretty!" Other female friends will declare the same with variations.

Tompkins will think her "passable," and collecting all the evidence, you will find the same girl called "lovely," "a fright," "sweet," "a little nobody," "fascinating," "common place," "plain," and "distinguished." Other girls absolutely cannot see her charms, if she has any. Some men worship at other shrines, and do not admire "her style," while others still are taken by a smile or soft whisper, and forgetting what fascinated them call it beauty. Therefore though you may look in the glass, and pronounce a favorable verdict on your own countenance, remember half your world will not agree with you, and though you may bemoan a lack of good looks, somewhere under the sun you have at least one admirer. Beauty after all is only an idea. No two pair of eyes agree perfectly.—*Frank Leslie's.*

A Scotchman put a crown piece into "the plate" in an Edinburgh church on a late Sunday morning by mistake instead of a penny, and asked to have it back, but was refused. In once in forever. "Aweell," grunted he, "I'll get credit for it in heaven." "Na, na," said the doorkeeper, "ye'll get credit only for the penny ye meant to gi'."

RYE, N.H., Feb. 26, 1846. "I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended to the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of DR. SWEET'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Swett's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have been agent for the sale of it. JOSIAH JENNESS.

PORTSMOUTH, April 21st, 1852.

I have for several years been afflicted with distress at my stomach, loss of appetite, and often vomited up all of my food immediately after eating it, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. S. SWEETT'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I enjoy good health. M. LOWD.

From ELDER I CHESLEY, *Lee, May* 31, 1841

DR. SWETT: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, without her natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker and more emaciated, using your PANACEA and HUMOR WASH. Since them, she has recovered her health so far as to rest quietly by night, and labor by day. I esteem your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY

☞ Any one returning the remainder of a bottle or box of Dr. Swett's medicines shall have pay for it, if it do not agree with them, or if not worth the price. All orders directed to DR. S. SWETT, No. 7 High street, Portsmouth, N. H., promptly attended to. may26

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Claims, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through it inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below given prove that none have met with SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."
CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and more capable of putting their applications in form to secure for them as early and favorable consideration at the Patent Office."
EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me FIFTEEN applications, on all but one of which patents have been granted, and that is *now pending*. Such unmistakable proof of skill and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges." JOHN TAGGART.

During eight months, the subscriber, in course of his large practice, made on *twelve* rejected applications FIFTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents. R. H. EDDY.

The Old Established Hospital,
No. 5 Beaver Street, Albany, N. Y.
QUICK CURES AND LOW PRICES.
Over Twenty Thousand Patients Cured Annually!

DR. J. TELLER continues to be confidentially and successfully consulted on all forms of private diseases, at his old Established Hospital, No. 5 Beaver Street, Albany, N. Y. Twenty years devoted to this one particular branch of practice, enables him to perform cures such as no other Physician can, and his facilities are such (being in correspondence with the most eminent Physicians of the Old World,) of obtaining the safest as well as the latest remedies for these diseases, offer inducements to the unfortunate of a quick and rapid cure, to be obtained at no other office in America.

In Syphilis, Gonorrhœa, Gleet, Stricture, Enlargement of the Testicles and Spermatic Cords Bubo, Ulcerated Throat, Sore Nose, Tender Shin Bones, Cutaneous Eruptions, Biles, Ulcers, Abscesses, and all other impurities of the system, are perfectly under the control of the Doctor's Medicines, and have been tested in more than 20,000 cases annually, with immense Success.

YOUNG MEN.

Young Men addicted to secret habits, who have impaired their healths and destroyed the vigor of their minds, thus depriving themselves of the pleasure of the Married Life, are notified that in consulting Dr. J. Teller, they will find a friend in counsel and a Physician who has cured thousands, in almost every town of the United States, who applied to Dr. T. broken down in health, now rejoice in all that makes life desirable and man happy. The reader is of course aware that the delicacy of this subject will prevent a more minute description of this terrible disease.

DR. TELLER'S GREAT WORK.

A book for everybody.—Startling disclosures. Dr. TELLER'S great work for the Married or those contemplating marriage—200 pages—full of plates—price 25 cts. Sent to all parts, under seal, by mail, post paid, 50,000 copies sold the past year. The single Married and the Married Happy. A lecture on Love, or how to choose a Partner—a complete work on Midwifery. It contains hundreds of secrets, never before published.—Warranted to be worth three times the amount asked for it. Enclose 25 cents in specie or postage stamps, inclosed, will secure a copy by return mail. Dr. TELLER has devoted a lifetime to the cure of those diseases upon which his books treat.

TO THE LADIES.

DR. TELLER still remains the only Agency in America, for the sale of Dr. Michel's Italian Female Monthly Pills. The sale of more than 20,000 boxes establishes their reputation as a female remedy, unapproached, and far in advance of every other medicine—for stoppages, irregularities, and other obstructions in females.

CAUTION.—Married ladies in certain delicate situations should avoid their use. For reasons set forth in the envelope which accompany each package, for the guidance of patients. On the receipt of $1, (the price per box,) these Pills will be sent, by mail or express, to any part of the world, secure from curiosity or damage.

Office hours from 8 A.M. to 8 P.M., and on Sundays from 9 to 5 P.M.

N. B.—Persons at a distance can be cured at home by addressing a letter to Dr. J. Teller, enclosing a remittance. Medicines securely packed from observation, sent to any part of the world. All cases warranted. No charge for advice.—N. B.—No students or boys employed. Notice this, address all letters to

VERNATELLA.
Warranted to make the Soles of Boots and Shoes water and dampness proof, and wear one-third longer.
VERNATELLA

Is a preparation from Copper, having no grease, linseed oil, or anything of the kind, and when the soles are once saturated with it, water can no more get through them than through copper itself. Price 25 Cents Per Bottle,

For sale by all Retail stores where.

But its cost to the purchaser is really NOTHING, as it makes the soles wear enough longer to more than pay for it, leaving as a net gain the making of them Water and Dampness Proof, and the preservation thereby of that priceless gem, the health.

☞ LADIES, READ THIS! ☜
SAVE YOUR HEALTH.

Use Vernatella on the Soles of your Shoes. It makes them water proof and thereby protects your feet from damage, for the ground is always more or less moist, either from rain or the morning and evening dew.

THURSDAY, JULY 28, 1864.

THE REBELLION.

Early had a fight with Gen. Crook and Averill, at Winchester, previous to the retreat of our forces. Gen. Averill lost heavily, but brought off his artillery and trains.

Advices from Gen. Sherman to the 26th state that there had been no fighting since the 23d, and that some days may elapse before there is a general movement. It is rumored that the rebel Gen. Hood was wounded on Friday. The rebel army is confined to the city.

Over 5000 men have responded to Gen. Fisk's appeal to repel the guerrillas in Missouri.

Guerrillas are reported to be near Brandenburg and Hannibal, Ky. Many guerrillas in that State have recently been killed.

The rebel Gen. Ford has demanded the surrender of Brownsville, Texas.

☞ On the 15th an influential deputation, consiting of the Marquis Clanricarde, the Bishop of Chichester, and several members of Parliment, Mr. Spence of Liverpool and others, waited on Lord Palmerston to urge mediation in America on the plea of humanity. Lord Palmerston said the Government did not consider that this was the moment when mediatory proposals would be acceptable, both sides being equally sanguine of success, while the North was especially jealous of interference. If an opportunity for mediation arose the Government would gladly avail itself of it.

The London Herald says Mr. Mason has had an unofficial interview with Lord Palmerston,—introduced by Mr. Lindsay. The interview was satisfactory to all parties. The withdrawal by Mr. Lindsay of his intended recognition motion in Parliament is said to have been the result of the interview Lord Palmerston having given a sort of implied promise to support the motion at a more opportune moment.

☞ The N. Y. World's Buffalo correspondent (which is rather poor authority) says he is able to state that the rebel commissioners volunteered the opinion that a reunion can be had if the North will consent to their right of terms. Sanders said the South was anxious to enter something like the old Union, and thought Clay's idea seemed to be the best basis for a reunion and joint action against the French in Mexco. The correspondent is opinion that the rebels are not only anxious for peace, but will accept a reunion of some sort—considering it as a matter of course.

— Gold 254 3-4, weak.

— Col. Mulligan is reported to have been wounded and taken prisoner at Winchester.

— The London Times notices in its city article the continued great demand for Federal securities at Frankfort.

—Twenty horses, with carriages, sleighs, harnesses, etc., were burnt in a livery stable at Fall River, Mass., on Tuesday night.

— The Toronto Globe state that outside of the large towns public sentiment in Canada is in favor of the North.

— There was received from customs between the 1st and 21st of July three millions eighty-five thousand eight hundred and twenty-four dollars in coin.

— It is said that Gen. Grant, upon hearing of the death of McPherson, remarked, with tears in his eyes: "The country has lost one of its best soldiers."

— Dupont's Powder Mills were blown up on Saturday night. Several persons were injured. The buildings were totally destroyed. Loss $60,000.

— Galignani's Messenger has found it. It says the name Kearsarge is taken from a river in the southern part of North America which falls into the bay of Vera Cruz. That settles the matter.

— The Hartford Times says: "This month has been the most trying July ever known to the Hartford insurance offices.—It has averaged six or seven fires a day, apparently, thus far. But there is rain at last."

— It is confirmed that Denmark has proposed a truce, but nothing is known as to the terms or concessions offered. It is reported that the Danes were repulsed while attempting a landing at Dalbeck and Fredericshaven.

— The rebel steamer Gen. Lee, is reported to have joined the Florida in the English channel. A rumor was current at Cherbourg that the Federal and rebel officers had agreed upon a sea fight off Cherbourg within ten days.

— The report of a fight off Jersey, between one of our gunboats and a pirate, is now proved to have been false. The Kearsarge has been at Dover all the time, and still remains there. She has been joined by the Sacramento, from Cherbourg. The Niagara was cruising off Start Point on the 12th inst.

FIRST MONUMENT TO JOHN SMITH,

AT THE ISLES OF SHOALS.

Virginia was the scene of the daring and romantic adventures of the valiant pioneer John Smith,—his name with that of the noble Pochahontas and the suspicious Powhatan, will go down in history to all future time—but what has the Old Dominion done to memoralize his deeds? Our own *New England* received not its name until Capt. John Smith had ranged our coast, sketched our Map, and presented it to the royal court, asking to have it named. Yet what has ever been done to perpetuate the memory of his services?

It has been left to Star Island, one of the Isles of Shoals, first to do honor to the name of John Smith, by the erection of a Monument to the memory of one for whose valuable services in the early settlement of our country no pecuniary reward was bestowed.

It was in 1614 that Capt. Smith arrived at Monhegan, and with eight of his company, in one of his boats, rangeel the coast from Penobscot Bay to Cape Cod. He then discovered the Isles of Shoals, which so pleased him that he gave them the name of *Smith's Isles*. The present is the 250th Anniversary of that discovery, and it is fitly celebrated by the erection of a handsome monument to his memory on Star Island.

The Portsmouth Journal, to whom we are indebted for the foregoing, thus describes the unique affair, which was cut at the marble works of Allen Treat in this city:

On a granite pedestal is raised a triangular marble shaft seven feet in height, the three sides filled with inscriptions of the leading events in the life of Smith. On each of the three corners of the triangular cap are Turk's heads, representing the three heads which, as the story goes, Smith so adroitly cut off with his sabre.

The inscriptions are:

[On the First Side.]

JOHN SMITH was born at Willoughby, Lincolnshire, England, in 1579, and died in London, in 1631, aged 52.

He was "Governor of Virginia," and subsequently, "Admiral of New England." The Isles, properly called "Smith's Isles," were discovered by him in April, 1614, while with 8 others, in an open boat, he was exploring the coast from Penobscot to Cape Cod.

[On the Second Side.]

Capt. JOHN SMITH was one of "nature's noblemen." In his generosity toward the public, he almost forgot himself; those who knew him best, loved him most, and say of him: In all his proceedings he made virtue his first guide, and experience his second; despising baseness, sloth, pride and indignity, more than any dangers; he would never allow more for himself than for his soldiers, and to no dangers would he expose them which he would not share himself. He would never see any in want of what he had, or could get for them; he would rather want than borrow, or starve than not pay; he loved action more than words, and hated covetousness and falsehood more than death. His adventures were for their lives, and his loss was their death.

[On the Third Side.]

In reward of his valor, the Prince of Transylvania, presented to Capt. JOHN SMITH his picture, set in gold, gave him 300 ducats, and granted him a coat of arms, bearing three Turks' heads in a shield, with the motto: *"Vincere est Vivere."*

In 1627, he says: "I have spent 5 years and more than 500 pounds in the service of Virginia and New Hampshire, but in neither have I one foot of land nor the very house I built with my own hands, and am compelled to see those countries shared before me among those who know them only by my description."

Consideration of the interesting facts of his life has led to the erection of this monument.

Daniel Austin, Erector.
George Beebe, Supervisor.
Allen Treat, Constructor.

The monument is a novel one, costing about $300, and is located on the highest point of Star Island, in a commanding position. The liberal contributor to this worthy object,—as to all such which come within his knowledge,—we take pleasure in saying, (though we fear he will not,) is REV. DANIEL AUSTIN of this city; who intended not to be known in the matter, and ordered a blank to be left for the insertion of his name after decease. But Rev. Mr. Beebe, the devoted preacher and physician of the Isles, who was supervisor of construction and erection of the monument—at the last moment, and we think wisely, decided to insert Mr. Austin's name. We are glad of this, for such instances of liberality and public spirit are not so plentiful in the world, and especially among us, that we can afford to ignore this commendable public example, even for the satisfaction of a modest gentleman.

It is a pity that all concerned should not always have been as appreciative of the great "John Smith," as the two gentlemen above named, to whom is due all the credit of erecting this monument; for then Smith's Isles would not have been robbed of their rightful name and given their present unmeaning title.

— An arrival from Demarara reports another disastrous fire there on the 4th inst. A large portion of the place was destroyed; loss several millions.

— A first Lieutenant in a Massachusetts regiment has been reduced to the ranks, to serve for three years, for straggling and absence without leave.

LETTER FROM NEW YORK.

From our Regular Correspondent.

NEW YORK, July 25, 1864.

Dear Chronicle:—

Concerts Wednesday, as well as Saturday afternoons, is the new feature at the Central Park. Also, Moonlight Concerts by the band on the Lake.

One hundred and six acres—Extent of the new reservoir finished last year just above the Park.

Closed for repairs—Winter Garden.

To be raised—Admission prices to theatres.

Demanding a raise—The actors on their salaries.

$120 per week—What Mrs. Hoey had before retiring from Wallack's.

$180 per week—Ditto to Mark Smith.

Close at 3 P. M. on Saturdays—Most all of the stores.

Talking of advancing—City-railroad fares.

Imperial Fillibuster—The Herald's new name for Maximilian.

A good thing—The "Soldiers' Free Library," of two hundred volumes, at the City Hall Park Barracks, for the use of any soldiers in the city.

Hotel prices—$4.50 per day.

Private board—Nine to sixteen dollars per week.

Query—Whether the failure of the *light draught* monitors has any bearing on the temperance question.

Cashiered—Col. Maidhoff, of the 11th Militia, for refusing to take his regiment to Washington.

A friend takes exception to the allusion to the Member of Congress from your district in my last, and intimates that I have such a respect for the truth that I keep some distance behind it, which may be so, but I always thought there was a fine chance for a difference of opinion on that charge.

Twenty dollars "hand money" is paid to any one bringing a recruit here.

It is so dry in the country that many of the Mills have been compelled to stop running.

"Jockey Hat and Feather" is becoming quite fashionable as a part of a lady's morning street dress.

Rev. Dr. Stebbins of Portland departs for California on the 13th of August. He visits East this week to make some necessary preparations. He tendered to his recent charge last Sabbath his "heartfelt appreciation of their courtesy during his sojourn with them, and desired a place in their kind remembrance always." He readily secured and constantly retained the cordial esteem and respect of the whole congregation.

I notice copious extracts from my letters in two New York and several Eastern papers, and in a majority of cases without credit, which *may* be all right.

Messrs. E. S. Higgins & Co., of this city, were owners of wool destroyed by the recent great fire in Brooklyn, to the amount of $85,000, but were fully insured.

I have three additional views of Portsmouth this week, from Mr. Meineth. One of the Penhallow street fire; one of Messrs. Jackson & Co.'s Express Building, and one of "Glen Cottage," the residence of your noble and self-sacrificing patriot christian and citizen.

It is so dusty and dry here that people begin to suspect that the quantity of rain said to have fallen at the time of the flood was slightly exaggerated.

Mr. E. N. Fuller, formerly of your city, editor of the Newark Daily Journal, said in an article on the draft—"All those who wish to be butchered will please step forward at once; all others will defy the call of Old Abe and his minions. Let the people unite in a grand defensive scheme to resist the demands of the despots at Washington," &c., &c., for which Mr. F. has been very quietly suppressed. Served him right. If a certain combination of scurrility, printers' ink and manufactured rags down your way should have a similar experience it would be beneficial—at least to the public. N.

FIFTY-MILE TROTTING MATCH IN ENGLAND.—A match for $250 a side was lately trotted in England between the American horse Jack Rossiter, and an English mare named Matchless, fifty miles, in harness. The mare died during the race, and the horse won with great ease in the very good time of 3h. 45m. It is affirmed that the horse went the last seven or eight miles in a mere jog trot, very little faster than a walk, and his friends declare that if it had been necessary, this specimen of the American trotting-horse could have done the fifty miles in three hours and fifteen minutes. It took place on the Wetherby road near Leeds in Yorkshire, and as the owners drove, it is probable that Jack Rossiter had a pretty good weight to pull. What Mr. Green, his owner, weighed, is not stated, nor is the weight of the sulky given.—*Wilkes' Spirit.*

— Lee was slightly wounded in the scalp on the 8th.

— A Marylander has been fined $250 and sent to the Albany Penitentiary for one year, for aiding soldiers to desert.

— Last Saturday an extensive fire was raging in the woods of Scarboro, Maine, near the railroad. The passengers in the afternoon train from Portland were almost stifled by the smoke which filled the car—the flames on both sides almost reaching the train.

☞ A party of ten young men from Brown University, are on a pedestrian trip to the White Mountains, to be gone about six weeks. Good for the boys—but we don't believe they will out-foot three young types we knew of, who did that same thing a dozen years ago or more, and made the round trip of 300 miles in two weeks, just. We should want a dollar a mile to do it again, in so short a time. F.

— The sentences of two citizens of Virginia, sentenced to be shot for carrying on a guerrilla warfare, have been commuted to imprisonment for ten years in the Albany Penitentiary.

NEW HAMPSHIRE BIRD LAW.

PASSED JULY, 1862.

AN ACT to promote the interests of Agriculture.

Section 1. If any person shall, at any season of the year, take, kill or destroy any of the birds called robins, thrushes, larks, bluebirds, orioles, sparrows, swallows, martins, woodpeckers, bobolinks, yellow birds, linnets, fly-catchers or warblers; or shall, between the first day of March and the first day of August, take, kill or destroy any of the birds called snipes, wood-cocks, plover, rails, yellow legs, or sand pipers: or shall, between the first day of March and the first day of September, take, kill or destroy any of the birds called patridges or grouse, or quails; or shall, within the respective times aforesaid, sell, buy, or have in possession any of said birds, taken or killed, whether in this State or elsewhere, he shall forfeit for every said partridge or grouse, quail, woodcock, snipe or plover taken, killed or had in possession, the sum of three dollars, and for each of the other birds named above, the sum of one dollar, to be recovered by complaint before any justice of the peace.

Sec. 3. It shall be the duty of the selectmen of towns, and of the mayor and aldermen of cities throughout this State, to cause the provisions of this act to be enforced within their respective limits.

Sec. 4. All forfeitures or penalties recovered for violation of any of the provisions of this act, shall enure—one half to the use of the complainant, and one half to the use of the town or city where the same shall be recovered.

LOST—On Saturday, July 23, about noon, between Nos. 34 Daniel street and 13 Market street, a POCKET DIARY, containing a small sum of money. The finder will be suitably rewarded, and confer a great favor on the owner, by leaving the same at No. 34 Daniel st. Jy28—3t*

Important to Ship Owners.

The under-signed, having recently taken out letters patent for an article for PRESERVING SAILS, TENTS AND AWNINGS FROM MILDEW AND ROT, would say that he is prepared to sell rights to individual shipowners, at a reasonable rate, for their own exclusive benefit; or the right of a County, State or number of States, or the exclusive right for the United States, to any man or company of men who may be desirous to purchase.

For further information apply to WILLIAM STACEY, Kittery, Maine.

Also, those having Awnings and Tents, who wish to preserve them from mildew and rot, will find it for their interest to apply STACEY'S DUCK PRESERVATOR, it being a sure preventive, as practically demonstrated by him for a number of years. Jy28—3tdaw*

Brecksieper's Patent

Self-Acting Gas Regulator.

SOMETHING ENTIRELY NEW.

Patented 1864.

A brilliant and equal Light at a saving of 30 per cent. over any Gas Burner now in use.

This is not a Regulator to go on the Meter, but under every Burner in use.

Economy in the use of gas, with the advantage of having a more brilliant light than heretofore, is a point at once desirable. Inventors have for many years sought to attain this end by packing or checking in innumerable ways the flow of gas through the burner tips.

Not one of these has attained the result wished for, namely, "a pure, transparent flame, without waste at any and all pressures, obtained at any hour and in all localities."

The above results are fully obtained in

Brecksieper's Patent Gas Regulator.

We invite the most incredulous to examine and test in the most thorough manner.

RETAIL PRICE, EIGHTY CENTS.

A liberal discount made to Churches, Factories, Hotels, &c. The Regulators will be put on, and if they do not prove satisfactory may be returned. CHARLES T. EMERY,

☞ The *Domestic Dyes* prepared by Geo. H. Reed & Co. offer the simplest and most perfect means of dyeing household apparel ever presented the public. They embrace 40 different shades, and include all the new and fashionable colors—and are perfectly *fast*. Samples on silk and wool can be seen and the colors procured of THACHER jul20

Local.

☞ A valued correspondent sends us a local item about a new branch of manufactures, or rather a new method of applying machinery to an old branch. But as the enterprising (?) proprietor of the same does not advertise his business with us, nor even take the paper, [he *must* be an enterprising business man, in Portsmouth, not to take the only Daily paper here, mun't he?] we decline to give him a $10 notice. He can't steal *that*, if he can his reading.

Another master mechanic, who is called smart, and for whose business we have gratuitously done editorial advertising to a large amount for years, and within the past year to the amount of at least $50, at his own suggestion, too—instead of sending us his check or a greenback to that amount, actually came into our counting-room a few days ago, and thought he "couldn't afford to take the Chronicle any longer!" We thought so too, of course, for we never want to send a paper one minute where it isn't wanted.

Now we are saying one word for ourselves and ten for the public. There is not profit enough on newspapers, in these days, to pay for soliciting subscribers; and as for advertising, we have always had our fill of that. Our point is, that there is no more efficient and sure way to build up and keep up the business of a place, than to help make a newspaper "alive:" those who don't see it will act their own pleasure, of course, but they needn't expect *us* to go out of our way much to serve them.

☞ Many persons are in the habit of stealing the reading of the Chronicle, by taking the paper from the doors of stores, &c. Perhaps they *do* intend to replace them; nevertheless, they are guilty of a great meanness, and also violate the law, for they have no more right to borrow a man's newspaper without leave, than his wallet. It is a crime to take a paper from a subscriber's door, and we will pay $5 for evidence to convict any fellow (we won't call him man) of doing it. We and our patrons have been bothered too much in this way.

☞ The quota of this the First District, under the call for 500,000 men, is 2457, —about one in six of the whole number enrolled. The quota of this city is 271, divided among the wards as follows:

Ward One	112
Ward Two	107
Ward Three	52

☞ Mr. John F. Leverton "proposes publishing, *as soon as arrangements can be perfected*, a Daily Evening Paper in this city—independent in every thing, &c." He says in his prospect-*us*, that "a live newspaper at this time is much needed in Portsmouth". Success to the Daily Evening What Is It to be?

☞ Messrs. Brown & Pike's Combination, which exhibited in this city with good success about two months ago, will return Monday next, Aug. 1, for a short season—remaining here until the new opera house in Augusta, Me., is completed. The company, we learn, has been considerably enlarged and improved.

☞ Drafted men can furnish substitutes after they are drafted. Some have got it into their noddles that substitutes must be furnished before the draft.

☞ Capt. Morse, who has been in command of Co. A, State Guards, at Fort McClary, has gone home to Bangor, sick.

— Skilled mechanics and operatives employed in the U. S. armories, arsenals and navy yards, when drafted are to be released as long as they are thus employed, provided the officer in charge shall certify that their labor is necessary for the military or naval service.

— Notwithstanding the late drouth, it is stated by Massachusetts onion growers that their crops are in excellent condition and promise a large return. This vegetable is largely raised in the neighborhood of Salem, Danvers and Marblehead. From the farms of Marblehead alone over ten thousand bushels were harvested last year.

— The House Committee on defence of the north eastern frontier, are to meet in Portland Aug. 9th, remaining until the 12th; when they will proceed along the coast and Eastern frontier to Madawaska. It is expected that Secretaries Seward and Fessenden, Gen. Delfield, Chief of Engineers, and others, will join the party. Gov. Cony has invited the President to visit Maine at the same time.

MARINE CHRONICLE.

PORT OF PORTSMOUTH.

Sld 26th, sch White Sea, Lee, Newburyport.
Geo Gilman, Straw, Camden.
Frances, Ames Bangor.

NEW HAMPSHIRE ITEMS.

—— The Supreme Court has decided that the Governor and Council can fill the new office of State Auditor.

—— A special session of the Legislature, to amend the military bill and regulate the finances of the State, is talked of.

—— On Thursday, July 19, the thermometer indicated 98 degrees of heat, in the shade upon the northerly side of a building in Wolfborough.

—— Mr. John Page, grocer, of Manchester, had his pocket picked of between $1300 and $1400 on Monday while traveling in the cars to Boston. His side pocket was cut.

—— The Wolfborough News says: We have noticed for several days past the leaves of certain trees, particularly the elm, covered with quite a thick coating of honey dew—rather an unusual phenomenon in this latitude. The bees are reaping a rich harvest.

—— The Valedictorian at Wesleyan University this year is Jacob W. H. Ames of Newport. At eighteen years of age he was a sailor before the mast, and know hardly more than his letters. At twenty-four he has graduated at the head of his class of twenty-four members, all the rest of whom doubtless had enjoyed the usual educational advantages.

—— The Union says there is a certain trader on Elm street, in Manchester, who has been in business at one location for nearly twenty years. During all those years he has never been absent from his store for an entire day at one time. He has visited Boston and other places many times for business purposes, but has always returned at evening to attend to his customers.

—— The Wolfborough News states that sparks from the engine attached to the 3 o'clock train from Alton to Dover, on Saturday, set fire to a house in Rochester, which together with a barn was consumed. The fire was communicated to hay in the field, which in turn was blown into the woods, where the fire was spreading with great rapidity when the 5 P. M. train passed.

—— At East Kingston we met with a loving pair, recently married, whose history would furnish material for a two-volumed novel. They were betrothed to each other when about twelve years of age. The young man was taken by his friends to Wisconsin. Soon after his arrival at his western home, he wrote to his lady love. The letter was intercepted by interested persons, and farther intercourse prevented. Each party supposed the other dead or estranged. Finally the lady married, and became a mother and a widow. The man, at the commencement of the war, enlisted in the army, and having served three years, was about two months ago discharged from the service. Having friends at Newburyport, he concluded to visit them before he returned to Wisconsin. There he learned that his former affianced was alive and free. He immediately came to East Kingston, and within twenty-four hours the two were united in the bonds of wedlock. They had been separated fourteen years.—*Cor. Wolfborough News.*

— A respectable colored lady inquires at a hosiery establishment for "flesh-colored hose." Is she to be shown hose generally admitted to be that color, known as "flesh-color," or those of a darker hue?

BUSINESS NOTICES.

PRICES AND TERMS.

The price of the Daily Chronicle is $6 per year in advance; 60 cents per month—15 cents per week—3 cents per copy.

The (Weekly) N. H. Gazette $2 per year in advance—3 cents single copy.

Terms Cash—or all bills for Advertising, &c., to be presented at the pleasure of the publisher.

PARTICULAR NOTICE.—From this date our Carriers of Subscribers' lists are not allowed to sell copies of the Chronicle, nor to receive pay for any subscriptions, except when furnished by us with receipts for the same,—which will not be given for less term than 1 month, 60 cts., or 3 mos. $1.50, in advance. If any prefer to pay weekly, they can do so at our counting room only. Will all concerned please remember this, and thus aid in the more prompt and accurate delivery of our papers. July 18.

☞ Special attention is asked to Hunnewell's preparations, advertised on our inside columns. They are based on true medical laws, used very largely by Physicians, and most undoubted testimonials are in the hands of the proprietor, always open to inspection. Let Portsmouth and its vicinity bear testimony by a confidence to test them, which will be sacred.

TRIAL AND FRIENDSHIP.—Herrick Allen's Gold Medal Saleratus has had a trial among three million families, and is pronounced the best Saleratus in the known world. Its use always brings a smile to the household; it keeps them in health; it helps make the weak strong, and saves hundreds from that dreadful disease, dyspepsia. As you value health, use it. Most of the Grocers sell it. Depot 112 Liberty Street, New York.

MEASLES ARE PROSTRATING THE VOLUNTEERS by hundreds, the hospitals are crowed with them. Soldiers, be warned in time. Holloway's Pills are positively infallible in the cure of this disease; occasional doses of them will preserve the health even under the greatest exposures.

If the reader of this "notice" cannot get a box of Pills or Ointment from the drug store in his place, let him write to me, 80 Maiden Lane, enclosing the amount, and I will mail a box free of expense. Many dealers will not keep my medicines on hand because they cannot make as much profit as on other persons' make. 35 cents, 88 cents, and $1.40 per box or pot. 224

Facts for the People.

The enormous rise in price of Iron, Coal and Labor, has caused manufacturers to advance the price of STOVES and Castings several times since the war began; and it is far better to throw it away and purchase a MODEL COOK, than to keep it at the present high price of fuel.

One of our shrewdest citizens who purchased a MODEL COOK STOVE a year since, says he has saved more than its cost already.

A careful, prudent farmer purchased one, and after it had been in operation some days his son came into the store and said, "something was wrong at their house;" his father and himself used wood off the same pile, he burned three baskets full a day, and his father only one! We sold him a Stove before he left, and there has been no complaint since.

These Stoves are in use in many hotels and boarding houses, and in hundreds of private families in this city and vicinity, and give the best of satisfaction.

THE FAIR SWEEPERS.—Who says that the Fair isn't kept clean? Germans call girls "brooms"—how they sweep is set forth in the following, by one of our Fairies:

Said the Mayor of our city, "It much me distresses
Our streets are so dirty, no brooms and no mess;"
"Never mind," said the girls, "we have all our new dresses,"
These good little girls of the City of Penn.

"Organdy, silk, barege and grey grenadine,
No need is there surely of brooms or of men;
Only let us alone and we'll sweep them all clean,"
Said these good little girls of the City of Penn.
—[Our Daily Fare.

FLOWERS.—Of all the minor creations of God, flowers seem to be completely the effusion of his love of beauty, grace and joy. Of all the minor objects which surround us, they are the least connected with our absolute necessities. Vegetation might proceed, the earth might be clothed in sober green; all the processes of fructification might be perfected, without being attended by the glory with which the flower is crowned; but beauty and fragrance are poured over the earth in blossoms of endless varieties, radiant evidences of the boundless benevolence of the Deity. They are made solely to gladden the heart of man, for a light to his eyes, for a living inspiration of grace to his spirit, for a perpetual admiration. The Greeks, whose souls were eminently sympathized with the spirit of grace and beauty in everything, were enthusiastic in their love, and lavish in their use of flowers. They were spread in the porticoes of their deities—they were strewed in their conquerors' paths—on all occasions of festivity or rejoicing they were strewn about or worn in garlands. The guests at banquets were crowned with them—the bowl was wreathed with them, and whenever they wished to throw beauty, and to express gladness like sunshine, they cast flowers.

The Boston Traveller has the opinion that the war will close soon—before next spring. The New York Journal of Commerce says that it is not near its end. Both are usually deemed good authority.—*Exch.*

Both are good authority on some subjects,—but their *guesses*, on this question, are of no authority whatever. Any body can guess, when nobody knows.

Working and thinking should go together, the thinker working, the worker thinking.

GOLDEN SHEAF WHISKEY.

C. A. RICHARDS,
99 WASHINGTON STREET,
Boston,
Would most respectfully invite the attention and examination of all Grocers, Druggists, Apothecaries and Private Individuals, desiring to sell or USE STRICTLY PURE

Liquors, Wines, Cordials or Bitters,
to the use of choice goods enumerated below, which are constantly on hand in large quantities in his Large and Spacious
Wine Store and Bottling Establishment,
99 Washington street, Boston.

First on the list, as a reliable pure stimulant, stands the celebrated and widely known

Golden Sheaf Bourbon Whiskey,
made from Wheat, Rye and Corn, warranted for five years old. Put up in unique style, each bottle in a paper box, in cases of one dozen each. Its large and increasing sales of which convince the proprietor that no extended advertisement is needed to extol its real merits. It will recommend itself on trial.

Golden Sheaf Cordial.
A delightful and healthful beverage, aromatic, with a rich ginger cordial, made from the pure Golden Sheaf Bourbon.

Golden Sheaf Bitters.
The best Tonic Bitter ever offered to the public. Mingled with the rich flavor of the Bourbon are a number of other ingredients for restoring the appetite and imparting life and vigor to the whole system.

Golden Sheaf Punch.
Made from fresh, ripe lemons, and other articles, combined as a whole unequaled by any

Bourbon Whiskey Punch.

All the above put up full strength of the whisky, and in cases of one dozen each. These articles improve by age, and no exposure of climate can injure them.

JOHN AND ROBERT DUNSTER'S
CELEBRATED
LONDON DOCK
SPIRITS AND WINES,
Imported solely by C. A. R., in wood, from the London Docks, and bottled by him in America. The distinguished and world-wide reputation of these articles has induced the inferior to seek and obtain the Sale Agency in this country. They are sold only in Bottles, *entirely pure, and free from adulteration*, and comprise the four kinds, as follows:

LONDON DOCK GIN,
LONDON DOCK BRANDY,
LONDON DOCK SHERRY,
LONDON DOCK PORT.

All in cases of one dozen each, in strong shipping order for immediate transportation, and are sold lower than any other liquors and wines in the market, of equal quality.

Pure California Wines.
The large demand for the pure wines of California has made it a fixed fact that no well selected stock of Wines is complete without them. C. A. R. has made arrangements for the entire production of

The Largest Vineyard in California!

and is now bottling, and offers for sale, the finest CALIFORNIA WINES ever seen IN THE MARKET, of four qualities, in splendid style of labels, bottles and cases—such as

ANGELICA—Sweet.
PORT—Rich.
HOCK—Dry.
STILL CHAMPAGNE—Delicious.

Parties attracted by this advertisement, or who have already become acquainted with the qualities of these articles, can have a price list sent by mail, or samples by express, when desired, by addressing the subscriber.

C. A. RICHARDS,
99 Washington street, - - - Boston.

NOTE.—C. A. Richards would also beg leave to state that the above is merely a portion of the list of articles for sale and imported by him. He has, in addition, one of the largest stocks in America of Fine Bottled Wines and Spirits, of every variety and kind, together with a fine assortment of Liquors and Wines in original packages, for sale by the cask or gallon. Also, Fine Cigars, Sardines, Pickles, Sauces and every kind of table luxury usually found in a first class wine store in this country or in Europe.

Orders are most respectfully solicited.

Constitution Life Syrup,
COMPOSED OF
IODIDE POTASSIUM,
With the compound concentrated fluid extract o
VALUABLE MEDICINAL
ROOTS AND HERBS,
Prepared by WM. H. GREGG, M. D.,
Graduate College Physicians and Surgeons, N. Y.
formerly Assistant Physician Blackwell's Island Hospitals, late Medical Inspector New York State Volunteer Depots, under Gov. Edwin D. Morgan.

Constitution Life Syrup
HAS PRODUCED
A REVOLUTION IN MEDICINE!

What may seem almost incredible, is, that many diseases hitherto considered hopelessly incurable are frequently cured in a few days or weeks, and we cheerfully invite the investigations of the liberal minded and scientific to cures which have no parallel at the present day.

Our medicine is peculiar, by it the seat of disease is directly reached, and the equilibrium restored. Those who have suffered long from painful and obstinate diseases, those who have vainly sought relief from advertised medicines, those who cannot be cured by other physicians—are

Invited to use Constitution Life Syrup.

During the past five years we have contended with obstacles and overcome opposition as heavy as ever encountered by any Reformers.

Rapidity of Cure.

Some say, "Your cures are too quick," while others doubt their permanence, and think that diseases can only be cured by the slow, uncertain, preservative process of Nature." This is our reply:

In health, the body, like a well-balanced scale, is in a state of equilibrium. But when from any cause down goes one side of the scale, we have the effects of disease. What is requisite is, to restore the equilibrium by removal of the scale.

CONSTITUTION LIFE SYRUP.

A positive and specific remedy for all diseases originating from an IMPURE STATE OF THE BLOOD, and for all (hereditary) DISEASES transmitted from FATHER TO CHILD.

Paralysis.

Hemiplegia, Paresis, Diplegia, Paralysis Agitans.

It is so universally admitted that Constitution Life Syrup is the only effective means of restoration in the various forms of Paralysis, that we need not reiterate that it is emphatically the Great Life-Giving Power.

Dyspepsia.

Indigestion, Liver Complaint, Constipation, Wrigglers Stom'h, Biliousness, Want of Appetite, Flatulence, Bad Breath,

Scrofula.

Strumas, Glandular Swellings, Ulcerations, King's Evil, Erysipelas, Salt Rheum.

This taint (hereditary or acquired), filling life with untold misery, is by all usual medical remedies incurable.

Rheumatism.

[Arthritis], Neuralgia, Gout, Lumbago, Sciatica, Tic Doloureux.

If there is any disease in which the Constitution Life Syrup is a sovereign, it is in Rheumatism and its kindred affections. The most intense pains are almost instantaneously alleviated—cures and swellings are reduced. Cases, chronic or vicarious, of 20 or 30 years standing, have been cured by us.

Nervousness.

Nervous Debility, Confusion of Thoughts, Epilepsy, Loss of Power, Shattered Nerves, St. Vitus' Dance.

Thousands who have suffered for years will bless the day on which they read these lines. Particularly to weak, suffering women will this medicine, proven so potent, be a blessing—directing their footsteps to a Hope which fulfils more than it promises.

Mercurial Diseases.

Salivation, Feeling of Weariness, Rotting of Bones, Red Complexion, Aches in Bones, Depressed Spirits.

Constitution Life Syrup purges the system entirely from all the evil effects of MERCURY, removes the Bad Breath and cures the Weak Joints and Rheumatic Pains which the use of Calomel is sure to produce. It hardens Spongy Gums and secures the teeth in their sockets.

Constitution Life Syrup
Eradicates, root and branch, all Eruptive Diseases of the Skin, like

ULCERS, PIMPLES, BLOTCHES,

And all other difficulties of this kind, which so much disfigure the outward appearance of both males and females, often making them a disgusting object to themselves and their friends.

CONSTITUTION LIFE SYRUP
Cures all Swellings of the Glands,
Either of the Face, Neck or Female Breast, and should be taken as soon as the swelling is detected, thus preventing the Scrofulous Breaking and producing troublesome Discharging Sores, which disfigure so many of the younger portion of the community, from six to twenty years of age. Young children are very subject to Discharges from the Ears, which depends upon a Scrofulous constitution. These cases soon recover by taking a few doses of the Life Syrup.

All scrofulous persons suffering from Debility, Emaciation, Dyspepsia; Dropsy, of the limbs or abdomen, and in the Female, Suppression of Menstruation and weak, generally accompanied with inflammation and ulceration of the uterus; are permanently cured by Constitution Life Syrup. The disease known as Goitre or Swelled Neck, the Life Syrup will remove entirely. The remedy should be taken for the Tumor, as the disease is exceedingly chronic and stubborn, and will not be removed without extra effort. Tumors of the Ovaries, Tumors of the Breast, and swelling of other glands of the body will be completely reduced without resorting to the knife or operations of any kind.

Epileptic Fits, Sympathetic or Organic Diseases of the Heart (as Palpitation, Disease of Valves—producing a grating or filing sound), Dropsy of the Heart (Water in the Sac of the Heart), of this important organ, or persons suffering from any acute pain in the region of the heart, will be greatly relieved by Constitution Life Syrup.

Broken Down and Delicate Constitutions, Suffering from Indiscretion or Exposure, Pain in the Back, Loss of Memory, Forebodings, Horror of Company, Fear of Disease, Dimness of Vision, Dry Hot Skin, Loss of Sleep, Restlessness, Pale-Haggard Countenance and Languid Eyes, are results of solitary Vice, all require the aid of the CONSTITUTION LIFE SYRUP.

For all Secret or Venereal Diseases, either of the Nose Throat, Tongue, Spine, Forehead or Scalp, no remedy has ever proved its equal.

MOTHERS upon the health of their Daughters, depending upon a diseased action of the Liver, are very unpleasant to the young wife and mother. A few doses of Constitution Life Syrup will correct the secretion, and remove the deposit which is directly under the skin.

In Diseases of the Liver, giving rise to languor, dizziness, indigestion, weak stomach, costiveness and cancerous condition of that organ, accompanied with burning or other unpleasant symptoms, relief is obtained by the use of CONSTITUTION LIFE SYRUP.

☞ *Let general Blood-Purifying Agent, the Life Syrup stands unrivalled by any preparation in the world.*

Diseases of the Spine, as usually developed in the young, Hip Disease, Neuralgia, and all Nervous Complaints, which are so suffering from diseases for which they are at a loss to know what to do, we would advise the use of CONSTITUTION LIFE SYRUP. It will restore their pallid countenance, strengthen their weak back and side, give them new energy, new life and happiness.

HIS RICH AND POOR are liable to the same diseases. Nature and Science have made the Constitution Life Syrup for the benefit of all.

PURE BLOOD produces healthy men and women; and if the constitution is neglected in youth, disease and early death are the results. Do not delay when the Life Syrup are so near at hand, and within the reach of all.

TO MOTHERS AND MARRIED LADIES.

It is the safest and most effectual medicine ever discovered for purifying the system and relieving the suffering attendant upon childbirth. It strengthens both the mother and the child, prevents miscarriage, and increases the secretion of the food—Those who have used it think it indispensable. It is highly useful both before and after confinement, as it prevents disease attendant upon childbirth.

Glad News for the Unfortunate!

The Long Sought For Discovered at Last.

CHEROKEE REMEDY
—AND—
CHEROKEE INJECTION,
Compounded from Roots, Barks & Leaves.

CHEROKEE REMEDY, the great Indian Diuretic, cures all diseases of the urinary organs, such as Intemperance of the Urine, Inflammation of the Bladder, Inflammation of the Kidneys, Stone in the Bladder, Strictures, Gravel, Gleet, Gonorrhœa, and is especially recommended in those cases of Fluor Albus or Whites in females, where all the old nauseous medicines have failed.

It is prepared in a highly concentrated form, the dose only being from one to two tablespoonfuls three times per day.

It is a powerful alterative in its action; purifying and cleansing the blood, causing it to flow in all of its original purity and vigor; thus removing from the system all pernicious causes which have induced disease.

CHEROKEE INJECTION is intended as an ally or assistant to the CHEROKEE REMEDY, and should be used in conjunction with that medicine in all cases of Gonorrhœa, Gleet, Fluor Albus or Whites. Its effects are *healing, soothing and demulcent*; removing all scalding, heat, chordee and pain, leaving the urine free, and almost unexhausted pain that is experienced with nearly all the *cheap quack injections.*

☞ By the use of the CHEROKEE REMEDY and CHEROKEE INJECTION—the two medicines at the same time—all improper discharges are removed, and the weakened organs are speedily restored to full vigor and strength.

For full particulars get our pamphlet from any drug store in the country, or write us and we will mail free, to any address, a full treatise.

Price—CHEROKEE REMEDY, $2 per bottle, or three bottles for $5.

THE MAGEE
COOKING STOVE.

The subscriber, having received his Fall stock of Stove, would especially call the attention of the public to the

CELEBRATED AND UNEQUALLED
MAGEE COOK STOVE,

as the very best Stove yet made, and would invite those about purchasing or exchanging Stoves, to examine this, believing it to be far superior to any other Stove yet invented, the castings being heavier, and the oven larger than usual. The oven plates are covered with plaster, which renders it equal to the old-fashioned brick oven for perfection in baking.

There is a new style and very superior broiler and sad-iron heater combined, by which the odor of broiling meats are prevented from escaping into the oven, with the extension top there is a large copper Reservoir for hot water; also a large tin warming-closet attached, in which any article can be kept warm, while the other parts of the Stove are occupied for other purposes.

The arrangements for sifting the coal and cleaning the grate are far superior to those of any other Stove now in use, as dust can possibly escape into the room, and the removing up of the ashes is entirely dispensed with. The fire is regulated in the same manner as in the MAGEE FARMER STOVE, and can be continued day and night for weeks together, thus saving the expense of re-kindling every day.

For economy, durability, ease of management, cleanliness and perfection in cooking, it cannot be surpassed by any other Stove, as hundreds of families in this city and vicinity, who are now using them, are willing to testify, and speak of them in the highest terms of praise.

We would refer to the following purchasers:

"MAGEE'S PATENT"
VENTILATING & AIR WARMING
FURNACES.

The subscriber, being the Sole Agent in this vicinity for the manufacture and sale of this valuable Furnace, would ask those about remodelling or erecting buildings to examine this truly valuable invention.

For economy, purity of air and ease of management it has no equal, producing a current of warm air, moist and agreeable;—and as none of the air which comes in contact with the fire-pots used for evaporation, the disagreeable smell or headache so much complained of in other Furnaces, is entirely obviated.

The objections raised at by the constructors of heating apparatus have been to obtain the greatest amount of heat from a given amount of fuel, and to prevent the escape of heat to the smoke pipe as much as possible.

To accomplish this many complicated and expensive heating arrangements have been constructed, some powerful enough to overcome over former methods, while many have proved a total failure. The reason for this is obvious. The combustible gases being lighter than the air, pass off into the pipe or chimney without being consumed. This objection, so common in other Furnaces, is obviated in the

MAGEE FURNACE.

The flue or pipe in this Furnace being below the fire-pot, the gases, from their specific gravity, cannot descend, and are burned up by the admission of cold air through the fire-pots, which ignites them as they pass off from the coal, thus saving at least 20 per cent. of the properties of the heat in the fuel.

No heating apparatus with the smoke-pipe or flue on the top of the cone can be made to consume the gases of the coal, as they pass off with a large amount of the heat generated, making the chimney the hottest part of your dwelling.

This Furnace does away with the great number of pipes and angles for the radiation of heat, which are so liable to fill up and get out of order, thus simplifying, while it increases the surface of radiation.

These Furnaces consume all the coal, make no clinkers, the sifting of coal is entirely dispensed with, and they will save from 30 to 50 per cent. of fuel over common Furnaces.

For ease of management, economy and purity of air these Furnaces have no equal. They can be regulated so as to give any amount of heat required, and the fire may be kept the entire season without once going out.

They give entire satisfaction wherever used. We have in store the different sizes, Brick and Portable, to which we invite the attention of those in want of the best Furnace in the world,—and would refer them to the following named gentlemen, who have them now in use:

Samuel Cleaves, Esq., Albert H. Hatch, Esq., Aaron H. Hill, Charles H. Mendum, Henry F. Wendell, John Sise, and others.

The Chronicle.

GALLANTRY.—Do you know what we saw a gentleman do in a Fifth Avenue omnibus the other day? You'll hardly believe it when we tell you. But on the word of a scribbler it is true. It was a sunny day, just at the hour when the sun's rays are strongest, and the shady side of the "bus" was full while the opposite was empty. A lady stopped the stage, and approached;—and a gentleman, absolutely, positively, in these degenerate days, left his shady seat, and bestowed himself in the sun that the newcomer might be comfortable. Did it before she entered too, in the quietest and most unobtrusive way, so that we fancy she never noticed it. We have ridden in omnibuses often, but we never saw such a thing done before, and never expect to again. That man certainly is a descendant of Lord Chesterfield, and ought to be put in Barnum's Museum as the last chivalrous man.—*Frank Leslie's.*

That's the talk, exactly. "Virtue is *its* own reward;" and so of true politeness. This doing a favor, partially or wholly for the sake of thanks or gratitude, either expressed or felt, takes all the "gallantry" out of the action, and reduces it to a simple "trade" or exchange. In fact, true politeness would require the object of a favor to be kept in ignorance of its bestowal, as in the above good example in the omnibus; which, on a very small scale, was worthy an age of true chivalry.

And so of true Love, which must always seek the highest happiness of its object—not of the *lover*; and thus banish forever all jealousy and selfishness, and leave its object free and untrammelled, even by the *wishes* of its worshipper to control her actions for his benefit or satisfaction. F.

— The harbor of Sebastopol is nearly cleared of the ships sunk there during the Crimean war.

— The Saco Democrat says a man named Richards in that town one day last week mowed about five acres of land, working about fifteen hours.

— The work in the Pension Bureau of the Interior Department is now fully up.—All claims have been called up to within two months of their date of application, which is as late as the efficient working of the department will allow. For the last few months the number of claims allowed, both to widows and invalids, will range from three to five thousand monthly. In all cases delayed beyond two months, awaiting evidence, claimants have been duly notified.

EXE, N.H., Feb. 26, 1864. I hereby certify that my daughter has had the salt rheum for a number of years—some of the time so badly as to prevent her labor, or even rest—as it affected her hands very much. A large sum had been expended by the most celebrated physicians, for Sarsaparilla Syrup, &c., &c., but she obtained no relief until I procured some ten or twelve bottles of Dr. SWEET'S PANACEA, and several bottles of his Humor Wash, which have effected a cure. There can be no mistake, as this cure was effected more than three years ago. No other medicines can equal Dr. Sweet's in removing the various kinds of humors. I have sold it to a number of my acquaintances, who were afflicted, and witnessed many full cures effected by it since I have acted as agent for the sale of it. JOSIAH JENNESS.

PORTSMOUTH, April 21st, 1862.

I have for several years been afflicted with this disease at my stomach, loss of appetite, and often vomited up all of my food immediately after eating, and all medicine failed to give any relief until about a year ago, when I took one bottle of DR. SWEET'S PANACEA, which fully cured me, so that I have not had the least trouble from any of these complaints since, and I now feel good health. M. LOWD.

From ELDER I CHESLEY, *Lee, May* 31, 1841

DR. SWEET: Permit me to testify, as I feel in duty bound to do, that my daughter was afflicted with scrofulous humor, and that previous to your visiting our house in the spring of 1840, she had been confined for a number of months, using another natural rest by day or night. She had applied to a number of physicians, but continued to grow weaker till she commenced using your PANACEA and HUMOR WASH. Since then, she has recovered her health so far as to rest quietly night and labor by day. I attribute your medicine one of the best that can be found for the disease above named." ISRAEL CHESLEY

☞ Any one returning the remainder of a bottle or box of Dr. Sweet's medicines shall have pay for it, if it do not agree with his case, or if not worth the price. All orders directed to DR. S. SWEET, No. 7 High street, Portsmouth, N. H., promptly attended to. mav26

SPEER'S

SAMBUCI WINE,

PURE AND FOUR YEARS OLD,

OF CHOICE OPORTO FRUIT,

For Physician's Use, Females, Weakly Persons and Invalids.

AS A DIURETIC, it imparts a healthy nature to the Glands and Kidneys, and Urinary Organs; very beneficial in Dropsy, Gout and Rheumatic Affections.

SPEER'S SAMBUCI WINE is not a mixture or manufactured article, but is pure from the juice of the Portugal Sambucus, cultivated in New Jersey, recommended by physicians and chemists as possessing medical properties superior to any other Wines in use, and an excellent article for all weak and debilitated persons, and the aged and infirm, improving the appetite, and benefitting ladies and children.

A LADIES' WINE, because it will not intoxicate as other wines, as it contains no mixture of spirits or other liquors, and is admired for its peculiar flavor and nutritive properties, imparting a healthy tone to the digestive organs, and a blooming, soft and healthy skin and complexion.

☞ None genuine unless the signature of "ALFRED SPEER, Passaic, N. J.," is over the cork of each bottle.

American and Foreign Patents.

R. H. EDDY.

SOLICITOR OF PATENTS,

Late Agent of U. S. Patent Office, Washington, (*under the Act of 1837.*)

76 State street, opposite Kilby street,

Boston.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds Assignments, and all papers, Drawings for Patents, executed on liberal terms, and with dispatch. Researches made into American or Foreign works, to determine the validity or utility of patents or inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through its inventors have advantages for securing Patents, or ascertaining the patentability of inventions unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The Testimonials below prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that no other office of the kind are the charges for professional service so moderate.

The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."

CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person *more competent and trustworthy*, and moreover, in securing a patent, their applications in a form to secure for them an early and favorable consideration at the Patent Office."

EDMUND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been issued, and that is *now pending*. Such unmistakeable proof of great success in putting

Morning Chronicle.

Portsmouth, N. H.

FRIDAY, JULY 29, 1864.

THE REBELLION.

Information received from an officer at the front says that in two battles in front of Atlanta we destroyed the greater portion of the enemy's two best corps. All the prisoners captured on the 22d and 23d say that the rebel Gen. Hood was killed on the 22d. Gen. Rousseau and staff had returned from Marietta. His total loss was five killed and thirteen wounded. He captured and paroled 2000 rebels and killed and wounded 200. He also captured 800 horses and mules and about the same number of contrabands. He destroyed thirty-one miles of railroad, great quantities of stores, cotton, &c., and thirteen railroad depots at various points along the Atlanta and Montgomery Railroad.

The statements of the rebel loss in Friday's battle at Atlanta are continually growing larger. It is now stated that our men buried 3221 rebel dead, and captured 1000 prisoners and 1100 seriously wounded, with 11 stands of colors. Among the prisoners are 83 officers. The rebels took off their slightly wounded. Gen. Logan estimates their loss at 12,000. Our loss in killed, wounded and missing foots up 3120.

Gen. Stoneman is on a raid against the Atlanta and Macon railroad. Details of Gen. Rousseau's raid say: He crossed the Coosaw river on the 13th; was attacked by 5000 rebels, routed them after five hours' fighting and proceeded; at Talladega broke up a rebel conscript camp, capturing 100; at Tycologa destroyed two large warehouses filled with supplies and a quantity of nitre, and fired the large iron-works, after having destroyed the furnaces and smelting pit; crossed the Tallapoosa river at Stone's ferry, meeting a body of the enemy and killing a captain and capturing three officers; struck the railroad at Loochapoka on the 17th, and tore up the rails west; routed 1500 rebels after two hours' fighting, the rebels leaving 40 killed and wounded on the field; thence moved eastward, destroying all the culverts and bridges to Opelika, and literally removing the railway at that station, and capturing a train sent out by the rebels to reconnoitre; besides burning 5000 pounds of tobacco, 700 sacks of floor, 450 bales of cotton, and destroying a large quantity of whiskey; thence left for Marietta, having skirmished with the rebel cavalry through the entire route: this point he reached safely, with 500 horses and mules. There appeared to be a great deal of opposition to Jeff Davis among the citizens, all of whom seemed much surprise at the kind treatment they received from the Yankees. Not a private house was entered, and no marauding or pillaging took place during the expedition.

Gen. Grant telegraphs that the rebel army in his front is as strong as ever,—no rebel troops have been sent to reinforce Early for his new raid. The fords of the Susquehannah river are to be fortified. Gen. Hunter has been relieved by Gen. Crook.

The Boston Journal's dispatch asserts that the Government has received positive information that two divisions of Hill's corps have been detached from Petersburg and sent to reinforce Early.

Gen. Kelly occupies Martinsburg, and there has been no serious fighting. The rebels apparently have not crossed into Maryland. Harper's Ferry has not been menaced.

Rebel movements on Tuesday afternoon indicated an attempt to flank Gen. Butler on the right. Our troops were moved to check them and ascertain their intention. There was heavy artillery firing on Tuesday night. Highly important movements by our troops are hinted at.

80 guerrillas greatly injured the Hannibal and St Joseph railroad at Shelburn and Lakeman, Mo., on Tuesday. Gen. Fiske has ordered an assessment on disloyalists in Albany and Monroe counties to cover the losses. Gen. Fiske is active, and his militia are now doing thorough work. Thornton is said to have disbanded his men, telling them that as the Federal forces are closing in around them they would be destroyed if kept together. No large bands of guerrillas have been heard of for several days.

Guerrillas are active near Louisville, Ky.

THE MISSOURI GUERRILLA TROUBLES. The St. Louis (Mo.) Evening News says that a gentleman thoroughly acquainted with the condition of affairs in the State says there can be no doubt of the presence in the affected districts of large numbers of Price's followers. He learns from good sources that Price has disbanded about six or eight regiments, permitting them to work their way back into Missouri to encourage recruiting for his army, and keep alive the rebel sentiment in the State. This, he says, is the secret of the late guerrilla depredations. He adds that a large number of those who were permitted to return by the Amnesty Proclamation have again taken up arms against the Government.

— The New York Union State convention is to be held Sept. 7.

— Seven horses were burned in a livery stable in Boston on Wednesday night.

— Gen. Grant is sending away all his sick and wounded.

— The clerks and other employees in the War Department at Washington have been organized into a regiment.

— Party papers of all kinds are uniting in commending Sec. Fessenden's efforts to relieve the finances of the government.

— Nearly five millions of dollars of Sec. Fessenden's issue of new 7-30s were taken in New York on Wednesday, the Bank of Commerce taking one million.

— Owing to the yellow fever at quarantine the Mayor of New York has issued a proclamation warning the public against a violation of the health laws.

— Two men named James Malley and Joseph C. Batty, have been arrested as the supposed incendiaries of the large fire in Springfield last Saturday.

— Gen. Wallace has ordered the immediate enrollment of all the colored men in Baltimore, directing that they be organized into companies.

— An order of the War Department promotes Gens. Crook and Emory to rank of Brevet Major Generals, and assigns the former to the command in the Department of West Virginia.

— The vine worm has made its appearance in some of the largest cranberry meadows upon the Cape, and is doing great damage. From present appearances there will not be more than half the usual crop.

— There are only three men who are millionaires, ten who are worth half a million, and twenty-three who are worth two hundred and fifty thousand dollars, in Cincinnati.

— A medical gentleman in Portland, Me., has a cat which has, for several mornings, surprised the houshold by bringing in a live woodcock before breakfast, and laying it at the feet of its mistress.

— It is stated that there are at least seven large manufacturers from Germany now in New York preparing to enter largely into the manufacture of fine woolen goods, such as have heretofore been made exclusively in Germany.

— An instance of that want of presence of mind so frequently noticeable at fires, occurred during the late extensive conflagration in Springfield. Mrs. Haynes picked up all her valuables, jewelry, &c., but succeeded in saving only one trunk full of old magazines.

— The Providence Post says it "is a solemn duty" to support the Democratic papers. To which the Providence Journal says, "It is pretty solemn business publishing them in these days, unless the Democratic publishers have some cheaper way of carrying it on than we know of."

— How many people there are, who are determined to be wretched—who *will* indulge a morbid propensity for picking up or inventing the ugliest and most distressing of incidents, or prophecies, at home or abroad, wherewith to harrow up their feelings, and clothe their countenances with perpetual anxiety.

— Not long since a widow, occupying a large house in a fashionable quarter of London, sent for a wealthy solicitor to make her will, by which she disposed of between £50,000 and £60,000. He proposed soon after, was accepted, and found himself the happy husband of a penniless adventurer. This was "diamond cut diamond" only.

— The Indians have attacked our trains and destroyed a large number of stores on the Santa Fe road. Gen. Curtis has but a small force in that region but is raising the militia for service against them, and has assigned Gen. Blunt to the command, who leaves for the field at once. Defensive movements are being rapidly prepared.

— An old man has recently died in Vienna who for many years had put on a new pair of stockings every day, several old women, whom he had paid liberally, being constantly engaged in knitting them for him. His wife before her marriage had been a poor knitting-girl, and his practice was in honor of her memory. He left nearly 5,000 pairs of stockings behind him.

☞ A great sensation has been created in London by the murder of a gentleman in a first class railway carriage. The unfortunate gentleman, named Thomas Briggs, was upward of sixty years old, and a principal clerk in the banking house of Roberts, Curtis & Co. He was returning home to his suburban residence just after dark, when he was murderously assailed by some unknown person or persons who occupied the same compartment in the train. He was severely beaten about the head and finally thrown out of the carriage on to the track. His watch and gold eye glass were missing but his money was not taken. The carriage was covered with blood. The whole was the work of a very few minutes. No clue to the murderer had been discovered.

Proclamation by the Governor.

Whereas the present interests of the State demand an immediate assembling of the Legislature, I, JOSEPH A. GILMORE, Governor of New Hampshire, by virtue of the power in me vested by the Constitution of the State providing for the calling of the Legislature together sooner than the time to which it may be adjourned or prorogued, do hereby summon both branches of the Legislature to assemble at their respective Halls in this city, on TUESDAY, the 9th day of August next, at 11 o'clock, A. M., there to consider such measures as may be presented to them.

JOSEPH A. GILMORE.

[Dated at Concord, July 27, 1864.]

NEW HAMPSHIRE ITEMS.

—— Geo. K. Nealley Esq., has been appointed Cashier of the Dover Bank.

—— The Amoskeag Manufacturing Co. has declared a semi-annual dividend of 5 per cent.

—— The Governor and Council have unanimously appointed Hon. Ira Perley of Concord Chief Justice of the Supreme Court, vice Hon. Samuel D. Bell of Manchester, resigned.

—— Two or three hundred acres of woodland near Newmarket were burnt over on Sunday, and the fire was stopped from spreading still further only by ploughing around it.

—— The Coos Republican says that the summer travel to the White Mountains has thus far been lighter than during the corresponding time last year. The number of vistors to the summit has, however, been greater thus far than in any previous season.

—— Mr. David Bean of Raymond was thrown from his wagon on Friday last, his horse taking fright. The wagon was overturned, and he fell upon a pile of stones, breaking his arm and receiving several wounds upon his head. He was taken up insensible.

—— Capt. Normand Smith, of Stewartstown, Co. H, 13th Regiment, has been promoted to be Major. Maj. Evarts W. Farr, of Littleton, 11th Regt., has been promoted to the Lieut. Colonelcy, vice Collins, killed in action. It is probable that Adjt. Morrison will be raised to the vacant Majority.

—— The act funding the State Debt authorizes the Governor to issue bonds to the amount of $3,500,000. And the Dover Enquirer publishes the following resolution, passed at the late session of the Legislature which, it thinks, plain and ample enough to give the State Treasury all the money which may be needed to meet the immediate wants of the State.

Resolved by the Senate and House of Representatives in General Court convened, That the Treasurer of this State be and is hereby authorized to borrow for the temporary use of the the State at such times as he may consider necessary and proper any sum not exceeding *one million five hundred thousand dollars*, at the lowest rate of interest not exceeding six per cent. per annum, and to reimburse the same by the sale of bonds, authorized at this session of the Legislature. Approved, July 16, 1864.

We learn however that it has been found impracticable to procure the loan at 6 per cent.—the limit set by the resolution.

☞ An emigrant train of thirteen wagons was attacked recently a short distance from Fort Larimie by six hundred Minnesota and Missouri River Sioux. The emigrants defended themselves with desperation, but were soon overpowered, thirteen of the party being massacred, when the balance surrendered. After plundering the train of all the goods that suited their fancy, and taking off the live stock, the wagons were set on fire and entirely consumed. Serious trouble is apprehended during the summer from the Indians on the plains.

The Elmira Gazette says: The engineer on the train conveying the prisoners to this place, when the collision was discovered to be unavoidable, with certain death staring him in the face, heroically remained at his post and reversed the engine and was buried in the wreck. When found, his back was found against the boiler, and he was literally burning to death. The noble man told those who came to his assistance to keep away from him for their own safety, as he feared the boiler would burst. Every exertion was made to extricate him but without avail until life was extinct. His name was William Ingram.

U. S. INTERNAL REVENUE.

COLLECTOR'S NOTICE.

The Undersigned, Collector for the First Collection District in the State of New Hampshire, hereby gives notice to all persons concerned in

THE COUNTY OF ROCKINGHAM,

that he has received for collection the THIRD ANNUAL COLLECTION LIST within said District, made and committed to him by the Assessor thereof, in accordance with the Act of Congress entitled "An Act to provide internal revenue to support the Government, and to pay interest on the public debt." approved July 1, 1862, and the amendment thereto approved March 3, 1863; that the several duties, taxes and licenses assessed, enumerated and contained in said Third Annual Collection List have become due and payable; and that the undersigned, Collector for said District, personally or by deputy, will attend, for the purpose of collecting and receiving the aforesaid duties, taxes and licenses assessed and payable within said County of Rockingham, at the places within said County, and at the times designated as follows:

AT EXETER, at the Office of said Collector, August 8th, 9th, 10th, 11th, 12th and 13th, 1864, from 9 o'clock A. M. to 12 M., and from 1 to 4 P. M., for the purpose of receiving the amounts assessed and payable within the said town of Exeter, and the towns of Stratham, Kensington, Hampton, North Hampton, Hampton Falls, Seabrook, East Kingston, Kingston, Epping, Brentwood, Fremont, Danville, Plaistow, Atkinson, Newton, South Hampton and South Newmarket.

AT PORTSMOUTH, at the Naval and Surveyor's Office in the Custom House, August 9th, 1864, from 10 1-2 o'clock A. M. to 4 P. M., for the purpose of receiving the amounts assessed and payable within the said city of Portsmouth, and the towns of Rye, Newcastle, Greenland, Newington and Gosport.

AT NEWMARKET, at the Newmarket Bank, August 9th, 1864, from 10 o'clock A. M. to 12 M., and from 2 to 4 P. M., for the purpose of receiving the amounts assessed and payable within the said town of Newmarket, and the towns of South Newmarket, Deerfield, Northwood, Nottingham and Raymond.

AT SALEM, at the Depot, August 10th, 1864, from 9 to 12 A. M., and at DERRY, at the Depot, from 2 to 4 P. M., for the purpose of receiving the amounts assessed and payable within the said towns of Londonderry, Chester, Auburn, Sandown, Hampstead and Windham.

AT RAYMOND, at Prescott's Hotel, August 11th, 1864, from 10 o'clock A. M. to 2 P. M., for the purpose of receiving the amounts assessed and payable within the said town of Raymond, and the towns of Candia, Nottingham, Northwood and Deerfield.

NOTICE is also hereby further given, that all persons who shall neglect to pay the duties, taxes and licenses assessed upon them as aforesaid, to said Collector or his deputy within the times above specified, will be liable, under the provisions of Section 19 of the Act of Congress aforesaid, to pay ten per centum additional upon the amount thereof.

It is very desirable that persons having taxes to pay should remember the day and hour, as the Collector is instructed to enforce the law in all cases of delinquency.

Tax payers will provide themselves with Government Currency, as only such will be received.

Brocksieper's Patent

Self-Acting Gas Regulator.

SOMETHING ENTIRELY NEW.

Patented 1864.

A brilliant and equal Light at a saving of 30 per cent. over any Gas Burner now in use.

This is not a Regulator to go on the Meter, but under every Burner in use.

Economy in the use of gas, with the advantage of having a more brilliant light than heretofore, is a point at once desirable. Inventors have for many years sought to attain this end by packing or blocking in innumerable ways the flow of gas through the burner tips.

Not one of these has attained the result wished for, namely, "a pure, transparent flame, without waste at any and all pressures, obtained at any hour and in all localities."

The above results are fully obtained in

Brocksieper's Patent Gas Regulator.

We invite the most incredulous to examine and test in the most thorough manner.

RETAIL PRICE, EIGHTY CENTS.

A liberal discount made to Churches, Factories, Hotels, &c. The Regulators will be put on, and if they do not prove satisfactory may be returned. CHARLES T. EMERY,

A Card to Invalids.

A Clergyman, while residing in South America as a missionary, discovered a safe and simple remedy for the Cure of Nervous Weakness, Early Decay, Diseases of the Urinary and Seminal Organs, and the whole train of disorders brought on by baneful and vicious habits. Great numbers have been already cured by this noble remedy. Prompted by a desire to benefit the afflicted and unfortunate, I will send the recipe for preparing and using this medicine, in a sealed envelope, to any one who needs it, *Free of Charge.*
Please inclose a stamped envelope, addressed to yourself.

"A Wonderful Discovery."

DR. TEBBETTS' "PHYSIOLOGICAL HAIR REGENERATOR," a compounded in strict accordance with the well known laws of Physiology and modern vegetable Chemistry. It is not a "DYE," and will not stain a particle. It will "RESTORE GRAY HAIR" in all cases to its original color. It promotes a luxuriant growth of new HAIR in all cases on BALD HEADS, when the glands or roots of the hair are not completely disorganized. It prevents the hair from falling off and removes all dandruff, heat, humors and itching from the scalp. It keeps the hair soft, moist and perfectly healthy and gives it a glossy and beautiful appearance. It is highly perfumed, and as a Dressing it has no superior. The "REGENERATOR" is warranted to produce the above results in all cases, if not the money to be refunded. With it every "GRAY HEAD" in New England can be restored in less than sixty days.
